MTB  
RESURGENT

মিউচুয়াল ট্রাস্ট ব্যাংক লিমিটেড  
**Mutual Trust Bank Ltd.**

*you can bank on us*

MTB's growth over the past 18 years is attributed to its reputation as a compliant bank, formulation of timely strategy and customer-centric culture supported by good governance. The bank has successfully carried on the legacy built by the founders of MTB. The slightest shift in our firm commitment of being responsible in our business activities and accountable to the society has never been an option. And after 18 years, the result is more visible than ever: a bank with a clean image, excellent reputation, enviable structure and a team, which is efficient and dedicated.

With an unyielding attitude towards upholding the notions, upon which the organization has been built, MTB is now all set to focus more on the growth trajectory. Maneuvering the constant shifts in the market, warding off threats in the technology front and becoming a cut above the rest is the new challenge. MTB, with all the resources in its arsenal, is committed to rising to the top as a resurgent force.

# NOTICE OF THE 19<sup>TH</sup> ANNUAL GENERAL MEETING (AGM)

Notice is hereby given to all the Hon'ble Shareholders of Mutual Trust Bank Ltd. (MTB) that, the **19<sup>th</sup> (Nineteenth) Annual General Meeting (AGM)** of the bank will be held on **Thursday, May 31, 2018 at 11:00 a.m., at Golf Garden, Army Golf Club, Airport Road, Dhaka Cantonment, Dhaka-1206** to transact the following business, and to adopt necessary resolutions:

## AGENDA

1. To receive, consider and adopt the audited Financial Statements (Consolidated and Separate), for the year ended on December 31, 2017, together with the Directors' Report and Auditors' Report there on.
2. To declare Dividend for the year ended on December 31, 2017.
3. To elect/re-elect Director(s).
4. To appoint/re-appoint Auditor(s), for the term until completion of the next Annual General Meeting, and fix their remuneration.

By order of the Board of Directors

**Malik Muntasir Reza**  
Group Company Secretary

May 13, 2018  
Dhaka

## Notes:

- a) The '**Record Date**', in lieu of Book Closure was on Thursday, **May 10, 2018**. The shareholder(s) whose names were appeared in the Register of MTB, under the Central Depository System (CDS) on the Record Date, are eligible to attend the 19th AGM and qualify to receive the dividend.
- b) The Board of Directors recommended for payment of **Stock Dividend (Bonus Share) @ 12.50% (Twelve and a half percent) on the profit of MTB** for the year ended on December 31, 2017.
- c) **A. Qasem & Co.**, Chartered Accountants, the existing Auditor will retire from the office at the end of the 19th AGM. Since they have audited the accounts of the bank for 1<sup>st</sup> year, they are eligible for re-appointment, as per prevailing laws/regulations.
- d) A shareholder, who is entitled to attend and vote at the AGM, may appoint a proxy to attend the meeting and take part in the proceedings thereof, on his/her/their behalf.
- e) The instrument appointing a proxy, or the Power of Attorney, duly signed by a shareholder and stamped with requisite amount, must be submitted at the MTB Share Department, MTB Tower (3rd Floor), 111 Kazi Nazrul Islam Avenue, Bangla Motor, Dhaka 1000 **at least 48 hours before the meeting**.
- f) Attendance of the shareholder(s)/attorney (ies)/proxy (ies) shall be recorded at the entrance of the venue. Attendance slip has to be signed and submitted at the Registration Counter.
- g) Annual Report 2017, together with the Notice of the 19<sup>th</sup> AGM, Proxy Form and Attendance Slip are being sent to all the hon'ble shareholders by post/courier. The hon'ble shareholders may also collect the Annual Report from the MTB Share Department. The hon'ble shareholders may also visit the MTB's website @ <http://www.mutualtrustbank.com/> download the report by scanning QR code, where the report, form and slip are also displayed.
- h) Hon'ble shareholders are requested to update all the required information with their respective Depository Participants.
- i) In compliance with the Bangladesh Securities and Exchange Commission (BSEC) Notification No. SEC/CMRRCD/2009-193/154 dated October 24, 2013 "**No benefit in cash or kind, other than in the form of cash dividend or stock dividend, shall be paid to the Shareholders ,i.e., no gift/gift coupon/food box etc. will be distributed at the 19<sup>th</sup> AGM**".

## MTB VISION, MISSION & CORE VALUES

### Vision

Mutual Trust Bank's vision is based on the philosophy well known as MTB3V.

We envision MTB to be:

- One of the Best Performing Banks in Bangladesh
- The Bank of Choice
- A Truly World-Class Bank

### Mission

We aspire to be the most admired financial institution in the country, recognized as a dynamic, innovative and client focused company that offers an array of products and services in the search for excellence and to create an impressive economic value.

### Core Values

#### Commitment

- Shareholders – Create sustainable economic value for our shareholders by utilizing an honest and efficient business methodology.
- Community – Committed to serve the society through employment creation, support community projects and events and be a responsible corporate citizen.
- Customers – Render state-of-the-art service to our customers by offering diversified products and by aspiring to fulfill their banking needs to the best of our abilities.
- Employees – We rely on the inherent merits of the employee and honor our relation as a part of this renowned financial institution. We work together to celebrate and reward unique backgrounds, viewpoints, skills and talents of everyone at the work place, no matter what their job is.

#### Accountability

As a bank, we are judged solely by the successful execution of our commitments; we expect and embrace this form of judgment. We are accountable for providing the highest level of service along with meeting the strict requirements of regulatory standards and ethical business practices.

#### Agility

We can see things from different perspectives; we are open to change and not bound by how we have done things in the past. We can respond rapidly and adjust our mode of operation to meet stakeholder needs and achieve our goals.

#### Trust

We value mutual trust, which encompasses transparent and candid communications among all parties.

# MTB CODE OF CONDUCT

As an employee of MTB, one must observe the highest standards of impartiality, integrity, objectivity and honesty in relation to the work s/he undertakes at all times. The Code of Conduct provides guidance to employees on how to ensure that their actions and behavior are consistent with both MTB's values and its high standards of conduct required to maintain banking compliance.

## Code I: Our Vision

Our code of conduct is in alignment with the bank's Vision, MTB3V!

## Code II: Uphold organizational mission

We aspire to be one of the most admired banks in the nation and be recognized as an innovative and client focused company, enabled by cutting-edge technology, a dynamic workforce and a wide array of financial products and services.

## Code III: Adhere to the highest ethical standards

We ensure that our employees act with integrity, competence, dignity, and in an ethical manner when dealing with customers, prospects, colleagues, agencies and the public.

## Code IV: Compliance with the laws & regulations

We maintain knowledge of and comply with all applicable laws, rules and regulations of any government, governmental agencies, regulatory organizations, licensing agencies, or professional associations governing the employee's professional activities.

## Code V: Relationship with & responsibilities to MTB

We prioritize the bank's interest above personal interest.

As an objective, employees are required to:

Disclose the conflicts of interest including beneficial relationship with customers of any of its associates; state only MTB's view and not her/his own, when speaking in a forum in which audiences would reasonably expect that s/he is speaking as a representative of MTB.

## Code VI: Relationship with & responsibilities to customer

We deliver service professionally, respect customers and treat them courteously and consistently; Respect the confidentiality and privacy of customers, or anybody with whom they do business.

## Code VII: Protecting business assets & information

We are responsible and accountable for using the goodwill and assets of MTB and its customers, whether tangible, intangible, intellectual or electronic, in a manner both responsible and appropriate to the business and only for legal and authorized purposes.

## Code VIII: Respecting others

We treat colleagues, customers and anyone with whom we do business, with respect, dignity, fairness and courtesy; we commit to maintain a work environment that is free from discrimination or harassment based on race, religion, creed, sex, disability, age or any other relevant category.

## Code IX: Misconduct

We commit to avoid any professional conduct involving dishonesty, fraud, deceit or misrepresentation or carry out any act that reflects adversely on our honesty, trustworthiness or professional competence; we also commit to support international and local efforts to eliminate corruption and financial crime.

## Code X: Insider trading

We are committed to not utilize position for personal gain or for gain of another person. All of us must ensure that any information in our possession that is not publicly available and may have a material effect on the price or value of objectives, is not provided to anyone who may be influenced to subscribe, buy or sell shares or conduct any other business transactions with another person including family and friends.

## Code XI: Control

The Code is designed to provide practical assistance in performing our daily tasks and resolving situations, which may present potential ethical conflicts.

Our Code of Conduct has eleven core elements supporting a self-regulatory approach to the way we do business. Also, the Management monitors the compliance of the code of conduct.

The Association for Investment Management and Research (AIMR) has developed the Code of Ethics and Standards of Professional Conduct for their members. Most of them are relevant for persons working in a bank or a financial institution. MTB has adopted the relevant part from the Code of Ethics and Standards of Professional Conduct of AIMR

**Mr. Q.A.F.M. Serajul Islam**

Director

Mr. Q. A. F. M. Serajul Islam, Consultant, Pioneer Insurance Company Limited is serving as a Director on the Board of Mutual Trust Bank Limited (MTB).

He commenced his thirty-seven years of journey in the insurance industry in 1978, at the state owned Insurance Company Sadharan Bima Corporation (SBC). He held important positions in different departments of SBC, before voluntarily retiring in 2003 as a Deputy General Manager. In the same year, he joined Pragati Insurance Limited as Deputy Managing Director. Later in September 2005, he switched to Pioneer Insurance Company Limited as an Additional Managing Director and served as the Managing Director & CEO of the company from January 14, 2007 to February 10, 2017. In recognition of his contribution and expertise in the insurance sector, the company, changed the nomenclature by creating a new position, namely 'Additional Managing Director' exclusively for him, before his appointment. In 2011, under his skillful leadership, Pioneer Insurance Company Limited became the second largest company in terms of premium income amongst forty-five non-life insurance companies in the private sector. He has negotiated reinsurance treaties of SBC, Pragati Insurance Limited and Pioneer Insurance Company Limited with reinsurance companies of the UK, France, Germany, Switzerland, Malaysia, Singapore, India, Bahrain, etc.

Considering Mr. Islam's in-depth knowledge, wide range of experience, and expertise in the line of insurance business, he has been nominated by MTB as the Director of Life Insurance Corporation (LIC) of Bangladesh Ltd., a joint venture entity of Indian state-owned insurance giant.

Mr. Islam was also elected twice as a member of the Executive Committee of Bangladesh Association of Publicly Listed Companies (BAPLC). BAPLC is the only organization to represent the publicly listed companies in the Bangladesh capital market.

Mr. Islam obtained postgraduate degree in Physics in 1972. Besides his educational degree, he also obtained the professional degree, BIA Diploma in General Insurance, from the Bangladesh Insurance Academy (BIA) in 1986, and since then has been associated with BIA as a resource person. He took part in training courses on General Insurance and Reinsurance both at home and abroad, which included a three-week in-house training on Reinsurance at Tysers, UK. He also attended various international seminars and conferences on insurance and reinsurance.

**Mr. Anwarul Amin**  
Independent Director

Mr. Anwarul Amin is one of the most senior bankers of the country. After graduating from Westminster Bank Institute of Banking, Oakenholt, Oxfordshire, UK in 1955, he started his banking career with Muslim Commercial Bank Ltd., Dhaka as a Covenanted Officer in the same year. He received specialized banking training with Deutsche Bank, Hamburg, KfW, Frankfurt and Westminster Bank Ltd., London.

Mr. Amin has served in managerial and senior executive positions during his thirty six years career in many reputed organizations including:

- Branch Manager at National Bank of Pakistan
- Manager, Project Department, End Use Department and Small Industries Department, Industrial Development Bank of Pakistan (IDBP)
- Chief Manager, Controller of Planning & Development, Deputy Managing Director, Joint Managing Director, Eastern Banking Corporation Ltd.
- General Manager (Country Head) for UK, Uttara Bank\*
- General Manager (Deputy CEO), Bangladesh Shilpa Bank (Now BDBL)
- General Manager (Country Head) of Bank of Credit & Commerce International (BCCI), Bangladesh

- Chief Representative & General Manager (Country Head) BCCI China with 4 Representative Offices in Beijing, Shanghai, Canton, Xiamen and a full-service Branch in Shenzhen SEZ
- General Manager (Country Head), Japan
- Chairman, Equity Resources Limited (Capital Market Intermediary Company)
- Independent Director & Vice Chairman, Bank Asia Ltd.

\* In December 1971, the Bangladesh Government assigned Mr. Amin to open the first-ever overseas branch of a Bangladeshi bank. During his tenure in the UK, he opened branches of Uttara Bank in London, Manchester, Birmingham, Oldham and Bradford.

Current assignments besides being an Independent Director of Mutual Trust Bank Ltd.: Chairman Board of Trustees of Impact Foundation Bangladesh (NGO involved in the Disability Sector), Trustee of Bangladesh Hospital Trust, Chief Advisor (formerly President), Bangladesh-China People's Friendship Association (BCPFA), Chairman, Kayfin Ltd. (Management Consultants).

### **Dr. Sultan Hafeez Rahman**

Independent Director

Dr. Sultan Hafeez Rahman is an Independent Director of Mutual Trust Bank Limited (MTB) and a reputed economist. He is currently the Executive Director of the BRAC Institute of Governance and Development, BRAC University and Director, International Growth Centre's (IGC) Bangladesh Program. He obtained his Ph.D. and M.A degrees from Stanford University and M.A in Economics from Vanderbilt University.

He started his professional career at Bangladesh Institute of Development Studies (BIDS) in 1975 and worked as Staff Economist, Research Fellow, and Senior Research Fellow there. He also served as a Director of the Board of Directors of the state-owned Agrani Bank from 1988 to 1991, and was an adviser/consultant to the Ministries of Jute, Industry, Commerce and Finance and Planning.

Dr. Rahman joined Asian Development Bank (ADB) in September 1992 and rose to become a Director General in ADB, which is the highest-level staff position. He was involved in a number of landmark ADB operations, including:

- Resumption of ADB's operations in Vietnam in 1994 and Afghanistan in 2002-2003

- Initiating ADB's assistance to Kazakhstan and Uzbekistan in 1995-96
- ADB's stabilization and recovery assistance to Indonesia and South Korea during the 1997-98 Asian financial crisis

He also served as ADB's Country Director in Nepal during the worst period of civil conflict from 2003-06. He worked on Cambodia, Thailand, Malaysia, Indonesia, India, Pakistan and Bangladesh as well as fourteen Pacific Island countries in the North and South Pacific region. He retired from ADB in June 2012.

Throughout his professional career of forty years, Dr. Rahman participated in many workshops, seminars and conferences around the world, many of which he organized. A reputed economist, Mr. Rahman's current research interests are in the areas of economic growth and inequality, green growth, macroeconomic policy, financial sector policy, regional economic cooperation and integration, and governance.

**Mr. Anis A. Khan**

Managing Director &amp; CEO

Anis A. Khan (AAK), a Fellow of the Institute of Bankers Bangladesh (IBB), has had 35 years of experience and training in banking, capital markets, management, and leadership practices. Anis currently serves as the Vice Chairman of the Industrial & Infrastructure Development Finance Company Limited (IIDFC), Director of BD Ventures Limited, Independent Director and Chairman of the Board Audit Committee of Berger Paints Bangladesh Limited (BPBL) and Vice President of Bangladesh Association of Publicly Listed Companies (BAPLC). He is the recipient of numerous accolades including the 'Business & Entrepreneur Excellence Award 2016' where he was recognized as the 'Inspirational Business Leader of the Year', at a ceremony held in London, United Kingdom and which was organized by the UK Bangladesh Catalysts of Commerce & Industry (UKBCCI) on November 20, 2016. He is the Immediate Past Chairman of the Association of Bankers, Bangladesh Limited (ABB) and a former Chairman of Primary Dealers Bangladesh Limited (PDBL). He also served as the Chairperson of the SWIFT Member & User Group of Bangladesh. A regular speaker on the global circuit, he has demonstrated his international quality competency in the field of finance, banking and management.

In April 2009, after commencing his role as MD & CEO for MTB, he took on the challenge of building the nascent retail, SME and structured finance business, with strong focus on technology, innovation and re-engineering of business processes. The bank swiftly achieved a leading position in this business and grabbed the prize for the best "Women Entrepreneur Friendly Bank of the Year" and Best "SME Bank of the Year" in 2014 from Bangladesh Bank, the Central Bank of Bangladesh and the SME Foundation. In 2015, MTB was awarded the prestigious DHL-The Daily Star Bangladesh Business Award and recognized as the 'Best Financial Institution of 2014'.

A career banker, AAK started his career with the then British-owned Grindlays Bank plc. as a Management Trainee in 1982 and went on to serve its successor banks – ANZ Grindlays Bank and Standard Chartered Bank, in a diverse array of roles both at home and abroad. Finally, in 2002-2003, he served as a regional head for Standard Chartered Bank responsible for The Gulf countries based in Dubai, UAE. AAK then went on to head IDLC Finance Limited, the country's largest financial institution (non-banking) for six years from 2003-2009 as its CEO & Managing Director.

As a nominee Director of MTB, AAK is Vice Chairman of Industrial & Infrastructure Development Finance Company Limited (IIDFC). He has also had the opportunity to serve as a government nominated Director of Chittagong Stock Exchange Limited for four years. Anis A. Khan was the Chairman of Primary Dealers Bangladesh Limited (PDBL), an apex body of primary dealer banks and financial institutions during the period 2014-16.

AAK has served the country's pre-eminent Metropolitan Chamber of Commerce and Industry (MCCI) as Vice President for two successive terms during the years 2014 and 2015. He has led the SWIFT Member & User Group of Bangladesh (SMUGB) in 2014-2016 as the Chairperson.

In June 2015, Anis presented a paper on "Financing the Transformation of the Bangladesh Garments Industry" at the School of South Asian Studies, University of Harvard, Cambridge, Massachusetts, USA. He has attended "The Executive Program in Corporate Governance and Strategic Management" at the Haas Business School of the University of California, Berkeley in May 2014 and the Value Creation in Banking and Strategic Management Program held at INSEAD, Fontainebleau, France in October 2015. Most recently, Anis has presented a paper on May 12, 2017 at the Bangladesh Development Conference at Harvard University, Boston, MA, USA. His subject matter was 'Achieving SDGs: Financial Inclusion, Bangladesh Perspective'.

# CORPORATE GOVERNANCE

Corporate governance at MTB encompasses corporate practices, compliance and stewardship of the highest order. We align and administer all our affairs with outright discipline, managing our resources to best suit our enterprise; creating an environment that adheres to corporate best practices and regulatory guidelines set forth by the authorities.

## CHAIRMAN'S STATEMENT

**M. A. ROUF, JP**  
Chairman

---

Throughout the year, we enjoyed pro-business government policies with a vibrant investment environment, which helped the bank grow its total portfolio under management (deposits & advances) by 21% in 2017. This achievement has been possible because of the hard work of our dedicated employees and support of the customers, shareholders and regulators during the journey of the bank in 2017.

## Respected Shareholders,

Please accept my sincere greetings on behalf of your bank and its directors and the MTB management team.

We are working hard to reach the top with superior service standards and an array of latest financial solutions. Our goal is to create a pool of efficient, tech-savvy and well-trained professionals with the best in class products and services in their arsenal along with state-of-the-art infrastructure to generate better returns. We strongly believe that we are on the right track with a view to getting recognized as a strong customer oriented bank, delivering sustainable returns to our shareholders and contributing to the growth of country's economy in the process.

During the year, your bank made a notable growth through a sustainable process and excelled in the areas of business, service quality and delivery models. We also delivered strong operating performance and cost efficiencies, as well as solid returns. As a result, we have achieved sustainable balance in all the parameters including risk assets, the advance-deposit ratio, non-interest income, network and delivery capacity, agent banking centers, ATM booths as well as human resources. These achievements would not have been possible without your support and encouragement.

Since its incorporation, MTB's continuous effort has been to build a rigorous corporate governance framework in full conformity with the regulatory requirements, empowering the management with responsibilities according to delegation. In 2017, the bank continued to improve the governance architecture and system, enhanced the working mechanisms of the Board of Directors, and earnestly fulfilled its responsibilities for all stakeholders including shareholders, customers, employees and the society, with a view to ensuring the best practices in corporate governance.

Technology is another front, which differentiates MTB from its peer group. The global banking industry is constantly under the threat of cybercrime and our ITS Division and IT Security Department are working round-the-clock to keep our bank protected. We are conducting seminars and trainings on IT and cyber security throughout the year to keep up with the latest developments and technologies in the IT sector and to better equip ourselves to fight against the threats that sprout with these developments. Information Technology Services (ITS) Division, Information Technology Security Department and Alternate Delivery Channel (ADC) teams are playing a great role not only in the aforementioned areas but also in achieving business goals of the bank.

Throughout the year, we closely followed the contemporary trends and improved our services through various initiatives and technological reforms. As we envision MTB to be one of the best performing banks in Bangladesh, we have deployed cutting-edge

technology to keep our Internet banking service safe for our customers. We are moving towards a new Core Banking System, which, once implemented, will take us to a new height, where we would be able to better serve the interest of all the stakeholders. This new system will facilitate quick and convenient financial solutions, which will pave the way for better customer service.

Our concern has always been towards protecting the interest of our shareholders. While we strive to ensure superior service standard, ensuring a sustainable decent return to all shareholders, every year, remains one of our major targets. Ensuring that the business continues to focus on the returns generated for shareholders is a top priority of the board.

I take this opportunity to thank my fellow directors for the persistent and warm support they have given for the advancement of the bank, and the time and energy they have sacrificed towards that goal. It is an absolute honor for me to be part of MTB's progressive journey and I will never cease to work for the growth of this wonderful organization.

The highest recognitions go to the bank's respected customers as well as the community we serve, as they have been the key players for our growth. We have made it a priority to embed ourselves in the customer's journey to become more customer-centric. I am sure that they will continue to give us the opportunity to serve them by choosing and keeping us as their growth partner.

I am especially thankful to the regulators and policy-makers, who work relentlessly to establish a level playing ground for the financial institutions, keeping in mind the interest of the nation above all.

My sincere thanks and gratitude to the employees of the bank who continue to work to deliver our vision and the legacy for the future. The level of dedication, hard work and passion they have shown is outstanding. I convey my earnest appreciation to the team to have overcome multiple challenges during the period.

I am delighted to invite you to attend this year's Annual General Meeting to be held on May 31, 2018 at Army Golf Club, Airport Road, Dhaka Cantonment, Dhaka 1206 and look forward to welcoming you.

I wish everyone the very best for 2018.

Thank you,

**M. A. ROUF, JP**  
Chairman

## MANAGING DIRECTOR & CEO'S STATEMENT

**Anis A. Khan**  
Managing Director & CEO

---

It is critical that the financial industry keeps up with the unprecedented pace at which innovation and technology are leaping forward. While technology remains at the core of our progress, it is the exact same front that is being exploited by perpetrators across the world. We will continue to invest in technology to further strengthen our defensive mechanism and will never cease to invest in our human resources to hone their skills, as we are committed to protecting the very reason of our existence - our valued customers.

Thank you for trusting MTB as your growing partner and giving me the opportunity to lead your bank for the last nine years in a row. I am committed to serving your interest in the best possible ways.

Just 18 years ago, our visionary founders laid the structure for what has become today's MTB - a bank with a clean image, excellent market reputation and an enviable structure, spanning the MTB Group across the country and with a small but strategic presence in the UK. With our vast and growing network and subsidiary companies, MTB today has an extensive array of products and services across many product lines including wholesale, SME and retail.

I am delighted to inform you that MTB, in 2017, delivered a remarkable performance, achieving consolidated operating profit of BDT 3.92 billion with a growth of 15 percent over 2016 and the bank's ROE of 18.35 percent remained impressive despite immense pressure of provision against non-performing loans and advances. In 2017, our balance sheet maintained an unyielding growth, where risk assets grew by 27.33 percent and customer liabilities by 16 percent compared to the same period of the last year. At the same time, the bank continued to maintain capital adequacy at 13.76 percent, which is well above the regulatory requirement. Such outcomes have been possible only because of the full support and trust of all the stakeholders, the Chairman and the members of the Board, our regulators, my fellow colleagues, customers, and of course, you, our valued shareholders.

As an evolving financial institution, with over 18 years of strong market existence, a sustainable growth record and superior image, today we provide simpler and smarter banking solutions to more than eight hundred thousand customers across our physical network of 111 branches, 50 agent banking centers and alternate delivery channels including- MTB Internet Banking, MTB SMS Banking, 246 ATMs with 24/7 service and around 3000 POS machines.

## 2017 – The Year in Review

### Business Resilience

Operating in full compliance with legal and regulatory requirements by managing the core risks in the best possible manner has always remained our top priority. Over the years, MTB has sufficiently equipped itself with extensive policy guidelines on risk management and made investments in human resources and technological development to ensure compliance with prevailing acts, rules, policy guidelines and circulars issued by the government, regulatory authorities as well as the bank itself, thus establishing a compliance regime. The Board and the management has always positioned compliance as the first priority of the bank.

Focusing on the growth of the balance sheet was important in 2017. The team, with the support and guidance of the scholarly Board of Directors, achieved

22 percent in its balance sheet i.e. total asset. At MTB, we always try to create a culture of operational excellence, efficient performance and world class service delivery, which, in turn, makes us capable to respond quickly to deliver simple, fast and contextual banking in this digital age. MTB, with a loyal customer base, highly motivated employees and a solid capital and liquidity foundation, has been able to ensure a balanced and sustainable growth to deliver consistent long-term returns to the shareholders amidst a constantly and rapidly changing macroeconomic, financial, and socio-political environment.

I am excited by the prospects of our MTB Agent Banking Centers (MAB), and I must compliment the MAB Team for their hard work and smart delivery in 2017. 50 agent banking centers, in just over a year is no mean achievement. Their contribution to CASA growth, increase in remittances, delivery of SME and agri-loans, and bills collection will pave the way for a more financially inclusive bank. The agent banking centers will also make MTB a household name over time. Moreover, the establishment of MTB Air Lounge at international departure of Hazrat Shahjalal International Airport has enabled the bank to extend the retail banking reach while ensuring greater comfort and convenience for MTB customers when travelling in and out of the country. MTB is one of the five banks that have such facility among the 58 banks of the country, which has given a clear edge in branding of the bank to local and foreign passengers of different airlines.

### Towards MTB3V

To justify our vision, MTB3V, of being the bank of choice, we don't consider banking as a separate activity at MTB, but as one that should be seamlessly interwoven into a customer's everyday life. To do so, we need to have a relentless focus on customers' true satisfaction. To materialize our vision to turn MTB into a truly world class bank, our state-of-the-art training institute remains busy throughout the year to train MTBians internally, and a good number of MTBians are also sent to international training and seminars. As a strong believer of empowering our employees with skills for both their professional as well as personal development, we continued to invest in new learning and development programs. In this regard, in 2017, we provided training to 1,786 employees out of the total 2,004. At the same time, we invested in our delivery channels to enrich the same with the latest tools and technologies. In 2017, the scholarly Board of the bank approved the acquisition of a sophisticated core banking solution to handle the large number of customers smoothly as well as to serve them more efficiently. With all our efforts and your continued support, we want to make MTB one of the best performing banks in Bangladesh.

## Commitment to Citizenship and Sustainability

2017 witnessed dramatic changes in the global political and economic arena. The macroeconomic conditions of Bangladesh also went through significant changes including a decline in remittances inflow, import payment pressure over export earnings and volatility in the foreign exchange market, especially in the last quarter of 2017. We addressed difficulties and challenges with improvements and innovation, accelerated business structure adjustment, optimized systems and processes, and thus ensured sustained and steady development. We devoted a great deal of energy towards the development of inclusive finance and provided more focus on retail and SME segment. Accordingly, we attained a significant growth of 72 percent in SME and 49 percent in retail business during 2017 with the support of our dedicated business units and branches.

Our competitive capabilities to operate as a compliant organization has picked up pace with a multitude of leadership and talent development efforts that we underwent. Hence, I am excited about the prospects of MTB's continued success for the future.

In 2017, MTB:

- Successfully reached its target of opening 50 agent banking centers across the country.
- Ended the year with 111 strategically located branches, 246 MTB 24/7 ATMs and around 3000 POS machines.
- Earned the milestone of achieving the highest operating profit of BDT 3.92 billion in the 18 years' history of MTB with a growth of 15% over 2016.

### "Protect and Surge" – The Theme of 2017

In 2017, MTB's theme was "Protect and Surge". Innovative technologies including latest payment systems have enabled us to reach and serve our customers in more ways than ever. Technology has opened up avenues to further protect our investments. Then again, it is the technology which is being utilized by criminals all over the world to infiltrate financial and other institutions for their unlawful personal gains. We remained vigilant at all times and kept ourselves familiar with the changes, both in technology and the ways the perpetrators infiltrate and further strengthened our defensive mechanism to protect the bank, its products, services and delivery channels from being exploited by scammers, money launderers and terrorist financiers.

During the year, we introduced the latest EMV chip based cards, enhanced system capabilities to further secure Internet and SMS banking services for our customers. Moreover, we have an IT Security Department, which shows our commitment when it comes to protecting our valued customers and their bank.

## 2018 – MTB Resurgent

2018 will be a significant year for MTB and the overall banking industry as the composition of the industry is undergoing an inevitable change. With the inclusion of 3 new banks, the total number of banks is now 57. Considering the size of our country and economy, the number most certainly makes the industry more competitive and regressive. Still, I am confident that we, with all our combined effort, can overcome all the obstacles and will achieve the goals of the organization. While we have ended 2017 on a positive note, we are not going to be complacent and will leave no stone unturned to continue the growth trajectory in the year to come.

In 2018, the theme for the bank is MTB Resurgent with an aim to turn around against all odds and secure a sustainable growth of the bank. With the target in mind, we will be more attentive in achieving our business targets by focusing more in retail and SME business, ensuring financial inclusion through agent banking and we will concentrate on improving our risk assets portfolio. At the same time, using our people and network, we will optimize cost efficiency through improving the deposit mix like previous years. More focus will also be given on fee based and commission earning in the year of "MTB Resurgent".

### Driving Innovation / Digital Initiatives

The future is in digitalization. Market-leading digital innovation to maximize our customer satisfaction remains one of our priorities. In our aspiration to become the "Digital Bank of Choice", we continued to deliver high-quality service and innovative products through our well-managed digital channels. Our efforts to make day-to-day banking simpler and more accessible via digital means are paying off good dividend to us in return. In 2018, we are going to introduce a new Core Banking System (CBS) for us to have an edge over our competitors and stay clearly ahead with better service provided to our customers with proper time management, accuracy and simpler financial solutions.

### Moving Forward Together

The year 2017 was exciting and as we go through 2018, we want to convey our promise to our customers of moving forward together, which encapsulates and reinforces our value proposition, which means empowering our customers to advance towards their ambitions, goals and dreams in every stage of their lives. We want to inculcate a culture of providing the right solutions that are simple yet innovative, ahead of the curve, and competitively priced. Basically, it is a promise to deliver solutions to the needs and wants of our customers, wherever and whenever that may be.

In the past years, the bank made strenuous efforts to mitigate risks and thus maintained stable asset quality. As we step into 2018 with some caution, we remain

watchful over asset quality concerns that could prolong during the year. We reaffirm the commitment to upholding the highest standards of compliance and risk management, whilst also endeavoring to provide superior customer experience.

### Final Remarks & Recognitions

MTB's elevated growth in 2017 is attributed to its growing reputation as a compliant bank, timely strategy and customer centric culture supported by good governance.

I take this opportunity to thank all our stakeholders - government, regulators, customers, and communities - for the overall support you have extended towards MTB in enabling us to make our strides towards living our aspirations of "One of the best performing banks in Bangladesh".

On behalf of the management, I would like to express my sincere thanks to our honorable Board of Directors for their guidance and constant support. We will forge ahead and repay their trust and support with better business performance and by working hard towards our strategic goals.

I also convey my heartfelt gratitude to all MTBians for their dedication, passion and tireless contributions in helping to build MTB into a stronger organization that can weather through challenging circumstances.

Finally, let me reaffirm the commitment of the management and staff of MTB to continue to do our best to deliver value to you.

### Global Economy

The engine of global prosperity accelerated significantly during 2017 and managed to outperform the expectations by a margin. Consequently, jobs got created, fortunes were lifted and fears of popular discontent were mitigated. As a whole, the year 2017 can be characterized by a near-perfect combination of steady global growth, low inflation, and accommodative monetary policies. Almost all of the world's major economies were in some phase of

expansion, leading to a self-accommodative global acceleration and the most synchronized global upturn in at least several years. The primary driver of the pickup in global activity was China's reacceleration during the 18 month-period prior to December 2017, which stimulated a turnaround in global industrial production, exports, commodity industries, and the profits of multinational corporations.

The International Monetary Fund in its World Economic Outlook, published in January, 2018 reported healthy

### IMF Growth Estimates for 2017

growth for most parts of the world. Overall, the global economy is reported to have grown by 3.7% in 2017, which was only 3.2% for the preceding year.

During 2017, some 120 economies that constitute around three quarters of world GDP, experienced a pickup in growth on year-on-year terms that can easily

be termed as the most synchronized global growth upsurge since 2010. During the last few months of last year, economies around the world experienced pickup in investment, particularly among advanced economies, while in Asia, countries encountered increased manufacturing output.

## Inflation Scenario

Most surprisingly, during 2017, the acceleration in global growth did not cause a bigger pickup in inflation. Although the inflation dynamics in many countries in the first half of 2017 were impacted by the steep year-on-year rise in energy prices relative to the lows seen in early 2016, this transitory impact got largely evaporated by mid-year.

In 2017, the overall inflationary condition remained stronger in the Eurozone. However, it managed to cool down during the closing months mainly due to a softer rise in energy prices and food prices. In Japan, inflation edged above zero, while in the United Kingdom and the United States headline inflation exceeded the central bank targets of 2% for at least part of 2017. By contrast, price pressures eased in many large developing economies and economies in transition. This created space for several countries in South America, parts of Africa and the Commonwealth of Independent States (CIS) to cut interest rates in 2017, easing monetary conditions and providing more support to economic activity.

Movement in commodity markets during 2017

- An unprecedented oil-production-cut arrangement with OPEC helped lift oil. Brent crude oil started the year at \$55 per barrel level and closed the year trading around the \$66 per barrel threshold.
- Gold prices trended higher (up by more than 2%) throughout the year as the Fed raised interest rates three times and inflation ticked above the critical 2% mark.
- Better-than-expected economic growth in China, along with labor issues in Chile and Indonesia, helped copper prices rise more than 25% for 2017.
- Agricultural commodities like London sugar and U.S. corn lagged this year as a rising U.S. dollar and inflation discouraged investors.

## Monetary Policy

During 2017, the monetary conditions remained broadly accommodative throughout the globe. Interest rates continued to diverge between the euro area, Japan and the United States, reflecting differences in the timing and pace of economic cycle.

In the United States, the Federal Reserve gradually hiked its benchmark interest rate from a near-zero level. In 2017, the Fed increased the interest rate thrice, which is likely to cause higher rates on consumer loans, some mortgages, credit cards and other loans. This indicates the central bank's confidence over the strength of the economy.

The Bank of England in November of 2017 raised its main rate by a quarter point, its first hike in a decade, to keep a lid on inflation. Prices had been rising sharply due to the pound's sharp fall after the June 2016 vote

for Brexit. The pound's drop simultaneously pushed up import costs, notably of food and energy, and weighed on economic growth by reducing living standards as price surge started to outpace wage growth.

Meanwhile the European Central Bank (ECB) kept its main interest rate at zero although the euro zone banks were well prepared for sharp changes in interest rates.

In Asia, the Bank of Japan also maintained its short-term interest rate at minus 0.1 percent and the target for the 10-year government bond yield at zero percent during 2017. Whereas, China's central bank raised interest rates for its Medium-term Lending Facility (MLF) and reverse repos. The seven-day reverse repurchase rate was revised to 2.5% while the 28-day reverse repurchase rate was increased to 2.8%

## Global Banking Industry

The financial position of the banking sector in developed countries continued to improve during 2017. For instance, global systemically important banks (G-SIBs) strengthened their balance sheets with additional capital injections, while liquidity also rose due to declining loan-to-deposit ratios and less reliance on short-term funding.

By the end of 2017, the global banking sector managed to attain a much better shape than it used to be at the start of the global financial crisis 10 years ago. According to EY's 'Global Banking Outlook 2018' survey, the largest banks in the world substantially improved their capital position. Resilience has been supported by the development of recovery and resolution plans as mandated by regulators globally. The progress the banks made in strengthening their balance sheets is reflected in their expectations for financial performance.

## Global Capital Markets

World stock markets began the year flat footed, amid preparations for missile tests in North Korea and following a widely condemned executive order from America's new president banning travel from seven muslim-majority countries. However, as time passed by so did the anxieties and global equity markets posted a positive year of returns in 2017.

The FTSE 100 was to settle for a broadly shallow upward trajectory over the year, while markets in the US bounded on to new record highs. The S&P 500 Index recorded a 19.40% total return and small cap stocks, as measured by the Russell 2000 Index, returned 14.65%, both above their long-term average return. The Dow Jones Index raced 25% higher in 2017, getting even closer to 25,000 and making the year its best since 2013. The booming stock market was the result of resurgent economic growth and blockbuster corporate profits.

Japanese equities soared to their highest levels in more than 20 years, boosted by a weak yen and record corporate profits. China's stock markets also headed higher, aided by reports of strong growth in domestic consumption. India's stock market continued to drive higher too, belying a slowdown in underlying

economic growth after the withdrawal from circulation of high value bank notes in 2016. On the contrary, the Pakistan Stock Exchange's performance was the worst in the world during 2017 as KSE-100 Index posted an absolute negative return of 15.34%.

### Movement of Major Stock Indices

In the euro zone, the MSCI Europe and MSCI EMU indices made strong gains in 2017, returning 10.2% and 12.5% respectively. The economic backdrop remained very encouraging. The buoyant mood was supported further by a rise in shareholder activism in Europe, as well as merger & acquisition activities and share buybacks.

### Growth Prospects for 2018

At the very beginning of 2018, the mood is pretty good from a business point of view due to the synchronous growth of last year. Currently, the global economy is said to be operating at or near full capacity. The prevailing economic momentum is expected to continue for the next few years. Consequently, the International Monetary Fund (IMF) has set the global forecast for 2018 to be 3.9%, supported by an improved outlook for advanced economies. Additionally, the US tax policy reform is anticipated to enhance global output via temporary improvements in the US domestic growth combined with favorable demand spill overs for its trading partners. Nonetheless, risks

to the global growth are broadly balanced in the near term and skewed to the downside in the medium term as threats remain from higher inflationary pressures, build-up of financial vulnerabilities and the tightening of global financing terms.

Growth rates for many of the euro area economies have been marked up, especially for Germany, Italy, and the Netherlands, reflecting the stronger momentum in domestic demand and higher external demand.

Emerging and developing Asia is expected to grow at around 6.5% during 2018. The region continues to account for over half of world growth.

In Latin America, the recovery is expected to strengthen, with growth of 1.9% in 2018 and 2.6% in 2019.

The growth pickup in Sub-Saharan Africa is broadly anticipated to rise modestly from 2.7% in 2017 to 3.3% in 2018. Growth in South Africa is now expected to remain below 1.0% in 2018 as a result of increased political uncertainty.

## IMF Growth Projections for 2018

## Bangladesh Economy

Bangladesh has become a growth-generating factor for Asia with its consistent economic growth over the last decade. 2017 has been a mixed year of achievements and challenges for Bangladesh. Though some macro indicators reflected positive trends, the overall strength of the economy was weakening due to a number of developments toward the second half of the year. One of the major achievements of the economy has been a 7.28 percent economic growth in FY 2016-17, breaking the six percent cycle that continued for a decade or so. Consequently, the World Bank painted a brighter picture for Bangladesh's economy for the next two fiscal years as well. The growing optimism is based on hopes from strong domestic demand, exports, investment and remittance. Further, the higher growth is expected to be driven by a rebound in agriculture sector and an enhanced contribution from real sector as well. With a booming population of more than 160 million, Bangladesh now offers a great market to the region and beyond in terms of investment, productivity and consumption.

The year 2018 will be a turning point for Bangladesh in many ways. Bangladesh recently fulfilled the UN's current criteria to graduate from a 'least developed country' to a 'developing country'. It has also recently advanced from a low-income country to a low-middle income country on the World Bank's scale.

It will also continue its efforts toward becoming a middle-income country. Additionally, it will continue to implement the sustainable development goals (SDGs). These will hinge on a number of factors such as accelerated resource mobilization, higher investment, efficiency in infrastructure implementation, skilled human resources and strong institutional set up.

## Gross Domestic Product (GDP)

The amazing growth story of Bangladesh continued with macroeconomic indicators showing positive trends during 2017. The economy managed to maintain the above 7% growth trajectory that started last year, breaking the cycle of 6% growth that persisted for the last decade or so. Out of the 45 least developed countries (LDCs) in the world, Bangladesh was one of the only five countries that attained a GDP growth rate over 7% in 2017. Like in previous years, the major boost for growth came from the industrial and service sectors.

Despite Asian Development Bank's (ADB) forecast of 6.9% growth, Bangladesh managed to attain a staggering 7.28% growth during 2017 that was well in line with the target set by the government.

Bangladesh government targeted economic growth at 7.40% for the FY 2017-18. Among the international agencies, International Monetary Fund (IMF) said that Bangladesh's economy would grow by 7.1% during 2017-18. ADB forecasted the growth to be 6.9% while the World Bank said it would be 6.4%.

## Forecasted GDP Growth Rate for 2017-18

## Inflation

The point to point general inflation decreased by 0.08 percentage point and stood at 5.83% in December 2017 from 5.91% in November 2017 as non-food inflation eased to a comfortable level. However, food inflation increased to 7.13% in November from 7.09% in October.

As per Bangladesh Bank's statistics, twelve month average inflation at the end of December 2017 was reported to be 5.70% that was well below the government's budget target of 6.0%. During the same month of the previous year, the twelve-month average inflation was 5.51%.

### Point to Point Inflation-Movement

## External Sector

Bangladesh's foreign exchange reserves was reported to be USD 33.23 billion at the end of December 2017, up by 3.55% from December last year. With the current reserve it is possible to serve the import payments for over nine months. The forex reserve managed to cross the milestone of USD 33 billion mark for the first time during June 2017. Within a period of 17 years the country's reserve grew by 33 times.

Meanwhile, the current account deficit widened almost eight times and was reported to be USD 4.76

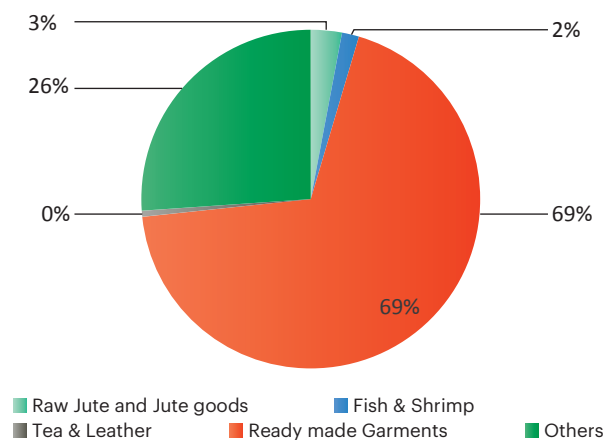

### Imports & Exports

billion for July and December 2017, which was USD 0.54 billion in the deficit a year earlier, according to data from the central bank. Trade gap of USD 8.63 billion can be held mainly responsible for the large current-account shortfall.

## Exports

### Category-wise Share of Total Exports 2017

Export earnings recorded a growth of only 3.01% and recorded to be USD 35.95 billion for 2017. The export items that registered a positive growth during 2017 include ready-made garments, jute goods, fish & shrimps and others. On the other hand, raw jute, leather and fertilizer experienced a negative growth during 2017 compared to the same period of the previous year.

## Imports

The actual import in terms of settlement of letters of credit (LCs) rose to USD 46.35 billion during 2017 from USD 42.36 billion of 2016. On the other hand, opening of LCs, generally known as import orders, rose by 44.3% to USD 65.35 billion during 2017 from

USD 45.29 billion of 2016. The overall imports increased during the period mainly due to higher import of capital machinery and industrial raw material as implementation of the different ongoing infrastructure development projects are undergoing across the country. Higher import for capacity building in textile, leather, jute, garment, pharmaceutical, ship building and energy and power sectors contributed to the rise in overall capital machinery imports.

### Remittance

Remittance is the second highest source of foreign currency earning in Bangladesh next to exports of readymade garments (RMG). The inflow of remittances came slightly down by 0.56% to USD 13.53 billion during 2017 from USD 13.61 billion of 2016. Lower development activities in the Gulf Cooperation Council economies due to drop in global oil prices are seen as a major cause behind the plunge, alongside a rising trend in sending hard-earned money by expatriate Bangladeshis using informal channels. However, the central bank took several initiatives to improve the scenario.

### Fiscal Management

Total tax revenue collection (NBR & non-NBR) during July-December, 2017 stood at BDT 972.25 billion which was higher by BDT 142.95 billion or 17.24% against the collection of BDT 829.29 billion during July-December, 2016.

NBR tax revenue collection during July-December, 2017 stood at BDT 934.40 billion which was higher by BDT 132.43 billion or 16.51% against the collection of BDT 801.97 billion during July-December, 2016.

### Capital Market Scenario

Following the catastrophic collapse of 2010, the Bangladesh stock market managed to exhibit strong signs of revival during the trading sessions of 2016 that bolstered further during 2017, except the last quarter of the year. Favorable macro-economic indicators, as well as the prevailing positive trends in the capital market continued to attract investors to take positions

on available undervalued stocks from different sectors, particularly power, engineering and banking.

Overall improved macroeconomic and political situation led the local and global investors to have high hopes regarding the returns associated with the market. Price level in the market improved gradually during the trading sessions of 2017 with little elements of fluctuation. The benchmark index, DSEX started the year from 5,000 level mark. It gained momentum gradually to cross the 6,000 level mark during the end of August 2017 and hovered over the said mark till the close of the year. Average daily turnover improved significantly and was reported to be BDT 8.7 billion for the trading sessions of the year, the highest since the crash of 2010. The market capitalization increased by 23.9% to BDT 4,229 billion, which was BDT 3,412 billion the year earlier. As a whole, the price level and participation both were on the rise and investors started to be optimistic during 2017.

On a year on year basis, the benchmark measure DSEX, gained 24.0% to stand at 6,244 point at the end of December 28, 2017. Average daily turnover went up by 76.9% compared to the same period of last year. Throughout the year, the major sectors exhibited mixed performance. Spontaneous participation backed by hopes and excitement coupled with steady capital market trends continued to attract the sideline investors to inject fresh funds into stocks, taking the market turnover, on 23<sup>rd</sup> January 2017, to BDT 21.8 billion, the highest single-day turnover since July 2011. Given the current condition of the market, more attention should be given towards strengthening the foothold of mutual funds since they are the major institutional investors. This will result in a decrease in the propensity of taking short term profits and the market would head towards long term stability.

In an attempt to stimulate the capital market, the Bangladesh Securities and Exchange Commission eased a number of conditions including the minimum capital requirement for becoming a market maker for listed securities. The minimum capital requirement for becoming a market maker has been lowered to BDT 100 million from BDT 500 million proposed in the draft rules.

## Banking Sector Scenario

A sound banking sector is the key to a sustained economic development for any country. It facilitates the financial mechanisms between borrowers and lenders, helps expedite capital accumulation, and ensures use of resources into productive sectors. The Bangladeshi banking sector experienced several ups and downs to reach to its current position that has been termed as stable by the international rating agency Moody's mainly due to the healthy operating environment, and despite legacy asset quality issues and tighter liquidity conditions.

Among the eight state-owned banks, 40 privately-owned banks and nine foreign-owned banks, nonperforming loans (NPLs) stood at BDT 804 billion as of September 2017, according to Bangladesh Bank (BB) figures. The amount is 10.67 percent of all outstanding loans. Like previous years, state banks were again the worst performers last year as NPL of the eight state-owned banks stood at BDT 441 billion or 55 percent of the total. However, at end of the year, the NPL slightly reduced to 9.31 percent.

Consequently, reforms have been undertaken with objectives such as increasing the capital adequacy of banks under Basel III regime, streamlining guidelines for rescheduling of various types of loans, tightening provisions for non-performing loans, strengthening disclosure requirements and improved accounting systems. These have undoubtedly improved the soundness of the sector. Consequently, operating profit for most of the scheduled banks increased significantly during 2017. Relatively calm political situation, moderate rise in export earnings and significant rise in import payments in 2017 compared with those in the previous year also had a positive impact on the banks' performance.

As a whole, the banking sector indicators exhibited mixed performance during 2017. The challenges that the sector encountered during the year was ensuring cyber security, dealing with the pressure of non-performing loans and maintaining optimum level of liquidity. Until the first half of 2017, banks were piled up with excess liquidity. The government and central bank kept on making relentless efforts to make the situation more investment friendly, and consequently, the crisis was almost resolved. Lending rates were also being revised downward. But, from end of third quarter of 2017, most of the banks struggled to maintain the prescribed Advance-Deposit ratio (AD ratio). The deposit crunch in private commercial banks was caused mainly due to withdrawal of government deposits from the private banks and excessive investment in government saving certificates, sanchayapatras, by the household depositors. The overall cost of deposits experienced upward adjustment because of the banks' aggressive attempts to pursuit deposits. Moreover, the foreign exchange market was volatile during the year and the remittance inflow declined compared to last year. On the other hand, the industry credit growth was good at around 18%, following last year's trend. However, the central bank declared contractionary monetary policy and targeted lower credit growth, around 16%, against

the actual growth of 18% for the period January to July of 2017. As a whole, the overall banking sector got impacted significantly due to rising pressure of non-performing loans, downward revision of lending rates and upward adjustment of deposit rates.

## Banks' Deposits

Total deposit of the scheduled banks was reported to be BDT 9,262 billion at the end of December 2017, increased by BDT 859 billion (10.2%) from BDT 8,403 billion of December 2016. Time deposits registered a growth of BDT 726 billion or 9.7% and demand deposits also registered a growth of BDT 133 billion or 14.7% in December 2017 over December 2016.

MTB's deposits registered an increase of BDT 10 billion or 7.9% from BDT 131 billion in December 2016 to BDT 141 billion in December 2017.

## Banks' Advances

Banks' advances recorded an increase of BDT 1,313 billion or 18.4% to be BDT 8,444 billion at the end of December 2017 compared to BDT 7,131 billion of December 2016. Whereas, MTB's advances registered an increase of BDT 31 billion or 27.3% from BDT 114 billion in December 2016 to BDT 145 billion in December 2017.

## Banks' Profitability

Profit of most of the private commercial banks rose considerably in 2017 mainly due to rampant credit disbursements by the banks, despite a sharp cut in the lending rates and growth in borrowing rates during the latter part of the year.

However, as the default loans skyrocketed due to aggressive lending by most of the banks, the profit after tax is expected to take a hit in final count due to increased need for keeping provisions against the defaulted loans.

MTB's operating profit stood at BDT 3,673 million during 2017 experiencing an impressive growth of 14.47% compared to BDT 3,209 million in 2016. Whereas, the consolidated operating profit for MTB at the end of 2017 was reported to be BDT 3,916 million that is 15% more than what it achieved during 2016.

## Money Market

Interbank call money market experienced volatility during 2017 due to change in liquidity position in the overall market. Since the banks were having excess liquidity during the initial part, call money rate hovered around the lower zone, and eventually the rates experienced upward adjustments during the later part. At the end of December 2017, deals were getting settled at 3.92%. Whereas, during the initial months of the year, the same deals were getting settled at 3.54%. Interest rates on treasury bills and bonds fluctuated significantly throughout the entire 2017. 91 days cut-off got hit to as low as 2.89% during May 2017 to rise as high as 4.0% during October 2017. The Repo and Reverse Repo rates were kept unchanged at 6.75%

and 4.75% respectively during 2017 in an attempt to contain inflation and boost economic growth.

### Interest Rate Spread

The spread between the weighted average advances and the deposit rates of all banks decreased during 2016 with little fluctuations. The spread between weighted average advances and deposit rates came down to 4.44% in December 2017 from 4.71% of December 2016. On a year on year basis, both interest expense on deposit and interest income on advances experienced a drop. Interest on deposit decreased by 0.31 percentage point to 4.91% in December 2017 from 5.22% of December 2016. Whereas, interest on advances decreased to 9.35% during December 2017 from 9.93% of December 2016.

Overall, a declining trend of interest rate spread in the country's banking sector was observed till November of 2017, as the commercial banks slashed their interest rates more on lending than on deposits in an attempt to stimulate the loan growth. That eventually created a gap between deposit and credit growths and in turn banks started offering higher interest rates on deposits to collect more funds during the closing months of the year.

### Primary Dealer Operation

Primary dealers operate in an attempt to establish a sound, efficient and vibrant 'secondary market for the government securities' by active participation of market makers, operators and the market participants. A total of 12 leading commercial and three non-banking financing institutions (NBFIs) are working as primary dealers in treasury bills and government bonds while other banks and NBFIs did not require to involve their funds in related operations. However, during 2017, interest rates on the government treasury bills and bonds remained volatile. Till the first half of the year the rate moved downward as most of the scheduled banks rushed to invest their excess liquidity in the government tools. However, the rates kept on getting stronger during the last half as the banks were done with their oversupply of cash.

### Non-Performing Loan (NPL) Management

Non-Performing Loan (NPL) is a critical challenge for the banking sector of Bangladesh, and most of the banks are struggling to address the problem. The banking system is still burdened with an alarming amount of non-performing loans (NPLs) that make funds costlier and banks' operations riskier. The SCBs (State Owned Commercial Banks) and SBs (Specialized Banks) continue to have high level of NPLs mainly due to substantial loans provided by them on considerations other than commercial criteria.

The NPL of the banking sector increased to 9.31 percent (BDT 743 billion) of the total outstanding loans of BDT 7,980 billion at the end of December 2017 that was BDT 621 billion (9.23%) at the end of December 2016. The major reasons behind rising NPL are extending loans based on political consideration, taking mortgage or collateral against loans at inflated prices, use of loan money in unproductive sectors, non-supervision and

post disbursement monitoring of loans and inadequate actions to realize loans even after they default.

However, at the end of 2017, the non-performing loans for MTB stood at BDT 6,268 million that is 4.30 percentage of the total loans outstanding. This is one of the lowest in the industry and impressive against the industry average of 9.31 percentage.

### Implementation of Monetary Policy

The main objective of Bangladesh Bank's Monetary Policy Statement (MPS) for the first half (H1) of the FY 18 is maintaining price stability while supporting growth and employment.

The aim of the policy is to support the 7.4% growth target and the 5.5% inflation target for the fiscal year 2018. As per the MPS H1 2018, reserve money is projected to grow at 12% and broad money (M2) at 13.9%, which are adequate to support the growth and inflation targets. It has also taken the growth rates of both public and private credit into account. The policy focuses on inclusive, productive use of credit; with particular attention to adequacy of credit flows to agriculture, SMEs, and environmentally benign 'green' output initiatives, where domestic credit is projected to grow at 15.8% at the end of the fiscal year 2018. Private sector credit is projected to grow at 16.3% and public sector credit at 12.1 percent. The Bangladesh Bank's monetary and financial policy stance is grounded on the growth supportive developmental mandate in its charter.

### Capital Adequacy Management

Banking sector needed to maintain minimum 10% total capital ratio comprising minimum 5.5% Tier-1 capital and maximum 4.5% Tier-2 capital in 2015, and the distribution will be minimum 6% Tier-1 capital ratio and 4% Tier-2 capital ratio at the end of 2019. Moreover, banks are required to maintain 2.5% extra capital (gradually increasing 0.625% in each year) as capital conservation buffer through the common equity Tier-1 capital at the end of 2019. As a result, at end of 2019, capital requirement for banks will be 12.5%.

At the end of September 2017, the number of banks compliant with the minimum capital to risk-weighted assets ratio (CRAR) were 48 out of 57. Banking sector's aggregate CRAR at the end of September 2017 was 10.65%, which was reported to be 10.80% at the end of December 2016. Tier-1 capital ratio slightly decreased to 7.5% compared to 7.8% percent of the previous quarter and 7.6% of September 2016. At the end of December 2016, MTB's CRAR was reported to be 11.29% that increased to 13.76% at the end of December 2017. The Tier-1 capital to risk weighted assets ratio for MTB stood at 7.28% at the end of December 2017.

Thank you,

**Anis A. Khan**  
Managing Director & CEO

# DIRECTORS' REPORT TO THE SHAREHOLDERS

## Dear Valued Shareholders,

On behalf of the Board of Directors, I take this opportunity to welcome you all to the 19<sup>th</sup> Annual General Meeting (AGM) of Mutual Trust Bank Limited. In line with the requirements of Section 184 of the Companies Act, 1994, stock exchange regulations and Bangladesh Securities and Exchange Commission Order no. SEC/CMRRCD/2006-158/134/Admin/44 dated August 7, 2012, I have the pleasure to place before you the Directors' Report for your consideration. The report briefly presents the overall performance of the bank in a year of very competitive and eventful banking industry environment.

## Global Economy

2017 has been a pretty successful year for global economy, pounding out all the fears that emerged towards the close of 2016. Eventually, there was no market crash at the start of the Trump Presidency, Brexit did not trigger a recession in the UK and the Eurozone did not collapse following the implosion of the Italian banking system. Instead, almost all of the major economies were in some phase of recovery with low level of inflation. Consequently, 2017 was marked to be a year of steady global growth that outperformed the expectations by a margin. Overall, the global economy is reported to have grown by 3.7% in 2017, which was only 3.2% for the preceding year.

The synchronized global growth of 2017 set a very good tone for 2018 from the business point of view. The International Monetary Fund (IMF) set the global growth forecast for 2018 to be 3.9%, supported by an improved outlook for advanced economies.

## Bangladesh Economy

The Bangladesh economy's journey to glory only got accelerated during the course of 2017. With a booming population of more than 160 million, Bangladesh now offers a great market to the region and beyond in terms of investment, productivity and consumption. During 2017 the industrial and service sectors flourished further and the GDP growth rate was recorded to be 7.28% as against 7.11% a year earlier. Most of the other economic indicators showed positive trends during 2017, except for a few challenges that emerged in the financial sector arena. The country has recently fulfilled the UN's current criteria to graduate from a 'least developed country' to a 'developing country'. The year to follow is expected to be even brighter as the government is anticipating 7.65% GDP growth against the earlier set target of 7.4% for FY 2017-18.

## Banking Industry in 2017

The Bangladeshi banking sector experienced several ups and downs to reach to its current position that has been termed as stable by the international

rating agency Moody's mainly due to the healthy operating environment, and despite legacy asset quality issues and tighter liquidity conditions. As a whole, the banking sector indicators exhibited mixed performance during 2017. The challenges that the sector encountered during the year was ensuring cyber security, dealing with the pressure of non-performing loans and maintaining optimum level of liquidity. In the midst of all these, profit of most of the private commercial banks rose considerably in 2017 mainly due to rampant credit disbursements by the banks, despite a sharp cut in the lending rates and growth in borrowing rates during the latter part of the year. However, further streamlining is vastly needed to march towards a robust banking sector as more than 10 banks are still struggling to maintain the required capital requirement.

## Core Banking Software (CBS) Transformation: Investing in Future

As a part of strategic decision and in pursuit of acquiring a modern CBS, the bank engaged OPTINOVO Business Consulting Private Limited, India for rendering consultancy services to steer forward the CBS Transformation Project in 2016. Eight (8) groups of officials in certain functional areas and a number of committees had been engaged to evaluate the features of CBS and the bank finally selected TCS BaNCS, a product of Tata Consultancy System (TCS), which has had a number of big installations in reputable financial institutions including Bank of China and State Bank of India.

## MTB at a Glance

During 2017, MTB gained 27.33 percent and 15.62 percent growth over 2016 in risk assets and customers liabilities, respectively. Despite a stiff environment, the bank ended the year with a credit-deposit ratio of 83.45%. In 2017, the number of branches across the country reached 111, agent banking centres expanded to 50, and the reach as well as the number of MTB 24/7 ATM, POS devices, kiosks, Internet banking and SMS banking services also increased. In September, 2017 MTB opened its Air Lounge at Hazrat Shahjalal International Airport.

## Business Goal

MTB's vision, mission, corporate core values, strategic priorities and outlook for 2018 have been given at the beginning of the report. The bank has established the highest level of ethical standards in order to achieve MTB3V:

- i) To be One of the Best Performing Banks in Bangladesh
- ii) To be the Bank of Choice, and
- iii) To be a Truly World-Class Bank.

## Brief History of MTB

MTB was incorporated as a public limited company in 1999, under the Companies Act, 1994, with an authorized share capital of BDT 1,000,000,000 divided into 10,000,000 ordinary shares of BDT 100 each. At present, the bank's authorized share capital is BDT 10,000,000,000 divided into 1,000,000,000 ordinary shares of BDT 10 each.

The company was issued Certificate for Commencement of Business on October 5, 1999, and on the same day, Bangladesh Bank granted it a license under the Banking Companies Act, 1991. MTB started its banking operation on October 24, 1999. As envisaged in the memorandum of association, and, as licensed by Bangladesh Bank under the provisions of the Banking Companies Act, 1991, the company started its banking operation to progressively carry out its banking businesses, such as wholesale, retail, international trade financing, SME banking, NRB banking, off-shore banking, privilege banking, agent banking etc. The bank operates through its corporate head office located at MTB Centre, Gulshan 1, Dhaka 1212. The bank carries out international business through a global network of over four hundred foreign correspondent banks.

Currently, the bank has a network of 111 branches, which includes SME/Agri branches and two booths at Hazrat Shahjalal International Airport (arrival and departure lounges), Dhaka, 50 agent-banking centers across the country, and three fully-owned subsidiary companies - MTB Securities Ltd. (MTBSL), MTB Capital Ltd. (MTBCL) and MTB Exchange (UK) Ltd.

## Strategic Priorities

1. Focusing more on smart banking through increased digital customer experience
2. Enhancing data analytics proficiencies
3. Focusing on controlling operating cost with a view to improving cost to income ratio
4. Utilizing digital avenues extensively to extend customer reach
5. Launching new and/or improved products and services
6. Ensuring that MTB's high compliance and governance standards are maintained at all times
7. Keeping the core operating system up-to-date
8. Recruiting and retaining talent as well as motivating the existing human resources
9. Reviewing and improving business processes on a regular basis
10. Enhancing security and authentication system with specific focus on cyber security
11. Partnering with fintech providers to face the new challenges of the market
12. Managing financial capital and foresight to enhance shareholders' returns while ensuring sustainable growth

13. Improving the funding and liquidity position with the proviso of maintaining a high level of asset quality through portfolio diversification and lower provisioning
14. Contributing to the progress of the economy and the people by continuing to work as a socially responsible organization
15. Ensuring appropriate use of latest technologies to improve the alternative delivery channels to provide access to the unbanked population as part of financial inclusion.

## Corporate Governance

MTB has always strived to have good corporate governance practices put in place and to ensure that the highest standards of business integrity are regular part of its activities. The bank adheres strictly to the regulatory guidelines on corporate governance. The disclosures on corporate governance are provided in the chapter on "Corporate Governance" of this Annual Report.

## Risk Management

The prime objective of risk management is to appropriately balance the trade-off between risk and return. MTB judiciously ensures optimum return on its assets and equities streamlining a wide array of risks it faces during its day-to-day operation.

The main concern of the bank is to manage risks prudently and efficiently, to ensure profitability, capital adequacy and liquidity in a balanced manner. Strategically, MTB Board of Directors, through the Board Risk Management Committee (BRMC) and the senior management team, sets up risk governance structure and risk philosophy, endorses risk strategies and reviews and approves risk policies as well as the risk threshold in line with the bank's risk appetite. These limits are continuously monitored by an experienced risk management team and overseen by BRMC. MTB has put in place a number of risk management policies, viz., (i) Credit Policy with Credit Risk Management Guidelines (ii) Asset Liability Management Manual (iii) ICC Policy (iv) Money Laundering (ML) & Terrorist Financing (TF) Risk Management Policy Guideline (v) Foreign Exchange Risk Management Policy & Guideline (vi) ICT Policy (vii) Wholesale Borrowing and Funding Guidelines (viii) Liquidity Contingency Plan (ix) Management Action Trigger Points (x) Anti-Fraud Policy (xi) Valuation Methodology of Collateral (xii) Internal Capital Adequacy Assessment Policy (ICAAP), and (xiii) Compliance Manual. Details of the policies and activities are given in the Risk Management chapter of this Annual Report.

## Developing Human Capital

MTB has been working persistently with a view to transforming MTBians into human capital through exposure to appropriate training courses and development programs, both at home and abroad. It has created a congenial environment, where

employees enjoy coming to work. The MTB Code of Conduct, unveiled in 2010, is being strictly practiced in order to ensure complete transparency and integrity in all its operations. A total of 1,786 employees were given training both at home and abroad in different fields of banking and management practices in 2017.

### Corporate Social Responsibility (CSR)

In respect of corporate sustainability, MTB has focused on a few key areas like extending support to the community and protection of the environment. The bank has set up “Mutual Trust Bank Foundation” and contributes, as donation, a part of its profit to the foundation for undertaking various projects, particularly in the health and education sectors. Apart from the CSR activities carried out by the foundation, the bank also undertook various CSR activities during the year 2017, details of which are given in the “Green Banking” and “Corporate Social Responsibility” part of this Annual Report.

### Adequate Accounting Records

MTB maintains all books of accounts and other records in accordance with the prevailing rules and regulations - Section 181 of the Companies Act, 1994, the Bank Companies Act, 1991, (as amended in 2013), Tax Ordinance and Rules, VAT Act, BSEC and DSE rules and regulations and Bangladesh Bank guidelines.

### Accounting Policy and Implementation of BAS/BFRS

The Board of Directors is responsible for ensuring good governance within the Bank and does supervise Management for the preparation and fair presentation of the Bank's annual financial statements, incorporating its Balance Sheet, Profit and Loss Account, Statement of Cash Flow, Statement of Changes in Equity during the year along with the notes to the financial statements, which include a summary of significant accounting policies and other explanatory notes in accordance with Bangladesh Financial Reporting Standards (BFRS) and in the manner required by the Companies Act, 1994.

The directors' responsibilities also include supervision for designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of these financial statements that are free from material misstatement, whether due to fraud and error; selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

### Internal Control and Compliance (ICC) System

MTB Board of Directors has the responsibility to make significant policies to ensure compliance at all levels in the bank's day-to-day activities. The ICC Division ensures internal control structure in the bank with appropriate assignments, accountability of the personnel and delegation of authorities to

functional management to create control and ensure a compliance culture within the organization under the active guidance and supervision of the Senior Management and the Board of Directors. The Bank Company Act, 1991, (as amended in 2013), requires some changes in the reporting line and organogram of the ICC Division. Meanwhile, the reporting line has been changed and the organogram revamped, to ensure that internal audit functions are dealt with independently from the ambit of management and its report is submitted to the Board Audit Committee of the Bank.

### Money Laundering Risk Management

Money laundering and terrorist financing are global phenomena, apparent in almost every part of the world. Emerging sophisticated techniques of moving illicit money are compelling the financial intermediaries to make their compliance program more rigorous. MTB, as a compliant bank, is determined not to let money launderers and terrorists or perpetrators to use the bank as a channel to launder money or finance terrorism in any possible way.

Hence, MTB has its own anti-money laundering (AML) & combating financing of terrorism (CFT) compliance program. It has been designed considering the range of activities, complexity of operations and the nature and degree of money laundering and terrorist financing risks faced by the bank. Certainly, it is designed as per the prevailing laws i.e., The Money Laundering Prevention Act, 2012 (Amended 2015), The Anti-Terrorism Act, 2009 (Amended 2013), relevant rules i.e., The Money Laundering Prevention Rules, 2013, The Anti-Terrorism Rules, 2013, Bangladesh Financial Intelligence Unit (BFIU) guidelines i.e., Money Laundering and Terrorist Financing Risk Management Guidelines, Money Laundering and Terrorist Financing Risk Assessment Guidelines, circulars and instructions and international standards. MTB applies risk-sensitive Customer Due Diligence (CDD) measures, monitors business relationships and suspicious transactions pursuant to the national regulations and international standards.

### Standards of Reporting

The financial statements have been prepared in accordance with Bangladesh Financial Reporting Standards (BFRS) as adopted by The Institute of Chartered Accountants of Bangladesh, the Bank Companies Act, 1991, (as amended in 2013), applicable provisions of the Companies Act, 1994; Bangladesh Securities and Exchange Commission rules and regulations, and Bangladesh Bank's BRPD Circular No. 14, dated June 25, 2003. The management accepts responsibility for the integrity and objectivity of these financial statements, as well as for various estimates and judgments used therein. The estimates and judgments relating to the financial statements have been made on a prudent and reasonable basis, in order that they reflect the financial operations of the Bank in a true and fair manner.

## Going Concern

Going concern is one of the fundamental assumptions in accounting, on the basis of which the financial statements are prepared. According to the going concern assumption, a business entity will continue to operate in the foreseeable future, without the need or intention on the part of its management to liquidate the entity or to significantly curtail its operational activities. Therefore, it is assumed that the entity will realize its assets and settle its obligations in the normal course of the business. It is the responsibility of the management of a company to determine whether the going concern assumption is appropriate in the preparation of financial statements. MTB has prepared its financial statements considering the going concern assumption.

## Control Environment

Control activities are the policies and procedures, which help ensure that the management directives are carried out, and necessary actions are taken to minimize the risks of failure to meet stated objectives. The policies and procedures are effectively established within the Bank and are continuously reviewed for compliance, adequacy and improvement.

The Board of Directors sets the tone for an effective control environment through regular reviews of the processes for identifying, evaluating, and managing significant risks. The Standard Operating Procedures (SOP) are signed off by the head of each department to provide assurance that these standards are communicated, understood and complied with. An effective control environment is set by top management in all spheres and across all business functions. Every year, the senior team conducts a self-assessment of key controls that affect the business and develops action plans to make the internal control environment more robust.

## Supplier Payment Policy

MTB has developed and implemented a set of payment policies for all its suppliers. The payment methods and system are explained to the vendors before issuing purchase orders. Bills are paid according to the payment terms, and VAT and other withholding taxes are deducted from bills as per the law. As of date, there is no legal case filed by the Bank or filed against it by any supplier.

Review Report on MTB Operations, Products and Services

A review on the bank's operational activities is given in detail in the later part of this Annual Report. Brief review reports of the bank and its subsidiaries are as follows:

## MTB Subsidiaries:

### MTB Securities Ltd

Mutual Trust Bank Ltd. started its brokerage functions from June 2006 as a division of the bank. Subsequently, as per directives of Bangladesh Bank and Bangladesh Securities Exchange Commission, the division emerged as MTB's subsidiary company, MTB Securities Limited (MTBSL). MTBSL is currently operating with 14 strategically located offices spread across the country. During the year 2017, the company made an operating profit of BDT 176 million as against BDT 168 million in 2016.

### MTB Capital Ltd

MTB Capital Limited (MTBCL) is a wholly owned subsidiary of Mutual Trust Bank Limited and a full-fledged merchant bank, licensed by the Bangladesh Securities and Exchange Commission (BSEC) in December 2010. MTBCL was incorporated to explore new markets and meet the demand for merchant banking services. The company extends co-operation and value added services to its respected clients. During the year 2017, the company made an operating profit of BDT 66 million as against BDT 34 million in 2016.

### MTB Exchange (UK) Ltd

MTB Exchange (UK) Limited (MTB UK) is one of the three wholly owned subsidiary companies of Mutual Trust Bank Limited (MTB) and started its operation from February 15, 2011. During the year 2017, the company made an operating profit of BDT 0.51 million and a total amount of GBP 4.90 million was remitted to Bangladesh through MTB Exchange (UK) Ltd.

## Offshore Banking

MTB was permitted to operate an Offshore Banking Unit (OBU) by Bangladesh Bank in 2009. The total loans and advances of the OBU stood at USD 111.70 million in December 2017 compared to USD 39.72 million in 2016, with a growth of 181.26 percent. In 2017, the OBU's operating profit stood at USD 1.50 million, equivalent to BDT 120.99 million, as against USD 0.44 million, equivalent to BDT 34.79 million, in 2016.

### Offshore Banking Unit

## Capital Management

As per Bangladesh Bank's guideline, a bank is required to maintain capital equal to at least 11.25 (Including Capital Conservation Buffer 1.25) percent of its risk-weighted assets under the Basel-III guidelines. Bank's capital has two components, Tier-I and Tier-II. Tier-I capital should be minimum 6.0 percent of the total capital. Tier-I includes the paid-up capital, share premium, statutory reserve and retained earnings, and Tier-II includes general provision on unclassified loans and advances, revaluation reserves, unsecured subordinated debt and exchange equalization account. MTB's total capital registered an increase of BDT 5,291.33 million and stood at BDT 19,016.46 million in 2017. Tier-I capital grew by BDT 1,058.05 million, and was recorded at BDT 10,067.48 million in 2017. Total capital is now equivalent to 13.76 percent of total risk weighted assets. The details of capital adequacy and capital management are given in the "Market Discipline- Disclosures on Risk Based Capital (Basel-III)" chapter of this Annual Report.

### Total Capital (Conso basis)

## Financial Analysis

### Total Assets

The consolidated assets of the bank stood at BDT 201,754 million in 2017 compared to BDT 165,371 million in 2016. Total assets of MTB stood at BDT 201,278 million in 2017 compared to BDT 164,480 million in 2016, with a growth of 22.37 percent. MTB has been successful in marketing significant amount of loans and advances by launching new and innovative products in the market.

### MTB Funds under Management

	BDT Million		
	2017	2016	Growth
Customer Liabilities	151,776	131,272	15.62%
Advances	145,607	114,356	27.33%
Funds Under Management (FUM)	297,383	245,628	21.07%

### Cash and Balances with Bangladesh Bank and its Agent Bank(s)

MTB's consolidated cash and balances with Bangladesh Bank and its agents stood at BDT 13,077 million in 2017 compared to BDT 11,263 million in 2016. The growth in customer deposits has also resulted in an increase in the Cash Reserve Requirement (CRR) set by Bangladesh Bank.

### Balances with Other Banks and Financial Institutions

MTB's consolidated balance with other banks and financial institutions including money at call and short notice stood at BDT 7,488 million in 2017 compared to BDT 9,138 million in 2016. This was BDT 7,045 million in 2017 compared to BDT 9,010 million in 2016 for MTB only.

### Investments

MTB's consolidated investments increased during the year under review by BDT 3,164 million to BDT 25,106 million. The bank purchased government treasury bills and bonds to cover the increased statutory liquidity requirement. MTB, as a primary dealer bank, had to purchase and participate in government securities auctions set by Bangladesh Bank.

### Risk Assets

MTB's consolidated loans and advances stood at BDT 145,607 million in 2017. Outstanding loans and advances of off-shore banking units was BDT 9,238 million in 2017 compared to BDT 3,126 million in 2016. Yield on loans and advances decreased to 9.50 percent in 2017 from 10.73 percent in 2016 due to decrease in lending rates. Details of credit are given in No. 7 of the Notes to the Accounts. The ratio of non-performing loans stood at 4.30 percent, which was much below the industry average of 9.31 percent in 2017.

**Risk Assets****Liabilities**

The consolidated total liabilities of the bank stood at BDT 189,992 million in 2017 compared to BDT 155,552

million in 2016. MTB's total liabilities rose to BDT 189,610 million in 2017 from BDT 154,697 million in 2016, with a growth of 22.57 percent. The increase in liability was mainly due to growth in deposits and borrowings.

**Deposits**

MTB's consolidated deposits grew by 15.62 percent to BDT 151,776 million in 2017. The growth was supported by a wide range of branch network, spread throughout the country. With 111 branches and 246 ATMs, MTB was able to acquire more low cost funds in 2017. Fixed deposits accounted for 44.22 percent of the total deposits. Cost of deposit decreased to 5.00 percent in 2017 compared to 5.51 percent in 2016.

6	Total Operating Income (Net Interest Income + Non Interest Income)	8,479	7,515	12.83%
7	Operating Expenses	4,564	4,107	11.12%
8	Profit Before Provision	3,916	3,408	14.89%
9	Net Profit after Tax	1,980	1,464	35.31%

## Interest Income

Interest income increased by 6.85 percent to BDT 12,161 million in 2017. The gross yield on advances stood at 9.50 percent in 2017 compared to 10.73 percent in 2016.

## Interest Expense

Interest Expense increased by 4.66 percent to BDT 7,853 million in 2017.

## Net Interest Margin

Net Interest Margin (NIM) increased by 11.07 percent to BDT 4,308 million in 2017. The increase in interest income contributed largely to the increase in net interest margin. The net interest margin ratio stood at 3.09 percent in 2017 compared to 3.55 percent in 2016.

## Income from Investment, Commission and Brokerage and Other Operating Activities

Income from investment, commission, brokerage & others increased to BDT 4,172 million in 2017 compared to BDT 3,637 million in 2016.

## Total Operating Expense

Total operating expenses increased by 11.12 percent to BDT 4,564 million in 2017 compared to BDT 4,107 million in 2016.

## Profit before Provision

Total Profit before Provision increased by a healthy margin of 14.89 percent to BDT 3,916 million during the year compared to BDT 3,408 million in 2016.

## Profit before provision (Conso basis) BDT Million

## Provision for Classified Loans

Total provision against classified loans and advances stood at BDT 2,398 million in 2017 compared to BDT 2,051 million in 2016. The non-performing loan ratio during the year is given below:

	2017	2016
NPL Ratio	4.30%	4.36%

### Profit before Tax

Profit before tax stood at BDT 2,259 million in 2017 with a negative growth of 8.21 percent as against BDT 2,461 million in 2016.

### Provision for Income Tax

Due to creation of deferred tax assets of BDT 935.91 million on specific provision made against bad & loss loan, provision for income tax stood at BDT 279.13 million in 2017 compared to BDT 997.88 million in 2016.

### Net Profit after Tax

Net profit after tax registered a growth of 35.31 percent to BDT 1,980 million in 2017 compared to BDT 1,464 million in 2016. Basic earnings per share (EPS) increased to BDT 3.89 in 2017 compared to BDT 2.87 in 2016.

### Statutory Reserves

As per the Bank Company Act, 1991, (as amended in 2013), 20 percent of profit before tax is required to be transferred to statutory reserve. As such, an amount of BDT 434.46 million was transferred to statutory reserve in 2017. Total Statutory Reserves stood at BDT 3,622 million upto 2017.

### Dividends

The fund available for distribution was BDT 696.57 million in 2017 after retaining of deferred tax assets of BDT 935.91 million. In order to maintain a satisfactory capital adequacy ratio of the bank, the Board has decided to recommend 12.50 percent stock dividend for the year 2017.

### Remuneration of Directors

As per the BRPD Circular No. 09 dated 19/09/1996, the Chairman of the bank may be provided a car, telephone, office and private secretary. However, MTB pays only fees to its Directors for attending the meetings of the Board of Directors, Executive Committee, Risk Management Committee and Audit Committee.

### Contribution to National Exchequer

MTB made significant contribution to the government in boosting its revenue collection which will help in developing the society and the country as a whole. As per the prevailing law of the country, the bank being a corporate citizen pays tax and VAT on its own income. Besides, the bank collects tax, VAT and excise duty at source from clients, deposits and suppliers. All the collected amounts are deposited to the national exchequer in due time. During the year 2017, the bank contributed BDT 2,784 million to national exchequer as against BDT 2,197 million in the previous year.

### Related Party Transaction

The details of transactions of related parties of the company have been given in Note-43 of the Financial Statements.

### Shareholders' Value

MTB remains fully committed to delivering higher shareholder value. The high profitability track record underpins the value the shareholders derived from investing in the shares of the bank. The earnings per share stood at BDT 3.89 and return on average equity stood at 18.35 percent during 2017. Market capitalization of MTB stood at BDT 17,837.96 million as at December 31, 2017.

### Meeting of the Board of Directors of MTB

15 meetings of the Board of Directors of MTB were held in 2017.

### Appointment of Auditors

The Shareholders of the bank in its 18th Annual General Meeting held on July 25, 2017 appointed A. Qasem & Co., Chartered Accountants as External Auditor of the bank for the year 2017. As per the guidelines of Bangladesh Bank and Bangladesh Securities and Exchange Commission, A. Qasem & Co., Chartered Accountants is eligible for re-appointment for further term.

### Annual General Meeting

The Annual General Meeting of Mutual Trust Bank will be held on Thursday, May 31, 2018 at 11.00 a.m. at the Golf Garden, Army Golf Club, Airport Road, Dhaka Cantonment, Dhaka 1206. The Directors' Report and financial statements were approved at 219<sup>th</sup> meeting of the Board of Directors of MTB, held on April 17, 2018 for presentation to the shareholders.

I would like to thank all our shareholders, board members, regulators, depositors, clients and the authorities for helping us in our journey.

Thank you.

On behalf of the Board of Directors

**M. A. Rouf, JP**  
Chairman

## DIRECTORS' RESPONSIBILITIES FOR FINANCIAL REPORTING

The Directors are required to present a report along with the financial statements and place them before the 19<sup>th</sup> Annual General Meeting (AGM) as per The Companies Act, 1994.

The Directors are also required to report that, the financial statements of the Bank and its subsidiaries, which are prepared by the management, gives a true and fair view of:

- The state of affairs as at balance sheet date, i.e., December 31, 2017; and
- The profit and loss for the year ended on the balance sheet date.

In preparing these financial statements, the Directors are required to ensure that:

- The appropriate accounting policies have been selected and applied in a consistent manner and material departures, if any, have been disclosed and explained;
- Estimates and judgments have been made, which are reasonable and prudent; and
- All applicable accounting standards, as relevant, have been followed.

The Directors are also required to declare the following matters in their report as per Bangladesh Securities & Exchange Commission (BSEC)'s notification dated August 7, 2012, as applicable for bank:

- Industry outlook and possible future developments in the industry;
- Segment-wise or product-wise performance with relevant risks;
- Extraordinary gain or loss;
- Related party transactions-a statement of all related party transactions;
- Utilization of proceeds from public issues, rights issues and/or through any other instruments;
- Significant variance between quarterly financial performance and annual financial statements;
- Remuneration to directors including independent directors;
- Preparation of the financial statements and any departure thereof, has been adequately disclosed;

- The system of internal control is sound in design and has been effectively implemented and monitored;
- There are no significant doubts upon the bank's ability to continue as a going concern;
- Significant deviations from the last year's operating results;
- Key operating and financial data of at least preceding 5 (five) years;
- If no dividend (cash or stock) has been declared for the year, the reasons thereof shall be given;
- The number of Board meetings held during the year and attendance by each director;
- The pattern of shareholding structure; and
- In case of the appointment/re-appointment of a director, the following information to be disclosed to the shareholders:- a) A brief resume of the director; b) Nature of his/her expertise in specific functional areas; c) Names of companies in which the person also holds the directorship and the membership of committees of the board.

The Directors confirm that the Annual Report together with the Directors' Report and Consolidated Financial Statements have been prepared in compliance with the laws, rules and regulatory guidelines and BSEC Notification No. SEC/CMRRCD/2006-158/134/ Admin/44 dated August 07, 2012.

The Directors are of the view that they have discharged their responsibilities as set out in the Companies Act, 1994, the Bank Company Act, 1991 (amended up to 2013), securities laws, listing regulations, 2015, and other prevailing laws and regulations, as applicable for the MTB.

By order of the Board,

**M. A. Rouf JP**  
Chairman

# MTB GROUP ORGANOGRAM

[All new/existing branches/divisions/departments prepare their organogram every year as per their needs and business size, and submit the same to GHR, who review and place the requirements to the MD & CEO. He then places those to the Board of Directors for their approval, as required.]

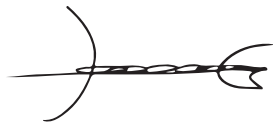

## REPORT ON CEO'S AND CFO'S RESPONSIBILITIES

The financial statements of the MTB Group, i.e., the Bank and its subsidiaries, are prepared in compliance with The Bangladesh Accounting Standards issued by the institute of Chartered Accountants of Bangladesh (ICAB), the Companies Act, 1994, The Bank Company (amendment) Act, 2013 and the Securities and Exchange Rules, 1987. The Accounting policies used in the preparation of the financial statements are appropriate and are consistently used by the group. All material departures (if any) have been disclosed and explained in the notes to the financial statements. There are no departures from the prescribed accounting standards. Comparative information has been reclassified wherever necessary to comply with the current year's presentation.

The Audit Committee of the Bank meets periodically with the internal audit team to review their audit plans, to assess the process of their responsibilities and to discuss internal controls and financial reporting issues. The Audit Committee pre-approves the audited and non-audited services provided by our external auditors, A. Qasem & Co., in order to ensure that the provision of such services does not impair the auditor's independence. The report is given on page no. 221 of the Annual Report.

The estimates and judgments related to the financial statements were made on a prudent and reasonable basis, in order to express a true and fair view. The form and substance of transactions and the Bank's state of the affairs is reasonably presented. To ensure this, the Bank has taken proper and adequate care in installing a system of internal control and accounting records. Our internal auditors have conducted periodic audits to provide reasonable assurance that the established policies and procedures of the Bank are consistently followed. However, there are inherent limitations that should be recognized in weighing the assurance provided by any system of internal controls and accounting.

We confirm that the MTB group has complied with all the applicable laws and regulations and guidelines and that there are no material litigations against the MTB group.

**Sayed Abul Hashem FCA, FCMA**  
Group Chief Financial Officer

**Anis A. Khan**  
Managing Director & CEO

# CORPORATE GOVERNANCE REPORT

## Corporate Governance Report

Mutual Trust Bank Limited (MTB) believes that its ongoing commitment and efforts in ensuring a strong corporate governance structure and culture across the organization will help it deliver value to all its stakeholders. Hence, the Bank has strived to have good corporate governance practices put in place and the highest standards of business integrity applied to all its activities.

## Corporate Governance Principles

The Bank has developed processes for identifying, assessing and managing the significant risks and uncertainties facing the Bank. Internal control processes have been established to ensure efficiency and effectiveness of business operations and controls in all areas including finance and operations, as well as compliance with relevant laws and regulations. The Group Internal Control and Compliance Division have been tasked to provide oversight and support to ensure that individual business units conduct their business and affairs in a manner that drives forward the Bank's strategic objectives, while complying with applicable laws and regulatory requirements.

A strong focus is placed on educating and increasing awareness among directors, executive officers and employees on the bank's codes of conduct, the relevant laws and regulatory requirements as well as disciplinary procedures.

The Bank's corporate governance policy, which contains guidelines for directors, executive officers, and employees, has been formulated as per guidelines of regulators. With adherence to this policy in its operations, the Bank aims to build trust and confidence among investors and stakeholders, thereby improve its competitiveness, enhance value and promote stability. The policies are updated time to time in order to comply with the good governance principles and relevant regulatory requirements.

## Corporate Governance

### 1. Rights of Members/Shareholders

The bank has acknowledged the rights of all members/shareholders and encouraged them to exercise their basic rights on an equitable basis, as well as proactively communicated with them regularly. Such rights include the rights to sell, purchase or transfer shares within the period as specified in the regulations, access bank information, ensure fair distribution of profit, attend meetings, if required, express opinions and comments, and decide on important matters, and approval of any special items, etc.

### 2. Equitable Treatment of Shareholders

The Bank recognizes the importance of fair treatment of all shareholders including its duty to protect shareholders' interests. Measures are in place to prevent the use of internal information for personal gains by the Board members, executives and employees. The Board has set a policy and procedure to prohibit unauthorized disclosure of material and non-public information which may affect the Bank's securities.

### 3. Role of Stakeholders

The Bank places great importance to the rights of all its stakeholders including directors, executive officers, employees, shareholders, clients, business partners, creditors and the relevant authorities.

### 4. Codes of Conduct

#### 4.1 Clients

The Bank takes its commitment seriously to provide clients with high-quality products and services while safeguarding their interests and treating them fairly in all aspects of their dealings with the Bank. To pursue with this objective, the Bank set up Customer Complaint Cells at every branch and the Head Office. A report is prepared and forwarded to the concerned management to resolve any complaints in an effective, fair, coordinated and timely manner. Client confidentiality is strictly maintained and observed at all times.

#### 4.2 Shareholders

The Bank focuses on creating and delivering sustainable shareholder value, protection of assets and providing all shareholders with fair treatment whilst allowing them to exercise their rights fully and fairly in an informed manner except when they have material interests in the matter considered at the meeting. In such case, the shareholders concerned are required to abstain from voting thereon, but they are eligible to participate.

#### 4.3 Employees

The Bank believes in fair treatment of all employees, and is fully committed to enhancing the quality of its human capital. In this context, it consistently offers training and support, including providing opportunities for career development.

#### 4.4 Creditors and Business Partners

The Bank conducts business with its creditors and business partners fairly and in compliance with the relevant laws and regulations.

#### 4.5 Competitors

The Bank acknowledges the importance of a fair and competitive business environment. It is committed to conducting business in a fair and confidential manner posing no impairment to the reputation of its competitors and upholding ethical practices among its employees.

#### 4.6 Responsibility towards the Community and the Environment

The Bank always appraises to make positive impacts on the community and the environment. It is actively involved in a range of charitable activities, including blanket distributions, donation to Prime Minister's Relief Fund, distribution of bicycles among the female students of remote unprivileged areas under a campaign titled "Swapno Sharathi", sponsoring corporate cricket tournament, blood donation, scholarship among underprivileged brilliant students and brilliant children of bank employees, assistance to construct schools in remote areas etc.

### 5. Disclosure and Transparency

Information on the Bank's activities is made available to regulatory bodies, investors, shareholders, analysts and the general public through newspapers, and online news portal, including the Bank's website. In addition, in line with regulatory requirement, the Bank discloses relevant information in annual reports.

### 6. Policy on Training of the Board of Directors

The Board of the Bank is composed of Directors having diversified skills, who are highly professional and are renowned and pioneer in their respective business arenas. They have adequate professional academic knowledge and training (both local and foreign) to play

vital role in transforming MTB into the bank of choice, having global acceptance. As such, whenever they have the opportunity, they utilize the same to keep them up to date. As part of continuous improvement process, recently some of them attended a workshop titled "Revisiting Corporate Governance Regulations for Banks in Bangladesh" organized by Bangladesh Bank, in association with the International Finance Corporation (IFC).

A Code of Conduct has also been adopted by the Board to be followed by its members and it is duly abided by them. Besides, all relevant regulations, promulgated/ circulated by the concerned authorities from time to time, are communicated with them at regular intervals.

### 7. Remuneration of Directors

The Bank does not pay any remuneration to its Directors other than the meeting fees fixed by the Bangladesh Bank. As per the Banking Regulation and Policy Department of Bangladesh Bank (BRPD) circular, the Chairman may be provided a car, telephone, office and private secretary. The Managing Director is paid a salary and allowances as per approval of the Bank's Board of Directors and Bangladesh Bank. As per BRPD circular, no honorarium is given to them for attending the Board meeting or the meeting of any Committees formed by the Board. As per circular, the maximum remuneration for attending any meeting of the Board and its Committees has been fixed at BDT 8,000 only.

### 8. Responsibilities of the Board

#### 8.1 Board Structure

At present, there are 13 Board members, including two independent Directors and Managing Director & CEO. The Board of Directors consists of:

Sl.	Name of Director	Status
01	Mr. M. A. Rouf, JP	Chairman
02	Mr. Md. Hedayetullah	Vice-Chairman
03	Mr. Syed Manzur Elahi	Director (Founding Chairman)
04	Dr. Arif Dowla (Representing Advanced Chemical Industries Ltd.)	Director
05	Mr. Rashed Ahmed Chowdhury (Representing Associated Builders Corporation Ltd.)	Director
06	Mr. Md. Abdul Malek	Director
07	Mr. Md. Wakiluddin	Director
08	Mrs. Khwaja Nargis Hossain	Director
09	Mr. Anjan Chowdhury (Representing ASTRAS Ltd.)	Director
10	Mr. Q. A. F. M. Serajul Islam (Representing Pioneer Insurance Company Ltd.)	Director
11	Mr. Anwarul Amin	Independent Director
12	Dr. Sultan Hafeez Rahman	Independent Director
13	Mr. Anis A. Khan	Managing Director & CEO

The Board of MTB is composed of individuals from diverse professional backgrounds with a broad spectrum of experience and expertise as well as business ethics. There are Non-Executive Director and Independent Director. Non-Executive Director means a director, who does not hold any position in the Bank other than being a member of the Board and its Committees. Independent Director means a director who does not have any related business, hold any managerial position or have any beneficial interest in financial institutions that may affect his/her independent decision.

Election of the Board members follows the resolution of shareholders' meetings and as set out in the Bank's Articles of Association. The structure of the Board of Directors and the setup of Board Committees are as prescribed by the Bangladesh Bank and BSEC. The Board composition is as follows: 1 (one) Executive Director, i.e., the Managing Director, 2 (two) Independent Directors and 10 (ten) Non-Executive Directors.

The two Independent Directors who concurrently serve on the Audit Committee must satisfy the criteria based on the corporate governance guidelines issued by the BSEC and Bangladesh Bank. The Board appoints two of its Directors to be the Chairman and Vice-Chairman. As per guideline, the Managing Director & CEO and the Chairman will not be the same person.

Each Director's term of office is prescribed in the Articles of Association, bank company act as well as in the company act. At every Annual General Meeting, one-third of the directors retire. In any subsequent years, the directors, who have been in office the longest, retire. The retiring director may be re-elected.

## 8.2 Selection, Appointment and Removal of Directors

### 8.2.1 Appointment of Directors

The Board of Directors elects/re-elects directors and submits recommendation to the meeting of the shareholders for approval and appointment/re-appointment, subject to compliance of Articles of Association of the Bank and fulfillment of regulatory procedures.

Whenever any person vacates his/her seat as a Board member for any reason other than expiry of term of office, the remaining members, at the next Board meeting appoint another qualified and suitable Director to fill that position for the remainder of the term of office of his/her predecessor.

### 8.2.2 Election/Re-election of the Directors

As per Companies Act, each year one-third of the Directors retire from office at the AGM, and, if eligible, as per the bank company act, may offer themselves for re-election by shareholders at the AGM. Accordingly, following Directors retired at the 18th AGM and they were re-elected.

Mr. M. A. Rouf, JP, Chairman, Director, Mr. Md. Hedayetullah, Vice Chairman, Director, Mr. Syed Manzur Elahi (Founding Chairman) and Mrs. Khwaja Nargis Hossain, Director, retired and were re-elected.

### 8.2.3 Vacation of Office of Director

The office of director to be vacated according to the instructions specified in section 108 (1) of the Companies Act, 1994. Besides, when a bank director becomes defaulter and does not repay the loan within two months after getting a notice under section 17 of the Bank Company Act, 1991; provides false statement at the time of appointment; or fails to fulfill the minimum eligibility criteria, the office of the director to be vacated.

### 8.2.4 Removal of Directors from Office

According to section 108 (2) of the Companies Act, 1994, with the prior approval of Bangladesh Bank, a director of any bank, other than specialized banks, can be removed from his office for the reason specified in its Articles of Association. For this purpose, the reason and grounds of the dismissal/removal and copy of the decision of the board and list of directors should be submitted to Bangladesh Bank. In this case, the removal becomes effective from the date of Bangladesh Bank's approval.

### 8.2.5 Appointment of Alternate Director

Subject to compliance of section 101 of the Companies Act, 1994, an alternate director can be appointed to act for a director, during his absence for a continuous period of not less than three months from Bangladesh.

## 8.3 Board Committees

The Board has established the Board Executive Committee, the Board Audit Committee and the Board Risk Management Committee to assist in screening and scrutinizing specific operations and support the performance of duties of the Board to ensure efficiency and effectiveness and maintain a good corporate governance system.

## 8.4 Roles, Duties and Responsibilities of the Board

To ensure good governance in the bank management, it is essential to have specific demarcation of responsibilities and authorities among the controlling bodies over bank affairs. In the bank company act, Section 15 (kha) and (ga) give responsibility to the board of directors for establishing policies for the bank company, for risk management, internal controls, internal audit and compliance and for ensuring their implementation.

Basic responsibility of the Board is to exercise judgment on the business operations in a manner that they reasonably believe to be in the best interests of the Bank and in compliance with the applicable laws and regulatory rules, the Bank's Articles of Association, and resolutions of the shareholders' meetings, as detailed below:

1. Set vision, targets, policies, strategies, administration, utilization of resources, and business standards and framework of the Bank; and monitor and supervise the Bank's business operations to ensure efficient and effective discharge of functions in accordance with the policies set forth.
2. Select individuals qualified for directorship and make recommendation thereof to the shareholders' meeting for election as directors.
3. Select qualified individuals from diverse professional backgrounds and with a broad spectrum of experience and expertise for appointment of Independent Director.
4. Review and approve budgets proposed by the management.
5. Delegate authority for day-to-day management to executives based on agreed objectives and targets, except when the matter is of high significance and not in the normal course of business of the Bank, and, hence, warrants the Board's attention, such as change in the Bank's capital structure, investment in other business, business merger, disposal of assets and capital expenditure; or in such cases, where the Board's ratification is required, including issues of conflict of interest, and an approval of the shareholders has to be sought.
6. Determine the issues to be brought to its attention by the management.
7. Set measures for the management to communicate and ensure there are communication of operational targets and policies to Bank staff at all levels.
8. Monitor and supervise management's business operations to ensure compliance with relevant laws and regulations as well as contractual terms and conditions.
9. Monitor and ensure that the Bank has exist efficient and effective risk management system.
10. Assume responsibility for the financial statements of the Bank and its subsidiaries, and, in that process, ensure that the notes to the financial statements contain all-important disclosures; and supervise to ensure that processes are in place for implementing a sound accounting system and proper accounting records are kept for future references.
11. Ensure that processes are in place for reporting of operating results in comparison with the targets and the problems arisen so that the Board can monitor, improve and rectify the plans and strategies as appropriate.
12. Ensure that adequate, accurate, reliable information is disclosed in a timely manner.
13. Put in place corporate governance principles and business ethics, Board and Board committees' charters, and human resource management policies.

## 8.5 Authorities of the Board of Directors

### 8.5.1 Work-planning and Strategic Management:

- i. The board determines the objectives and goals, and, to this end, chalks out strategies and work-plans on annual basis. It specially engages itself in the affairs of making strategies consistent with the determined objectives and goals and in the issues relating to structural change and reformation for enhancement of institutional efficiency and other relevant policy matters. It analyzes/monitors, at quarterly rests, the development of implementation of the work-plans.
- ii. The board incorporates analytical review in the Annual Report as regards the success/failure in achieving the business and other targets as set out in its annual work-plan and apprises the shareholders of its opinions/recommendations on plans and strategies. It sets Key Performance Indicators (KPIs) for the CEO and officers immediately two tiers below the CEO, and evaluates from time to time.

### 8.5.2 Credit and Risk Management

- i. Policies, strategies, procedures, etc. in respect of appraisal of loan/investment proposal, sanction, disbursement, recovery, reschedule and write-off are made with the board's approval under the purview of the existing laws, rules and regulations. The board specifically distributes/delegates power of sanction of loan/investment among the CEO and his subordinate executives, as part of its governance practice. No director, however, interferes, directly or indirectly, into the process of loan approval.
- ii. The board frames policies for risk management and get them complied with, monitor the compliance regularly, review the concerned report of the risk management team, and compile in the minutes of the board meeting. The board monitors compliance of the guidelines of Bangladesh Bank regarding key risk management.

### 8.5.3 Internal Control Management

The board is vigilant on the internal control system of the bank in order to attain and maintain satisfactory qualitative standard of its loan/investment portfolio. The board establishes internal control system so that the internal audit process can be conducted independently from the management. It reviews reports submitted by the audit committee regularly regarding compliance of recommendations made in internal and external audit reports and the Bangladesh Bank inspection reports. It also monitors and ensures that the Bank has in place adequate, proper and effective internal control system for the benefit of the Bank; formulates and implements a clear procedure to cope with conflict of interest; puts in place policies and processes preventing management and other concerned parties from using confidential inside information for personal gains; and assesses and reviews the adequacy of the Bank's internal controls.

### 8.5.4 Human Resources Management and Development

i. Policies relating to recruitment, promotion, transfer, disciplinary and punitive measures, human resources development, etc. and service rules have been framed and approved by the board. The Chairman and the directors in no way involve themselves or interfere into or influence over any administrative affairs including recruitment, promotion, transfer and disciplinary measures as executed under the set service rules. No members of the board of directors are included in the selection committees for recruitment and promotion to different levels. Recruitment, promotion, transfer and punishment of the officers immediately two tiers below the CEO rest upon the board. Such recruitment and promotion are carried out complying with the service rules.

ii. The board focuses its special attention to the development of skills of bank's staff in different fields of its business activities including prudent appraisal of loan proposals, and to the adoption of modern electronic and information technologies and the introduction of effective Management Information System (MIS). The board gets these programs incorporated in its annual work plan.

iii. The Bank has formulated code of conduct for every tier, and all have to comply with the same when interacting with the customers, shareholders, employees and business partners or creditors. Emphasis is also placed on responsibilities for the environment, society and competitors, preservation of client confidentiality, honesty, fairness, professional integrity, business capacities, strict compliance with laws and regulations, as well as cooperation with regulatory agencies. In performing their duties, employees are required to keep uppermost in their mind the principles, use good judgment, and act in compliance with rules and regulations.

### 8.5.5 Financial Management

i. The annual budget and the statutory financial statements are finalized with the approval of the board. It reviews/monitors the positions in respect of Bank's income, expenditure, liquidity, non-performing asset, capital adequacy, maintenance of loan loss provision and steps taken for recovery of defaulted loans including legal measures, at monthly rests.

ii. The board frames policies and procedures for Bank's purchase and procurement activities and accordingly approves the distribution of power for making such expenditures. The decision on matters relating to infrastructure development and purchase of land, building, vehicles etc. for the purpose of Bank's business are adopted with the approval of the board.

### 8.5.6 Appointment of Chief Executive Officer (CEO)

The Bank has conducted annual evaluation of Managing Director & CEO's performance, taking into consideration the key performance indicators,

determined based on the Bank's strategies and targets each year.

The issue of good governance is very important in bank management. In order to strengthen the financial base of the Bank and obtain confidence of the depositors, appointing honest, efficient, experienced and suitable chief executive is one of the responsibilities of the Board of Directors. In order to ensure good governance, the Bank follows the guidelines of Bangladesh Bank enumerated below while appointing the CEO and in devising the role and responsibilities as well as authorities of the CEO:

#### 8.5.6.1 Rules and Regulations for Appointing CEO:

1. Moral Integrity: In case of appointment to the post of Chief Executive, satisfaction in respect of the concerned person should be ensured to the effects that,-

a) He has not been convicted by any Criminal Court of Law;

b) He has not been punished for violating any rules, regulations or procedures/norms set by any controlling authority;

c) He was not associated with any such company/organization, registration or licence of which has been cancelled.

2. Experience and Suitability:

a) For appointment as Chief Executive, the concerned person must have experience in banking profession for at least 15 (fifteen) years as an active officer and at least 02 (two) years experience in a post immediately below the Chief Executive of a bank.

b) He must at least have a master's degree from any recognized university. Higher academic education in the field of economics, banking and finance or business administration will be treated as additional qualification for the concerned person.

c) In respect of service, the concerned person should have excellent record of performance.

d) Satisfaction should be ensured that the concerned person was not dismissed from service when he was chairman/director/official of any company.

e) Any director of any bank or financial institution or any person, who has business interest in the bank concerned will not be eligible for appointment to the post of chief executive.

3. Transparency and Financial Integrity: Before appointment as chief executive, satisfaction should be ensured to the effects that:

a) The concerned person was not involved in any illegal activity while performing duties in his own or banking profession;

b) He has not suspended payment to creditors or has not compromised with his creditors to be relieved from debt or he is not a loan defaulter;

c) He is not a tax defaulter;

d) He has never been adjudicated insolvent.

4. Age limit: No person crossing the age of 65 years shall hold the post of CEO of a bank.

5. Tenure: The tenure of the chief executive shall be for at least 03 (three) years, which is renewable. If the candidate has less than 3 years left to attain 65 years, he/she can be appointed for that period.

6. Guidelines in fixing the salary and allowances: Banks are required to follow the guidelines stated below while determining the salary and allowances of the CEO and submitting proposal to Bangladesh Bank.

a) In fixing the salary and allowances of the chief executive, financial condition, scope of operation, business-volume and earning capacity of the bank; qualifications, achievement of the candidate in the past, age and experience and the remuneration paid to the persons occupying same position in the peer banks shall have to be taken into consideration.

b) Total salary shall be comprised of direct salary covering 'basic pay', 'house rent' and allowances as 'others'. The allowances (e.g., provident fund, utility bill, leave-fare assistance) in 'others' head should be specified in amount/ceiling. Besides, other facilities (e.g., car, fuel, driver, etc.), monetized as far as possible to determine monthly total salary, shall have to be mentioned in the proposal to be submitted to Bangladesh Bank.

c) Without improving the bank's major economic indicator like CAMELS, annual salary increment will not be payable.

d) Terms of salary, allowances and other facilities as specified in the terms and conditions of appointment cannot be changed during the tenure. In case of renewal, proposal may be made for re-fixation of the salary considering the job performance of the incumbent chief executive.

e) The Chief Executive so appointed shall not get any other direct or indirect facilities (e.g., dividend, commission, club expense, etc.) other than the salary, allowances and other facilities as enumerated in clause (b) above.

f) The bank shall not pay any income tax for the chief executive, i.e., the chief executive so appointed shall have to pay it.

7. Incentive Bonus: Subject to the payment of incentive bonuses to all staff/employees, the CEO will be eligible to get such bonus. However, the amount of CEO's incentive bonus will not cross BDT 10 (ten) lacs per year.

8. Honorarium for attending Board Meeting: As CEO is a salaried official of the bank, he will not get any honorarium for attending the Board meeting or the meeting of any Committee formed by the Board.

9. Evaluation Report: While re-appointing CEO, an evaluation report approved by the board of directors should be submitted to Bangladesh Bank by the chairman of the Board.

10. Prior approval from Bangladesh Bank: Prior approval from Bangladesh Bank is mandatory before appointing CEO as per section 15(4) & (5) of the Bank Company Act, 1991 (Amended up to 2013). For processing such approval, along with the proposal signed by the chairman of the board, the selected person's complete resume, offer letter (mentioning the direct and indirect remuneration and facilities) and copy of board's approval must be submitted to Bangladesh Bank. The selected person must also submit declarations to Bangladesh Bank in prescribed formats.

11. Decision of Bangladesh Bank regarding appointment of CEO will be treated as final and such appointed CEO cannot be dismissed, released or removed from his office without prior approval from Bangladesh Bank. However-

a) In case the CEO desires to terminate the contract before expiry or resigns from his office voluntarily, he shall serve at least one-month notice upon the Chairman of the Board stating the actual reason for such resignation, and, at the same time, forward a copy of such notice to Bangladesh Bank.

b) In case the Board of the Bank desires to terminate the contract before expiry or asks the CEO to tender resignation from his post, the Board shall serve at least one-month notice stating the reasons for such action; at the same time forward a copy of such notice to Bangladesh Bank and obtain approval of Bangladesh Bank for such removal.

c) When the position of the CEO falls vacant due to resignation, expiry of contract, or any other reason, the bank shall immediately appoint a 'CEO In-charge' (for maximum 3 months) from among the officials next to the CEO and notify Bangladesh Bank with details of such Officer In-charge.

#### **8.5.6.2 Duties and Responsibilities of CEO:**

The CEO of the bank, by whatever name called, shall discharge the responsibilities and affect the authorities as follows:

In terms of the financial, business and administrative authorities vested upon him by the board, the CEO shall discharge his own responsibilities. He shall remain accountable for achievement of financial and other business targets by means of business plan, efficient implementation thereof and prudent administrative and financial management.

The CEO shall ensure compliance of the Bank Company Act, 1991 and other relevant laws and regulations in discharging routine functions of the bank.

At the time of presenting any memorandum in the Board Meeting or Board Committee Meeting, the CEO must point out if there is any deviation from the Bank Company Act, 1991 and other relevant laws and regulations.

The CEO shall report to Bangladesh Bank any violation of the Bank Company Act, 1991 or of other laws/regulations.

The recruitment and promotion of all staff of the bank, except those two tiers below him, shall rest on the CEO. He shall act in such cases in accordance with the approved service rules, on the basis of the human resources policy and sanctioned strength of employees as approved by the board.

### 8.5.6.3 Evaluation of the CEO by the Board

There is a five-year Strategic Priorities & Action Plan for the evaluation of the CEO/Management on an annual basis and it is revisited and revised from time to time, depending on the scope and opportunity of banking business, local and global economic condition, etc. The CEO's performance is evaluated on regular basis, taking into consideration the trends of financial indicators, bank's image/reputation, non-performing loans and advances, regulatory guidelines, etc.

## 8.6 Other Responsibilities of the Board

The board follows and complies with the responsibilities assigned by Bangladesh Bank.

### 8.6.1 Meeting of the Board

Board meetings are scheduled in advance, with at least one held every month. In addition to the scheduled Board meetings, further Board meetings can also be held as and when required.

### 8.6.2 Chairman of the Board of Directors

The Chairman of the Board of Directors or Chairman of any Committee is formed by the Board of Directors independently.

### 8.6.3 Formation of Committees

The bank only forms Executive Committee, Audit Committee and Risk Management Committee with the directors, as per Bangladesh Bank and BSEC guidelines.

#### 8.6.3.1 Executive Committee

Executive Committee, formed with the members of the board, performs according to its terms of reference determined by the Board of Directors.

#### a) Organizational Structure

- i. Members of the Committee are nominated by the board of directors from themselves;
- ii. The Committee consists of 5 (five) members, i.e., within the limit set by the regulator;
- iii. Company Secretary of the bank is the secretary of the Committee.

#### b) Qualifications of the Members

- i. Integrity, dedication, and opportunity to spare time in the functions of the Committee are considered while nominating a director to the Committee;
- ii. All the members are capable of making valuable and effective contributions in the functioning of the Committee;
- iii. All Committee members have adequate understanding of the detailed responsibilities of the Committee as well as the bank's business, operations and its risks.

#### c) Roles and Responsibilities

- i. The Committee takes all necessary decisions and approves cases within the power delegated by the board.
- ii. All decisions taken in the Board Executive Committee are ratified in the board meeting.

### 8.6.3.2 Board Audit Committee

The board approves the objectives, strategies and overall business plans of the bank and the Audit Committee assists the board in fulfilling its oversight responsibilities. The committee reviews the financial reporting process, the system of internal control and management of financial risks, the audit process, and the bank's process for monitoring compliance with laws and regulations and its own code of business conduct.

#### a) Organizational Structure

- i. Members of the Committee are nominated by the board from the directors;
- ii. The Committee consists of 4 (four) members, with 2 (two) independent directors;
- iii. The Committee consists of directors, who are not executive committee members;
- iv. Company Secretary of the bank is the secretary of the Audit Committee.

#### b) Qualifications of the Members

- i. Integrity, dedication, and opportunity to spare time in the functions of the Committee are considered while nominating a director to the Committee;

ii. Each member is capable of making valuable and effective contributions in the functioning of the Committee;

iii. Members have adequate understanding of the detailed responsibilities of the Committee as well as the bank's business, operations and its risks.

iv. Professionally experienced persons in banking/ financial institutions, specially having educational qualification in finance, banking, management, economics, accounting get preference in forming the Committee.

### **c) Roles and Responsibilities**

#### **(i) Internal Control**

1. The Board Audit Committee reviews the effectiveness of internal controls, risk management processes and governance practices, taking into account the requirements of relevant guidelines issued by Bangladesh Bank, BSEC and listing regulations of the stock exchanges.

2. Establish organizational structure, policies and work procedures that ensure effective risk management and internal control systems, enabling stable business growth and compliance with good corporate governance principles.

3. Evaluate setting of appropriate compliance culture by communicating the importance of internal control and the management of risk and ensuring that all employees have clear understanding of their roles and responsibilities.

4. Structure organization taking into account proper segregation of duties that contributes to effective risk management and internal control as well as monitoring and audit systems.

5. Review actions taken by management in connection with computerization of the bank and its applications and bank's Management Information System (MIS).

6. Review the findings and compliance issues identified by regulators and to ensure that appropriate and prompt remedial actions are taken by the management.

7. Consider internal control strategies recommended by internal and external auditors and implement such strategies.

8. Consider reports relating to fraud, forgery, deficiencies in internal control or other similar issues detected by internal and external auditors and inspectors of the regulatory authority and place before the board after reviewing whether the management has taken necessary corrective measures.

9. Ensure there are relevant and effective operational controls, monitoring and guidelines available in all work units across the organization.

10. Review the scope of authority and responsibilities conferred on or delegated to the executives at different levels. A clear division of responsibilities between various management positions provides a mechanism for checks and balances between senior executives.

11. Establish Compliance Department to provide oversight and support to ensure that the Bank conducts its business in compliance with all applicable laws and regulatory requirements.

12. Put in place processes for monitoring and reviewing the implementation of activities against the Bank's strategic objectives, policies, procedures, relevant laws, regulations, and internal control systems. Review annual business plan to ensure its effectiveness in the rapidly changing environment.

#### **(ii) Financial Reporting**

The Committee checks whether the financial statements are prepared according to existing rules, regulations and standards enforced in the country i.e., accounting policies and procedures in line with international accounting standards that support the Bank's business requirements.

#### **(iii) Internal Audit**

1. Monitor whether or not the internal audit acts independently from the management.

2. Review the activities of the internal audit and the organizational structure and ensure that no unjustified restriction or limitation hinders the internal audit process.

3. Review the efficiency and effectiveness of the internal audit function, i.e., compliance function and monitor compliance department work to ensure compliance with relevant regulations.

4. Examine whether the management duly considers the findings and recommendations made by the internal auditors or not.

#### **(iv) External Audit**

1. Review the performance of the external auditors and their audit reports.

2. Examine whether the management duly considers the findings and recommendations made by the external auditors or not.

3. Make recommendations to the Board regarding the appointment of the external auditors and fix their remuneration.

4. Review the correctness and adequacy of financial statements for submission to the Board.

5. Reports of the External Auditors

The Committee requires external auditor to report to it on all relevant matters, including the following, to enable the audit committee to carry out its oversight responsibilities, if any:

Significant difficulties encountered during the audit;

Key areas of significant risk of material misstatement in the financial statements;

Judgments about events or conditions identified that may cast significant doubt on the bank's ability to continue as a going concern (including consideration of liquidity/funding issues of the bank);

Use of external experts to assist with the external audit;

The auditor's approach to internal control;

The extent to which the auditor uses the work of internal audit;

Significant internal control deficiencies identified in the course of statutory audit;

Significant qualitative aspects of financial statement disclosures;

Any other significant matters discussed with or considered by the engaged quality control reviewer.

#### **(v) Meetings with Bangladesh Bank**

Before finalizing the Audited Financial Statements, a tripartite meeting is held among Bangladesh Bank, the bank concerned and the external auditor(s).

#### **(vi) Submission of Audit Report to Bangladesh Bank**

The bank submits Audited Financial Reports to the Bangladesh Bank according to Section 40 of the Banking Companies Act, 1991 within the stipulated time.

#### **(vii) Compliance with Existing Laws and Regulations**

Review whether the laws and regulations framed by the regulatory authorities (central bank and other bodies) and internal regulations approved by the board are being complied with.

#### **(viii) Other Responsibilities**

1. Submit compliance report to the board on regular interval for regularization of the omission, fraud and forgeries and other irregularities detected by the internal and external auditors and inspectors of regulatory authorities (if any);

2. Perform other oversight functions as desired by the Board of Directors.

#### **d) Meetings**

1. The Committee met 4 times in 2017;

2. Detailed memoranda are distributed to the members well in advance before each meeting;

3. All decisions/observations of the Committee are noted in the minutes.

#### **8.6.3.3 Board Risk Management Committee (BRMC)**

The Bank realizes the significance of risk management covering both internal and external risk factors. Risk Management Committee of MTB is appointed by the Board of Directors with relevant and clearly defined roles, duties and responsibilities and performance of which is assessed to ensure conformity with the risk management plan in place.

To play an effective role in mitigating impending risks arising out of strategies and policies formulated by the Board and to carry out the responsibilities efficiently, the Board Risk Management Committee of MTB, being in charge, formulates risk management policy and procedures of the Bank as well as sets up the risk control and monitoring mechanisms with a view to continuously strengthening risk governance. After risk factors are identified and assessed for credit risks, foreign exchange risks, internal control and compliance risks, money laundering risks, information and communication risks, management risks, interest risks, liquidity risks, etc.; the Committee scrutinizes whether appropriate risk management measures are being put in place and applied and whether adequate capital and provision is being maintained against the risks identified.

#### **a) Organizational Structure**

1. Members of the Committee are nominated by the board from themselves;

2. The Committee consists of 4 (four) members;

3. Company Secretary of the bank is the secretary of the Board Risk Management Committee.

#### **b) Qualifications of the Members**

1. Integrity, dedication, and opportunity to spare time in the functions of the Committee are considered while nominating a director to the Committee;

2. Each member is capable of making valuable and effective contributions in the functioning of the Committee;

3. Each Committee member has adequate understanding of the detailed responsibilities as well as the bank's business, operations and its risks.

#### **c) Roles and Responsibilities of BRMC**

##### **i) Risk Identification and Control Policy**

Developing well formulated strategy and ensuring implementation of the same for risk assessment and control are responsibilities of the BRMC. The BRMC

monitors risk management policies and methods and, from time to time, amend those. The Committee reviews the risk management process to ensure effective prevention and control measures.

## **ii) Construction of Organizational Structure**

The responsibility of the BRMC is to ensure an adequate organizational structure for managing risks within the bank. The Committee supervises formation of separate management level committees and monitor their activities with a view to ensuring that those committees are in compliance with the instructions of lending risk, foreign exchange transaction risk, internal control and compliance risk, money laundering risk, information and communication risk and other risk related guidelines.

## **iii) Analysis and Approval of Risk Management Policy**

Risk management policies and guidelines of the bank are reviewed annually by the Committee. The Committee proposes amendments, if necessary, and send those to the Board of Directors for approval. Besides, other limits, including lending limit, are reviewed at least once annually and, amended.

## **iv) Storage of Data and Reporting System**

Adequate record keeping system, developed by the Bank management, is approved by the Committee. The Committee ensures proper use of the system. The Committee minutes its proposal, suggestions and summary in a specific format and informs the Board of Directors.

## **v) Monitoring the Implementation of Overall Risk Management Policy**

The BRMC monitors proper implementation of overall risk management policies. The Committee monitors whether proper steps have been taken to mitigate all risks including lending risk, market risk, and management risk.

## **vi) Other Responsibilities**

1. Ensuring that the Committee's decision and suggestions are submitted to the Board regularly;
2. Complying with instructions issued by the controlling authority from time to time.

## **d) Meetings**

1. The BRMC met 4 (four) times in 2017;
2. To ensure active participation and contribution by the members, detailed memoranda are distributed to Committee members well in advance before each meeting;
3. All decisions/observations of the Committee are noted in minutes.

## **9. Related Transactions**

As of 31 December 2017, the Bank recorded business transactions with its subsidiary and affiliated companies (related by way of having common shareholders), including related persons. These transactions were concluded on commercial terms and based on mutually agreed upon criteria in the ordinary course of business between the Bank and its subsidiary, associated and affiliated companies. Details are as given in the Notes to the Financial Statements as disclosure and placed separately, as per guideline of Bangladesh Bank, for approval by the members of the bank, at its ensuing annual general meeting.

Procedures for approving related party transactions and safeguarding shareholders' interest according to the regulatory guidelines are in place, and all related party transactions are subject to a formal approval process, including the analysis and approval of the relevant authorities. Directors with material interest in any transaction are not allowed to take part in the decision-making process.

Related party transactions include those related to the Bank's business functions, and, are subject to formal approval process in place and criteria of the relevant regulatory bodies. There is a strong probability that related party transactions will continue to be an integral part of the Bank's business, and will be governed by clearly defined review and approval procedures and practices.

## **10. Organization and Personnel**

As of 31 December 2017, the total manpower of the Bank was 2,004 (regular employees), of whom 1,254 work at Bank branches, 677 at the Corporate Head Office, 66 at MTB Securities Ltd. (Brokerage House, a subsidiary of the bank), 7 at MTB Capital Ltd. (Merchant Bank, a subsidiary of the bank).

### **10.1 Staff Development Program and Human Resource Management Plan**

In 2017, the Bank focused on developing its existing employees with competency-based learning to become future-leaders and successors to various key positions in the organization.

The Bank has established procedures for evaluating the performance of senior executives to determine the appropriate levels of remuneration, taking into account the risks and responsibilities involved as well as added value to shareholders in the long run.

Training roadmap was in place for branch staff at all levels to ensure increased skills in serving as a professional financial advisor. The Bank also emphasized on providing all staff levels with leadership program, and implemented Learning Management System (LMS) via MNet for key mandatory training programs for all staff.

In 2017, the Bank organized 281 training courses, comprising 114 in-house, 132 local/out-sourced and 35 overseas courses. The details are mentioned in the training part of the report.

#### 10.2 Employee Benefits

The Bank provides employee benefits such as provident fund, social security fund, medical treatment, medical assistance fund, welfare fund, death benefit plan, annual health check-up, housing loan, car/motorcycle loan, and general purpose loan that are competitive against other leading banks to attract and retain talented and competent staff. The bank has also appointed a physician, whom the employees can consult with for their health related issues. Employees at the head office can make appointment electronically, via MNet, with the doctor, who spends two work-days every week at the MTB Corporate Head Office.

To be an employer of choice, the Bank continues to improve its staff benefits to attract and retain quality staff. In this regard, the Bank introduced Performance Management System for all level of employees.

#### 10.3 Anti-Harassment Policy

The Bank has established Anti-Harassment Policy. The MTB Group has grown large and is now a family of four separate companies in Bangladesh and the United Kingdom. As the MTB network and the number of MTBians grow, it is important, that we go about our everyday working lives in a safe, secure, responsible, dignified and happy manner. It is the desire of the Bank's Board and Management to make MTB a happy place to work in, where people feel a sense of belongingness and loyalty, and contribute to taking the Group towards MTB3V. It is the policy of MTB to prohibit racial, gender, sexual and other forms of unlawful harassment.

### 11. Dividend Policy

The Bank's policy is to maximize shareholders' wealth. As a result, the bank tries to allocate optimum dividend to the shareholders for each operational year, after payment of income tax, transfer of fund to regulatory reserve, provision for loans and advances, etc. The payment of dividend is made within the time prescribed by law and published in a newspaper. With respect to the Bank's subsidiary companies, the decision to declare a dividend payment is at the discretion of the Boards of Directors of that particular subsidiary and is dependent upon the net earnings of the subsidiary.

### 12. Dividend

In order to maintain a satisfactory capital adequacy ratio of the bank, the MTB Board, at its 219<sup>th</sup> meeting held on April 17, 2018 has approved 12.50% dividend (stock dividend) for the year 2017 and recommended for shareholders' approval at the AGM. The shareholders, whose names appeared as members of the bank on record date are eligible to receive such dividend.

### 13. Appointment of Auditor

A. Qasem & Co., Chartered Accountants, is the statutory auditor of the bank. They were appointed as the Auditor at the 18th AGM, held on July 25, 2017. As per regulatory guidelines, their engagement with the MTB would expire after the 19th Annual General Meeting (AGM).

### 14. Fuel and Maintenance Cost of MTB Transport

As per circular letter no. 2, dated January 16, 2014, issued by the Banking Regulation & Policy Department (BRPD) of Bangladesh Bank, information of expenses incurred, in respect of fuel and maintenance cost of bank's transport is placed before the Board, semi-annually.

15. As per clause 2 of Corporate Governance Guideline No. SEC/CMRRCD/2006-158/134/Admin/44, following positions of the management are defined clearly. The details of those positions are given below:

#### Mr. Anis A. Khan Managing Director & CEO

Anis A. Khan (AAK), a Fellow of the Institute of Bankers Bangladesh (IBB) is one of the most prominent and senior-most bankers of our country. He holds a LL.B. (Honours) degree and also a LL.M. (Masters) degree (First Class First) from the University of Dhaka. Mr. Anis A. Khan has carved out a career spanning over 34 years in the corporate world and still continues to work hard with unabated zeal and enthusiasm. He has been serving as the Managing Director and Chief Executive Officer (MD & CEO) of Mutual Trust Bank Limited (MTB) for over than 9 years. MTB appointed Mr. Anis A. Khan as the Managing Director & CEO of the bank in April, 2009 for a period of three years as per the Bank Companies Act. He was re-appointed for further periods, and, lastly, for four years and seven and a half months, with effect from April 15, 2015 until December 01, 2019 (the mandatory retirement age). This was confirmed by the Bangladesh Bank, considering his leadership qualities and contributions towards diversifying the bank's products and services, expansion of the branch network. He has also contributed to the setting up of three fully-owned subsidiaries - MTB Securities Limited, MTB Capital Limited and MTB Exchange (UK) Limited.

#### Mr. Goutam Prosad Das Deputy Managing Director & Group Head of Internal Control & Compliance

Bangladesh Bank, vide its BRPD Circular No. 03, dated March 08, 2016, circulated the revised 'Guidelines on Internal Control and Compliance in Banks' to all scheduled banks, with advice to implement the directives of the guidelines. In line with the new directives of Bangladesh Bank, as well as to comply with the applicable laws and regulations and corporate governance notification of Bangladesh Securities and Exchange Commission, Mutual

Trust Bank has restructured its Internal Control and Compliance Division, and appointed Mr. Goutam Prosad Das, Deputy Managing Director, as the Head of Group Internal Control and Compliance (GICC). He supervises all the three divisions that are under ICC Department. The divisions have been revamped in light of the revised guidelines. The Bank has an Internal Control and Compliance Policy and a Compliance Manual, duly approved by the Board of Directors. As the Head of GICC, Mr. Goutam reviews and monitors Bank's Internal Control and Compliance Risk.

**Mr. Sayed Abul Hashem FCA, FCMA**  
**Senior Executive Vice President & Group Chief Financial Officer (GCFO)**

The Board has appointed Mr. Sayed Abul Hashem as Senior Executive Vice President & Group Chief Financial Officer (GCFO) of the Bank. He attends the meetings of the Board of Directors. Duties of the GCFO include ensuring compliance with the applicable laws and regulations and corporate governance guidelines and to assist the CEO regarding various issues related with financial operation and control.

Mr. Hashem completed B.Com (Hons.) & M.Com in Accounting from the University of Dhaka. He is also a Member of the Institute of Bankers, Bangladesh (DAIBB), Fellow Chartered Accountant (FCA) and Fellow Cost and Management Accountant (FCMA). He started his banking career in Finance Division of Islami Bank Bangladesh Limited (IBBL) in the year 2000. After then joined in Shahjalal Islami Bank Limited (SIBL) in the year 2003 as the in charge of Financial Administration Division. From the year 2005, Mr. Hashem performed as Chief Financial Officer (CFO) in SIBL. MTB appointed Mr. Hashem as Group CFO on 19th March 2015. He has over 17 years banking experience of which the last 12 years as Chief Financial Officer (CFO)

**Mr. Malik Muntasir Reza**  
**Executive Vice President & Group Company Secretary**

The Board has appointed Mr. Malik Muntasir Reza as Executive Vice President & Group Company Secretary and Secretary to the Board of Directors and its Committees to assist the Board in fulfilling its tasks. Duties of the Secretary include providing advice and ensuring compliance with the applicable laws and regulations, which is consistent with the Corporate Governance Notification.

**Md. Shah Alam Patwary ,**  
**Executive Vice President & Group Chief Information Officer (GCIO)**

Md. Shah Alam Patwary, a Computer Engineer from Bangladesh University of Engineering and Technology (BUET), is serving the Mutual Trust Bank (MTB) for more than 10 years with a working experience for more than 24 years in information Technology. As per BRPD circular letter no 03 dated March 25, 2018, He is responsible for bank technology and presently he is the project Manager (IT) for MTB Core Banking Systems Transformation Project (MCT).

To perform the day-to-day tasks smoothly, provide support in decision-making process, and to comply regulatory requirements, the management forms different committees, subcommittees and units/cells comprising executives/staff of different levels. These are re-constituted from time to time, as per updated guidelines and requirement of the bank.

The committees are;

- i) Senior Management Team (SMT)
- ii) Management Committee (MANCOM)
- iii) All Risk Committee (ARC)
- iv) Asset Liability Committee (ALCO)
- v) Credit Evaluation Committee (CEC)
- vi) Exception Approval Committee (EAC)
- vii) Supervisory Review Process (SRP) Team
- viii) Group Integrity Committee
- ix) Central BCP (Business Continuity Plan)
- x) Document Preparation Committee
- xi) IT Steering Committee
- xii) IT Security Committee etc.

## CERTIFICATE OF COMPLIANCE TO THE SHAREHOLDERS OF Mutual Trust Bank Limited and its Subsidiaries (As required under the BSEC Guidelines)

We have examined compliance to the BSEC guidelines on Corporate Governance Guidelines by Mutual Trust Bank Limited and its Subsidiaries for the year ended on 31 December 2017. These guidelines relate to the notification # SEC/CMRRCD/2006-158/134/Admin/44 dated 7 August 2012 and subsequently amended through the notification # SEC/CMRRCD/2006-158/147/Admin/48 dated 21 July 2013 of Bangladesh Securities and Exchange Commission (BSEC) on Corporate Governance under section 2CC of the Securities and Exchange Ordinance, 1969.

Such compliance to the codes of Corporate Governance is the responsibility of the Bank's management. Our examination was limited to the procedures and implementation thereof as adopted by the bank and its subsidiaries in ensuring the compliance to the conditions of Corporate Governance Guidelines. This is a scrutiny and verification only and not an expression of opinion on the financial statements of the bank and its subsidiaries.

In our opinion and to the best of our information and according to the explanations provided to us, we certify that, subject to the remarks and observations as reported in the attached Compliance Statements, the bank and its subsidiaries have complied with the conditions of Corporate Governance Guidelines as stipulated in the above-mentioned guidelines issued by the BSEC.

We also state that such compliance is neither an assurance as to the future viability of the bank and its subsidiaries, nor a certification on the efficiency or effectiveness with which the management has conducted the affairs of the bank and its subsidiaries. This is also not endorsement about quality of contents in the Annual Report of the bank.

7 (ii)	The directors of the company shall state, in accordance with the Annexure attached, in the directors' report whether the company has complied with these conditions.	✓		

## REPORT ON INTERNAL CONTROL AND COMPLIANCE

Internal control and compliance is the process, effected by a company's Board of Directors, Management and other personnel designed to provide reasonable assurance regarding the achievement of organizational objectives in the effectiveness and efficiency of operations, the reliability of financial reporting and compliance with applicable laws, regulations and internal policies. It plays a pivotal role in preventing and detecting frauds, forgeries and protecting the organization's resources.

Bangladesh Bank, vide its Banking Regulation and Policy Department (BRPD) Circular No. 03 dated March 08, 2016 circulated the revised 'Guidelines on Internal Control and Compliance in Banks' to all scheduled banks, with advice to implement the directives of the guidelines. The Bank Company Act, 1991 as amended in 2013 requires some changes in the reporting line and Organogram of the Internal Control and Compliance Department. The revised Guidelines on Internal Control and Compliance in Banks have been prepared to implement section 15 (Ga) of Bank Company Act, 1991 and as such the reporting line of Audit and Inspection Division has been changed and the organogram redrawn up. Subsequently, BRPD vide its Circular No. 06 dated September 04, 2016 has brought in twelve (12) amendments in the revised guidelines on internal control and compliance, which were promulgated on March 08, 2016. The notable amendments, inter alia, have empowered the Head of Audit and Inspection Division, under Internal Control and Compliance (ICC) Department, to have full and free access to the Audit Committee, and the Head of ICC will report his/her activities and findings to the Senior Management. However, the Head of Audit, although a part of ICC administratively, will report directly to the Audit Committee of the Bank (ACB) and be responsible to the ACB.

As per the above directives of Bangladesh Bank, Mutual Trust Bank has revised its Internal Control and Compliance (ICC) Policy duly approved by the Board of Directors in its 204<sup>th</sup> meeting held on April 24, 2017 (Memo No. 5908). In line with the revised directives of Bangladesh Bank, the bank has also restructured its Internal Control and Compliance (ICC) Department, which is headed by a senior executive in the position of Deputy Managing Director. The three divisions of ICC Department, namely - Audit and Inspection Division, Compliance Division, and Monitoring Division have also been revamped in light of the revised guidelines.

The Bank also has a Compliance Manual duly approved by the Board of Directors.

The Internal Control and Compliance Department ensures internal control structure in the Bank with appropriate assignment, accountability of the personnel and delegation of authorities to functional management to exercise control and create a compliance culture within the organization under the active guidance and supervision of the Senior Management and the Board of Directors.

As a tool of internal control, the Audit and Inspection Division undertakes periodic and special audits and inspections on the branches and departments/divisions of the Head Office in order to find out the weaknesses and defects in the control processes, and it reports to the Audit Committee for corrective measures to protect the interest of the Bank.

The Compliance and Monitoring Divisions of the Internal Control and Compliance Department ensure timely and proper compliance with the relevant laws, regulatory instructions, and internal policies and procedures in the day-to-day operations of the Bank by way of using various control tools. The concerned divisions assess the operational risks and take appropriate measures to mitigate the same for smooth operation of the Bank.

Overall, the Internal Control and Compliance Department reports on the serious non-compliances detected by internal and external auditors and Bangladesh Bank's inspection teams with up-to-date compliance position, large financial risk exposures, weaknesses in control mechanism and other risk areas to the Audit Committee of the Board, for review and taking appropriate remedial measures.

A Senior Management Team (SMT), headed by the Managing Director & CEO, reviews the overall effectiveness of the control system of the Bank and provides a certificate on yearly basis to the Board of Directors on the effectiveness of internal control policies, practices and procedures.

The overall internal control and compliance position of the Bank was at satisfactory level during the year 2017.

## REPORT OF BOARD AUDIT COMMITTEE

MTB formed an Audit Committee on January 18, 2003 comprising 03 (three) members of the Board in compliance with BRPD Circular no. 12 dated December 23, 2002 of Bangladesh Bank as well as the Notification (SEC/CMRRCD/2006-158/Admin/02-08 dated February 20, 2006) of the Securities and Exchange Commission. The MTB Board Audit Committee was reconstituted by the MTB Board of Directors at its 191<sup>st</sup> Board meeting held on Thursday, April 28, 2016 comprising 04 (four) members of the Board as per BRPD Circular No. 11 dated October 27, 2013 and in line with the SEC's Notification No. SEC/CMRRCD/2006-158/129/Admin/43 dated July 03, 2012.

### Role of the Committee

The Audit Committee is a Committee of the Board of Directors responsible for oversight of the financial reporting process, selection of the independent auditor, and receipt of audit reports, both internal and external. The Committee assists the Board of Directors to fulfill its corporate governance and oversee the responsibilities in relation to an entity's financial reporting, internal control system, internal and external audit functions and compliance with applicable laws, rules & regulations. Its role is to provide advice and recommendations to the Board within the scope of its terms of reference/charter. In order to fulfil the same, MTB Board Audit Committee performs, among others, the following functions:

#### a) Internal Control:

- i. Evaluates whether the management has set the appropriate compliance culture by communicating the importance of internal control and clearly defining the duties and responsibilities of the Bank officials, and whether the management has full control over their activities.
- ii. Reviews the arrangements made by the management for building a suitable Management Information System (MIS) including computerized system and its applications.
- iii. Considers whether the internal control strategies/structures recommended by internal and external auditors from time-to-time have been implemented by the management.
- iv. Reviews the corrective measures taken by the management as regards the incidents relating to frauds-forgeries, deficiencies in internal control or other similar issues detected by internal and external auditors and inspectors of the regulatory authorities and inform the Board on regular basis.

#### b) Financial Reporting:

- i. Reviews the annual financial statements and verifies whether full and fair disclosures of information have been made therein, and whether statements have been prepared in accordance with the existing rules & regulations in the country and accounting standards, including the standards set by Bangladesh Bank.
- ii. Meets with the management and the external auditors to exchange views before finalization of the financial statements.

#### c) Internal Audit:

- i. Ensures the internal audit functions are dealt with independently and reports are submitted to the Audit Committee of the Bank.
- ii. Reviews the internal audit functions and organizational structure in order to ensure that unjustified restrictions or limitations do not create a hindrance to audit functions.
- iii. Reviews the efficiency and effectiveness of internal audit functions.
- iv. Checks that the findings and recommendations made by the internal auditors for removing the irregularities are duly acted upon by the management in running the affairs of the Bank.

#### d) External Audit/Independent Audit:

- i. Reviews the audit performance of the external auditors and the audit reports.
- ii. Checks that the findings and recommendations made by the external auditors for removing the irregularities are duly acted upon by the management in running the affairs of the Bank.
- iii. Makes recommendations to the Board regarding the appointment of the external auditors for conducting the audit work of the Bank.

#### e) Compliance with Existing Laws, Rules & Regulations:

Reviews whether the rules and regulations framed by the regulatory authorities (Bangladesh Bank and other agencies) and internal policies approved by the Board of MTB are being complied with.

#### f) Other Responsibilities:

- i. Places compliance report before the Board regarding regularization of the errors, omissions, frauds, forgeries and other irregularities as detected by the internal and external auditors and inspection teams of Bangladesh Bank.

- ii. Ensures that the internal and external auditors submit evaluation reports to the Committee on a particular issue.
- iii. Performs other oversight functions as requested by the Board, and its own performance is evaluated on a regular basis by the Board of Directors.

#### Composition of the Committee:

The members of the Audit Committee are:

1. Mr. Anwarul Amin  
Independent Director: Chairman
2. Mr. Rashed Ahmed Chowdhury  
Director: Member
3. Mrs. Khwaja Nargis Hossain  
Director: Member
4. Dr. Sultan Hafeez Rahman  
Independent Director: Member

The Company Secretary of the Bank functions as the Secretary of the Committee as per regulatory guidelines. The Managing Director & CEO, other members of the management, representatives of the external auditors, Group Head of Internal Control and Compliance, Head of Credit Risk Management, Head of Group Finance, Head of Internal Audit, Head of Special Assets Management and other officials are invited to attend the meetings as and when the Committee requires their presence.

#### Meetings:

The Committee regularly meets the Heads of Internal Control and Compliance, Credit Risk Management, Group Finance, Head of Internal Audit, Special Assets Management, other Bank officials and also the external auditors to discuss the Bank's financial reporting, audit review, internal control & compliance position, recovery of non-performing loans (NPL) and other relevant matters.

During the year 2017, four meetings of the MTB Board Audit Committee were held.

#### Activities:

During the year under review, the Committee, inter alia, focused on the following activities:

- Reviewed the internal audit plan for the year 2017 and followed up on its implementation status.
- Reviewed the draft financial statements and recommended the same to the Board for consideration after the meeting with the representatives of the external auditors.
- Reviewed the Management Letter issued by the external auditors, management response thereto and corrective measures taken by the Bank to avoid recurrence of the lapses mentioned therein.

- Reviewed the quarterly financials of the Bank, prepared to evaluate the performance, for onward submission to the shareholders as a statutory requirement.
- Reviewed the major internal audit findings (Branches and Divisions/Departments of Corporate Head Office) with a view to taking corrective action on time.
- Reviewed the major findings/observations of Bangladesh Bank's Inspection Reports and advised the management of the Bank to take steps for rectification of lapses/irregularities toward fulfilling the compliance requirements of the regulator.
- Reviewed the Self-Assessment of Anti-Fraud Internal Controls of the Bank.
- Reviewed the Integrated Annual Health Report of the Bank as a regulatory requirement and advised the management of the Bank to take steps for further improvement of the financial health of the Bank.
- Placed compliance reports/minutes before the Board detailing the decisions taken/recommendations made by the Committee in its various meetings for information/concurrence of the Board.

#### Approval of Financial Statements:

The Audit Committee reviewed and examined the Annual Financial Statements, 2017 prepared by the management and audited by the External Auditors A. Qasem & Co. and recommended to place the same before the Board for consideration.

The Board approved the same in its 219th meeting held on April 17, 2018.

#### Acknowledgement:

The MTB Board Audit Committee expresses its sincere thanks and gratitude to the Board of Directors, management and the auditors for their support in smooth operation of the Bank.

**Anwarul Amin**  
Chairman  
MTB Board Audit Committee

## REPORT OF THE ACTIVITIES OF THE BOARD RISK MANAGEMENT COMMITTEE (BRMC)

Managing risk is an integral part of Mutual Trust Bank's (MTB) business strategy. Our risk management approach focuses on ensuring continued financial stability of MTB, and safeguarding the interests of our stakeholders, while remaining alert to seize value-creating business opportunities in a fast-changing business environment. We are committed to maintaining high standards of corporate governance, sound risk management principles, and business practices to achieve sustainable long-term growth. We continuously strive towards best risk management practices to support our strategic objectives.

The Board Risk Management Committee of MTB was formed in 2014, in compliance with the Bangladesh Bank's BRPD Circular No. 11, dated October 27, 2013. The purpose of the Committee is to assist the Board in fulfilling its responsibility with respect to:-

1. Oversight of the risk management framework, including significant policies and practices used in managing credit, market, operational and certain other risks
2. Oversight of policies and practices relating to funding risk, liquidity risk and pricing risk, which constitute significant components of market risk, and risks pertaining to capital management and
3. Oversight of the performance of the loan portfolio.

The Committee reports to the Board of Directors regarding risk profile of the bank, as well as its risk management framework, including the significant policies and practices employed to manage risks in businesses, as well as the overall adequacy of the Risk Management function.

### Composition

The Committee, presently consists of the following Directors, nominated by the Board of Directors:

1. Dr. Arif Dowla, Director-Chairman of the Committee
2. Mr. Hedayetullah, Director-Member
3. Mr. Md. Abdul Malek, Director-Member
4. Mr. Q.A.F.M. Serajul Islam, Director-Member
5. Mr. Anis A. Khan, Managing Director & CEO-Member

### Activities in 2017

During the year, four (4) BRMC meetings were held. The Committee worked very closely with the key management personnel and the Board in fulfilling its statutory, fiduciary and regulatory responsibilities

for risk management. In this regard, the Committee's main functions in 2017 were as follows:

- to assess all risks including credit, market, liquidity, operational and strategic risks on a regular basis via appropriate risk indicators and MIS reports.
- to review sector-wise exposure, earning and non-performing loans (NPL), in order to ensure that risk exposure in higher NPL sectors are compensated through appropriate loan pricing.
- to review the adequacy and effectiveness of all management level committees, and to manage the associated risks within the quantitative and qualitative risk limits.
- to ensure that the risks of the Bank are within prudent levels, decided by the Committee, based on the Bank's risk appetite and regulatory requirements. Need based corrective actions, as needed, are to be taken promptly.
- to review the risk policy/manual/guideline before placing it to the Board for approval.
- to review the progress of Basel III Roadmap implementation, and associated capital adequacy planning in the long term.
- to minimize documentation errors under residual risk of Basel III for reducing the additional capital requirement against Risk Weighted Assets of the bank.
- to move high risk weighted exposure to lower risk weighted category in order to reduce the capital requirement of the bank.
- to ensure an optimum level of dividend, suggesting risk addressed steps to improve the profitability, in the short term and advising appropriate action steps for reduction of the NPLs.
- to ensure the asset quality and increase profitability of the bank by exercising extreme caution while booking/marketing new customers.

During the year under review, the Committee supported and moved forward the Bank's business strategy and reinforced its values in the context of a clearly articulated risk appetite and effective risk management system.

**Dr. Arif Dowla**  
Chairman  
MTB Board Risk Management Committee

## MESSAGE ON RISK MANAGEMENT BY GROUP CHIEF RISK OFFICER (GCRO)

MTB recognizes that the risk environment changes and evolves over time. Risks develop in new or unexpected ways. Keeping it in mind, MTB is fully committed to applying a judicious approaches to risk management to ensure that the risk management practices and systems are robust, independent and aligned with the global practices. MTB's Risk Management (RM) framework is outlined in MTB's Risk Management policy and is supported by the frameworks for each risk categories, including credit, market, operation, liquidity, strategic etc. The RM framework is stringently applied across the Group and provides a sound foundation for reducing uncertainty and volatility in business performance. All risk categories are managed through appropriate governance structure, approved risk appetite set by the Board, stress testing and robust capital management.

MTB's governance structure specifies the policies, principles and procedures for making decisions about corporate direction. Governance structure decides rights and responsibilities among different stakeholders - board of directors, employees, shareholders etc. Its risk governance structure follows the principles of ethics, transparency, fairness of key people, clear accountability, skill development and competencies, compensation architecture etc.

MTB's risk appetite forms the basis for all strategic decisions MTB makes. The bank is relentlessly monitoring the exposures against the risk appetite on an ongoing basis. Capital management is the key component of MTB's risk management and aims at achieving the appropriate balance between risk appetite and the amount of capital required to support each of the businesses. MTB's consolidated CRAR of 13.76% in 2017, which is above the minimum regulatory requirement, shows its strong capacity of absorbing credit risk, market risk and operational risk. MTB manages credit risk through a robust process that enables the bank to proactively manage its loan portfolio in order to minimize the losses, and earn an acceptable level of return for its shareholders. Market risk is managed by balancing changes in different market variables, namely interest rate, foreign exchange rate and equity/stock price. Operational risks of the bank are being managed by ensuring the adequacy of people and successful implementation of processes and systems. Moreover, extra cautions are always taken to minimize the losses that arises from external events.

Moreover, another key capital management tool used by MTB is Internal Capital Adequacy Assessment Process (ICAAP) to manage, allocate and monitor

capital for planning and performance purposes. MTB's capacity to maintain adequate capital is presently sufficient to cover all possible risks in the business, such as, residual risk for documentation lapses or valuation error, concentration risk, reputational risk, settlement risk, environmental and climate change risk, strategic risk and liquidity risk. To strengthen its preparedness in stressed situation, MTB has adopted Stress Testing techniques to measure its vulnerability to the impacts of exceptional but plausible events. The test is conducted quarterly assuming three levels of shocks, minor, moderate and major on interest rate changes, forced value of collaterals, NPLs, share prices, foreign exchange rate, changes in credit rating and liquidity, and the findings are submitted to All Risk Committee (ARC), the Board Risk Management Committee (BRMC), the Board and the Bangladesh Bank. The Bank use stress tests to support its capital plan.

Liquidity risk framework is designed to ensure that MTB has sufficient high-quality liquid assets at all times, including at times of severe stress, to meet liabilities as they fall due. Liquidity risk is monitored against specified limits within the Board-approved risk appetite and supporting processes to ensure that contingency plans are in place to address crisis situations. In this regard, MTB is maintaining a strong liquidity base reflecting its sound position in the industry. Cash Reserve Ratio (CRR) and Statutory Liquid Reserve (SLR) of the Bank are above the regulatory standard of 6.5% and 13% respectively. Short-term resilience of the bank is reflected through 127.92% Liquidity Coverage Ratio (LCR) against regulatory standard of at least 100%. MTB shows resilience over the longer time horizon as it is capable of funding its activities with more stable sources of funding on an ongoing structural basis. This is reflected in its Net Stable Funding Ratio (NSFR) of 100.85% in 2017 against regulatory standard of at least 100%.

MTB is intelligently balancing its risk and reward through maintaining strong corporate governance, judicious capital buffer, adequate liquidity reserves and satisfactory profitability. By this way it is contributing to the country's financial stability and growth.

**Md. Zakir Hussain**  
Deputy Managing Director and Group CRO

# MARKET DISCIPLINE PILLAR III DISCLOSURE

## Disclosures on Risk Based Capital (Basel III)

### 1. Introduction

Bangladesh Bank (BB) issued Guidelines on Risk Based Capital Adequacy (a revised regulatory capital framework for banks in line with Basel III) in December 2014, in accordance with Basel III, a global regulatory framework for more resilient banks and banking systems, issued by Basel Committee for Banking Supervision (BCBS) in 2010.

The objectives of Market Discipline in the revised framework is to establish more transparent, and more disciplined financial market, so that stakeholders can assess the position of a bank regarding holding of assets, and to identify the risks relating to the asset and capital adequacy to meet probable loss of assets. We are providing the following detailed qualitative and quantitative disclosures, in accordance with Guidelines on Risk Based Capital Adequacy by Bangladesh Bank.

### 2. Disclosure Policy

Bank calculates Risk Weighted Assets (RWA) under the following approaches as per Basel III guidelines (BRPD circular no.18, dated December 21, 2014):

- (a) Standardized approach for credit risk
- (b) Standardized approach for market risk
- (c) Basic indicator approach for operational risk.

### 3. Components of Disclosure Framework:

i) Scope of application ii) Capital structure iii) Capital adequacy iv) Credit risk v) Equities: disclosures for banking book positions vi) Interest Rate Risk in the Banking Book (IRRBB) vii) Market risk viii) Operational risk ix) Leverage ratio x) Liquidity ratio xi) Remuneration

### Quantitative Disclosures

#### Total Eligible Capital

BDT Million

Particulars	Solo	Consolidated
Common Equity Tier-I Capital:		
Paid-up Capital	5,096.56	5,096.56
Statutory Reserve	3,622.22	3,622.22
General Reserve	616.78	616.78
Retained Earnings	1,632.48	1,722.34
Minority Interest in Subsidiaries	-	0.12
Regulatory Adjustments/Deductions		
Goodwill and Other Intangible Assets	101.34	101.34
Investments in own CET-I Instruments/Shares	0.00	0.00
Deferred Tax Assets (95% as per BB Guideline)	889.11	889.11

### i. Scope of Application:

The Risk Based Capital Adequacy framework applies to all banks on 'Solo' and 'Consolidated' basis. The framework on 'Solo' basis refers to all positions of the bank, its local and overseas branches/offices, and 'Consolidated' basis includes subsidiary companies, if any. Mutual Trust Bank Limited (MTB) applies both the frameworks on "Solo" and "Consolidated" basis, as the bank has three subsidiaries, namely i) MTB Securities Limited ii) MTB Capital Limited iii) MTB Exchange (UK) Limited.

### ii. Capital Structure

#### Qualitative Disclosures

The terms and conditions of the main features of all capital instruments have been segregated in terms of eligibility criteria (BRPD circular no. 18 dated December 21, 2014 and other instructions given by Bangladesh Bank).

Tier-I Capital consists of Common Equity Tier-I (CET-I), and Additional Tier-I Capital. MTB has no additional Tier-I Capital. CET-I Capital of MTB comprises Paid-up Capital, Statutory Reserve, General Reserve, Retained Earnings, and Minority Interest in Subsidiaries. Supplementary Capital (Tier-II) comprises General Provisions (on unclassified and Special Mention Account (SMA) loans and off-balance sheet exposure), Revaluation Reserves for Securities, Fixed Assets, and Equities, following the deductions as per Basel III guidelines, MTB's Partially Convertible Subordinate Bond, as approved by Bangladesh Bank (BB), and Bangladesh Securities and Exchange Commission (BSEC).

<b>Total Eligible Capital</b>	<b>18,846.47</b>	<b>19,016.45</b>

### iii. Capital Adequacy

#### Qualitative Disclosures

##### a. Capital Calculation Approach

The assessment of capital adequacy is carried out in conjunction with the capital adequacy reporting to the Bangladesh Bank (BB): standardized approach for

credit and market risk, and basic indicator approach for operational risk.

##### b. Capital of the Bank

BDT Million

Capital Adequacy	Solo	Consolidated
Capital Requirement for Credit Risk	12,302.42	12,331.27
Capital Requirement for Market Risk	377.45	449.51
Capital Requirement for Operational Risk	979.84	1,041.67
Total Capital Requirement	13,659.71	13,822.45
Total Eligible Capital	18,846.47	19,016.45
Capital to Risk Weighted Asset Ratio (CRAR)	13.80	13.76
Common Equity Tier-I Capital Ratio (%)	7.30	7.28
Total Tier-I Capital Ratio (%)	7.30	7.28
Tier-II Capital Ratio (%)	6.49	6.47
Capital Conservation Buffer	1,707.46	1,727.81
<b>Available Capital for Pillar-II requirement</b>	<b>3,479.30</b>	<b>3,466.19</b>

MTB follows the following principles in maintaining its capital base:

- A strong capital to Risk Weighted Asset Ratio (CRAR);
- Capital at a reasonable level to absorb all material risks;

MTB ensures compliance with the regulatory requirements, and satisfaction of external rating agencies and other stakeholders including depositors.

##### c. Capital Management

- Initiative to ensure adequate capital encompasses:
- Issuing subordinated debt to raise Tier-II capital;
- Encouraging borrowers to complete external credit rating to assess counterparty credit risk status, and minimizing regulatory capital requirements;
- Improving and enhancing collateral coverage through efforts to obtain eligible collateral;

- Assessing risk profile, and credit rating of new clients.

MTB's CRAR is periodically reviewed by the Risk Management Division (RMD), and reported to the senior management and the Board.

#### iv. Credit Risk

##### Qualitative Disclosure

MTB manages credit risk through a robust process that enables the bank to proactively manage its loan portfolio in order to minimize losses, and earn an acceptable level of return for its shareholders.

##### Credit Risk Management at MTB

MTB's Credit Policy Manual (CPM), approved by the Board of Directors, defines organizational structure, roles, responsibilities and processes, whereby, credit risks can be identified, quantified, and managed. Credit instruction manuals address regulatory issues, and establish control points. MTB credit approval process specifies all conceivable aspects including eligibility of the borrower, requirement of papers/information/documents, borrower's stake, and all other issues related to borrowing. The credit policy encompasses, all operational issues of credit, right from selection of borrower to the ultimate recovery, including transfer process of delinquent account and treatment of slow, overdue accounts, Special Mention Accounts (SMA), and classified loan accounts. MTB manages credit risk through continuous measuring, and monitoring of risks at obligor (borrower) levels and portfolio level, and follows the Credit Risk Grading (CRG) model of Bangladesh Bank, and has deployed a credit appraisal/approval process. The CRG model captures both the quantitative and qualitative issues, related to management risk, business risk/industry risk, financial risk, security risk and relationship risk, while assessing the overall grading of borrowers. We also get credit rating of our clients by External Credit Assessment Institutions (ECAIs). In 2017, MTB's total number of rated clients is 1,770, which was 1,430 in the previous year. For ensuring smooth and quality credit operations, good governance, quick approvals, better control, and making safe and secured lending have been emphasized.

#### Loan Classification

All the loans and advances are grouped into four categories for the purpose of classification, which are: (i) Continuous Loan (ii) Demand Loan (iii) Fixed Term Loan and (iv) Short-term Agricultural and Micro-Credit.

##### Continuous & Demand Loans are classified as:

- Sub-standard - if past due for 3 months or more, but less than 6 months;
- Doubtful - if past due for 6 months or more, but less than 9 months;
- Bad/Loss - if past due for 9 months or more.

##### Fixed Term Loans amounting up to 10 lacs are classified as:

- Sub-standard - if the defaulted installment is equal to, or more than the amount of installment (s) due within 6 (six) months;
- Doubtful - if the defaulted installment is equal to, or more than the amount of installment (s) due within 9 (nine) months;
- Bad/Loss - if the defaulted installment is equal to, or more than the amount of installment(s) due within 12 (twelve) months.

##### Fixed Term Loans for more than 10 lacs are classified as:

- Sub-standard - if the defaulted installment is equal to, or more than the amount of installment (s) due within 3 (three) months;
- Doubtful - if the defaulted installment is equal to, or more than the amount of installment(s) due within 6 (six) months;
- Bad/Loss - if the defaulted installment is equal to, or more than the amount of installment(s) due within 9 (nine) months.

##### Short-term Agricultural and Micro Credit are classified as:

- Sub-standard - if the irregular status continues after a period of 12 (twelve) months;
- Doubtful - if the irregular status continues after a period of 36 (thirty-six) months;
- Bad/Loss - if the irregular status continues after a period of 60 (sixty) months.

A continuous credit, demand loan or term loan which remains overdue for a period of 60 days or more is classified as a "Special Mention Account (SMA)".

<b>Closing Balance</b>	<b>2,398.34</b>

#### v. Equities: Disclosures for banking Book Positions

MTB Securities Limited, a corporate member of Dhaka Stock Exchange Limited (Member No. 197), executes the stock brokerage functions of MTB. For equity financing, only investment in unquoted securities are considered as Banking Book assets; investment in equity for relationship or strategic reason is considered under trading book. Investment in equity securities is broadly categorized into two parts:

- i) Quoted securities (common or preference shares and mutual funds) - Traded in the secondary market (trading book assets)
- ii) Unquoted securities- Categorized as banking book equity exposures, which are further, sub-divided into two groups:
  - a) Unquoted securities which are invested without any expectation that these will be quoted in near future i.e. Held-to-Maturity (HTM);
  - b) Unquoted securities acquired under private placement or IPO that are going to be traded in the secondary market after completing required formalities.

The primary aim is capital gain or dividend income. Dividends received from these equity securities are accounted for as and when received. Both quoted and un-quoted equity securities are valued at cost, and necessary provisions are maintained if the prices fall below the cost price. As per Bangladesh Bank (BB) guidelines, Held-for-Trading (HFT) equity securities are mark-to-market (revalued) once a week, and HTM equity securities are amortized annually. HTM securities are revalued, if reclassified to HFT (with approval of the Board of Directors). The quoted shares of the bank are valued at cost or market price, whichever is lower.

BDT Million

Equities	Amount
a) Value disclosed in the balance sheet of investments, as well as, the fair value of those investments; for quoted securities, a comparison to publicly quoted share values where the share price is materially different from fair value	
Cost price	540.22

f) Capital requirements broken down by appropriate equity groupings, consistent with the bank's methodology, as well as the aggregate amounts and the type of equity investments subject to any supervisory provisions regarding regulatory capital requirements	
Specific Risk	79.91
General Market Risk	79.91

## vi. Interest Rate Risk in the Banking Book

Interest rate risk arises when changes in market interest rates adversely affect bank's financial condition, affecting both current earnings (earnings perspective), and net worth of the bank (economic value perspective).

The short-term impact of changes in interest rates is on the bank's Net Interest Income (NII). The longer-term changes in interest rates affect asset cash flows, liabilities, and off-balance sheet items. This poses a risk to the net worth of the bank, arising out of all re-pricing mismatches, and other interest rate sensitive positions. MTB assesses the economic value at risk due to interest rate shock on a quarterly basis.

BDT Million

Interest Rate Risk in the banking book	Amount
Total Risk Sensitive Assets	107,364.70
Total Risk Sensitive Liabilities	104,347.00
Cumulative Gap	
< 3 months	(18,333.20)
3-6 months	(57.00)
6-12 months	21,407.90
CRAR before Shock (%)	13.76
Assumed Change in Interest Rate (%)	1%      2%      3%
Net Interest Income and Repricing impact (%)	
CRAR after Shock (%)	12.96      12.16      11.37

## vii. Market Risk

Market risk is the risk that the fair value of future cash flows of financial instruments will fluctuate due to changes in different market variables, namely:

- Interest rate movements;
- Foreign currency exchange rate movements;
- Equity/stock price movements.

MTB's Market Risk Policy, approved by the Board, covers assessment, monitoring, and management of the market risks. The Board sets limits, and reviews compliance on a regular basis, in order to provide cost effective funding to finance asset growth, and trade related transactions.

### a. Methods Used to Measure Market Risk

Standardized approach for market risk calculates the minimum capital requirement, for each risk sub-category, in terms of two separately calculated capital charges for "specific risk" and "general market risk".

**b. Market Risk Management System**

The Treasury Department manages market risk covering liquidity, interest rate, and foreign exchange risks, with oversight from Asset Liability Management Committee (ALCO), comprising of senior executives of the bank. The Managing Director and CEO of the bank chairs the ALCO, and meetings are held at least once in a month.

**c. Policies and Process for Managing Market Risk**

There are approved limits for credit deposit ratio, liquid asset to total asset ratio, maturity mismatch, commitments for both on-balance sheet and off-balance sheet items, and borrowing from money market and foreign exchange position. The limits are monitored and enforced on a regular basis to mitigate market risks. The Treasury Department of the Bank reviews the prevailing market conditions, exchange rates, foreign exchange position, and transaction to mitigate foreign exchange risks on a daily basis. Foreign exchange risk is computed on the sum of net short positions, or net long positions, whichever is higher of the foreign currency positions held by the bank.

BDT Million

Quantitative Disclosure of Market Risk	Amount
Capital Requirement for:	
Interest Rate related instruments	85.60
Equities	159.82
Foreign Exchange Position	204.09
Commodity Risk	-
<b>Total</b>	<b>449.51</b>

**viii. Operational Risk**

Operational risk arises from inadequate or failed internal processes, people and systems, or from external causes, whether deliberate, accidental or natural - inherent in all of the Bank's activities. The policy for operational risks, including internal control and compliance risk, is approved by the Board, taking into account relevant guidelines of Bangladesh Bank. The Audit Committee of the Board directly oversees the activities of the Internal Control and Compliance Department (ICCD) with the object of mitigating all operational risks.

**a. Performance Gap of Executives and Staff**

MTB tries to staff with excellent quality of personnel by offering competitive remuneration packages, and by ensuring workplace safety for its employees with consistent adoption of best employment practices, and constantly following the policy of non-discrimination regarding compensation, health and safety. Its strong brand image plays an important role in employee motivation. Combination of all these has created a very strong choice among the workforce of banking industry for MTB as being professionally an ideal place of choice.

**b. Systems**

MTB has invested heavily in IT infrastructure for better automation, online transaction platform and network links to avoid business disruption and system failure. The Bank's IT system does not allow any kind of external access, ensuring safeguarding from external fraud (theft/ hacking of information assets, forgery etc.).

**c. Policies and Processes for Managing Operational Risk**

MTB has Risk Management Division in place. Its objectives are mainly to identify, assess, monitor, control and manage risks including operational risks and also to rectify risk events, and implement any additional procedures required for compliance. As per the internal control and compliance policy, 2017 of the bank, Group Internal Control & Compliance Department (ICCD) is conducting risk based internal audit. To do these, the activities of branches are being rated in terms of their risk status. It is the policy of the bank to conduct audit on all the branches at least once a year. ICCD directly reports to the Audit Committee of the Board. Human Resource Division of MTB has also introduced a vigorous Performance Management System (PMS) to evaluate human resources in terms of performance, and instill a performance-based culture within the organization.

BDT Million

Quantitative Disclosure of Operational Risk	Amount
Capital requirement for Operational Risk	1,041.67

**ix. Leverage Ratio**

As an additional safeguard against model risk, and measurement error by supplementing the risk-based measure, a non-risk based regulatory leverage ratio has been introduced with a simple, transparent and independent measurement of risk. The Basel III leverage ratio is defined as the capital measure (Tier-I capital of the risk based capital framework) divided by the exposure measure, this ratio is expressed as a percentage.

BDT Million

Components	Amount
Leverage Ratio (%)	4.24
On-Balance Sheet Exposure	199,355.59
Off-Balance Sheet Exposure	38,986.62
<b>Total Exposure after regulatory adjustment</b>	<b>237,351.66</b>

**x. Liquidity Ratio**

To measure the liquidity status of banks, Bangladesh Bank, in line with Basel Committee on Banking Supervision, has introduced two new standards for better liquidity management- Liquidity Coverage Ratio (LCR), and Net Stable Funding Ratio (NSFR), under Basel III accord. The LCR aims to ensure that a bank maintains adequate level of High Quality Liquid Assets (HQLA) that can be converted into cash to meet its liquidity needs for 30 calendar days, under stressed scenario. The NSFR aims to limit over-reliance on short term wholesale funding during times of abundant market liquidity, and encourage better assessment of liquidity risk across all on and off-balance sheet items. Regulatory standards for LCR ratio is '≥100%' and for NSFR ratio is '>100%'.

MTB manages liquidity risk in accordance with its ALM Policy. This policy is framed as per the regulatory guidelines, and is approved by the Board of Directors. The ALM Policy is reviewed periodically to incorporate changes as required by regulatory stipulation or to realign with changes in the economic landscape. MTB's ALCO formulates and reviews strategies, and provides guidance to manage liquidity risk within the framework laid out in the ALM Policy. The committee proactively manages liquidity risk as a part of its ALM activities. MTB uses various tools to measure liquidity risk, which include Statement of Structural Liquidity (SSL), Liquidity Cash Flow Statements, Liquidity ratios and Stress Testing through scenario analysis etc. MTB management has also framed a Liquidity Contingency Plan (LCP), which serves as a framework for early identification and calibrated action in the event of tight liquidity conditions. The LCP includes various indicators, which are monitored regularly, and lays down the mechanism for escalation, remedial action, and crisis management until return to normalcy.

BDT Million

Components	Amount
Liquidity Coverage Ratio (%)	127.92%
Net Stable Funding Ratio (%)	100.85%
Stocks of high quality liquid assets	35,710.67
Total net cash outflows over the next 30 calendar days	27,916.41
Available amount of stable funding	151,784.93
Required amount of stable funding	150,504.31

**xi. Remuneration****a. The bodies that oversee remuneration**

MTB aims to attract, retain, and motivate the best people who are committed to maintaining a career with the bank, and who will perform their role in the long-term interests of the bank.

A vigorous and effective governance framework ensures that the bank operates within clear parameters of its compensation strategy. All compensation matters are overseen by MTB Group HR in consultation with Deputy Managing Directors, Additional Managing Director and Managing Director & CEO. In this process, evaluating market conditions and adjusting cost of living remuneration is set. The remuneration is finally approved by the Board of Directors.

**b. Design and Structure of Remuneration**

The Bank has adopted a Board approved promotion policy. All eligible candidates for promotion are evaluated strictly in terms of the provision of the promotion policy and subsequently recommended by the promotion committee comprising of the following:

Designation	As
Additional Managing Director	Chairman
All Deputy Managing Directors	Members
MTB Group Head of HR	Member Secretary
MTB Group Head of Internal Control & Compliance	Member

**c. Performance and pay-nature and type of measures:**

The Bank uses objective based performance management system. The employees of the bank set objectives on the basis of the job description /assignment at the beginning of the year. Mid-year review is conducted to ascertain the progress report. Finally, performance of the employees are evaluated at the end of the year. The performance bonus for employees is linked to the overall performance of the bank.

**d. Variable remuneration**

Variable remuneration is performance related and consists primarily of the annual performance bonus. As a part of variable remuneration, the annual bonus rewards delivery of operational and financial objectives, the individual performance of the employees in achieving those objectives.

The cluster heads and divisional/departmental heads recommend Incentive Bonus for employees working under their supervision. All recommendations examined and evaluated by a committee known as Bonus Committee. The structure of the committee is as under:

Designation	As
Additional Managing Director	Chairman
All Deputy Managing Directors	Members
MTB Group Head of HR	Member Secretary
MTB Group Head of Internal Control & Compliance	Member
MTB Group Chief Financial Officer	Member

The remuneration is a combination of fixed pay and variable pay. The variable pay is higher at senior levels than that of junior levels.

**e. Number of employees received variable remuneration award**

Employees received variable remuneration award for the year 2017 for their extra ordinary effort to ensure business profitability:

Category	Number of employees
Executives	1
Officers	1

**f. Total amount of severance payment:**

Total amount of BDT 50,014,045 (fifty million fourteen thousand forty five only) disbursed to 57 outgoing employees as severance payment for the year 2017 at the time of releasing them from the service of the bank.

A person is skydiving over a desert landscape at sunset. The skydiver is silhouetted against the bright, low sun, which creates a strong lens flare. A parachute is visible above the skydiver. In the foreground, the silhouettes of three other skydivers are visible, also against the bright light of the sun. The overall scene is a dramatic and high-contrast image.

# INTEGRATED REPORTING

Integrated reporting involves presenting the bank's performance in terms of both financial and non-financial information. It aims to present in a holistic way, the value created by the bank by considering non-financial resources such as human, social and intellectual capital as well as financial capital.

## SCOPE OF INTEGRATED REPORTING

Integrated reporting means the integrated representation of a company's performance in terms of both financial and other value relevant information. It provides greater context for performance data, clarifies how value relevant information fits into operations or a business, and may help make company decision making more long-term. Establishing a correlation between a bank's business activities and the impact on society in terms value addition is, by its nature, very challenging. 2017 Annual Report of MTB for the first time has been presented as an 'Integrated Report' with the aim of articulating how Mutual Trust Bank Limited, as an organization, has excellently managed its business to deliver consistent value to its stakeholders.

As a forward-looking enterprise, in presenting the Integrated Report, we have referred to the guidelines issued by the Institute of Chartered Accountants of Bangladesh (ICAB) in the form of 'Integrated Reporting Checklist', which is in congruence with the integrated reporting framework prototype issued by the International Integrated Reporting Council (IIRC).

In explaining the Company's operations and financial performance, financial information so disclosed has been extracted from the Audited Financial Statements for the financial year ended 2017 with relevant comparative information. The financial statements consistently comply with the requirements of

- Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRS);
- The Companies Act, 1994;
- The Bank Companies Act, 1993 (amended 2013);
- The Securities and Exchange Rules 1987;
- Relevant rules and regulations of Bangladesh Bank (The Central Bank); and
- Other applicable laws and regulations of the land.

The disclosure of non-financial information has been extracted from internally-maintained records reported for the statement of financial position, unless otherwise stated that it has been extracted from a reliable source.

The sustainability requirements, as elaborated separately in our Sustainability Report, adhere to the guidelines issued by the Global Reporting Initiative (GRI)-G4 Framework.

To report our corporate governance practices, we have drawn reference from the revised Corporate Governance Guidelines (CGG) issued by Bangladesh Securities and Exchange Commission (BSEC).

The company has the following external assurance for obtaining reports in period under consideration;

1. A. Qasem & Co. Chartered Accountants, an independent member of Ernst & Young (EY)
  - Financial Statements Audit Report for 2017
2. MABS & Partners Chartered Accountants
  - Corporate Governance Certification
3. Khan Wahab Shafique Rahman & Co., a member of mgiworldwide
  - Provident Fund Financial Audit
  - Gratuity Fund Valuation
  - Eligibility Compliance of MTB for participating in the Investment Promotion and Financing Facilities (IPFF) project
  - Gratuity Fund Financial Audit
  - Medical Assistance Fund & Welfare Fund Financial Audit
  - MTB Foundation
4. Credit Rating Information and Services Limited (CRISL)
  - Entity Credit Rating

All the information presented in this report is on the same basis as previous in terms of the entities covered, the measurement methods applied and time frames used. Ratios used are comparable across the industry. The information provided covers all material matters relating to business strategy, risk and areas of critical importance to our stakeholders. The structure of the report has been further developed as part of our continuous focus on improving communication to our stakeholders.

The hard copy of the Annual Report is sent to all the shareholders, prior to holding the Annual General Meeting, giving due period of notice. Separately, for the benefit of all stakeholders, our report has been made available on the website <https://www.mutuatrustbank.com>.

The integrated report, incorporated in this Annual Report has been prepared in accordance with the IIRC's international reporting framework and addresses the material matter pertaining to the long term sustainability of the group and presents fairly the integrated performance of MTB Group and the impacts thereof.

**Anis A. Khan**  
Managing Director & CEO

## VALUE CREATION PROCESS

Our value creation process mainly influenced by on our vision, mission and values.

As we draw resources from our various capitals as inputs, they are utilized through our business activities to generate business outputs in the form of products and service offerings.

As a multi-segment financial institution, we rely heavily on our financial capital, depositors making up 80% of our funding basket.

Our overall business model involves extending our presence physically and virtually. It also involves a high dependence on IT; which together means a significant investment in branches and technological infrastructure - our manufactured capital.

Our business model also requires us to invest in and develop our human capital for business growth through professional networks - a key aspect of

our social and relationship capital - as well as our intellectual capital, to continuously innovate our offerings and improve our process efficiencies to add to our ability to be responsive and timely.

Our various activities, in turn generate outcomes, which create value for our stakeholders and adds back to our inputs, be it in the form of profits, employee compensation, reduction in carbon footprint, process efficiency or other material outputs.

In the process, we ensure our business activities are aligned with our core values and guided by our governance framework, and also that our strategies and risk mitigation efforts are in line and responsive to pressures from the external environment and market forces.

The component elements that shape our business are portrayed in our Business Model

# OUR BUSINESS MODEL

## How we create value

We help individuals prosper, enable businesses to grow and play a role in the development of country's financial markets.

### OUR RESOURCES

#### FINANCIAL STRENGTH

Funds available to the group obtained from diverse sources.

#### SKILLS AND KNOWLEDGE

The skills, knowledge and abilities of our people.

#### BRAND STRENGTH

Our brand is a key intangible asset that gives the group a competitive advantage.

#### BANKING NETWORK

The licenses we have that allow us to build a strong banking network.

#### TECHNOLOGY PLATFORM

Our resilient technology platform supports our operations across the region.

### HOW WE USE OUR RESOURCES

#### OUR STRATEGY

- We are a local bank, seeking to make banking joyful for our customers.
- We intermediate trade and investment flows across the country.
- In Bangladesh, we are a commercial bank serving all customer segments. In other markets, we have traditionally focused on individuals, large corporates, small and medium enterprises (SMEs) and institutional investors. Going forward, we will leverage digital technologies to extend our reach to individuals.

#### WHAT WE OFFER

##### Consumer banking

- We serve individuals, from mass market to affluent, at every stage of their lives: from saving at a young age to buying a home as they start their own families to investing for retirement with our diverged product range.
- We offer a diverse range of banking products and services, including deposits, loans, credit cards, online payments, internet banking, primary dealer of govt. securities, investments and brokerage services.

For more information, see product page

##### Institutional banking

- We serve large corporates, SMEs and institutional investors: from helping them to finance their business activities to managing their financial risks.
- We offer a full range of credit facilities from short-term working capital financing to specialized lending.
- We also provide transaction services such as cash management, trade finance and securities and treasury and markets products; capital markets and advisory solutions.

### HOW WE DIFFERENTIATE OURSELVES

We adopt the professionalism of a world-class bank with the cultural touches that are important for the institution and philosophical base – what we call MTB3V!

#### CUSTOMER RELATIONSHIPS

We strive to embody the elements of what relationships are about in Bangladesh. We recognise that relationships have swings and roundabouts, and that every transaction does not have to be profitable in its own right.

#### INDUSTRY INSIGHTS

We know the industry of the country well: we provide unique industry insights and create bespoke products for our customers.

#### CUSTOMER SERVICE

We are deferential, easy to deal with and trustworthy, with the humbleness to serve and the confidence to lead to our customers.

#### PRODUCT INNOVATION

We relentlessly innovate new ways of banking that are appropriate to our markets as we strive to make banking more spontaneous and interactive for our customers.

#### CAPACITY & NETWORK

We work in a collaborative manner across geographies, supporting our customers as they expand and doing business across the country and abroad.

 <b>HOW WE MANAGE OURSELVES</b>	 <b>HOW WE MEASURE</b>	 <b>OUR OUTPUTS</b>

**Our activities generate sustainable returns in a responsible manner and we seek to positively benefit the communities we operate in and deliver value to our stakeholders.**

## ECONOMIC CONTRIBUTION REPORT

The bank's overall mission is to be the most admired financial institution in the country, recognized as a dynamic, innovative and client focused bank that offers an array of products and services in search of excellence and to create an impressive economic value. This section covers the value we deliver to our shareholders and the nation at large.

The bank's policy has been to deliver optimum value in a manner that is consistent with the highest levels of fairness and transparency. For the bank, it has not been a case of building financial value and enhancing the bottom line at any cost, but rather participating in a process of creating value through fair and ethical means. Building sustainable value of all stakeholders is an important corporate goal. Some of the measures taken to create, sustain and deliver optimum value are as follows:

### Capital to Risk Weighted Assets Ratio:

Capital adequacy indicates the financial strength and stability of a bank. It limits the extent up to which the bank can expand its business in terms of risk weighted

assets. Like all commercial institutions, banks too constantly look at ways of expanding their operations by acquiring property, plant & equipment, opening branches, in addition to mobilizing deposits, providing loans and investing in other assets.

Regulatory capital requirements are therefore necessary to prevent banks from expanding beyond their ability to manage (over trading), to improve the quality of bank's asset, to control the ability of the bank to leverage their growth and to lead to higher earnings on assets, leading to peace of mind of all the stakeholders. The bank keeps a careful check on its capital adequacy ratios.

Minimum Capital Requirement (MCR) Under Risk Based Capital (Basel-III) as at December 31, 2017:

BDT Million/Percentage

## ECONOMIC VALUE ADDED STATEMENT (EVA)

For the year ended December 31, 2017

Economic Value Added (EVA) is the financial performance measure that attempts to measure that true economic profit of an organization. It provides a measurement of the bank(s) economic success (or failure) over a period of time. Such a metric is useful for investors who wish to determine how well the bank has added value for its investors and it can be compared against bank(s) peers for a quick analysis of how well the bank is operating in its industry. Economic value added is calculated by taking the bank(s) net profit after Tax, adding with it, the amount of provision charged against profit to absorb the losses inherent in the investments. EVA is calculated as under:

**EVA** = NPAT – Cost of average equity

**NPAT** = NPAT is the net profit after Tax plus the provision for doubtful losses charged against profit.

**Equity** = Shareholder's equity is the total amount of equity the year end plus accumulated provision charged against profit for doubtful losses.

**Cost of equity** = It is the opportunity cost i.e. the expected return on investment, plus a risk premium. Interest on 5 years Bangladesh Government Sanchaya Patra plus 2% risk premium has been assumed to be the cost of equity.

	BDT Million

## MARKET VALUE ADDED STATEMENT

For the year ended December 31, 2017

Unlike EVA, which measures internal performance, Market Value Added (MVA) is a measure of external performance that indicate how the market has evaluated the company's performance in terms of market value of quoted shares compared to book value of this shares. Market Value Added (MVA) is the difference between the current market value of the bank and the capital contributed by investors. If MVA is positive, the bank has added value. If it is negative, the bank has destroyed value. The amount of value added needs to be greater than the bank's investors could have achieved investing in the market portfolio, adjusted for the leverage of the bank relative to the market. A high MVA denotes that the bank has maximized the wealth for the shareholders. The calculation of market value added is tabled below.

BDT Million

Particulars	Number of Shares	Value per share	Total Value 2017	Total Value 2016
Market Value of shares outstanding	509,656,034	BDT 35.00	17,838	10,237

<b>Market value added</b>		<b>BDT 25.00</b>	<b>12,741</b>	<b>5,806</b>

MARKET VALUE ADDED STATEMENT-2017

### Liquidity Policy:

The liquidity policy of the bank has always been to carry a favorable mismatch in the interest earning assets and interest bearing liabilities in different buckets. Our liquidity remained at optimum levels during the year.

The assets and liabilities committee (ALCO) of the bank monitors and maintains a satisfactory trade-off between liquidity and profitability.

MARKET VALUE ADDED STATEMENT-2016

### Dividend Policy:

The dividend policy of the bank has always been to pay a satisfactory dividend to its shareholders. As per Bangladesh Bank Guidelines, we have to maintain provision capital as capital & reserve required by Revised Risk Based Capital Adequacy 10%; minimum of Risk Weighted Asset (RWA) of the Bank also capital conservation buffer.

Considering the performance of the bank the board has recommended stock dividend of 12.50% for the year 2017 maintaining minimum capital requirement (MCR) as per Basel-III.

# MANAGEMENT DISCUSSION & ANALYSIS

The Management Discussion and Analysis Report aims to provide insight into the business units as well as related support units of the bank along with financial performance analysis for the year ended December 31, 2017, compared with the previous year and future strategies.

# PERFORMANCE ANALYSIS WITH THE MANAGEMENT

## Accounting for changes in reporting standards

As is applicable, we adhere to the International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as adopted by the Institute of Chartered Accountants of Bangladesh as Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRS), for our reporting framework, except the circumstances where the local regulations differ and supersede the standards. These are listed in details in note 2.22 of the notes to the consolidated and separate financial statements as presented in page no. 246 of this Annual Report.

Two new financial reporting standards BFRS 9 Financial Instruments and BFRS 15 Revenue from Contracts with

Customers have come into effect from January 01, 2018. We would be incorporating as and where they will be applicable for us; keeping in mind the scope to which they would be permissible by our prime regulatory authority - Bangladesh Bank.

## The fundamentals of our business strategy

MTB has delivered a strong performance in 2017, thanks to our robust customer-focused approach, sound capital allocation strategy and a sustainable growth platform that enabled us to mitigate earnings volatility and report consistent growth.

This is reflective in the sustainable growth trends of our Net Profit, Total Assets and Market Capitalization which have registered cumulative growth rates of 18%, 42% and 66% respectively over the last 3 years.

Over the years, MTB's successive management teams have demonstrated keen foresight into industry trends and have taken timely decisions regarding key strategic maneuvers. This has enabled us to gain foothold across a well-diversified range of businesses in the financial sector. Moving forward to current

times, our multiple business verticals allow us to strategically balance our focus over different fronts to take advantage of potential opportunities, enabling us to maximize our Return on Equity (ROE).

## Growth in Operating Profit MTB & Subsidiaries

**Return on Average Assets (ROAA)****Return on Average Equity****Lending Business Review**

Our total loan book, the core driver of our lending business, has increased by 27.33% and now stands at BDT 145,607 Million. A total of 26,692 new clients were

booked and we were able to grow our Net Interest Income by 11.07% to BDT 4,308 Million in 2017. This came despite a tightening of our margins, resulting from a 48 bps fall in our Loan Deposit Spread over the year.

**Total Lending BDT Million****Portfolio Mix 2017****Portfolio Mix 2016****In-Depth Review of Our Financial Capital****What it entails**

Our financial capital includes our monetary resources, which have been contributed by our investors and are being enhanced through our business activities. Our key sources of financial capital comprise of equity, debt and term deposits besides other sources of funds.

**What it entails**

Returns generated by our business enhances our financial capital, which in turn is used to repay our investors with dividend payments and the rest retained to aid business operations and growth through enhancing other capitals.

## OPERATING FRAMEWORK AND RISK MANAGEMENT

Remaining ahead involves constant review of our external as well as internal environs. Working in the financial services industry, MTB is exposed to several stress and risks both externally and internally. However, with around two decades of rich experience, the company has witnessed several industry cycles and hence has developed and fine-tuned a risk identification and mitigation framework that protects the company from adverse risks, enhances operating viability and ensure the sustenance of its business.

We have provided a detailed analysis of the competitive intensity we face while operating in Bangladesh's dynamic financial services industry and how the environment and competitive pressures evolved over the last one year. We have also articulated the strategies and programs that we have in place to successfully face those pressures and uncertainties in order to minimize, to the extent possible, the risks that we are exposed to.

# MACROECONOMIC FEATURES AFFECTING THE INDUSTRY

Macroeconomic Dimension	Impact on the Industry	MTB's Front	Evident in
<b>POLITICAL</b>			
<p>Stable political environment with looming uncertainty</p> <p>We have experienced relatively calm and stable political environment over the last 2-3 years. However, with the general election looming in 2018 there has been anticipation of potential political unrest</p> <p>Policy continuation on developing infrastructure</p> <p>With the stability in the political front, there has been continuity in government policies and priorities have been given on developing infrastructure including large outlay on building bridges, roads and power generation.</p>	<p>Investments expected to gain further traction amidst potential hiccups under short-term uncertainties</p> <p>While the investment to GDP ratio increased to 30.12% from 29.98% a year ago, it has largely been driven by public investments'. However, with most of these massive public investments going to the development of infrastructure, it is anticipated that private investments will soar as well. This means that the vibrancy experienced in the industry is expected to continue in the future with a few bumps and stresses along the way.</p>	<p>We have seen businesses on our coverage doing very well last year riding on low borrowing cost coupled with robustness in demand.</p> <p>Demand for retail financing (both consumer loans and small individual driven business loans) remained robust as well throughout the year.</p> <p>While real estate prices remained stable, demand for real estate financing increased on the back of a low interest rate scenario.</p> <p>Our focus will remain on quality acquisition, diversification of exposure and regularizing default accounts.</p> <p><b>Long-term strategy:</b></p> <p>Diversify sector exposures and focus on thrust sectors to go beyond leveraging current political stability and cushion against future uncertainties.</p>	<p>Message from the Chairman</p> <p>CEO's Statement</p> <p>Financial Capital (Portfolio growth, NPL)</p> <p>Risk (sectorial exposure)</p> <p>Strategy &amp; Resource Allocation</p>
<b>ECONOMIC</b>			
<p>Continuation of strong GDP growth and expansionary monetary policy</p> <p>In FY17, GDP growth remained strong at 7.28% amidst political stability and growth friendly policies and programs from the government. Monetary policy remained expansionary throughout the year. However, remittance growth declined and import bills kept increasing throughout the year 2017 as both import volumes and import prices increased with the rise of global commodity prices and in the aftermath of the devastating flood that massively damaged crop production.</p>	<p>Considerable excess liquidity in the system at the start of the year gradually decreased, with 19.6% credit growth in 2017 vis a vis only 11% deposit growth.</p> <p>On the back of a significant gap between the deposit rates in scheduled banks and the rates offered by National Savings Certificates (NSC), with the banking rates significantly lower, savings continued to flow to the NSCs.</p> <p>Some of the private banks extended lending activities aggressively despite not having enough growth in deposits and resultantly breached the regulatory limit of Advance Deposit ratio. This caused a scrap among banks and FIs for deposits in Q4 2017 and a subsequent increase in the deposit rates. This increase in Deposit rates is expected to continue till the market comes to an equilibrium whereby deposit rates of savings approach closer to the rates offered by NSCs.</p>	<p>MTB has been facing stiffer competition, takeover attempts and margin reduction as a result of too many institutions floating on excess liquidity and effectively starting a price war in the market.</p> <p>It therefore, makes even more sense for the bank to concentrate on growing strongly in the SME segment, which offers good returns, through improving its reach to those in financing need.</p> <p>If the deposit rates go up as expected, there will be massive pressure on the Net Interest Margins for all Banks and FIs. Most of the effect of this increase can be passed through as the majority of the lending book of MTB is of a floating rate. However, this will require to be executed with great caution and precision.</p> <p><b>Long-term strategy:</b></p> <p>Focus on improving value added to clients through service and product offerings.</p>	<p>Business Segment Review-SME</p> <p>CEO's Reflections (growth in credit vs. deposits)</p> <p>Performance Analysis with the Mgt.</p> <p>Committee</p> <p>Intellectual Capital</p>

Macroeconomic Dimension	Impact on the Industry	MTB's Front	Evident in
<b>SOCIAL</b>			
<p>Improved standard of living and access to information</p> <p>The country achieved lower middle income status in 2015, with a per capita income of \$1,3141 and resultantly, the standard of living has improved. With the advancement in communication technology and increase in internet penetration, individuals are now becoming more aware of market variables.</p>	<p>The rising middle income population, expected to reach 35mn by 2025, will be the driving factor for the increase in local consumption demand.</p> <p>With purchasing power increasing in this group, so will their needs for financial products grow in the form of requirements for Home Loans, Small Business Loans and other consumer finance products.</p>	<p>MTB's strategy to expand its SME business to further granular level dovetails very well with this development.</p> <p>The growth of the middle income segment will not only be concentrated in Dhaka or other large cities, but also throughout different other regions. MTB will address this demand through opening small distribution centers all over the target regions.</p> <p>MTB plans to introduce specific Home Loan products aimed at the middle-class segment in 2018 and distribute this product throughout the country to capture the opportunities thereby.</p> <p>MTB plans to introduce new products for student banking</p> <p><b>Long-term strategy:</b></p> <p>Focus on superior segmentation, targeting, product innovation and excellent customer relationship management.</p>	<p>Performance Analysis with the Mgt.</p> <p>Committee</p> <p>Strategy &amp; Resource Allocation</p>
<b>TECHNOLOGICAL</b>			
<p>Opportunities, risks and impact in changing clients' expectation dynamics</p> <p>Technology has brought in new ways of process innovation and data-driven decision making.</p> <p>However, it also comes with risks and challenges.</p> <p>On the business end, its advancement has made customers more sophisticated and has altered expectation levels.</p> <p>Customers worldwide are doing away with physical interaction and are more comfortable to interact and be served digitally. However, such a transformation is taking place slowly in Bangladesh.</p>	<p>Improved technological platforms to meet customer demands with possibilities of disruption by Fintechs looming in the horizon</p> <p>So far, the technological improvements in the industry focused mainly on increasing control, bringing operational efficiency and managing scale. However, we have recently seen efforts from select institutions in digitizing customer interactions and customer experience management. This is expected to become the trend as more and more organizations try to adopt technological innovations to increase customer satisfaction. However, the threat of Fintech companies to enter the market in Bangladesh is not imminent due to the current stance of the regulatory establishments.</p>	<p>MTB has made great strides in building a holistic technology based platform to increase operating efficiency through the Core Banking System and the support systems that have enabled the total loan generation to disbursement process to be completed digitally.</p> <p>The focus for 2018 will be to implement new CBS for the bank and its customer facing employees by equipping them with all information and system access they need through hand held smart devices.</p> <p>MTB will also strive to introduce web based customer service platform to enhance service.</p> <p><b>Long-term strategy:</b></p> <p>Investment in technological advancement to continue going forward, while maintaining proper checks in weighing benefits over costs and ensuring adequate research on all possible alternatives.</p>	<p>Statement of Risk Mgt.</p> <p>Intellectual Capital</p> <p>Strategy &amp; Resource Allocation</p>

Macroeconomic Dimension	Impact on the Industry	MTB's Front	Evident in
<b>ENVIRONMENTAL</b>			
<p>Increasing global focus on promoting green &amp; environmentally-responsible businesses and sustainable financing</p> <p>This has shaped up as an outcome of the increasing threat on the environment.</p>	<p>Regulatory encouragement not always enough to spur the borrowers</p> <p>There has been a sharp increase in regulatory focus on sustainable financing. Separate refinancing fund earmarked by the Central Bank for green financing offers a good window of opportunity to strengthen our green financing activities. However, not all promoters/factory owners are ready to accept greener technology as they, many of the times, do not necessarily realize the long term cost savings that accrues through the upfront investment in sustainable technology, and there is a sense amongst many that it is only feasible through an extremely low cost subsidized financing.</p>	<p>MTB is committed to sustainable development through the creation of long-term value - for our stakeholders, for the environment and for the community.</p> <p>Our focused green banking unit has been performing well since its launch in 2014, although it took a hit in 2017 owing to a slowdown of new disbursements under green financing schemes due to narrower interest rate difference amidst low lending rates in the market. However, it is expected to pick up pace again as interest rates are expected to see gradual rise.</p> <p>MTB improved its Environmental and Social Management System (ESMS), which was launched with support from the DEG of Germany in 2017.</p> <p><b>Long-term strategy:</b></p> <p>Grow portfolio through green banking efforts to reduce carbon footprint, leverage on soft loans and create a culture of responsible financing within the financial sector.</p>	<p>Natural Capital (Green banking, ESMS)</p> <p>Business Segment Review – Green Banking</p> <p>Strategy &amp; Resource Allocation</p>

#### Supplementary details of the 2017 economy and business environment relevant to MTB:

- Private sector credit posted staggering growth of 18.13% in 2017 while deposits grew by 10.22%, such divergence in growth rates resulted in substantial fall in excess liquidity in the banking system and put an upward pressure on the interest rate in the later part of the year
- Inter-bank call money market remained stable throughout the year. Monthly average call money rate remained in the range of 3.50% to 3.93% in 2017
- Widened trade deficit due to sharp rise in imports, coupled with moderate growth in exports and remittances pushed the current account balance into negative territory which exerted downward pressure on foreign exchange rates. BDT depreciated by 5.08% against USD in 2017
- Foreign exchange reserves dropped marginally to 33.2 billion in Dec'17, after hitting record high of BDT 33.6 in Aug'17
- Point to point inflation increased to 5.83% in Dec'17 from 5.03% a year ago

## OVERVIEW OF MTB DIVISIONS

### WHOLESALE BANKING

The economy of the country continues to show strength and is enjoying its brightest growth spell in over a decade. Bangladesh achieved 7.2% GDP growth in FY 2017, exceeding forecasts. The economy is expected to grow at 6.9% in the current fiscal year (FY 2018) while inflation will remain within 6%, according to latest reports of the Asian Development Bank (ADB). Growth in FY 2017 was higher than expected as consumption picked up in response to rising income, higher public investment, and lower than projected inflation. While consumption was a major positive macroeconomic driver, growing trade deficit and declining inward remittance adversely impacted the current account deficit. Foreign exchange reserves stood at USD 33 billion at the end of 2017.

In the year 2017, major impediments to economic growth are similar to those of previous years - high income and wealth inequality, inflation on basic commodities, financing of budget deficit, rising non-performing loans (NPL), weak governance amid crisis in the banking sector, and lower remittance inflow. Alongside price and macro-financial stability, Bangladesh Bank's (BB) monetary policies embrace inclusivity and environmental sustainability in pursuit of creating employment aligned with the government's Sustainable Development Goals (SDG). Despite the central bank's attempt to improve performance of the banking sector, improvements are not visible yet.

Despite challenges in both the domestic and global markets, MTB's Wholesale Banking Division (WBD) has played a pivotal role in booking and nurturing corporate businesses since its inception characterized by innovative products and dynamic relationship management as well as branch banking network. They are marking their footprints from across a range of industries including RMG, Textiles, Manufacturing Industries, FMCG, Power, Poultry, etc. with wide range of banking and financial services provided to domestic and international operations of large local corporates and local operations of multinationals corporations. Services include access to commercial banking products, including working capital facilities such as domestic and international trade operations and funding, channel financing, and overdrafts, as well as domestic and international payments, term loans (including external commercial borrowings in foreign currency), letters of guarantee, etc.

#### Rising Growth

MTB's Wholesale Banking Division is comprised of four functionally-discrete units.

#### CORPORATE BUSINESS UNIT

The Centralized Corporate Business Units drive all marketing initiatives of WBD. Dedicated relationship managers follow a pro-active and integrated approach to not only book new clients but also service the various business needs of existing clients by collaborating with product, business, and service partners. This one stop business solution unit is an integration of several Relationship Managers (RM) units. Analyzing current economy, forecasting future business growth and setting up and whetting their business strategies accordingly are the key driving

aspects of the immense success of this business unit. They proactively communicate with the clients, negotiate and close-off deals and ultimately bring businesses to MTB. To ensure their vast business portfolio enlarges and prevails, they have to perform multitasking roles. They spot on the requirement of their corporate clients, prepare the conferred credit proposals by performing all the necessary analysis and successfully put through the business deals. Penetrating into emerging and sustainable markets is another essential attribute of this unit. Apart from ensuring a strong presence in the already developed corporate segments, they are quite aspirant to be the frontrunner in eco-friendly business projects. Results of which have propelled their enviable presence in this business segment marked by financing most of the LEED (Leadership in Energy and Environmental Design) certified indigenous textile projects.

Combined, the Corporate Business units contribute around 24% of the total business portfolio of MTB. Major bookings in 2017 include Palmal Group, Summit Group, MGH Group, Berger Paints, Hatil Group, Altech Aluminum Industries Limited, Renaissance Barind Limited, Pretty Group, and Shahriar Steel Mills Limited.

#### Year-Wise CBU Contribution

#### BRANCH SUPPORT UNIT

Historically, MTB has been operating through branch-banking business model and as such the branch support unit provides structuring, approval, monitoring and compliance support to clients booked in MTB branches in its business pursuits. This unit takes presence in its geographically diversified portfolio comprising of all major sectors across the country and act as the central processing hub for widespread branch network of MTB. Providing with state of the art services within shortest possible time has uplifted the image of this unit to the apex of success. Branch Support Unit is now successfully maintaining a staggering business portfolio of BDT 83,224M which is 70% of total corporate asset size.

#### 2017 Funded Outstanding

#### STRUCTURED FINANCE UNIT (SFU)

Structured finance solution is the key driving aspect of this unit. SFU caters all corporate clients by offering tailored business solutions. Taking the role of Lead Arranger, Co-Arranger, Participant Lender, Agent or Trustee has accelerated the process of keeping their footprint in all major business sectors. They raise money through debt or equity instruments, diversify the risk of large scale investment and enable bank to earn big ticket funded and non-funded income by offering short term and long term facilities. This unit offers great flexibility in terms of maturity structure, security design and asset types, which allows issuers to earn augmented returns at a customized degree of diversification compatible with an investor's appetite of risk.

- Acting as Lead Arranger, SFU has arranged long term foreign currency loan of USD 36.0 million for financing a hotel project of Bengal Group which has been jointly financed by Multi-laterals such as IFC and FMO.
- Acting as Lead Arranger, SFU has arranged syndication term loan of USD 16.68 million for financing the expansion of garments project of Agami Apparels Ltd. (a concern of DEKKO Group).
- Under SFU's initiative, MTB is enjoying a total limit of USD 24 million from Asian Development Bank (ADB) under its trade finance program (which includes ADB's own limit plus limit from its risk distribution partners).
- SFU is working for arrangement of USD long term fund from different Multi-laterals like DEG, NORFUND, FMO, IFC, and others.
- MTB is actively involved in offering long term financing to its customers in USD under Bangladesh Bank's Financial Sector Support Project funded by the World Bank. So far MTB has

received approval for facility over USD 35.0 million for its various clients from Bangladesh Bank and disbursement is on-going.

- As part of the SFU's ongoing effort to increase liquidity/funding sources both in USD and BDT form, the unit signed (i) agreement under on-lending/refinancing arrangement with Bangladesh Bank for Green Transformation Fund (GTF) (ii) Agreement under on-lending/refinancing arrangement with Bangladesh Bank for Urban Building Safety Project funded by Japan International Cooperation Agency (JICA) for strengthening factories of RMG sector and private commercial buildings in Dhaka District, Gazipur District, Narayanganj District and Chittagong city.

### CASH MANAGEMENT UNIT

This unit is committed to provide best-in-call tailored cash management service to the corporate clients and institutions that truly complement their financial requirements. Leveraging on superior technological platform, we offer tailored banking services, using a variety of advanced collection and payment solutions, to achieve a balanced level of liquidity and return for business operations. With vast banking network, customized reporting and MIS, web based and internet banking facility, MTB Cash Management Service delivers effective management of payable and receivables with reconciliation ease. Distinguished services this unit offers are-

**MTB Nationwide Sales Collection (MNSC)** – This service is formulated to facilitate large corporate clients to collect their funds through MTB's own branch network and credit the same to their single collection account maintained with MTB. It facilitates the large corporate clients by providing faster funds availability in a cost-effective manner.

**MTB Capital Market Operation** – This dynamic feature is structured to facilitate any organizations or company to provide Lead Banker role for IPO and Right Share Collection, who is listed in DSE and CSE.

**MTB Web-based Banking Service** – This unique offer is formed as a middleware between service provider's core system and service receiver's core system. That is, once a transaction is done at any MTB branch, the entry will be directly reflected on receiver's core software. This service also includes management of information system, just-in-time transaction reflection, error-free and embedded reconciliation facilities.

### PRIORITIES IN 2018

Although the economy will have to contend with some strong market determinants like liquidity crisis, volatile currency exchange rates, rising inflation, it appears unlikely that it will derail stronger economic momentum. To cope with these challenges following measures are to be taken:

## FINANCIAL HIGHLIGHTS

### LOANS AND ADVANCES

Growth + 27.33%

2016: BDT 114,356 M  
2017: BDT 145,607 M

### INTEREST INCOME

Growth + 6.85%

2016: BDT 11,381 M  
2017: BDT 12,161 M

### INTEREST EXPENSE

Growth + 4.66%

2016: BDT 7,503 M  
2017: BDT 7,853 M

### FEES & COMMISSION INCOME

Growth + 28.50%

2016: BDT 1,228 M  
2017: BDT 1,578 M

- The foremost priority in 2018 is to ensure best possible services to the existing relationships by reviewing and reinforcing the internal business processes, capabilities and strengthening risk governance.
- To grow further with the good credit relationships – those are already on board according to their requirement. Likewise, WBD will take initiatives for forcing exit of poor asset relationships.
- To attract prominent and flourishing clients for booking new quality asset relationships through extending customized solutions.
- To focus on productive sectors on which our economy's growth is solely dependent, e.g. RMG, Spinning, Textile, Pharmaceuticals and Electronic product manufacturing, etc.
- With the forthcoming opening of a German desk in 2018, SFU can play an instrumental role in driving business not just for WBD but also for the bank. This in turn will further raise the profile of MTB.
- MTB CMU will play a vital role in accelerating inflow of funds, maximizing liquidity, facilitating automated payments and strengthening reconciliation.

Notwithstanding the challenges faced by the economy in 2017, MTB's dedicated resources possess the knowledge and skill to evaluate businesses, assess risks, and offer customized solutions in line with best practices. With focused drive and increased collaboration, MTBians can aspire to achieve MTB's vision, values, and goals in 2018 and beyond.

## SME

The increasingly interconnected world economy is transforming rapidly for the companies, as well as for the goods and services they produce. The impact of such transformation is not only on what is traded and how, but also on who is trading it. Large companies continue to dominate international trade, because they have the critical mass, organizational reach and relevant technologies necessary to access and supply to foreign markets. But thanks to the Internet,

the emergence of new business platforms, and the increasing openness of the global economy, many Small and Medium Enterprises (SMEs) now have the potential to become successful and important global traders as well. The SMEs have been playing a key role in the national economies, giving rise to the employment opportunities, uplifting the value addition, contributing to innovation and poverty alleviation.

### GLOBAL SMEs AT A GLANCE

Micro, Small and Medium Enterprises (MSMEs) account for over 95% of all enterprises in OECD countries.

On average, 83% of the more than 12 million firms covered by the IFC's MSME Country Indicators are micro firms.

Most of the MSMEs (85% of micro firms and 72% of SMEs) operate in the services sector, and in particular in wholesale and retail trade.

MSMEs account for around 70% of total employment in developing and developed countries alike.

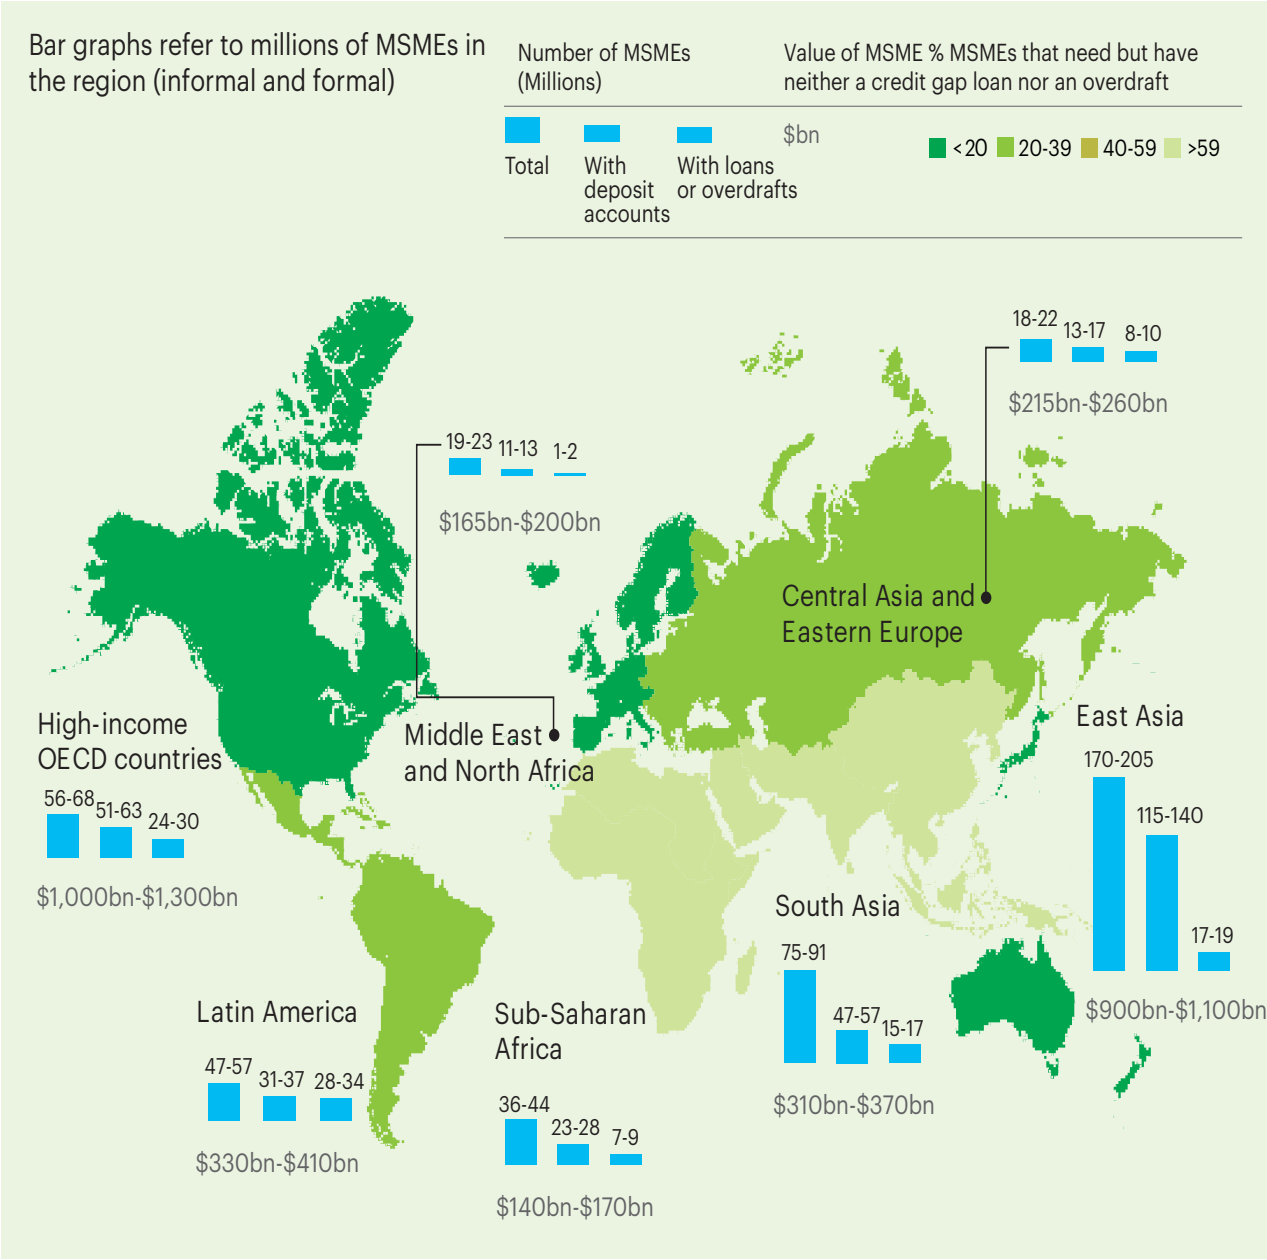

From 2003 to 2017, the SME share of total full-time employees in the formal sector increased to 34.8%.

**Walmart** started their journey in 1962 with only one retail outlet. Now, in 2017, they have presence in 28 countries with 11,695 stores and serve 260 Million clients per week. They had a total revenue of USD 485.9 Billion in 2017 fiscal year

### Journey of Walmart 1962-2017

The significance of SMEs can be clearly observed if we take a look at the contribution of SMEs in different countries. For example, about 97.3% of enterprises in China, 97.3% in Malaysia, 97.5% in Kazakhstan, and 97.7% in Vietnam are SMEs. Furthermore, about 99.4% of enterprises in Singapore, 99.5% in Sri Lanka, 99.6% in the Philippines, 99.7% in Thailand, 99.7% in Japan, and finally, 99.9% in the Republic of Korea are SMEs.

There are a number of examples, where global giants started their journey as mere Confederation Micro, Small and Medium Enterprises (CMSME). The rise and growth of globally recognized Walmart, Honda and Panasonic is the perfect example of how the global operations and recognition of each of these giants started with one outlet or a humble workshop.

**1948:** The Honda Motor Co., Ltd. is incorporated with 34 employees, 1 million yen capital as a bicycle auxiliary engine manufacturer in a small factory in Hamamatsu.

**1949:** A iconic product of Honda

**2015:** Honda Jet deliveries begin

**2016:** Honda reached the 100 million-unit milestone in cumulative global automobile production.

The economic growth of Bangladesh was underpinned by strong economic growth, with 6% plus growth over the decade and reaching to 7.24% in 2016-2017 FY. This rapid growth enabled Bangladesh to reach the lower middle-income country status. The CMSMEs have been contributing about 75% of non-agricultural employment and about 25% to the national GDP, which may reach up to 56.34% if trading and service are included. In Bangladesh, SMEs are playing a noteworthy part in driving economic advancement and generating employment opportunities. About 99% of the formal business enterprises in Bangladesh are SMEs (ADB Institute, 2016). Their total contribution to export earnings varies from 75 percent to 80 percent.

SME loans as percentage of total loans stood at 23.27% at the end of June, 2017 as compared to 23.63% of June, 2016. Total SME loans by the banks and nonbank

financial institutions increased by BDT 222.12 Billion or 13.84% and stood at BDT 1827.05 Billion at the end of June, 2017 as compared to BDT 1604.93 Billion at the end of June, 2016. The increase of SME loans of different category-wise institutions at the end of June, 2017 (shown in the diagram) are in state-owned banks, private banks, foreign banks and non-bank financial institutions as compared to that of June, 2016. While for the specialized banks, it decreased by 49.92% during the same period.

Cluster-based SME entrepreneurship development could be an effective tool to accomplish Vision 2021 which comprehensively paved the milestones for the country on achieving the middle income country status. The goal of touching the double-digit growth depends substantially on the performance of the small and medium enterprises.

#### Distribution of Enterprises Based on Location, Ownership, Size, Sector and Location (%)

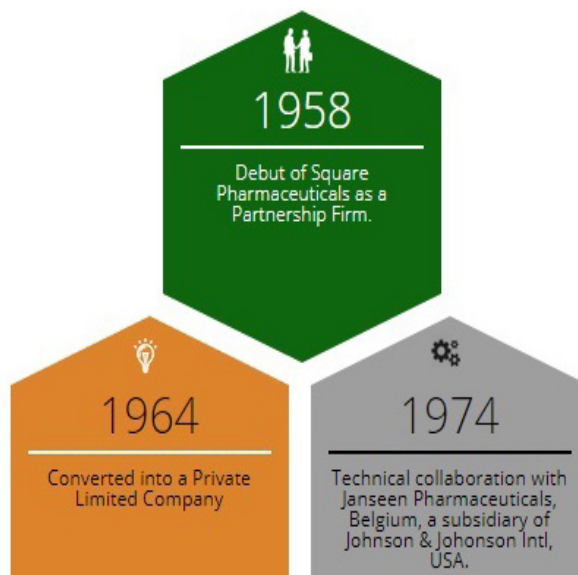

Source: A Survey Report 2016, Research Department, Bangladesh Bank.

In Bangladesh, most of the formal enterprises are small (around 84.3%) and with higher concentration on trade industry (62.3%) and the larger number is located within urban area (72.5%). A recent study shows that, most of the SME entrepreneurs (77.4%) do the banking transactions with private banks, where 72.5% of them are from urban area, specially, 44.6% of them were inhabitants of Dhaka Division.

Unlike the global trend, Bangladesh has seen uprise of group of companies, which started at a micro level but reached to global height within a very short period of time. Square Group is one such prominent example.

A modern factory of Square Pharma at present days

#### 2016-2017 Business Performance and coverage

##### 1958:

Mr. Samson H Chowdhury ventured into a partnership for pharmaceutical products manufacturing with three of his friends in Pabna district.

MTB believes that the present CMSMEs are the building blocks of the country's path to middle-income nation. MTB wants to be a proud partner of implementation of the nation's dream by sponsoring the CMESMEs at their early stage and remain a trusted partner throughout their graduation to national to international level. MTB SME Division provides a comprehensive array of loan products and solutions to small and medium enterprises (SMEs) across the

country since its commencement in 2007, helping them meet their longing to accomplish the sustainable business growth.

For outstanding contribution to the development of SMEs in Bangladesh, MTB has secured two highly prestigious awards: Women Entrepreneur Friendly Bank of the Year 2014 and SME Bank of the Year 2014 at the SME Financing Fair-2014, organized for the first time by Bangladesh Bank and SME Foundation jointly

## MTB SME Portfolio

BDT Billion

## MTB SME Growth

## Major Strengths of MTB SME

Dedicated SME business desk at 111 MTB branches

Dedicated 14 SME/Agri branches across the country

Financing to agriculture and cluster financing

SME products specially designed to finance women entrepreneurs

Dedicated SME Relationship Manager for each MTB branches with specialized training

MTB SME business growth has been outstanding, which stood at 72.43% at the end of 2017 compared to that of 2016. MTB SME Division has been focusing on business growth along with maintaining the quality of portfolio and strengthening the MTB SME brand in SME financing of Bangladesh. Recognizing the growing competition in the SME banking industry, the division has made significant investments in technology to

ensure faster and more efficient services to SME clients.

MTB SME Banking Division has been working relentlessly with a diversified array of SME products, keeping in mind the needs of every type of SME business. MTB SME Banking business growth has reached a new height at the end of 2017 with tremendous SME business achievement.

**Ettihad Plastic Bag Industries Ltd.** located at Indoil, Santahar, Adamdighi, Bogra, was established in 2011 and started full scale operation in 2014. The firm is engaged in manufacturing of different types of PP woven bags (printed) which are mainly used in different agro processing industries, rice mill, flower mill, cement industries, fertilizer factories, chemical

plants, poultry and fish feed industries, salt refineries etc. MTB started financing the factory at project implementation stage, which continues, till now, through working capital finance and non-funded import facility.. The factory is comprised of 30 sets circular looms where daily production capacity is 7067 kg pp woven bags per day.

### MTB Agriculture Financing

The unrelenting effort of MTB Agriculture financing is continuing through 14 MTB SME/Agri branches across the country to fulfill varying financing needs of agro-enterprises. MTB Krishi, one of MTB's agricultural products, stood at BDT 398.28 million and the portfolio of MTB Krishijat (RL) was BDT 2,064.83 million at the end of 2017. MTB has been striving hard towards financing in the agricultural sector and, as a result, superseding the agricultural loan disbursement target set by Bangladesh Bank over the last few years.

MTB has been contributing to the agricultural sector through the branches and agent banking centers across the country. The batch lending proposition and disbursement through different clustered farmers' groups (Somobay Samity) for agricultural loan disbursement in the remote areas has been a phenomenal success. MTB is striving to make agriculture more attractive to young people and empower women so they can contribute more.

### MTB's Collaboration with MFIs

Microfinance has built a solid track record as a critical tool in the fight against poverty and has entered the

financial mainstream. Microfinance Institutes (MFIs) have a significant outreach to the unbanked or under banked population across the country and they have higher scope to extend the credit facilities to them. MTB has partnered with around 100 MFIs since 2007 in order to strengthen and maximize the cumulative agricultural and rural credit portfolio which is helping MTB to exceed the agricultural loan disbursement target set by Bangladesh Bank.

### MTB Inclusive Financing

An estimated 2 billion working-age adults globally have no access to formal financial services delivered by regulated financial institutions. Bangladesh Bank is working relentlessly to increase the availability of modern financial services that meet the specific needs of users without discrimination which is the key financial inclusion objective. MTB bridges the gap between the bank and the unbanked people by extending financing to the marginal farmers around the country through 50 MTB agent banking centres. MTB is making modern banking services accessible to rural people offering cost-effective banking services in remote areas of Bangladesh.

## MTB Women Entrepreneur Financing

Throughout the world, in any development undertaking of a nation, women's empowerment is an inevitable part of economic development discourse. Women entrepreneurship has been recognized as an important source of economic growth, creating new jobs for themselves and others and providing society with different solutions for management, organization

and business problems. MTB Bhagyabati and MTB Gunabati are two innovative financial products for women entrepreneurs and have a strong presence in SME credit market for their unique features and easy access to financing. MTB is the only bank that offers interest rate of 9% to the Women Entrepreneur under an MoU signed with the SME Foundation.

**Mrs. Nahid Akter** started her business in 2009 bearing the spirit of patriotism and love for the country (Desh) in mind. She planned to flourish the boutique industry through maximum use of local resources. MTB started financing her business imitative in 2011, with a loan of BDT 0.20 Million. She continued her business through dedication, and in course of time, MTB provided her with a loan limit of BDT 2.00M in 2017 under MTB Bhagyabati loan product. Now she is operating with 15 female employees, a large outlet of 2700 SFT encompassing boutique, beauty parlor, cafeteria and mini Chinese to provide one stop service to her client. She is planning to open 5 more outlets in Dhaka city in near future.

## MTB Green Finance

As a responsible corporate entity, MTB has a strong commitment in developing the field of sustainable energy finance of Bangladesh. MTB has been playing an important role in the banking diversity through providing the access to finance for SMEs in the green economy. MTB has a dedicated product, MTB Green Energy Loan, which is an environment friendly Green Credit product that enables the prospective customers to set up renewable energy projects such as solar, biogas, wind, hydro and any other potential renewable

plants covering environment friendly technologies i.e. modern technology in brick kiln, ETP in factories and help reduce the carbon footprint of the country.

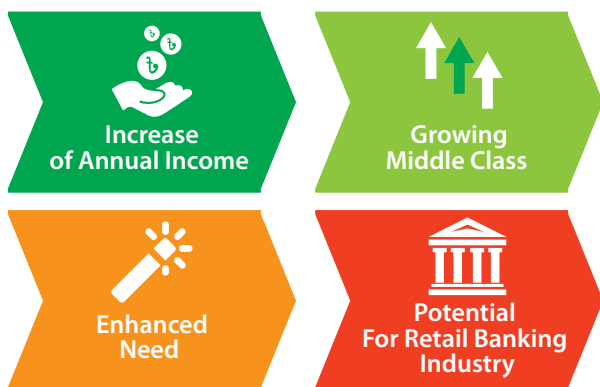

## MTB SME Banking Products

MTB SME Banking Division offers a number of diversified products as shown below keeping in mind the wide-ranging needs of micro, small and medium-sized enterprises (MSMEs) and special business segments like agro based industry, renewable energy, light engineering and MFIs.

## RETAIL BANKING

Rapidly increasing use of modern technology has enhanced both the reach and accessibility of banking services across the country. A significant part of the banking industry growth can be awarded to the surge in retail banking arena. Bangladeshi banking industry has been witnessing a steep growth in the uptake of retail sector for the past 5-6 years. Retail banking has been growing at double-digits for the past few years, riding on the growing middle-class.

Retail banking typically focuses on consumer oriented banking and financial service products, including checking, savings, money market instruments, personal loan, residential home loans, and business loans. Retail banks are typically located in areas that are accessible and convenient to serve a broad base of prospective and existing customers.

In recent years, the way consumers are discovering, analyzing, buying, and engaging with the products experience, has shifted significantly. Consumers have taken control of their purchase process. Specially in retail banking industry, the customers have a wide range of options of retail products and services with different features offered by the banks.

### MTB Retail Banking Highlights

MTB has been maintaining a swift progress in becoming one of the paramount private banks in the banking industry of Bangladesh. MTB has invested significantly establishing more branches, ATMs, agent banking centres around the country in recent years focusing on the retail market base. Though the bank has been emphasizing the wholesale banking, a number of long term strategies were placed in motion with a view to increasing the retail banking growth keeping in mind the extreme competition in the market. With vigorous and relentless support from Retail Banking Division, MTB Branches, Retail Relationship Managers, Payroll and Privilege Banking network, MTB has achieved BDT 1592.17 million growth in its retail lending portfolio in YTD 2017.

### MTB Retail Portfolio Yearly Growth Volume BDT Million

A continuous strive towards the excellence in the long standing customer relationship with tailor-made retail products and services has been helping MTB become one of the leading retail banks in Bangladesh. The Retail Banking Division will continue its pursuit of outstanding growth in the coming years introducing more retail products matching the growing needs of the retail clients.

The Retail Banking Division of MTB offers a number of deposit products, loan products and MTB cards to the customers through its 111 branches, direct sales team, payroll, privilege banking and 50 agent banking centres. MTB is providing non-stop customer services with the support of 24/7 call centre, one of the best internet banking services with mobile app, 250+ ATMs, POS and KIOSKs across the country.

The Savings deposit growth stood at 16% and Savings accounts growth at 11% at the end of 2017, which helped MTB in portfolio risk diversification and cross selling maintaining higher yields.

### MTB NEER

Most of the people in our country still live in the urban and suburban areas with very little or no modern banking facilities. The “Semi Pucca” houses becoming

Inauguration of new retail product - “MTB NEER” on August 22, 2017

MTB NEER is an Equated Monthly Installment (EMI) based loan facility, and intending applicants can take up to BDT 4.0 million from any of the bank’s 111 branches located across the country for construction, expansion or renovation of semi-pucca houses.

### MTB Payroll Banking

MTB Payroll Banking Unit has been pushing its boundaries to excel further and have a greater market share for the last couple of years. This unit has been showcasing professionalism and team-work and consistent growth by providing expert banking solution with personal touch. It has been a year of continuous progress for MTB Payroll as the unit continued to accelerate the growth rate in almost every component of the portfolio composition. MTB Payroll Banking Unit onboarded a number of companies in 2017 which include MNCs as well as local companies. Payroll accounts contribute almost 13% of the total retail loan portfolio this year which is 60% higher than that of 2016.

To demonstrate the customized payroll products and services to the clients, this Unit arranges “Payroll Campaign” each year. MTB Payroll Banking Unit will continue its pursuit of excellence by offering a complete range of reliable and customized banking solutions with exclusive salary management products for the clients.

### 2017 Highlights:

- Company acquisition: MTB Payroll Banking onboarded quite a few companies in 2017 which include MNCs as well as Local Corporates.
- Retail Loan Penetration: Payroll accounts contribute almost 13% of the total retail loan portfolio this year, which is 60% higher than that of 2016.
- Payroll Roadshow: MTB Payroll conducted 24 Roadshows in its top Payroll Companies in 2017 which increased the bank’s visibility in the market and enhanced cross-selling of other MTB products.
- 2017 was a year of process re-engineering and improvement. As part of it, MTB Payroll introduced Payroll Categorization.

### MTB Retail Strategic Plan for 2018

MTB Retail Banking Division has had a successful year with an accumulated growth of around 56% compared to that of last year. MTB will continue its focus on the Retail Banking Division to ensure the ceaseless growth in 2018 by:

Within 18 years since the bank started its journey, MTB Retail Banking Division has come a long way through relentless hard work in line with the long term strategic planning. Through continuous pursuit of excellence, MTB Retail Banking Division is working towards establishing itself as one of the most dominant players in the Retail Banking Industry of Bangladesh.

Reinforcing the CASA growth with the support of Online Account Opening (OAO) system using MTB website

Emphasizing on the long term strategic focus towards the retail portfolio management of MTB

Concentrating persistently on the superior customer service while contributing to the sustainable growth of MTB Retail Banking

## PRIVILEGE BANKING

MTB always aspires to let its customers experience the best services in the banking industry. Since inception in 2010, MTB Privilege Banking Department, as a frontier of retail banking, strives to provide a 360 degree banking solution to its high net worth (HNW) clientele with its well-trained and dedicated industry-best relationship managers. The ambience of the well-decorated, furnished and stylish business suite of each privilege centre is a testament to the careful attention, which has been given in creating these modern offices with state-of-the-art technologies for our valued customers.

For better customer experience, MTB Privilege Banking Department follows a strategic selection plan while choosing location for privilege banking centres in order to ensure presence in close proximity to the highly valued clients. As the bank aspires to become the best amongst the premium banking service providers, it restructured its privilege banking in 2014 and added 8 new state-of-the-art privilege centres to provide a soothing experience to the high net-worth customers. Among them 7 are located in Dhaka and 1 in Chittagong.

The efficient relationship managers ensure high standard of services that enables the highly prioritized clients to build a long-term beneficial relationship with MTB. Any Bangladeshi citizen maintaining a minimum of BDT 4 Million with MTB is eligible for privilege services. ### Performance of MTB Privilege Banking Department at a Glance:

MTB Privilege Banking Department with its unique target marketing strategy has been catering affluent clientele for MTB. Since 2014, after facing a lot of challenges and overcoming various hurdles, MTB Privilege Banking Department through MTB Privilege Centres has been trying its best to provide industry-best premium services and win customers' satisfaction. The following numeric data and graphs highlight the comparative performance of MTB Privilege Banking Department:

In 2017, MTB Privilege Banking Department experienced a growth of 15.53% in the number of customers compared to that of the last year and it is almost 4.74 times greater than what the number was in 2014 as a positive impact of revamping the then Privilege Banking System. In addition to that, the total amount of deposit has been increased from the BDT 4,620 Million in 2016 to BDT 5,300 Million, registering about 14.72% growth.

**No of Privilege Customers****Deposit**

Along with the deposit, MTB Privilege Banking Department started to acquire assets since 2016. It was proved as a great initiative, as, in 2017, the MTB Privilege Banking Department booked assets amounting **BDT 1,014.57 Million**, which is **3.67 times higher** than what the figure was in 2016. The number of credit cards has increased to **783** and shows about **156.72% increase** from 305 in 2016. It has caused a great effect on the profit of MTB Card Division for the year 2017.

**Rick Asset Privilege****No of Privilege Credit Cards****Achievement in 2017**

- A luxurious **MTB Air Lounge** has been established at Hazrat Shahjalal International Airport with a view to providing MTB customers with greater comfort and convenience when travelling in and out of the country.
- Credit facility has been extended at a large scale with several retail lending products to the reputed high net-worth customers appraising their financial needs.

**Plan for 2018**

- To innovate customized products and services to let the customers have better experience.
- To increase the customer-base as well as the market share.
- To increase lending business along with deposit products.

MTB Privilege Banking Department is experiencing growing demand for privilege banking and the achievement of the last couple of years has been inspiring to come up with more privilege banking centres, which will increase the availability of such kind of priority banking services. Moreover, Privilege Banking Department of MTB strives to retain the client growth through acquiring new customers to increase its client base while continuing to provide the premium services to the existing clients as well. From its experience over the years, MTB Privilege Banking Department is now confident enough to seize a significant market share and drive to explore avenues, which it can optimize for sustainable growth and development while maintaining world class service quality to be **The Bank of Choice**.

## CARDS

MTB Card Division has revamped its card services with state-of-the-art EMV technologies and has also launched premium products in the year 2016. MTB Cards always believes in continuous adaptation of changes and simultaneously new innovation in the market. This is the effective way to penetrate this card market being a late entrant one. Year 2017 was the year of shift of MTB card business and this success history will flourish in the upcoming days or years to come.

With the slogan of 'WORKING TOWARDS A CASHLESS SOCIETY', MTB Card Division with its skilled and dedicated professionals has adopted strategies with dynamism and, sensitivity towards changes. MTB Cards continuously striving to enhance customer

satisfaction with best services and come up with innovations through state-of-the-art technology and products. That strives MTB Card Division to adopt EMV chip based **EUROPAY, MASTERCARD** and **VISA** in 2016, to ensure most secured mode of Electronic Transactions, as the 'Cyber Security' became the major concern due to some mischievous scams during that time. Obviously these allowed MTB Card Division to thrive in the market through providing **Safe, Fast and Hassle-free** services to the clients throughout the country. Since its inception in 2007, some of the major milestones achieved by MTB Card Division are being depicted here-

### Performance at a Glimpse

During the last couple of years MTB Card Division has shown a remarkable performance which is helping MTB to become a BANK OF CHOICE in the Card

Industry through Innovations, Value Addition and Customer Service. Here are the graphs depicting the year to year progress at a glimpse

No. of Debit Card

In Thousand

No. of Credit Card

In Thousand

**Outstanding of Credit Card**

BDT Million

In 2017, MTB Credit Card has experienced 31.18% growth compared to that of 2016 and the number of credit card is almost 29 times greater than that of 2011. At the same time the number of MTB Debit Card has showed around 13.40% growth than that of 2016. Along with the number of cards, the outstanding balance has increased significantly about 28.29% than that of the last year and the amount is about 15.61 times more than that of 2011. It has caused a great effect on the MTB Card Division Profit for the year 2017.

**No of POS****POS Transaction Volume**

In Thousand

Moreover though the number of POS has seen a slight growth. The volume of POS transaction shows the growth of 54% than that of last year and around 5 times bigger than that was in 2012. All of these have resulted in a great outcome in the year 2017. We have attained a Profit of BDT 80 Million which is about 100% greater than the profit earned in 2016. Products and Features

MTB Cards are now offering a range of products, e.g. Debit Card, Prepaid Card, Credit Card Visa and Credit Card Mastercard. MTB Card Division is proudly announcing that all types of cards we are now offering are EMV chip based, PIN enabled card, which requires PIN for a secured process in each transaction. MTB Card Division is proudly offering EUROPAY, MASTERCARD & VISA (EMV) Chip based Card. As the principal member of Visa and Mastercard, we are providing a wide range of card products which includes Visa Classic/ Gold/ Platinum/ Signature and Mastercard Classic/ Gold/ Titanium/ World.

Unlike other card products Visa Signature and MasterCard World is the premium product that are entitled with a lot of additional value addition and exclusive features and facilities like,

- Complimentary Access to MTB Air Lounge (HSIA): Visa Signature/ Mastercard World cardholders will get complimentary access to our exclusive 'Oasis of Peace', MTB Air Lounge at Hazrat Shahjalal International Airport (HSIA), Dhaka, along with one adult companion and two kids below 12 years round the year.
- Access to 1000+ airport lounges under Priority Pass: The cardholder will receive a complimentary 'Priority Pass' to access the exclusive 1000+ privilege lounges around the world. The first ten (10) lounge visits are complimentary in a calendar year with Priority Pass upon passport endorsement against MTB Card.

In case of natural, accidental death or permanent total disability, cardholder will be covered by a Complimentary insurance up to BDT 4 (Four) Million. Beneficiary (s) will be eligible to get this amount to continue their lifestyle, after deducting the remaining outstanding of the card.

## Achievements of 2017

As MTB Cards committed last year to continue with innovation and broadening the customer base MTB Card Division has tried its best to perform in 2017 to keep the word. MTB Card Division has launched diversified, customized and unparalleled products for target customer and to create the stronger foothold in the card industry through capturing the market share. The following will poster the activities during 2017-

### 1. Co-branded Cards:

Through the year 2017, with some regular interval MTB Card Division has come up with new Co-branded Cards, new concept of value addition service to the target segments.

On 21 May, 2017, MTB launched Country's first-of-its kind 'Amar Prothom Easy Payment Card' a Prepaid Mastercard for the subscribers of Banglalink which is free for the lifetime and accessible for online shopping. In a simple ceremony, on 16 August, 2017, MTB-Sonali life insurance Co-branded Debit Card has been advented for the customers of Sonali Life Insurance Company.

Launching Ceremony-'Amar Prothom Easy Payment Card'

On 8 November, 2017 MTB Card Division introduced co-branded card for the member of e-CAB for making their legitimate expenditure which is Prepaid Dual Card. In an auspicious moment on 21 November, 2017 MTB came up with MTB-Cadet College Club Co-branded Credit Card with both Visa Signature and MasterCard World for the Permanent members of Cadet College Club. The Last addition to the rally of co-branded cards was MTB-Chittagong Club Mastercard World Credit Card for the Permanent members of Chittagong Club that took place on 14 December, 2017. MTB Card Division is expecting to see more addition to this rally in the coming years.

MTB Co-branded credit cards for the members of Cadet College Club

Launching ceremony Co-branded credit cards for Permanent members of Chittagong Club

### 2. MTB Protection Plan (MPP):

To make MTB Credit Card more beneficial and valuable, MTB Protection Plan (MPP), the unique insurance facility, has launched. Under MPP, Death (Natural/Accidental) and Permanent Total Disability insurance coverage will be provided by Guardian Life Insurance Company in Bangladesh. MTB Visa Signature or Mastercard credit cardholder will get an insurance coverage maximum of four-times of outstanding balance but not more than **BDT Four (4) Million** and for other cardholders maximum coverage is **BDT Two (2) Million**. Cardholder's beneficiary will be eligible to get this amount to continue their lifestyle, after settlement of outstanding at first place. This service is complimentary for Visa Signature and Mastercard World cardholders. For other credit cardholders a nominal charge of 0.30% per month on outstanding has been charged.

### 3. Partnership Benefit:

As of December 2017, MTB had over 110 discount partners with offers of up to 75% discounts for MTB cardholders and over **100 FlexiPay Partners**. Apart from this, year-round discount facility, in 2017 MTB Cards have presented a number of special offers in the midst of nationwide festivity to make life more colorful. During Ramadan and on the eve of Baishakh, Eid-ul-Fitr and Eid-ul-Adha, MTB had additional **20 Strategic Partners** and **25 lifestyle Partners** to offer discounts to card holders. The Partners like **Six Seasons, Platinum Suites, and Long Beach Hotel** have been catering free **Buy-one-Get-one (BOGO)** offers round-the-year. MTB has signed agreement with **Air Asia, US Bangla and Regent Airways** that will allow the card holders to get bundle of offers, discount and FlexiPay facilities.

### Plan for 2018

With the advancement of affordable digital gadgets and availability of internet driven services, our customer's habits are rapidly changing. Financial industry is facing technological disruption in payments

in developed market with new payment concepts like NFC payment, QRC payment, wallet based payments, etc. MTB Card Division is very active in the digital payment space and wants to be pioneer in Bangladesh to thrive with customers' aspiration.

The year 2017 is surely a remarkable year for MTB Card Division considering a lot of achievements. In 2017 we built our strong platform to take off with a robust system and enhanced security. In 2018, we will offer many more new technological products. With the added features and products, we will further enrich and strengthen our partnership with other entities. Major initiatives planned for 2018 are as follows:

#### Upcoming Innovations:

- 1. QR Code based payment:** MTB Card Division is actively working for offering QR code based payment solution to the customers. Customer will scan the QR using MTB mobile app installed in his phone at the merchant outlet and enter the amount, that's all. Secured payment will happen and both customer and merchant will get confirmation in SMS/email and also check in their mobile app.
- 2. Contactless payment:** MTB card division is actively working for offering contactless payment solution to the customers. Customer will have 'Tap and Go' experience at the merchant for a quick small payment. PIN will be required for transactions beyond a threshold amount. Contactless data transfer will be encrypted and secured by **EMVCo standard**.
- 3. UnionPay International (UPI):** UPI is a subsidiary of China UnionPay and looks after the international business of China. UnionPay is the largest issued Card in the World including Mainland China. In 2018, MTB will tie up with UPI for contact, contactless, QR Code, e-commerce issuing and acquiring.
- 4. 2 Factor Authentication:** In 2018, MTB Card Division is looking forward to come up with 2(two) Factor Authentication, for secured E-commerce and online transaction. An SMS **OTP (one time password)** will be sent to the cardholder's mobile that the cardholder will insert into the merchant's payment Gateway for the particular transaction.

- 5. Payment Gateway:** E-commerce transactions are increasing exponentially across the world compared to conventional contact POS transactions. In 2018, Mutual Trust Bank will set up payment gateway for acquiring merchant's websites.

#### More Business and Benefits:

- Card business will also have vigorous sales campaign round the year by penetrating payroll customers, corporate customers, and so on.
- MTB cards will try to be always in the mind of customers by celebrating each occasions of 2018 and will come up with Valentine's/Boishakh/Ramadan/ Eid al-Adha campaign. Every occasion will have discounts, Buy one get one and so on to make MTB cards more lucrative.
- During the year MTB Cards will launch Payroll Card, SME Debit or SME Credit cards to penetrate in the market in different ways.
- To keep the existing cardholders and to cater new, all the year round, there will be different customer engagement plan which will be activation campaign, card up-gradation campaign, and Installment loan against available limit of card.
- MTB cards being the pioneer in co-branded card will come up with enormous number of co-branded cards with different nature and with brand to keep surprising in card market which can be Hotel/Hospital/Travel Company / E-commerce/ Airlines/Clubs and so on.
- Continuous onboarding of new FlexiPay or discount Partners to give cardholders something extra will be the main motto.
- Exclusive campaign with partners will be always an ongoing process to strengthen the card business.

From the inception of 2007, it took years for MTB Card Division to gain strength to perform in the competitive market and now it is equipped enough to play a role at a large scale and compete with the current giants in card market. Year 2018 will be the year to put a strong step mark and exhibit our presence, which will definitely ensure bold and a substantial place in the card market.

# GREEN BANKING

## Sustainable Banking

Humanity has the ability to make development sustainable to ensure that it meets the needs of the present without compromising the ability of future generations to meet their own needs. The concept of sustainable development does imply limits - not absolute limits but limitations imposed by the present state of technology and social organization on environmental resources and by the ability of the biosphere to absorb the effects of human activities. But technology and social organization can be both managed and improved to make way for a new era of economic growth.

The whole world are concerned about the environmental degradation, specially the rising of global temperature and thereby melting of glaciers and ice-berg in the polar region and consequently rising of sea level which will directly affect the low lying countries of the world like Bangladesh. The conscious people of the world are also concerned about the increase of Green House Gases and Chlorofluorocarbons (CFCs) and thereby depletion of Ozone layer. As such every person and specially the professionals must have greater role to check the environmental degradation. The contribution of the banking sector is playing significant role to save the environment through their CSR, investment or other activities.

Most prominent of all, to save the environment, Green Banking is the greatest initiative taken by the banks all over the world. The term Green Banking is popular worldwide now-a-days. It is for stopping the environmental degradation and making this planet habitable. The concept of Green Banking developed in the western countries has been replicated by many developing countries. It means the eco-friendly or environment friendly banking and it also refers to ethical banking or sustainable banking.

## Green Banking

The term "Green Banking" in general refers to the efforts of the banking sector to keep the environment green and minimize greenhouse effects through rationalizing their strategies, policies, decisions and activities pertaining to Banking service, business and in-house operational activities. Green Banking is concerned with both human made disaster and natural disaster due to climate change risk or global warming or any other factors related to environment. Green Financing is playing a vital role to ensure the sustainable growth and development of the economy and to ensure a healthy environment for the present generation as well as the future generation.

Rapid industrial growth in Bangladesh over the last two decades brought economic benefits as well as environmental and social challenges. Examples of

environmental issues Bangladesh is facing include discharge of untreated highly polluted waste water; air emissions from burning low grade fuel, land contamination from untreated chemical waste or uncontrolled industrial development damaging local biodiversity in ecologically sensitive areas. In line with global development and response to environmental degradation, the financial sector, bank as one of the key stakeholders in society, should play its due role.

A Green Economy promotes a triple bottom line: sustaining and advancing economic, environmental and social well-being.

## Bangladesh Bank initiatives

The Sustainable Finance Department of Bangladesh Bank has been engaging and encouraging all banks and financial institutions (FIs) to step-up their green banking initiatives and standards. Policy guidelines and work plans for the banks and FIs have been put into effect by the central bank which encompasses policy formulation and governance, incorporation of environmental risks into CRM (credit risk management), in-house environmental management, introduction of sector-specific green finance, creation of climate risk fund, capacity building through training and awareness along with mandatory periodical reporting on green banking practices. With a view to incorporating sustainability in the financial sector; Bangladesh Bank undertook its first initiative in the year 2011 by introducing Green Banking Policy Guideline for the Banks (vide BRPD Circular No. 02 dated February 27, 2011) and later in the year 2013 it was made mandatory for the FIs (vide GBCSRD Circular no. 04, dated August 11, 2013). In the said policy guidelines, Bangladesh Bank instructed the banks and FIs to formulate Green Banking Policy and establish a separate Green Banking Unit/Cell with the objective to evaluate and manage the activities related to Green Banking.

Afterwards, Bangladesh Bank vide GBCSRD Circular No. 08 dated December 24, 2013 instructed banks to assign Risk Management Committee of the Board of Directors to supervise overall Green Banking activities of the bank. Subsequently, Government of Bangladesh also took initiatives with the objective of implementing the Sustainable Development Goals (SDG) at national level to comply with the United Nations efforts to implement the same globally. In line with the objectives, Honorable Prime Minister of Bangladesh also appealed to all concerned to join the movement in order to accomplish the SDG.

In this connection Bangladesh Bank also instructed the banks and FIs vide SFD Circular No. 02 dated 1st December, 2016 for the followings:

- I. Establish a Sustainable Finance Unit under CRM Division

- II. Establish a Sustainable Finance Committee chaired by senior most Deputy Managing Director.
- III. Formulate Terms of Reference (TOR) as per guidelines set by Bangladesh Bank for the Sustainable Finance Unit and Sustainable Finance Committee in the bank.
- IV. Make Risk Management Committee (RMC) of the Board of Directors responsible for undertaking required measures for formulation of policies, setting strategies and programs and monitoring the overall activities related to Sustainable Banking and Sustainable Finance (Green Banking and CSR) programs.

As a regulator of the banking business and activities, Bangladesh Bank introduced Environmental Risk Management (ERM) framework for banks and FIs in 2011. The framework includes environmental risk factors for ensuring sustainable development and protection of the surroundings from further deterioration. ERM aims at ensuring habitable environment and reducing climate effects.

Recently, Bangladesh Bank has widened the number of green products under several refinance schemes to widen their outreach in green financing. Now, 52 green products are being offered in 8 categories, namely - (i) Renewable Energy (ii) Energy Efficient Technology (iii) Alternative Energy (iv) Waste Management (v) Recycling Plant and Recyclable Product Manufacturing Plant (vi) Environment Friendly Brick Manufacturing (vii) Environment Friendly Building (viii) Others

To promote Green Banking, Bangladesh Bank has declared the following preferential treatments for the compliant banks:

- I. Points to be awarded on 'management' component while computing CAMELS rating of the concerned bank.
- II. Top 10 (ten) banks' name will be hosted on the Bangladesh Bank website.
- III. Separate consideration while according permission for opening new branches of the bank.
- IV. Bangladesh Bank also, vide GBCSRD Circular No. 04 dated September 04, 2014 instructed all scheduled banks to allocate 5% of its funding for Direct Green Finance to reap refinancing benefit against the 50 (Fifty) products/scheme declared by it.

### MTB's Green Initiatives

MTB, one of the leading compliant commercial banks of the country, always try to comply with economic, environmental, social regulation for the betterment of our planet and the living being residing on it. In compliance with Bangladesh Bank guidelines, MTB formed Sustainable Finance Unit under the Credit Risk Management Division.

To ensure Green Banking practices in the bank, MTB has formulated Green Office Guide as well as Environmental and Social Risk Management (ESRM) Policy as instructed by Bangladesh Bank, covering areas that ensure sustainable environment, i.e. in-house environment management, green financing and awareness building among the employees and stakeholders of the Bank.

### MTB Green Office Guide

As part of Bank's continuous effort for upholding Green Banking initiatives, MTB developed Green Office Guide to facilitate Green Banking objectives of the bank. The Green Office Guide comes up with pictorial demonstration for better understanding of the readers. This Guide is used in the offices to determine the style of daily functional behavior of all tiers of workforce.

### Inclusion of Environmental and Social Risk Management (ESRM) Policy

The Executive Committee of the Board of Directors at its 98th meeting held on 04.12.2017 approved "Environmental & Social Risk Management (ERSM) Policy and Procedure of MTB - 2017". This policy and procedure is a modification / amendment of our existing "Environmental Risk Management (ERM) Guidelines".

Unlike the ERM guidelines issued in 2011, this document is a more dynamic and comprehensive in nature and accommodates social risks management issues in addition to covering latest developments in environmental risk management. This paper is based on the "Guidelines on Environmental & Social Risk Management (ESRM) for banks and financial institutions in Bangladesh" issued by Bangladesh Bank (BB) vide their SFD Circular No. 02 dated February 08, 2017.

### MTB's Green Marketing System

MTB emphasizes selling products and/or services based on their environmental benefits. A number of such products and services like Debit Card, Credit Card, Internet banking, Internet recharge for mobile, SWIFT, Call center, Online banking, SMS banking, etc. are being promoted through vigorous advertisements in both the electronic and the print media. The virtual world of communication is also being used as the means of promoting the bank's environment friendly products and services. Brochure, leaflets, banners, flags, hard boards, festoons, danglers, billboards, and alike means of advertising are also used to popularize the Green products of the bank. MTB also uses the occasion of opening ATM booths and branches to popularize the bank's environment friendly products and services. Clients are also encouraged to modify their product lines, set up modern machinery from the environmental viewpoint.

### Internet Banking Facilities

MTB Internet banking enables its customers to avail various services such as Fund Transfer to MTB as well as other banks, Credit Card bill payment, Utility bill payment, account statement checking, etc. through the bank's website. Our Internet Banking platform is secured by state-of-the-art two factors authentication system.

### MTB Mobile Banking Application

With MTB's state-of-the-art mobile banking application, customers can avail banking services from their smart phones anytime, anywhere. This application allows users to monitor accounts in real time, transfer funds, pay bills, make credit card payments, check transactions, etc.

### MTB's SMS Banking Facilities

MTB's SMS Banking is a service that allows customers to access their account information via any mobile operator from anywhere in the world. It allows to make balance inquiries without visiting the bank. Customers can receive mini statement of last 5 transactions. Transaction Alert lets users get informed whenever there is a cash withdrawal transaction in their accounts.

### ATM with National Payment Switch Bangladesh (NPSB) Network

MTB's customers have been enjoying 24/7 service through ATMs located around the country. The bank has undertaken some programs to expand its ATM network through procurement of more proprietary ATMs and joining hands with the common platforms of ATM network.

In addition to the bank's own 246 ATMs, the bank has joined National Payment Switch Bangladesh (NPSB) network during the year 2014, which enabled the Debit Cardholders of the bank to enjoy cash withdrawal facility from other bank ATMs under NPSB Network. MTB has used the BACH and BEFTN mechanism for convenient payment activities which, to a great extent, supports the concept of green banking.

### Agent Banking

The 'Agent Banking' concept is new and much talked- about issue in the banking sector. It is playing a pragmatic role in paving the way for financial inclusion. Bangladesh Bank has introduced a guideline for 'agent banking' to be followed by all commercial banks. Considering the importance of the matter, MTB has already 50 Agent Banking outlets with a view to bringing the un-banked population under banking services. MTB will open near about 50 new Agent outlets during the year 2018. The important aspect of agent banking is financial inclusion. Actually, financial inclusion is a tool for inclusive economic growth and

financial development. About 15,000 new accounts have been opened within the year from the starting of Agent Banking Operation. This year we have a plan to open 30,000 new accounts having amount of Deposit BDT 1,000 million by the agent outlet. We have already disbursed foreign remittance about BDT 204.70 million by the Agent Banking outlets.

### Capacity Building

For continuous capacity building of the human resource, all the foundation training courses organized by the HR-Training and Development Center have dedicated session to familiarize the participant with the concept of Green Banking and Environmental and Social Risk Management Guidelines. Moreover, MTB is planning to enlighten employees about sustainable finance through E-Learning Courses. In 2017, approximately 113 employees have been enlightened with 7 different training sessions on green banking. Furthermore, the bank nominated its officials for various external workshop/training/seminar related to green banking organized by different external bodies.

### In House Environmental Management

Initiatives have been taken by MTB with a view to practicing Green Management in the offices. Efficient use of resources, reduction of waste, saving energy and money, improves our working environment.

### MTB Green Building

MTB has designed its two corporate Head Office buildings named "MTB Centre" and "MTB Tower" as fully green buildings with motion sensor lighting system. Lights are automatically turned off if there is no human movement in the room. Solar power system has also been installed on the rooftop of the buildings. Both buildings are designed to reduce energy consumption significantly and make MTB a green and environment friendly bank in the true sense.

MTB Tower has introduced the facilities of rain-water harvesting and eco-friendly carpet, a carpet made of wool, a natural fibre processed without using any chemical treatment. The state of the art rain-water harvesting plant has a capacity of 10,000 litres.

### Energy and Water Management

Energy and water are being used efficiently by all the MTBians with the encouragement of the management of MTB. Minimization of consuming gas, electricity and water has been advised. Energy saving bulbs as well as other products with eco-friendly features are also being used in the bank offices.

### Fuel Consumption

MTB always tries to ensure economic use of fuel by buying energy efficient cars to reduce gas and petroleum consumption.

### Paper Consumption Management

Green Paper Guideline is an integral part of Green Office Guideline. Internal communications are done through emails. All staff have dedicated email IDs for office use. Customer communications are being done through emails, SMS or ATM displays. Use of one side used papers for note pad has become usual practice in the workplace. One side used papers are also used for printing draft copies of the office assignments. All divisions and branches have been following very stringent policy to prevent misuse of papers.

In addition, all Board and Committee Meeting Agenda are printed on either side of the paper. Online Account Opening Form has been introduced and the Directors are encouraged to use Laptops/Tabs, etc. in the Board Room for review and decision on the Agenda instead of hard copies.

### Renewable Energy Usage

The bank installed solar panels at head office, 9 branches and 9 ATM booths, as a part of its commitment to the usage of renewable energy resources.

### Green Travel:

MTB always encourages the officials to consider the following green approaches while travelling:

- I. Encourage employees to use Public Transport/ Carpool Program.
- II. Encourage employees to use eco-friendly energy for private vehicles.

### MTB's Financing in Green Projects

Green financing could be one of the suitable opportunities to diversify bank's businesses. It is also sensible initiative to keep our environment better. MTB is committed to promote sustainable growth in the economy. During 2017, the bank extended green financing under MTB Green Energy loans of BDT 5.8 million to green project in Hybrid Hoffman Kiln for brick manufacturing. In 2017, MTB implemented the ESRM Policy and Bangladesh Bank brought changes in conditions of Refinance Scheme. This will surely help to finance more in green projects in coming years. To explore new ventures in environment friendly projects,

the bank has conducted several field visits, meetings with the existing and prospective entrepreneurs, consultants and central bank officials. The outcome is positive and we aspire to see the fruition of this endeavor.

### MTB's Way Forward for Green Banking

MTB is devoted to building a sustainable business environment for the country that brings benefit to the society, its inhabitants and the economy. Some future planning regarding green banking is:

- I. Increase both direct and indirect green financing. Special emphasis shall be given on Bangladesh Bank's listed 52 green finance products and banks own upcoming green finance products.
- II. Creating Climate Risk Fund for supporting the environmental disaster like flood, cyclone, etc. MTB shall finance in the affected areas at the regular interest rate without charging additional risk premium. Regular financing flows shall also be ensured in these vulnerable areas and sectors.
- III. Organize Green Events like observing World Earth Day, World Environment Day, etc. in a befitting manner for awareness and compliance.
- IV. Adopt Biometric Smart Card in near future.
- V. Introduction/addition of more Alternative Delivery Channel products and services.
- VI. Bringing remote branches under Video Conferencing rather than undertaking physical visits.
- VII. Emphasize increased usage of alternate available energy sources.
- VIII. Continue to provide training and workshop on Green Banking to employees.
- IX. Arrange more seminars to create customer awareness regarding Green Banking and to promote the Green Products.
- X. Continuously monitor through inventories and records of the consumables like water, paper, electricity, gas, fuel, etc. to reduce consumption in an effort to protect environment.
- XI. Arranging regular Training/Workshop, Seminars related to Green Banking activities and products for the employees and the entrepreneurs.

## INTERNATIONAL TRADE

### Global Perspective

Global and regional financial institutions are now more collaborative with others in order to benefit from the current and developing environment of the Fourth Industrial Revolution, which includes utilizing artificial intelligence (AI), distributed ledger technology (DLT), digital cloud-based databases, smart contracts, 3D printing, advanced robotics and Internet of Things (IoT) in particular. This paradigm shift from competition to collaboration will have an enormous impact on international trade in the years ahead. Replacing the traditional paper based process with the process of exchanging data in electronic platform under the banner of digitization of trade is now a reality, even for a developing country like ours. The year ahead will be a challenging one for trade finance as banks have to choose right technology to collaborate with partners in terms of costs, business prospect, compliance, etc. Although Bangladesh is predominantly using documentary credit's trade payment method for its import and export business, contract based trade methods like documentary collection and open account with its bundle of trade finance products like factoring, forfaiting, account receivable financing, account payable financing, etc. under the banner of supply chain finance, will start to capture the market share of documentary credit in the years ahead.

After the financial crisis of 2008, trade flow figures witnessed ups and downs in the following years. According to the ICC publication, '2017 Rethinking Trade & Finance', 'while a recovery in trade volumes is expected for 2017 and 2018, global trade growth in 2016 was the weakest (USD 15.8 trillion) since the global financial crisis, with goods trade stagnant for most of the year. This was driven by cyclical inventory drawdown across advanced economies and contracting imports in China and major commodity exporters.' The Boston Consulting Group (BCG) highlights the evolution of trade flows and estimates that trade flows will grow at an annual rate of about 4.3% to reach nearly USD 19 trillion by 2020. China's various collaborative steps including the Belt and Road (B&R) Initiative, which targets to recreate the old Silk Road with massive infrastructure projects to connect China to Europe and beyond, and American protectionism may re-shape the trajectory of the world trade flow in the coming days.

### Bangladesh Perspective

According to Bangladesh Bank data, Bangladesh earned USD 34.01 billion with 1.70% increase in exports and spent USD 43.49 billion with 9% increase in imports in the fiscal year 2016-17. Consequently, the trade deficit in fiscal year 2016-17 was USD 9.48 billion which was 46.75% higher than the trade deficit of USD 6.46 billion of the fiscal year 2015-16. The deficit

widened as import spending increased faster than export earnings. Import spending increased with the increase in oil prices and because of import of capital machineries for major projects.

Source: Bangladesh Bank

The top destinations for Bangladesh's export business are USA, Germany and UK. Bangladesh's export items consist of mainly knitwear, woven garments, frozen food, jute, jute goods, leather and leather products, etc. The Bangladesh government has set its export target at \$41 billion for the fiscal year 2017-18 with a growth target of 7.87%. The country is expecting growth in the apparel export markets next year. Bangladesh's import items consist of mainly petroleum, oil, chemicals, fertilizer, raw cotton, yarn, textile materials, capital machinery, iron, steel and food grains. In 2017, the government had to import food grains in higher volume because of high rice prices, fast depleting stocks and floods destroying crops in the north of the country.

In 2017, the government had to import food grains in higher volume because of high rice prices, fast depleting stocks and floods destroying crops in the north of the country.

### MTB Perspective – Export

In 2017, MTB achieved a significant growth in both export and import business. MTB's export volume

grew from USD 640 million in 2016 to USD 748.02 million in 2017, an increase of 16.88% MTB's export business facilitation consists of items like ready-made garments, frozen foods, jute products, leather and leather products, etc.

### MTB Perspective – Import

MTB's import volume was USD 1,288.53 million in the year 2017, an increase of 28.21% from USD 1,005 million of the year 2016. MTB's import business facilitation consists of items like capital machinery, industrial raw materials, food grains, consumer goods, etc.

**MTB International Trade Business** In Million (USD)

### Business Outlook

The global economy will continue to benefit from supportive fiscal policies and modern trade solutions next year. According to focus-economics.com, the global economy is expected to grow 3.2% in 2018. Both developed and emerging economies are expected to continue their positive growth trends. Bangladesh's business outlook in 2018 looks positive for international trade. Considering the ongoing and upcoming huge infrastructure development works, Bangladesh is expected to be more active in importation of capital machinery, generator sets and others in 2018 and onward. Moreover, the shifting of China's economic policy to concentrate on the production of sophisticated high value content products is providing a unique opportunity for the Bangladeshi exporters to grab a substantial market share of lower value content manufacturing products of global trade in the coming years. MTB plans to provide innovative trade finance solutions to customers to support the upward trend in the export-import business of our country in future. Therefore, MTB's international trade business is expected to continue its growth trajectory in the year 2018.

### Offshore Banking Unit (OBU)

Offshore banking refers to international banking involving non-residents' foreign currency-denominated assets and liabilities. Offshore banking units conduct their deposit taking and lending activities with foreign investors without conflict with the domestic fiscal and monetary set-up and independent of the local commercial banking system. An efficient offshore banking system is imperative in ensuring the success of incoming foreign investment. Bangladesh's offshore banking market is well dominated by the foreign banks. However, Mutual Trust Bank Limited (MTB) has been striving really hard to make a strong foothold in the offshore banking arena by attracting a good number of customers. MTB is currently offering quality offshore banking products and services while maintaining highest levels of professionalism and excellent customer services.

MTB obtained the Offshore Banking Unit (OBU) permission on December 3, 2009 and commenced operation from December 07, 2009. The MTB OBU is governed under the rules and guidelines of the Bangladesh Bank. The MTB OBU has been offering Offshore Banking facilities through its office located at 26, MTB Centre, Gulshan South Avenue, Gulshan Circle 1, Dhaka 1212. The total loans and advances of the MTB OBU reached to USD 111.70 million equivalent to BDT 9.24 billion as on December 31, 2017 compared to USD 39.72 million equivalent to BDT 3.13 billion as on December 31, 2016 recording a staggering growth of 181 percent. However, in the year 2017, OBU made operating profit of USD 1.50 million equivalent to BDT 120.99 million as against USD 0.44 million equivalent to BDT 34.79 million in 2016 with an outstanding growth of 238 percent.

## NRB OPERATION

Remittances help in macroeconomic development process of our country as it delivers significant sources of foreign currency, surges national income, finances imports and contributes to improve the balance of payment situation. Banking the unbanked is crucial for higher remittances.

Mobilizing remittance as a source of foreign currency is pivotal for any bank. Inward Foreign Remittance plays a vital role in lessening the bank's dependency on inter-bank market for payment of import bills. In the last 5-years Bangladesh witnessed a GDP growth of more than 6.50 percent and achieved 7.2 percent in 2016-17. It has been largely driven by its remittances, exports of readymade garments and the domestic agriculture sector. The annual remittance earning of Bangladesh now hovers at around \$12 billion.

MTB is a brand for its image among the non-resident Bangladeshis and their family members at home and abroad. Apart from providing premier services, we are facilitating the Bangladeshi workers by Account Opening programs. Furthermore, we are marketing different products of the Bank through our subsidiaries, correspondents and contractual marketing agents among the expatriates. MTB has been contributing to the growth of national economy by providing simple, quick and safe way to send money to Bangladesh through different distribution channels from abroad. MTB has a wide network of 111 branches and 50 Agent banking centres located at strategic places of commercial and business importance all over the country. Funds also can be directly credited into the accounts maintained with MTB.

MTB Introduced API (Application Program Interface), an automated process, to receive inward remittance faster from the Exchange Houses abroad. MTB has agency arrangements with 28 overseas Exchange Companies abroad along with the International Agencies like -Money Gram, Western Union, and Express Money through which it receives remittances from Kuwait, Oman, Bahrain, UAE, UK and other Middle-East countries.

There is broad consensus that access to a transaction account can help people better manage their lives

and plan for emergencies, the first step towards financial inclusion. To bring the NRBs and their families into financial inclusion, we have developed deposit products in accordance with their needs. We help NRBs to open deposit accounts through our own representatives and correspondents abroad. Through our relentless efforts and exemplary services to the NRBs, we have managed to open 23,279 accounts up to December 2017 and the deposit balance in these accounts now stand at BDT 1.89 billion.

In 2017, MTB received remittance of USD 312 million through 28 overseas exchange houses around the world.

### Business Highlights:

The bank has signed remittance agreements with 9 Exchange Companies in 2017 including BRAC SAAJAN Exchange, Trans Fast Remittance L.L.C, NEC MONEY TRANSFER LTD, etc.

Also, MTB introduced Non-resident Investors Taka Account (NITA). NITA is a current deposit product with no interest bearing for the non-resident investor (non-resident persons/institutions including non-resident Bangladesh nationals) to invest into Bangladesh Capital Market and Government Bonds and Securities.

### Strategic plans (Thinking forward for future prospects):

In order to be competitive and also to realize its vision into reality MTB NRB Division has the following action plans in mind:

- Direct integration with the leading banks of the beneficiary countries
- Expansion into Europe and United States
- Increasing the number of beneficiary countries by introducing new services with existing exchange houses and partnering with new exchange houses
- Introducing other related products (mobile phone top up, pre-paid card, foreign currency, etc.)
- Simplifying operational activities in order to offer the beneficiaries more expedient services.
- Use of latest technologies under digital payment systems to encourage non-resident Bangladeshis (NRBs) to send their hard-earned money through banking channel instead of 'hundi.'

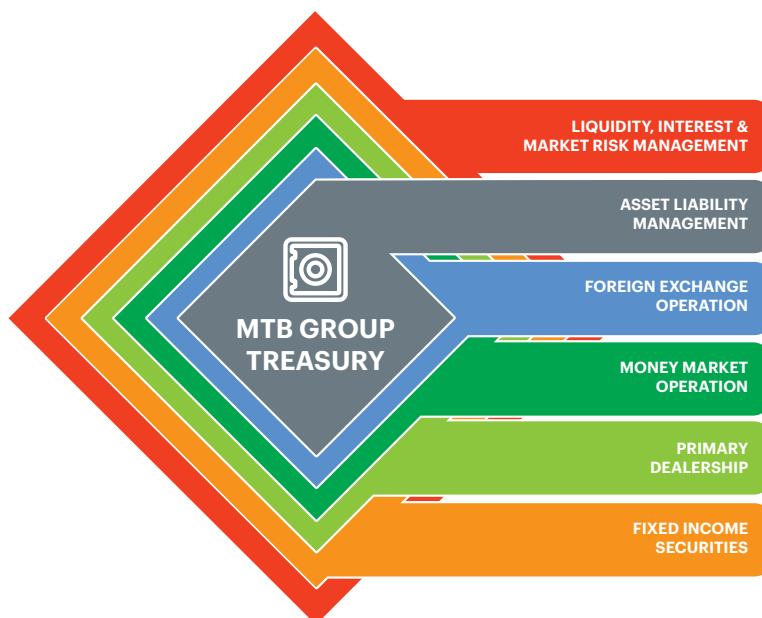

We also strive to achieve the most competitive exchange rates for our consumers through relationships with our banks in our beneficiary countries, thus providing our consumers the best price as well as providing them with the best customer service possible.

## TREASURY OPERATION

In line with the ever increasing pace of change to regulations and the increased globalization of the markets, MTB Treasury played a significant role for the overall fund management of the bank. Treasury performs a lot of functions including fund management, maintaining CRR and SLR, investing in Government securities and bonds, placing fund

in the inter-bank market, etc. Apart from liquidity management, interest rate risk management and exchange rate risk management is also crucial for a treasurer due to the fact that a small change in the interest rate in the market causes huge losses on the investment in interest rate sensitive assets resulting in a decline in equity value.

2017 has been a remarkable year for MTB Group Treasury, when it set new record of achievement in MTB's history thwarting various global as well as domestic challenges. It forecasted the market movement accurately and remained vigilant to gain from favorable events and to lessen risk from unfavorable ones.

### Foreign Exchange Operation

The world could not come at peace even in 2017 and freshly, Bangladesh had to provide the asylum to

Thousands of Rohingya after they had encountered extreme violence and torture. However, the oil price increased to around USD 59 as the slow increase in price continued since September 2017. The demand for USD also started to increase since May 2017 and the demand accelerated when the country experienced the urgency to import food grains as the flood in later period caused huge destruction of crops along with depletion in the silos of public food stock. In addition to those, the import of capital machinery, industrial raw materials and accessories put pressure of foreign currency market of Bangladesh.

### USD-BDT Exchange Rate & Country's FX Reserve

Source: Bangladesh Bank website

The exchange rate was BDT 78.80/USD in December 2016 and it soared high as much as to BDT 82.55/USD in last December. The country marked the foreign exchange reserve of USD 33.23 billion in December 2017 banking mostly on RMG export earnings, agro products and frozen food export earnings, jute export earnings, leather export earnings and remittance.

Later, the reserve dropped mainly due to making import payment for food grains, capital machinery, raw material and accessories. Though the remittance earnings hit some decline in the very beginning of the year which continued till the middle of 2017. The country has now the capacity to make import payment in foreign currency for around eight month without any worry.

### Foreign Exchange Reserves and Import Coverage

Source: Bangladesh Bank website

The experienced treasury team remained observant of those major events and took enviously correct decisions which helped MTB to mitigate the foreign

exchange rate risk and to optimize the return besides being compliant of the regulatory requirement. In 2017, all the regulatory compliance maintained efficiently.

### Money Market Operation

Money market activities refer to raising and deployment of short-term funds with maturity not exceeding one-year. Money market scenario of Bangladesh did not change much in 2017 and relatively stable like previous year. Throughout the year, interbank call money rate hovered around 3.00 to 4.50 percent indicating a very liquid money market. The repo rate was 6.75 percent while the reverse repo rate was 4.75 percent in the year 2017. Both the rates remained far above the interbank call money rate and it indicates the liquidity scenario of the year 2017. Despite this liquidity, the treasury team had been able to tap good return from the money market investment and fund mobilization while minimizing both interest rate and liquidity risk, due to their prudence.

### Government Securities

In a well diversified financial system government securities market has a very important role to play. Bond financing allows diversification of credit and investment risks and thus reduces macroeconomic vulnerability to shocks and systemic risk. The available government debt instruments are the treasury bills and treasury bonds. Banks and financial institutions are the main buyers of treasury bonds. As a regulatory requirement, bank in Bangladesh has to meet SLR of 13 percent of average demand and time liabilities. And in compliance of the regulation by Bangladesh Bank, MTB maintained SLR of 13 percent throughout the year 2017. SLR has been maintained in the mode of Government Securities, i.e. Treasury Bills and Bangladesh Government Treasury Bonds.

### T-Bill Yield Trend

Source: Bangladesh Bank website

The yield from all types of Treasury Bill mounted in June 2017 from its stable point. Afterwards fourth quarter of 2017, the yield from 91-day Treasury Bill experienced huge fluctuation.

In case of Bangladesh Government Treasury Bond, the yield also increased since the month of June 2017. These upsurges were powered by new fiscal policy supported by Government's initiative to finance mega projects via these modes.

### BGTB Yield Trend

Source: Bangladesh Bank website

### Primary Dealership

MTB is one of the active members of primary dealers' of Bangladesh Limited (PDBL). Each member of PDBL has the obligation to perform as the underwriter of government securities which are used as a source of finance implementing national budget. Being a member of PDBL, MTB is a regular participant in the auction of government securities which takes place a specific calendar date. MTB has the obligation to underwrite a certain percent of government securities. MTB holds a significant amount of investment in government securities generating a healthy yield either in the mode of interest income or capital gain. MTB has been playing a dynamic role in developing an active and vibrant interbank secondary market of government securities from the very beginning. It also provides advisory services to its existing and potential corporate customers for making investment decisions on fixed income securities.

### Asset Liability Management (ALM)

The responsibility of ALM Desk is to render judgments on overall balance sheet risk and to recommend effective way forward in terms of interest rate, business

strategy and policy prioritization. MTB Group Treasury has done exceptionally well in this area by keeping management well-informed of crucial developments in the market and pricing techniques of liabilities and assets. ALM Desk analyses, evaluates and interprets the market scenario on a regular basis to ensure the right balance between product profile, cost and risk exposure. They provide valuable inputs in MTB Asset Liability Committee (ALCO). ALCO is comprised of senior management of MTB. MTB Asset Liability Committee meets monthly at least once to discuss the current local and global market outlook, major issues that may shake the existing interest rate, liquidity and to decide on policy regarding interest rates and thrust sectors. In 2017, ALCO took some imperative and judicious decisions regarding interest rates, liquidity positions and other various risks associated with balance sheet that helped MTB accelerate the pace of growth.

## AGENT BANKING

Agent banking is one of the vital moves that Mutual Trust Bank (MTB) has made with a view to providing banking and financial services to the unbanked population across the country and contributing to the financial inclusion countrywide. The journey, which started with setting up the first MTB Agent Banking (MAB) Centre in Jahapur Bazar, Muradnagar, Comilla in June 2016, resulted in reaching the targeted milestone of 50 such centers across the country by the end of 2017. Out of the total 50 centers, 40 were set up in 2017 alone. Agent banking is a fairly new concept in the banking sector of Bangladesh through which customers, who reside outside of the periphery of bank branches, can get a limited scale of banking services. An agent, who is appointed under an agency agreement, acts as the representative of MTB and carries out the transactions on behalf of the bank. Agent banking thus creates an alternative delivery channel that provides convenient and low cost banking services to places, where a fully equipped branch is difficult, or not viable.

As of 31st December, 2017, MTB Agent Banking opened a total of 14071 accounts, the total deposit figure stood at BDT 393 million and BDT 185 million of cash disbursement was made against foreign remittance through this channel. MTB Agent Banking Department carried out a three-month long business campaign titled 'MTB Agent Banking Business Boost 2017' from August to October of the year and successfully achieved all the set benchmarks (figure 1). Under a joint program of Bangladesh Bank and Alliance for Financial Inclusion (AFI) of Malaysia titled "AFI-BB Joint Learning Program (JLP) on Digital Financial Services 2017", 32 foreign delegates from 22 countries visited MTB Bauniabadh Agent Banking Centre, Bauniabadh, Kalshi, Dhaka on December 6, 2017. MTB Agent Banking Department also ran Customer Awareness Campaigns in MTB Kudimpara Agent Banking Centre, Ishwardi, Pabna; MTB Bagherhat Agent Banking Centre, Feni; and MTB Khironshal Agent Banking Centre, Chaudagram. In addition to these, the department also arranged Discussion & Training Sessions in Chittagong and Sylhet, Orientation Training for new agents at MTBTI and Agent Searching Conference in Chittagong.

To facilitate and to make the services of agent banking secure, the Agent Banking Software (ABS) is used

which enables the online transactions to be real time. The transactions are secured by a two-factor authentication (2FA) mechanism in which thumbprints of both the customer and the agent are used through a biometric device to validate transactions. The customer is notified through a system generated printed receipt of the executed transaction and an SMS alert as well.

At present, services that MTB offers through agent banking include:

- Collection and processing of forms for account opening
- Collection of small value cash deposits and withdrawals
- Inward foreign remittance disbursements
- Facilitating small value loan disbursements
- Facilitating utility bill collections
- Receiving clearing cheques
- Electronic funds transfer through BEFTN & RTGS
- Debit/Credit card request processing
- Facilitating mobile recharge
- Balance inquiry
- Cash payment under social safety net program of the government
- Collection of insurance premium & school fees
- Internet banking

MTB Agent Banking Department plans to add 75 agent banking centres to its fleet by the end of 2018. It also plans to introduce SME, agri and retail loan products and social safety net payment. MTB looks forward to expanding its agent banking network since it enables the bank to extend its services to the underserved people living in the remote regions, where traditional branch banking is difficult to perform. MTB also wants to make its services accessible in a cost effective manner to those who have little formal and financial literacy.

### Performance Highlights of 2017

							
Total MAB Centers	Districts Covered	Rural Areas Covered	Urban Areas Covered	No. of Accounts	Customer Liabilities (BDT Million)	Remittance Count	Remittance Amount (BDT Million)
50	23	43	07	14,071	393	6,418	185

## SPECIAL ASSET MANAGEMENT

MTB is incessantly working to establish it as a viable economic enterprise and striving to increase stakeholders' value. In this regard, the bank has been trying to have solid earning capacity stemming from a vibrant, diversified quality credit portfolio backed by capital adequacy, low cost and stable deposit base, wide range of products and services along with competent and committed human resources. In order to keep the loans regular and performing and strengthen the recovery drive, Special Assets Management Division (SAMD) is in place to act as a team of warriors to make the book good as MTB declared 'War against NPL' as the top priority task. Keeping this objective in view, MTB had taken many initiatives to recover from classified and written-off loans towards minimizing provisions and maximizing profitability.

### MTB CL TREND FROM 2008 TO 2017

It is an admitted fact that a bank's financial health is largely dependent upon the extent and size of performing assets. Credit losses are equivalent to capital losses. An increase in non-performing loans (NPL) has the multi-pronged adverse impacts on bank's balance sheet having consequential effect of erosion of capital impairing earning streams, profitability, liquidity and solvency. As such, MTB always strives harder to keep NPLs as minimum as possible.

### Industry CL Trend (Gross NPL percentage by Types of Banks)

**SPECIAL ASSET MANAGEMENT: WHY?**

Striving harder for recovery/regularization of Special Assets i.e., Non-Performing Loans (NPL) A/Cs in order to have a sound and good portfolio, saving the bank from provisioning is the core function of SAMD.

Customer calling, following-up the promises/commitments made by NPL clients while visiting their business premises/houses/factories/ eligible securities along with suits filed at different courts against those defaulted borrowers helping concerned branch officials are the important parts of ongoing pro-active and pragmatic measures for recovery/regularization of NPL A/Cs.

**ACTIVITIES OF SPECIAL ASSETS MANAGEMENT DIVISION:**

In order to ensure recovery/regularization of NPL A/Cs and saving bank from provisioning, activities of SAM Division as per CRM guidelines are stated below:

- Overall Action plan/ Recovery strategy of the bank is determined on quarterly basis having its aim in front.
- Periodic action plans are prepared and filed properly on quarterly basis.
- Making of all out efforts to maximize recovery.
- For providing adequate and timely loan loss provision, branches are helped based on actual and expected losses.
- The status of CL is collected from branches after which, checking the same as per latest BRPD circular on loan classification.
- NPL A/Cs are rescheduled maintaining norms/ rules/circulars.
- Classified loan A/Cs are reviewed considering all possible ways to recover them.
- Legal actions are initiated as per norms/rules/ circulars, if required with the help of Legal Department.
- Court cases are followed up regularly ensuring that necessary steps are taken for early resolution.
- Classified Loan Review (CLR) Report are collected by SAMD from the concerned branches within 15 (Fifteen) days of becoming CL.
- Eligible Security value of mortgaged property is determined in line with Bangladesh Bank Guidelines.
- Ensuring that appropriate authorities approve exceptions, waiver of interest and reschedule/ compromise, settlement, where applicable Bangladesh Bank approvals are obtained.
- Ensuring that appropriate authorities approve write-offs in line with Bangladesh Bank Guidelines.
- Ensuring that appropriate authorities approve legal action against defaulted borrowers and foreclosure and sale of collateral.
- Helping the concerned branches to determine Forced Sale Value (FSV) of eligible securities mortgaged for accounts.

# RISK MANAGEMENT

Risks, the measurable uncertainties, are the events, we know, can happen and for being enabled to predict their future likelihood, we have necessary data. Mathematically, risk is the probability of an adverse occurrence multiplied by the impact of that adverse occurrence. Through systematic risk analysis, available information are objectively used to determine how often, specified events might occur, their magnitude and consequences. In MTB, we understand that risk is an inherent element of doing business. Since risk is innately embedded in every action of banking, utmost attention is given to analyze various risk factors from multiple avenues so that the probability of occurring unfavourable events could be minimized, and favorable return be maximized.

Risk and return are always inversely proportionate. Making perfect balance between these two aspects is a classical predicament to the successful growth of business. MTB focuses on transparency of contracts between the parties, accountability to the stakeholders and the proper mix of assets and liabilities to make sure that risk and reward are duly balanced.

MTB attaches the highest priority to establish, maintain and upgrade risk management infrastructure, systems and procedures. Adequate resources are allocated in this regard to improve skills and expertise of relevant employees to enhance their risk management capacity. The risk management guidelines and other policies and procedural guidelines are approved, and regularly reviewed by the Board of Directors of MTB to bring these up to the finest satisfaction level. The capacity to make forward-looking choices about risk in relation to reward,

and to evaluate performances, lies at the heart of the management process of MTB.

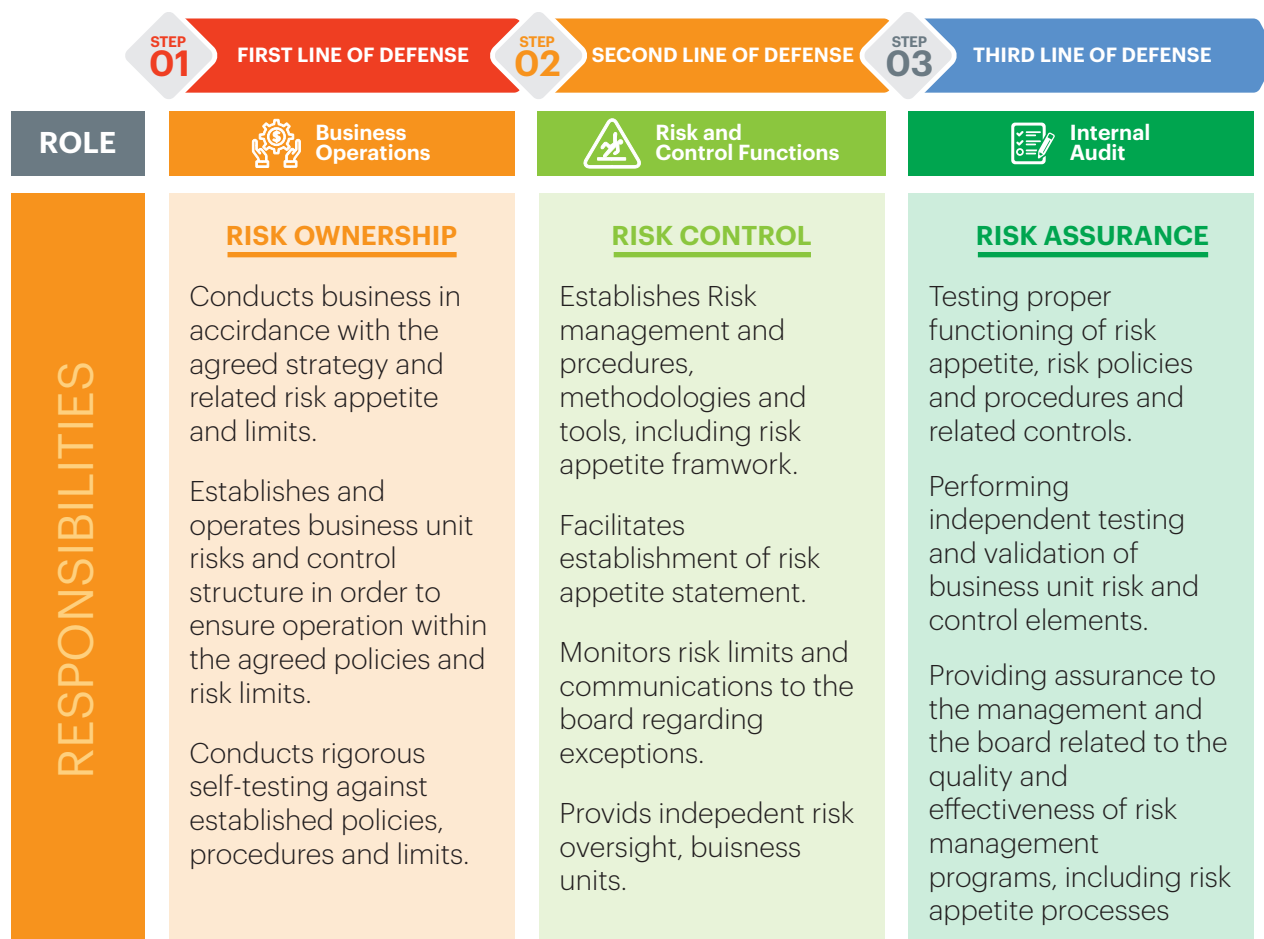

## Risk Management Framework

The primary goals of risk management are to ensure that the outcomes of risk-taking activities are consistent with the bank's strategies and risk appetite, and that there is an appropriate balance between risk and reward in order to maximize shareholders' returns. The bank's enterprise-wide risk management framework provides the foundation for achieving these goals.

This framework is subject to constant evaluation to ensure that it meets the challenges and requirements of the global markets in which the bank operates, including regulatory standards and industry best practices. The risk management programs of the bank's subsidiaries also conform in all material respects, to the bank's risk management framework, although the actual mode of execution of their programs may be different.

The bank's risk management framework is predicated on three-lines-of defense. In this model, functional business line of management (the first line) incurs and owns the risks, while risk management and other control functions (the second line) provide independent oversight and objective challenge to the first line of defense. Internal Audit Department (the third line) provides assurance that control objectives are achieved by the first and second lines of defense.

MTB's risk management framework is applied on enterprise-wide basis and consists of the following key elements:

- Risk Governance,
- Risk Appetite,
- Risk Management Techniques and
- Risk and culture

#### **Risk Governance**

MTB's governance structure specifies the policies, principles and procedures for making decisions about corporate direction. MTB has a disciplined risk governance structure that facilitates oversight of and accountability for risk at all levels of the bank and across all risk types. Its risk governance structure follows the principles of transparency, fairness of key people, clear accountability, skill development and competencies, compensation architecture, etc.

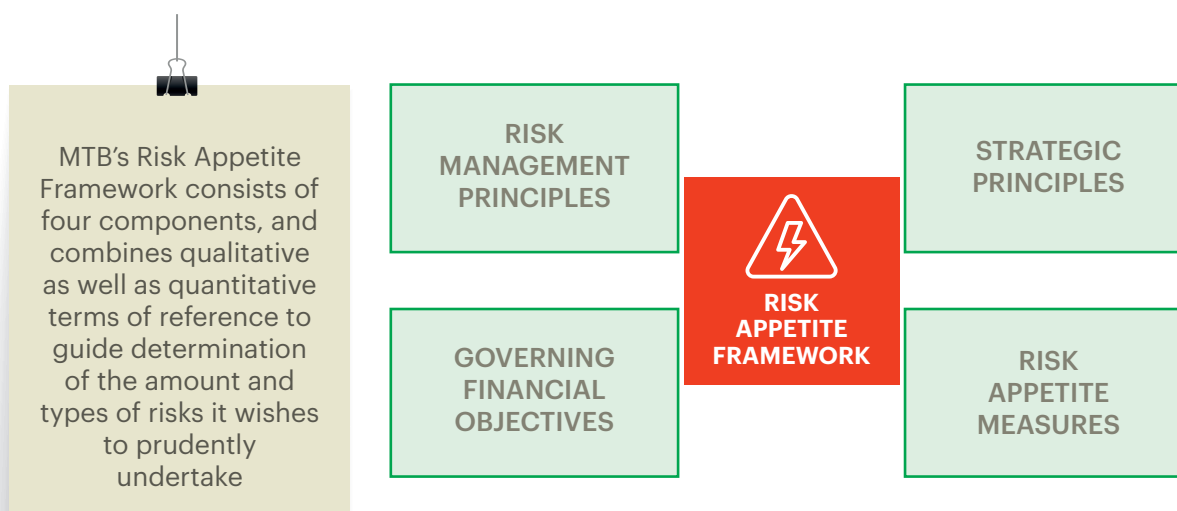

The learned Board of Directors of MTB exercises oversight and provides guidance to the experienced Senior Management team that works closely with other teams in managing risks. Understanding the highly specialized nature of managing risks, decision-making is centralized, largely, through a structure of different risk management committees.

### Risk appetite

MTB understands that effective risk management requires clear articulation of the bank's risk appetite and how the bank's risk profile will be managed in

relation to that appetite. The bank's risk appetite framework governs risk taking activities on an enterprise-wide basis.

### Risk management principles

MTB's principles of risk management are based on the qualitative foundation of risk appetite framework. These principles include:

- Promotion of a robust risk culture
- Determining accountability for risk by the business lines

- Avoidance of excessive risk concentrations, and
- Ensuring that the risks are clearly understood, measurable, and manageable

### Strategic principles

Strategic principles outline qualitative benchmarks to guide the bank in its pursuit of the governing financial

objectives, and to gauge broad alignment between new initiatives and the bank's risk appetite. MTB's strategic principles include:

- Placing emphasis on diversity, quality and stability of earnings
- Focusing on core businesses by leveraging competitive advantages, and
- Making disciplined and selective strategic investments

### Governing Financial Objectives

MTB always focuses on long-term shareholder value. These objectives include sustainable earnings growth, maintenance of adequate capital in relation to the bank's risk profile, and availability of financial resources to meet financial obligations on a timely basis at reasonable prices.

### Strategies, Policies and Limits

#### Strategies

Risk management strategies sketched by MTB provide quantitative and qualitative guidance. This guidance is, in turn, used to set limits and guidelines on the types of risk taking activities the bank is prepared to assume in pursuit of its strategic and financial objectives.

#### Policies

Policies apply to the specific types of risk or to the activities that are used to measure and control risk exposure. They are based on recommendations from risk management, audit, business lines, and senior executive management. Industry best practices and regulatory requirements also act as key factors of the policies. Policies are guided by the bank's risk appetite, limits and controls, within which the bank and its subsidiaries can operate. Key risk policies such as ICAAP (Internal Capital Adequacy Assessment Process) policies are approved by the Board of Directors, with prior approval of the Board Risk Management Committee (BRMC).

#### Limits

Limits rationalize risk-taking activities within the tolerances established by the Board and senior management. Limits also seek to establish accountability for the key tasks in the risk-taking process and establish

### Risk appetite measures

Risk appetite measures of MTB delineate objective matrices that gauge risk and articulate the bank's risk appetite. They provide link between actual risk taking activities and the risk management principles, strategic principles and governing financial objectives described above. These measures include capital and earnings ratios, market and liquidity risk limits, credit and operational risk targets.

### Risk management techniques

Sound risk management includes techniques that are guided by the bank's Risk Appetite Framework and integrated with the bank's strategies and business planning processes.

the level or conditions under which transactions may be approved or executed.

### Guidelines, Processes and Standards

#### Guidelines

The directives are provided to implement policies as set out above. Generally, they describe the facility types, aggregate facility exposures and conditions under which MTB is prepared to do business. Guidelines ensure that the bank has the appropriate knowledge of the clients, products, and markets, and also that, it fully understands the risks associated with the business it underwrites. Guidelines may change from time to time, depending on the market or other circumstances.

#### Processes

Processes are the activities associated with identifying, evaluating, documenting, reporting and controlling risk.

#### Standards

Standards, define the breadth and quality of information required to make a decision and the expectations in terms of quality of analysis and presentation. Processes and standards are developed enterprise-wide, and documented in a series of policies, manuals and handbooks. Key processes cover the review and approval of new products, model validation and stress testing.

## Measurement, Monitoring, and Reporting

### Measurement

MTB's risk management is responsible for developing and maintaining appropriate varieties of risk management techniques to support the operations of various business lines, and the measurement of enterprise-wide economic capital. The risk sections explain the application of these techniques.

Risk measurement techniques include the use of models and stress testing. The bank uses models for a range of purposes including estimating the value of transactions, risk exposures, credit risk ratings and parameters, and economic and regulatory capital. The use of quantitative risk methodologies and models is balanced by a strong governance framework and includes the application of sound and experienced judgment. The development, independent review, and approval of models are subject to formalized policies where applicable, including the oversight of senior management committees.

### Regular Monitoring

Continuous monitoring ensures that business activities are within approved limits or guidelines, and are aligned with the bank's strategies and risk appetite. Breaches, if any, of these limits or guidelines are reported to the senior management, appropriate committees, and/or Board depending on the intensity that might warrant.

### Risk Reports

Risk reports aggregate the measures of risks across products and businesses, and are used to ensure compliance with policies, limits, and guidelines. They also provide a clear statement of the amounts, types, and sensitivities of various risks in the bank's portfolio. Senior management and the Board use the information to understand the bank's risk profile and the performance of the portfolio.

Control and audit functions are also established that are independent of other functions in the organization. In functional discharges it is ensured that all the components of the risk management framework are effective and are implemented on a day to day basis.

### Stress Testing

A risk management technique used to evaluate the potential effects on an institution's financial condition of a specific event and/or movement of a set of financial variables. This involves several shocking events e.g. increase of NPLs, adverse change of interest rates, and exchange rates, market price changes, decrease in forced sale value of collaterals etc. Each shocking events contains Minor, Moderate and Major levels of shock.

### Objective of Stress Testing:

The Stress Testing report provides a structured way of assessing the vulnerability of a bank to extreme but plausible market conditions. The Stress Testing report also enables banks to accurately assess the impact of risks, and defines the 'risk appetite' of the organization and also provides critical information to the top management as well as to the Board of Directors for taking decisions on capital allocation and contingency planning.

Our stress testing framework is designed to:-

- Contribute to the setting and monitoring of risk appetite
- Identify key risks related to our adopted strategy, financial position and reputation
- Examine the nature and dynamics of the risk profile and assess the impact of stresses on our profitability and business plans
- Ensure that effective governance, processes and systems are in place to co-ordinate and integrate stress testing information to the senior management
- Ensure adherence to the regulatory requirements

MTB conducts the stress testing of the bank on a quarterly basis and reports the same to Bangladesh Bank.

### Risk Management Culture

MTB, focuses on effective risk management that requires a strong, robust, and pervasive risk management culture. The Business Lines of MTB are responsible for the development and execution of business plans that are aligned with the bank's risk management framework, and are accountable for the risks they incur. Understanding and managing those risks is a fundamental element of each business plan. In MTB, business units work in partnership with Risk Management framework to ensure that the risks arising from their businesses are thoroughly and clearly identified, evaluated, and appropriately addressed.

Decision-making on risk issues is highly centralized in MTB. The Senior Members of different committees are responsible for the review, approval and monitoring of transactions and the related risk exposures. The flow of information and transactions to these committees keeps them well informed of the risks the bank faces, and ensures that the transactions and risks are aligned with the bank's risk appetite framework.

### Risk Management Levels at MTB

#### Strategic Level

- At strategic level, MTB Board of Directors (BoD) defines the risk appetite and approves overall risk policies, procedures, and guidelines for the bank.
- The Executive Committee (EC) approves loans and investments, and administers various functions assigned to them by the Board.
- The Board Risk Management Committee (BRMC) sets up risk governance structure, and risk philosophy to ensure adequate capital, and appropriate capital adequacy assessment process to accommodate the present, and future business operations. This committee also reviews risk policies and recommends to the Board.
- The Audit Committee (AC) is responsible for reviewing the adequacy of the bank's risk management processes, policies, and the effectiveness of implementation of the risk management system.
- All Risk Committee (ARC) continuously monitors policies, and the threshold limits of risks, that may be taken in line with the bank's risk appetite.

### Managerial Level

- At managerial level, the policies and the strategies approved by the BoD are implemented by the management.
- The Credit Evaluation Committee (CEC)
- The Assets-Liability Committee (ALCO) works for managing market price risk, liquidity risk and interest rate risk in a better way.

### Operational Level

- Operational level encompasses on-the-line risk management, where risks arise from front office, or from credit desk of the bank. At this level, MTB, with its various divisions and officers, work rigorously to combat those risks.
- MTB established Credit Risk Management Division (CRM), Credit Administration Department (CAD), Internal Control and Compliance Department (ICCD), and Risk Management Division (RMD) to mitigate risks in a better way.
- MTB also has Branch Anti Money Laundering Compliance Officer (BAMLCO) for every Branch under dedicated Chief Anti Money Laundering Compliance Officer (CAMLCO) to manage money laundering risks.

### Focusing Capital on the long term

The bank's capital plan draws key inputs from the periodic strategic business plans. The strategic plan aims to create a holistic perspective on business outlook, funding needs, capital requirement as cushion and risk-return considerations. The long term strategic targets are translated into measurable short to medium term financial goals for measuring and monitoring performance. The strategic planning process combines both the approaches: top-down target setting and bottom-up substantiation. In the first phase, bank-wide key targets (asset growth, funding sources, profitability, liquidity, and solvency) are set by the Board of Directors. In the second phase, the objectives are substantiated by the management at different levels through careful review of business and economic outlook leading to the detailed business plans, which consist of month by month functional targets. The resulting strategic plan is finally presented to the Board for discussion and approval.

All financial targets are monitored on an ongoing basis by the respective committees (MANCOM, BRMC, SRP Team) and Board/Board Committees. Any shortfall from targets is discussed together with potential mitigating strategies seeking to ensure that MTB remains on track to achieve targets. Amendments to the strategic and capital plan are approved by the Board of Directors. Achieving targets ensures that MTB also complies with the Supervisory Review and Evaluation Process requirements as articulated by Bangladesh Bank.

### Liquidity Risk Management:

Liquidity risk in MTB is assessed to measure risk arising from its potential inability to meet all payment

obligations when they come due or only being able to meet these obligations at excessive costs. The objective of the MTB's liquidity risk management framework is to ensure that it can fulfil its payment obligations at all times and can manage liquidity and funding risks within its risk appetite. The framework considers relevant and significant drivers of liquidity risk, be it on-balance sheet or off-balance sheet.

An important aspect of measuring liquidity risk is making assumptions about future funding needs. While certain cash inflows and outflows can be easily calculated or predicted, the bank also makes assumptions about future liquidity needs, both in the very short term and for longer time periods. One important factor to consider is the critical role a bank's brand and reputation play in its ability to access to funds readily and at reasonable terms.

We have identified several key liquidity risk indicators, which are monitored on a regular basis to ensure healthy liquidity position. These ratios are:

- Statutory Liquidity Ratio (SLR)
- Liquidity Coverage Ratio (LCR)
- Net Stable Funding Ratio (NSFR)
- Asset to Deposit Ratio
- Maximum Cumulative Outflow
- Medium Term Funding Ratio

The second and third ratios mentioned above have been introduced by Bangladesh Bank under Basel III guidelines in order to achieve two separate but complimentary objectives. The first objective of LCR is to promote short-term resilience of a bank's liquidity risk profile by ensuring that it has sufficient high quality liquid resources to survive an acute stress scenario lasting for one month. The second objective of NSFR is to promote resilience over a longer time horizon by creating additional incentives for a bank to fund its activities with more stable sources of funding on an ongoing structural basis.

MTB is maintaining a strong liquidity base reflecting its sound position in the industry. Cash Reserve Ratio (CRR) and Statutory Liquid Ratio (SLR) of the bank are above the regulatory standard of 6.5% and 13% respectively. Short-term resilience of the bank is reflected through 127.92% Liquidity Coverage Ratio (LCR) against regulatory standard of at least 100%. MTB shows resilience over the longer time horizon as it is capable of funding its activities with more stable sources of funding on an ongoing structural basis. This is reflected in its Net Stable Funding Ratio (NSFR) of 100.85% in 2017 against regulatory standard of at least 100%.

### MTB Risk Management Practice on Six Core Risk Areas

MTB conducts its operations by ensuring compliance with the Core Risk Management Guidelines, which covers the following risks:

## Credit Risk Management

Credit risk is the probability that, a bank's borrower or counterparty will fail to meet its obligations in accordance with agreed terms. To manage these risks, MTB's credit functions are conducted in a compliant manner under strict, judicious and rational credit policies and principles in conformity with Credit Risk Management (CRM) guidelines of Bangladesh Bank. MTB approves credit to the eligible clients through credit processing system. MTB's international trade service operations are conducted through its three offices under Mutual Trust Bank International Trade Services (MITS). In MTB, renewal and extension of any credit facility require completion of pertinent due diligence processes including, as applicable, stock verification, rigorous need assessment, insurance coverage of the insurable objects, judicious collateral coverage, cash flow supported repayment capacity, etc. MTB panel lawyers examine the security related documents to reduce the residual risks. Other than these, the mechanisms and tools, through which MTB manages credit risks, are as follows:

### Exposure Ceilings

MTB has its lending cap for different business sectors, industries, and locations, which is strictly tried to be adhered to. Lending cap is constantly reviewed in order to remain reasonably aligned with the business needs. The bank never exceeds the Single Borrower Exposure Limit set by Bangladesh Bank (BB).

### Prudent Credit Sanctioning Process

Credit initiation and approvals, in MTB, are done in a segregated manner. Each and every sanction is done through a very stringent evaluation process, which, in fine, ensures quality of assets and minimizes losses likely to arise from potential bad loans. In order to make credit operations judicious, quality and rewarding, MTB has a strict credit policy in place. The policy, among others, requires:

- Clean and up to date Credit Information Bureau (CIB) report of the Client and their allied concern
- Verification of the collaterals by the enlisted surveyors and obtaining legal opinion on acceptability of the collaterals and protecting the bank's interest
- Ascertaining credit worthiness and need of the borrower, purpose and sources of repayment
- Conducting lending operations complying with the underlying norms and regulations
- Emphasizing maintenance of rational loan deposit ratio; Avoiding directed and name lending

### Credit Monitoring

MTB Credit Monitoring Department (CMD) monitors the asset (loan) portfolio of the bank continuously. MTB's credit monitoring system provides an early indication/ alert about the deterioration in the status of the loans that allows immediate launching of effective management actions in a rational manner to prevent them from turning into Non-Performing Loans (NPLs). Statements on early alert accounts, delinquent and special mentioned accounts are generated timely. MTB's

credit monitoring tools are effective to keep the overdue and SMA loans well below the industry average.

### Portfolio Management

Credit concentration is against the spirit of diversification of portfolio in as much as it enhances credit risks. To avoid concentration, the principle of judicious credit diversification is followed in MTB, keeping in mind the essence of regional/ sectoral/ group concentration. Any exceptions in credit operations are considered for approval at appropriate level.

### Review/Renewal

All credits approved on revolving basis are annually reviewed and renewed if found renewal worthy by the appropriate authority as per Credit Approval Discretion. Credits - continuous or term-based - are reviewed to ascertain the regularity in transaction and repayments as per covenants of the approvals.

### Borrowers' Credit Rating

Under the Standardized Approach of Risk Based Capital Adequacy (RBCA) guidelines of Basel-III, prescribed by the Bangladesh Bank, rating of the borrowers is an effective and efficient tool to manage credit risks. Good rating (i. e. low risk weight) of the borrowers, which facilitates identification of the borrowers as quality/ rewarding one, also requires less capital. For achieving these, two fold objectives and also to comply with the requirements under Basel III, management has assigned priority on rating of all the eligible clients, by External Credit Assessment Institutions (ECAI).

In its constant effort to understand the risk intensity of the assets, extent of capital relief and also in order to be able to make appropriate choice in respect of selection of the borrowers, ECAI rating status is monitored every day at Risk Management Division. With laying of adequate importance on ECAI rating, the number of ECAI rated clients has increased significantly.

### Non-performing Loans (NPLs) Management

Despite all out efforts by the Credit Monitoring Division (CMD), if any loan becomes classified, Special Asset Management Division (SAMD) takes immediate actions. SAMD operates independently to prepare and implement overall action plan and recovery strategies. The division works in coordination with the branches, concerned divisions and Legal Department of Corporate Head Office, and conducts door-to-door recovery drives for Non-Performing Loans (NPLs). The tools and strategies for NPL management as applied by SAMD are designed in a manner to keep the NPL much below the critical level as per recognized/ institutional standard.

### Environmental Risk Management

Environmental risk is a facilitating element of credit risk arising from environmental issues. These can be due to environmental impacts caused by and / or due to the prevailing environmental conditions. These increase risks as they bring an element of uncertainty or possibility of loss in the context of a financing transaction.

The overall purpose of Environmental Risk Management is to understand and manage risks that arise from environmental concerns. This brings a focus on planning and implementation policies and procedures to mitigate environmental risks. The specific purposes are to:

- Examine the environmental issues and concerns associated with potential business activities proposed for financing
- Identify, evaluate and manage environmental risks and the associated financial implications arising from these issues and concerns
- Strengthen credit risk appraisal process

Based on different environmental risk levels, MTB considers the following approval level as ideal and appropriate.

- If the Environmental Risk Rating (EnvRR) is high, the proposal for financing qualifies for approval by the Board or Executive Committee within its authority
- If the EnvRR is low or moderate, the financing decision is taken on the basis of usual credit risk management guidelines
- If the EnvRR is unclear, then it is required for the Marketing/Relationship Management to collect more information from the borrower so as to have an understanding of the inherent risks and arrive at a high/moderate/low decision. Should a risk factor not be applicable, it may be excluded from the environment risk rating process.

### Asset Liability Risk Management

Asset Liability Management (ALM) is a mechanism to address the risk faced by a bank due to mismatch between Assets and Liabilities either due to liquidity or changes in interest rates. A comprehensive ALM policy framework focuses on the bank's profitability and long-term viability by targeting the net interest margin (NIM) ratio and Net Economic Value (NEV), subject to balance sheet constraints. Significant among these constraints are maintaining credit quality, meeting liquidity needs and obtaining sufficient capital. As per Bangladesh Bank (BB) guideline, MTB has a fully functional Asset Liability Committee (ALCO) headed by the Managing Director & Chief Executive Officer as the Chairman of the committee for prudent Balance Sheet Risk Management. Moreover, ALM Desk of MTB has developed an Asset Liability Risk Management Manual in the light of the BB guidelines on ALM risk management which is approved by the Board of Directors of the bank and reviewed annually. ALM desk of MTB Treasury prepares Asset Liability Committee (ALCO) paper at least once a month and conducts meeting accordingly.

### Foreign Exchange Risk Management

Foreign Exchange Risk arises due to the adverse fluctuation in the exchange rates. In order to manage and mitigate Foreign Exchange Risk, MTB has developed a Foreign Exchange Risk Management Manual in the light of Foreign Exchange Risk management guidelines

of Bangladesh Bank, which is approved by the Board of Directors of the bank. Moreover, MTB has Board approved different risk limits for meticulous Foreign Exchange dealing operations within regulatory framework. MTB has in place a well-defined internal approval and reporting procedures to report Foreign Exchange business activities on a regular basis to the senior management. In addition to different risk management practices, Net Open Position (NOP) limit assigned by Bangladesh Bank for conducting MTB's day to day Foreign Exchange business activities is strictly maintained.

### Internal Control and Compliance Risk Management

MTB has an Internal Control and Compliance (ICC) Department which ensures internal control structure in the bank with appropriate assignment, accountability of the personnel and delegation of authorities to functional management to exercise control and create a compliance culture within the organization under the active guidance and supervision of the Senior Management and the Board of Directors. ICC Department has the following three distinct divisions, headed by a senior level executive:

- Audit and Inspection Division
- Compliance Division
- Monitoring Division

As a tool of Internal Control, the Audit and Inspection Division undertakes periodic and special audits and inspections on the branches and departments/divisions of the Head Office in order to find out the weaknesses and defects in the control processes, and it reports to the Audit Committee for corrective measures to protect the interest of the bank.

The Compliance and Monitoring Divisions of the ICC Department ensure timely and proper compliance with the relevant laws, regulatory instructions, and internal policies and procedures in the day-to-day operations of the bank by way of using various control tools. The concerned divisions assess the operational risks and take appropriate measures to mitigate the same for smooth operation of the bank.

Overall, the ICC Department reports on serious non-compliances issues detected by the internal and external auditors and Bangladesh Bank's inspection teams with up-to-date compliance position, large financial risk exposures, weaknesses in control mechanism and other risk areas to the Audit Committee of the Board, for review and taking appropriate remedial measures.

### Money Laundering Risk Management

Money laundering (ML) and terrorist financing (TF) are global phenomena, apparent in almost every part of the world. Emerging sophisticated techniques of moving illicit money are compelling the financial intermediaries to make their compliance programs more rigorous. MTB, as a compliant bank, is determined not to let money launderers and terrorists or perpetrators use the bank as a channel to launder money or finance terrorism in any possible way.

Hence, MTB has its own anti-money laundering (AML) & Combating Financing of Terrorism (CFT) strategy, based on which a program has been designed considering the range of activities, complexity of operations and the nature and degree of money laundering and terrorist financing risks faced by the bank.

MTB has taken into cognizance the relevant laws, rules, Bangladesh Financial Intelligence Unit (BFIU) issued guidelines, circulars and instructions, international standards and the bank's own policy while designing the program. The bank applies risk-based Customer Due Diligence (CDD) measures, monitors business relationships and transactions pursuant to the national regulations and international standards.

### Information and Communication Technology (ICT) Risk Management

MTB wants to grow by ensuring the total security of the customers and all other stakeholders. In the backdrop of an increased reliance on complex IT systems and operations in the financial sector, the risk of cyber-attacks and system disruptions is high and the same is increasing alarmingly. In this regard, MTB has been in constantly deepening its technology risk management capabilities by adopting strong "Information & Communication Technology (ICT) Security Policy". The underlying principles in this regard define responsibilities and requirements for protecting information assets (e.g. hardware, network, operating system, database, application, storage and related technologies), and their use in providing financial services.

### Cyber Security Management

Constant change, unpredictability, and uncertainty have made cyber security everyone's responsibility. Continuous awareness programs for the employees, suppliers, and the clients, about cyber security goes round the year in MTB. The bank reminds the employees of security in every possible ways as a continuous process. Cyber security has become imperative to our business process. Practice in building walls to thwart attempts to block all malicious attacks, and making organization cyber-resilient is going on side by side. In practice, a handful of initiatives including network and host firewalls, web application firewall, intrusion-prevention, anti-malware, layered security, vulnerability and penetration testing is in place for preventive, detective and corrective measures against cyber-attacks.

### State of the art Data Centre (DC)

As part of effective centralized management of banking operations, a full-fledged Data Centre (DC) was established at "MTB Centre" in 2009. This DC is equipped with sophisticated technology including data replication to manage operation, and continuation centrally for proper business functions all over the world. In today's digital economy, MTB has taken the challenges of rapid growth of IT infrastructure, including information security that meets regulatory compliance regulations and protect the information of its clients.

### Disaster Recovery Site (DRS)

As part of business continuation, the bank has established Disaster Recovery Site (DRS) at MTB's own premises at "MTB Tower". This DRS is equipped to protect loss of customer sensitive information, and their transactions in case of failure of primary Data Centre due to any disaster.

### MTB IT Security Department (MITSD)

Information Technology Security Department was established headed by Chief Information Security Officer (CISO) was established to align with Bangladesh Bank ICT Security Guidelines and industry standards. To administer the ICT security policy, manage the ICT risks, compliance, handle the incident management, conduct awareness-training programs round the year and to thwart the overall security issues of the bank are the prime responsibilities of the department. Apart from strengthening ICT infrastructure platform, the department also focuses on identifying its security risks by conducting vulnerability, and penetration testing on its existing services. In addition, the department is on its way to establish 24/7 Security Operation Centre (SOC).

### System Audit Team

MTB has established dedicated System Audit Team under the Internal Control & Compliance Department (ICCD) in order to comply with the directives of the Bangladesh Bank's guidelines. The team audits the branches and various divisions, departments, units of Corporate Head Office including subsidiaries, and reports to the authority, and suggests necessary actions.

# INFORMATION TECHNOLOGY

Information Technology being the business enabler, focused mostly on the use of technology for the benefit of our customers, communities and our people, delivering what matters to create the best value over the year of 2017. The aim of our efforts was to reduce cost, increase profitability, improve internal efficiencies, use alternate delivery channels where appropriate and, ultimately, improve the internal and external customer service experience.

Through the year of 2017, we invested in our technology to create new ways for our customers to interact with us, generate efficiencies, and protect ourselves and stakeholders from risks of threats that are constantly changing at a global level. A number of standout features were delivered across our digital ecosystem through the financial year.

## Transformation of Core Banking Solution (CBS)

As a part of strategic decision and in pursuit of acquiring a modern CBS, the bank engaged OPTINOVO Business Consulting Private Limited, India for rendering consultancy services to steer forward the CBS project in 2016. The firm helped MTB in preparing a number of documents like AS-IS Study, TO-BE, RFP and finally the tender documents for selection of a very suitable CBS. The CBS is the heart of transaction system in a bank.

In May 2017, the bank floated the request for proposal (RFP) where 8 reputed bidders were participated. Considering the strategy and high worth of CBS Project, the bank appointed Bangladesh University of Engineering and Technology (BUET) as Technical Consultant for evaluation of the bids. Eight (8) groups of officials in certain functional areas and a number of committees had been engaged to evaluate the features of CBS and the bank finally selected TCS BaNCS, a product of Tata Consultancy System (TCS), which has had a number of big installations in reputed banks like Bank of China, State Bank of India, etc.

## Improvements in Agent Banking Capacities

As part of the bank's vision to extend its services to the unbanked segments of the population and thereby helping the country towards its journey to become the most financially inclusive emerging economy, MTB Agent Banking was initiated in 2016 where Information Technology played an elemental role in transforming the processes of traditional banking into techno driven work flows. As of December 2017, a total of 50 Agent Banking Centres were inaugurated across the country. In order to bring more services of the main stream banking services to the doorsteps of the customers of the Agent Banking, the Agent Banking System or the ABS was beefed up with a number of functionalities like Issuance of Debit Card, Issuance of MICR Cheque Book, Internet Banking, School Fees Collection, REB Bill Collection, Payroll Banking and even RTGS payment services.

## Information & Cyber Security at MTB

Information and Cyber Security is a set of stratagems for governing the people, processes, and technology indispensable to thwart, discover, document and counter threats to digital and non-digital information to ensure its Confidentiality, Integrity, and Availability (CIA). MTB IT Security Department (MITSD) encourages all respective stakeholders to bring into line with comprehensive, and verifiable information security management strategy in accordance with internationally recognized standards to protect the information of valued clients and information assets of MTB.

## ICT Security Governance

To strengthen existing ICT security governance and accountability culture, MTB has already established "MTB IT Security Committee" to ensure the implementation of information security throughout the bank in achieving the organizational goals. In sequence, MTB updates its ICT security policy regularly to deal with evolving changes in the ICT environment, regulatory / legal requirements within the bank. Besides, MITSD is working closely to ensure that all users are aware, understand and perform their roles and responsibilities as stated in the policy.

## ICT Risk Management

It is saying that, ICT risk is also a business risk which may lead to a failure in the CIA of an information system. To reduce the risk or be in an acceptable range, MTB is performing ICT Risk Assessment (RA) on people, process and technology especially before any new product (s) / service (s) go-live or any significant change on existing systems.

## ICT Security Compliance

When MTB comes to retain regulatory compliance for ICT systems that follows the regulations set forth by Bangladesh Bank, it ensures continued compliance with the business objectives, regulatory and legal requirements related to Information and Cyber Security. Meanwhile, MTB aspires to obtain Payment Card Industry Data Security Standard (PCI DSS) certification to protect its entire Cardholder Data Environment (CDE). MITSD has kicked off the PCI DSS project by forming an implementation team and expects that MTB would become a PCI Compliant Bank, which might augment MTB's payment card business even higher and supports to go ahead as scratched. Ensuring SWIFT infrastructure security is another crucial part of Cyber Security program. This year, for the first time, MTB has submitted self-attestation report on SWIFT infrastructure security engagement.

## Multi-Layered Security Approach

Multi-layered security approach is the keyword for cutting-edge security technology. By working in concert, these layers of security offers a better chance

of stopping intruders from breaching. Recently, MTB has adopted Web Application Firewall (WAF) for all public facing applications through MTB, which enhances secured transactions. Moreover, to face out Advanced Persistent Threat (APT) attacks, organizations need a range of security technologies to protect them from threats both known and unknown. To overcome such challenges, MTB is implementing Anti-APT solutions to analyze, understand, and take action on the threats those are undetected by conventional security measures.

### Fostering an Awareness Culture

An Information and Cyber Security awareness program is a significant requirement for any organization that wishes to ensure privacy, legitimacy, effectiveness and availability of information assets. To ensure the business operation even more secured, MTB IT Security Department (MITSD) keeps conducting awareness training program on Information and Cyber Security for all employees. Such training programs help the employees in managing and protecting the valuable information using ICT systems. To make the employee more aware of the cyber security, MITSD publishes security Quizzes and circulates latest information security tips, techniques, and Security Bulletins regularly on MTB Corporate Intranet (MNet) portal.

### Training and Awareness Programs

To develop skill and awareness on the latest technology trends, the core IT officials were introduced to various local and overseas training programs and conferences throughout the year. Apart from grooming up its own experts, computer related training was also imparted to the general users on an ongoing basis to empower them to handle the technology platforms. Trainings like Web Application Firewall, Digital Banking & Cyber Security, Information & Cyber Security are the few examples of such training programs that helped the bank users become aware of the risks of using digital technology and the new technology initiatives in the offing.

### In-house Developments

Apart from outsourced solution, there have been a number of efforts from MTB's own development team that was elemental in augmenting bank's progress towards digitalization of services. Following are a few examples of such developments.

### Money Exchange Software (MExchange)

The money exchange operations of MTB's 2 (two) booths at Hazrat Shahjalal International Airport were automated to ensure smooth customer service as well the monitoring of the operations of the said booths by the NRB Division.

### Electronic Loan Documentation Check List (E-LDCL)

This work-flow based E-LDCL system was designed and developed in-house to expedite the process

of conveyance of the loan documentation check list electronically, narrowing down significantly the turnaround time of accomplishing the loan processing procedure. The archival system built within has proved to be the most efficient one to recover any document by the business units.

### Maturity Alerts

Apart from sending regular SMS alerts on transactions, MTB took proactive initiative for its depositors in 2017 to send more SMS alerts like maturity of the deposit products like FD, Brick By Brick, Millionaire Plan etc. prior to the day of the maturity.

### Open and Account Online (OAO)

This service was introduced to take the A/C opening service to the doorstep of the customers, who now do not need to reach out to MTB branches to collect the A/C Opening Form and fill them out manually. Using OAO, short for 'Open an A/C Online', the customers can now prepare the A/C opening forms Online and visit a branch with an E-Token and get the A/C opened immediately. The information preserved on the OAO profile can be reused every time a customer wants to open an A/C.

### Bill Collection Solutions

In a bid to broaden its spectrum of avenues of Utility Bill Payment services, a number of developments have been made in-house to enable the customers to pay their bills comfortably using their Internet Banking or the Mobile Apps. The bill collection services include Karnafuli Gas Distribution Company Limited (KGDCL) and DPDC. Developments were also made in the branch collection module to receive Gas bill of Titas Gas Transmission and Distribution Company Limited (TGTDC).

### Missed Call Mobile Recharge

This innovative service was introduced this year for the MTB customers to recharge their mobile phone(s) at the ease of a missed call to a particular MTB number. The service was endeared by its users considering the convenience of recharging the mobiles of their own as well as of their near and dear ones. The registration process was also taken to the Internet banking so that the service can be easily availed.

### API Based Instant Remittance to bKash Wallet

As part of its continual effort towards expanding arms of remittance disbursement channels, MTB NRB Division has opened up a new avenue of remittance disbursement through bKash Wallets using API driven automated connectivity. The complete suit of technological development of the necessary APIS to connect with the Exchange Houses and bKash wallets was done by the in-house developers of MTB. Using this service, the hard earned remittances are being sent to beneficiary's bKash wallets in real times.

## ALTERNATIVE DELIVERY CHANNEL

Alternate delivery channels are those channels that expand the reach of financial services beyond the traditional branches. MTB ADC have emerged as a result of innovations in information and communication technology and with the vision of the bank's top management to become a world class bank.

MTB Alternative Delivery Channel offers a broad range of options through which our valued customers can access the bank's financial services without visiting a branch. The channel of MTB ADC are:

### Automated Teller Machine (ATM) Network:

MTB's 1st ATM was introduced in the year 2011 with 24/7 automated cash withdrawal facility. Now, the Bank has 246 ATMs across the country in 201 strategic locations, making MTB as one of the top ATM service providing banks in the country. MTB ATMs also connected to the VISA, Mastercard and NPSB (National Payment System Bangladesh) channel to offer the facility to a wide range of cardholders including those of other banks as well. All our ATMs are complied with the EMV (Euro

Master Visa) regulations and equipped with Encrypted PIN Pad and CC TV surveillance. MTB ATMs are widely used for cash withdrawals. It also offers services like balance enquiry, fund transfer, PIN change, mobile top-ups, etc.

In the year 2017, MTB ATMs have been used for cash withdrawal amounting BDT 2.01 billion which is 27% more than that of the year 2016.

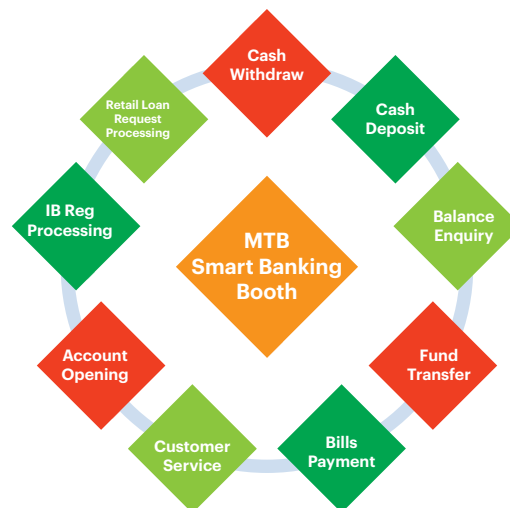

Year	Number of Transaction	Total Transaction Amount
2015	1,718,731	13,103,032,700
2016	1,998,374	16,504,356,816
2017	2,406,672	20,969,391,000

### YoY Growth in MTB ATM Transaction

### Smart Banking Booth:

MTB Smart Banking Booth was introduced in 2012. Till 2017, MTB has 10 Smart Banking Booths with CDMs (Cash Deposit Machine) in 4 located major cities (Dhaka, Chittagong, Comilla and Barisal) making MTB as one of the early starter in offering banking service through Smart Banking Booths (KIOSK) among the banks in Bangladesh. MTB Smart Banking Booths are offering a wide range of services including cash withdrawal, cash deposit, balance enquiry, fund transfer, bills payment, customer service, account opening, retail loan processing, internet banking registration, etc outside the Bank's conventional branch network. It is the vision of the management to expand the MTB Smart Banking Booths at different prime locations across the country to offer more dynamic services from these booths.

### Internet and SMS Banking:

MTB Internet Banking is another electronic payment channel that offers facility to conduct a range of financial transactions through the Bank's website. Starting its journey back in the year 2012, MTB Internet Banking is going through a phase of continuous improvement to offer dynamism and convenience to valued customers of the bank in getting services through this channel. This service offers 2(two) factor authentication to secure the online transaction as per international standard. MTB Internet Banking is currently offering services like balance enquiry, fund transfer to other MTB account or other bank's account, mobile top-up, bills payment, transaction summary check, account statement check etc. In the year 2017, MTB customers have made account transfer of BDT 1,835 million through the MTB Internet Banking channel.

#### YoY Growth in Internet Banking Users & Trxns

MTB SMS Banking facilitates the customers by sending instant transaction alert with transaction details. MTB customers can also check their last 5 transactions

Year	No. of IB Accounts	No. of IB Trxn	Volume of IB Trxn
2012	4,986	2,810	26,490,935.16
2013	13,520	97,866	282,414,622.58
2014	22,073	171,300	587,082,036.94
2015	31,020	235,894	1,013,407,354.81
2016	37,891	268,583	1,282,005,349.59
2017	46,425	331,148	1,834,926,206.50

#### YoY Growth in SMS Banking Accounts

through the SMS option. Starting its journey in 2013, MTB SMS Banking service has been marked as a unique service for the account holders of the bank.

**MTB Mobile Apps:**

Mobile Apps is an extended platform of MTB Internet Banking which offers one touch window of the internet banking services through a pre-installed mobile app in the customer's cell phone. MTB offers this mobile app

for both Android and IOS mobile handsets. Services offered through MTB Internet Banking can also be accessed by MTB Mobile Apps.

**Point of Sales (POS) Network:**

MTB also offers card acquiring service through its POS Network covering a wide range of merchants across the country. MTB started its POS acquiring service in the year 2011 and till the end of 2017 has installed around 3,000 POS terminals at many major merchant points all over the country. MTB POS are capable to accept EMV Chip based VISA, MasterCard and cards accepted through NPSB channel. MTB's POS network is spread at over 60 districts facilitating cashless transaction at different merchant points.

## HUMAN RESOURCES

MTB ensures the right number of people and right kind of people, at the right place, at the right time with the right skills set for doing the right things that are aligned with its mission, vision, and strategy.

At MTB Group Human Resources (GHR), we believe that, successful organizations are made up of passionate leaders who can articulate vision; gain understanding for specific business initiatives; and energize those whom they lead. We know that, delivering our best to MTB's customers takes men and women who give us their best every day. To that end, MTB's Human Resource philosophies and policies are an integral part of MTB's overall business strategies. Here, we pay special attention to managing people as our most important resources and important stakeholders. MTB Human Resources are the critical channel for expressing its brand to its customers and prospects alike.

MTB GHR serves as regular forums to communicate and implement policies, processes and other activities across MTB, from top to bottom. It oversees all activities that impact hiring talent, entry, mid and late career training and professional development in the search of excellence. It emphasises performance evaluation, establishes benchmarks for competitive compensation, allocation of right human resources, career development and succession planning.

### Empowering MTBians to Protect & Surge Ahead

The implementation of 2017's strategy titled "Protect & Surge" entails far-reaching changes in the Bank. GHR is supporting this in its activities by providing professional advice and assistance to its management and employees. Through the value-oriented and binding guidelines on management conduct in the Bank, GHR is creating a uniform standard for fair interactions between employees and managers. The vision "MTB3V" and the "Code of Conduct" on which MTB's corporate culture is based, mean all are well positioned to successfully implement the Bank's change process.

GHR also plays a key role in implementing compliance measures. These range from the recruitment process to compliance training and the long-term anchoring of its Code of Conduct, thus helping to forge a "culture of integrity" in the Bank.

In 2017, MTB took capacity development efforts to the next level. MTB arranged a large number of high value internal awareness campaigns, seminars and workshops on integrity, professional values, moral ethics and beliefs. Last year, MTB also arranged training programs in divisional cities to reach the MTBians working at the outskirts of the city. The topics include

basic banking, MTB Code of Conduct, MTB business ethics, Anti-Money Laundering and Combating the Financing of Terrorism (AML & CFT).

### A Working Environment Free of Prejudice

Diversity is the cornerstone of our corporate culture and an integral component of our HR work. We encourage the diversity and individual development of our employees, as we firmly believe that, this also benefits us as a company. We want to maintain our clear position on these issues and anchor them even more strongly among our managers and employees.

### Women in Management Positions

In the previous year, putting women in management positions was a key target for MTB in 2017. The Bank was able to employ more women in management positions in compare to the year 2016. Our aim is to increase the further proportion of women in management positions. We therefore, pursue an approach whereby a position should be filled solely on the basis of an employee's qualifications and expertise.

The work force of MTB Group stood at 2004 by the end of 2017. Gender-wise position of MTBians as on December 31, 2017:

Male employees represented 81% of total MTB workforce, the rest represented by the female counterparts.

The female employees have diversified ranks ranging from Officer categories to Executive Level. The breakdown of female employees is shown as follows:

Particulars	No. of Male Staffs	No. of Female Staffs	Total Staffs	Composition in %
Executive	238	18	256	13%
Mid-level Officer	498	75	573	29%
Junior Level Officer	872	283	1155	58%
Non-Officer	18	2	20	1%
<b>Total</b>	<b>1,626</b>	<b>378</b>	<b>2,004</b>	<b>100%</b>

Though the percentage of female employees remained unchanged, the number of female staff grew by 22% in 2017 compared to that of 2016, while the number of

male employees grew by 93. The composition as on December 31, 2017 is shown as follows:

### Deployment of Manpower

The size of manpower is raised every year to match the increase in the volume of operations. MTB had

1264 employees back in 2011. As on December 31, 2017, MTB family has 2004 members.

Trend in manpower size from 2011 to 2017

### Trend of Total Workforce

Out of 2004 employees, 1931 are serving MTB, 66 MTBSL, and rest 7 are contributing to MTBCL. As illustrated by the year on year position, MTB raised its employment by 115.

### Deployment of Total Employees

### Employees' length of Service at MTB

MTB group has a strong team of experienced young bankers. This young pack is guided and supervised by very renowned, well qualified, diversified, experienced, seasoned bankers who act as pillars of the organization. This allows MTB to streamline the succession planning.

Employee's length of Service at MTB as on December 31, 2017:

Particulars	No of Employees	Composition in %
Below 1 Year	256	13%
1 Year to 5 Years	729	36%
5 Years to 10 Years	705	35%
10 Years to 15 Years	260	13%
Above 15 Years	54	3%
<b>Total</b>	<b>2,004</b>	<b>100%</b>

## MTB's Employee Governance

GHR reiterates its employee governance by ensuring merit-based hiring practices for all target groups. The employee governance policy of MTB has improved further and paved the opportunities to control the hiring, appointment, compensation and retention of MTBians. GHR remains vigilant to mitigate the risk associated with human factors. It also makes excellent effort to comply with the regulatory requirements.

## Performance Management Process

Our newly redesigned performance management model aims to be transparent and understandable, objective in its measurement, and a driver to align efforts of the network with the MTB's strategic objectives and encourage cooperation within and between teams. The performance of each MTBian is judged based on self-declared objectives which are SMART (Stretching, Measurable, Agreed, Realistic, Time bound). These SMART objectives are set and scripted on the corporate intranet portal (MNet) at the very beginning of the year and reviewed twice a year; one in mid-year and the other at the end of the year. The appraisal process has been worked out taking into account four key elements: ongoing job requirements, operational efficiency, business development, cost deduction, system redesigning to simplify any service, contribution in projects and assignments, people development and self-development. Evaluation of each element has two parts, self-assessment and assessment by the reporting boss or line manager. MTB GHR, with assistance of MTBTI, promotes continuous in-house training opportunities for capacity development. In addition, MTB supports the professional certification for being self-driven, which can render valuable addition to the Performance Management System (PMS).

## Our Approach to Hunt Talent

MTB has adopted a balanced approach to talent acquisition. It relies both on leveraging the skills and experience, already available within the organization, while bringing in the necessary capabilities that will help position the Bank for long-term sustainable performance.

MTB has transparent selection process which is free from any influence. The pool of talent is attracted to MTB via circulars for the purpose of filling entry level posts. After the filtering applications, the potential candidates are asked to sit for the exam. Toppers are then interviewed by the top management who finalize the selection.

MTB, however, does not solely rely on entry levels. It also focus on the grooming existing MTBians who are sufficiently skilled and experienced to take more responsibilities. The existing MTBians are facilitated with career mobility and job rotation, which in turn, help MTB to attain sustainable operating performance.

## Identifying and utilizing potentials

The changing and challenging banking sector having an effect on the work environment. Life-long learning

is the key to long-term success. In an industry marked by upheaval, we need employees who continuously review and expand their skills. With development-oriented procedures and individually customized training, GHR has been applying new approaches to the selection, appointment and development of managers and divisional heads. It has created uniform Bank-wide standards for employee training and development in the form of a dialogue. Each employee meets with her/his line manager to consider the employee's specific competencies. This enables to determine training and development needs at an early stage for developing and expanding the competencies required by employees. GHR thus lays the foundations for identifying and promoting potential in the best possible way.

## Nurturing Future Leaders

The success in the service industry is much more dependent on the people associated to providing the service. Believing and holding this in heart, MTB puts its employees first! MTB aims to attract a pool of latent talents for all its entry to top level positions. The talents are further sharpened in on-the-job, off-the-job, in-house and outsourced training opportunities.

MTB offers a fast track career avenue under "MTB Management Trainee (MMT)" program. It is an "Acceleration Program for individuals who have the potential to be future leaders, preparing them for the next stage of their development and ensuring the amalgamation of the right skills and experience to accelerate their careers. Upon successful completion of one year's rigorous training, management trainees absorb the workforce as Junior Assistant Vice President (JAVP). The MMT program consists of in-house training at MTB Training Institute (MTBTI), job rotation at branches and different divisions/departments of Corporate Head Office. All these mold the MMTs arsenal full of confidence, operation exposure, adaptability and leading capabilities.

## Training and Development

The management put an emphasis on training in the development of the employees. The most taught subject matter remained foundation of banking, cyber security, AML and CFT issues, regulatory compliance issues and banking operations as their importance is soaring. The number of total training rose to 281 in 2017 from 263 in 2016, registering a growth of 6.84%. The number of participant also increased significantly this year. By the end of 2017, the number of training participants stood 1786 against 1626 in the previous year, marking a remarkable growth at 9.84%, compared to 6.27% in 2016.

The Bank maintained an admirable schedule of 114 in house training programs, all of which were delivered in an impressive learning environment at MTB's own state-of-the-art training institute.

The number of training programs held from 2012-2017 is as follows:

(Yearly Number of Training)

Training Type	2012	2013	2014	2015	2016	2017
In House Training	52	70	74	131	113	114
Local/Outsourced Training	33	66	70	80	140	132
Foreign Training	06	03	13	18	10	35
<b>Total Training</b>	<b>91</b>	<b>139</b>	<b>157</b>	<b>229</b>	<b>263</b>	<b>281</b>

Year-wise number of participants in the training programs is listed below:

(Yearly Number of Training)

Year	2012	2013	2014	2015	2016	2017
Number	858	1,187	1,467	1,530	1,626	1,786

### MTB HR Benefits

Attraction and retention of the most capable MTBians are central to the MTB's compensation strategy. With that in mind, MTB sponsors a number of post-employment benefit and contribution plans

on behalf of its employees. The plans consist of good compensation packages, fringe benefits and perquisites. MTB follows its own policies regarding the compensation and benefits for its employees. Benefits other than remuneration to MTBians includes but are not confined to the following:

### Towards Achieving MTV3V!

MTB GHR has taken an action plan and accordingly set priorities to target the achievements of MTV3V!

The strategic priorities include but not confined to the following:

In fine, GHR would like to thank all MTBians for all their hard work in 2017. They showed exceptional commitment in a difficult market environment and under conditions those were not always easy. We, the

Team HR express our gratitude to all staff, managers, heads of all divisions/ departments/units and other representatives who assisted in HR initiatives in 2017 in a trusting and constructive manner.

## SERVICE QUALITY

### SUPERIOR SERVICE -THE KEY to tie it all together

In a service industry, customer service is what differentiates us from other players. New technology, excellent products and innovations are important attractors for customers but superior service is the key to tie it all together. There has been a high correlation between customer satisfaction and profitability in a range of industries. Customer satisfaction is still one of the single strongest predictors of customer retention.

“QUALITY IN A SERVICE OR PRODUCT IS NOT WHAT YOU PUT INTO IT. IT IS WHAT THE CUSTOMER GETS OUT OF IT.” - PETER DRUCKER

#### Mystery Survey on Branches and Contact Center:

Mystery surveys are being conducted in different branches by MTB SQD employees on a monthly basis. These surveys mainly focus on measuring employee soft skills (service etiquette), product knowledge as well as overall ambience such as cleanliness, dress code and branding of the customer touch points. The department also plans to engage third-party surveyors from time to time to perform such mystery surveys to get comparative views.

**Customer Satisfaction Survey:** This survey is being done over the phone. Customers who recently availed

Customers' perception of service and quality of product determines the success of the product or service in the market. With better understanding of customers' perceptions, organizations can determine the actions required to meet the customers' needs. Having this belief in heart, MTB Service Quality Department (SQD) has been formed with a view to elevating the already superior service-standard of the bank to a height, where MTB's service quality would be considered the benchmark in the entire financial services industry. In line with that, MTB SQD is working towards further improving and upholding the overall customer service standard of the Bank. Developing a customer-centric workforce is one of the key strategies of this department. To attain the MTB3V, the philosophy upon which the vision of the bank is based, MTB SQD has sketched a roadmap – the scope of work.

To deliver superior quality customer service, continuous monitoring is essential in identifying the flaws and gaps so that corrective measures can be taken accordingly. MTB SQD has adopted in-house mystery shopping survey as an effective tool to measure the current service standard of the Bank, as a part of its scope of work.

services from MTB touch points, are contacted by MTB SQD and requested to evaluate the services and rate the same from 0 to 10, where 0 being the lowest and 10 being the highest score. Finally, an elaborate report derived from the collected feedback is submitted to the management for yearly performance appraisal.

**Benchmark Survey:** Leading competitors' services will be evaluated through this survey, which will be conducted by MTB SQD. An elaborate report will be presented to the management to adopt the best practices from the competitors.

**Customer Satisfaction**

**Training on Product Knowledge and Service Excellence:** This is a comprehensive learning and development framework to build an appropriate and long-term mindset about delivering superior service excellence.

MTB SQD has been conducting workshops for the employees so that they follow the service standard, mentioned in MTB Winning, an in-house guideline for etiquette and service excellence.

This training program intends to create the right mindset and to build the competency of the frontline employees who serve the customers face-to-face to ensure superior customer experience through their day to day activities. Our goal is to make our customer interactions consistently professional, efficient and productive. MTB is committed to investing in every employee in order to help them develop the skills they need and hone those skills so that they can consistently deliver the best-in-class service.

An e-learning module is underway for the frontline employees where all types of information such as product detail, FAQ, policies, processes, SLA (service level agreement) will be available. There will be a web based quiz module, where every frontline employee will appear in the quiz on monthly basis to update and enhance their product knowledge.

**Complaint Management System:** Having a structured complaint management system is of paramount importance for addressing complaints with specific emphasis on resolving such complaints fairly and expeditiously.

The complaint management is a series of activities such as facilitating complaint lodgment, developing complaint recording system, complaint resolution process, root cause analysis of the complaints raised and necessary policy formulation. MTB SQD has a separate wing to handle and manage all types of complaints received through different channels. The complaint management team follows a systematic procedure to settle the complaints against any product or service of the Bank. As per Bangladesh Bank (BB) guidelines, our Complaint Resolution Process (as showed in Figure 4) consists of five stages.

**Root Cause Analysis and Policy Formulation:****ROOT CAUSE ANALYSIS**

Customers' feedback, information and complaints actually reveal the flaws or gaps in existing products, policies, system and services of a bank. On this stance, effective root cause analysis can be an important tool to identify the problem areas and need for improvement.

MTB SQD is constantly working on identifying the loopholes through in-depth root cause analysis from the complaints' data mining and places those findings to the management for taking remedial actions.

Future turns positive when effort is given to create it. We put our best efforts in 2017 and will continue to do so in the coming years to establish a culture, where people will move around with a mindset and purpose of delivery that will reflect the established culture. Our dream will be shaped up with the creation of a culture of accountability, and, SQD, with the assistance of other departments and guidance from the senior management, will put all sincere efforts to build the culture to make our customers as repeat customers with full satisfaction, always!

As part of our commitment to differentiate ourselves from other competitors, we designate 2018 as the "Year of Action". We have empowered our team of experts to not only create strong relationships with our customers, but also to find new ways to act on feedback in order to enhance the customer experience.

Your suggestions, comments and criticisms are what will help us better understand the areas in which we can act in order to truly bring you the best-in-class level of support and service.

## ANTI-MONEY LAUNDERING (AML) & COMBATING FINANCING OF TERRORISM (CFT)

Money laundering (ML) and terrorist financing (TF) are global phenomena, apparent in almost every part of the world. Emerging sophisticated techniques of moving illicit money are compelling the financial intermediaries to make their compliance program more rigorous. MTB, as a compliant bank, is determined not to let money launderers and terrorists or perpetrators to use the bank as a channel to launder money or finance terrorism in any possible way.

Hence, MTB has its own anti-money laundering (AML) & combating financing of terrorism (CFT) strategy, based on which a program has been designed considering the range of activities, complexity of operations and the nature and degree of money laundering and terrorist financing risks faced by the bank.

MTB has taken into cognizance the relevant laws, rules, Bangladesh Financial Intelligence Unit (BFIU) issued guidelines, circulars and instructions, international standards and the bank's own policy while designing the program. The bank applies risk-based Customer Due Diligence (CDD) measures, monitors business relationships and transactions pursuant to the national regulations and international standards.

Some of the highlights of 2017, as part of the bank's AML & CFT program, are as follows:

- A Central Compliance Committee (CCC) has been formed as per regulatory requirement. A number of senior executives, who are heads of different divisions/departments are the members of the committee headed by the Chief Anti Money Laundering Compliance Officer (CAMLCO).
- The former Central Compliance Unit has been renamed as MTB Anti Money Laundering and Combating Financing of Terrorism Division (AML & CFT Division) in line with regulatory instruction. The division has a total of 11 employees.
- Every year, the Managing Director & CEO of the bank issues a statement of commitment in writing to all the employees of the bank. The statement clearly sets forth MTB's policy against money laundering, terrorist financing and proliferation financing of weapons of mass destruction. In 2017, the Managing Director & CEO issued his statement of commitment regarding strategy, action plan, compliance and consequence of non-compliance.
- MTB revised its policy guideline in line with the laws of the land, guidelines, circulars and instructions issued by BFIU and international standard. The revised guideline includes updated MTB Customer Acceptance Policy and MTB ML & TF Risk Assessment Guideline.

- MTB introduced revised account opening form in line with BFIU instruction.
- AML & CFT Division conducted inspection on AML & CFT compliance status of 31 (thirty one) MTB branches.
- MTB further accelerated its monitoring endeavors with system-based monitoring tools, available at all the branches and the head office.
- MTB continued its screening process with the help of automated tools against United Nations Security Council Resolution (UNSCR), Office of Foreign Assets Control (OFAC), adverse media and domestic sanction lists.
- As part of Know Your Employee (KYE) program, MTB performed reference check and background check in the process of employee screening.
- MTB conducts daylong AML & CFT workshops throughout the year, with the support of the Group Human Resource Division, and state-of-the-art MTB Training Institute to train the staff members of the bank irrespective of their functional areas.

In 2017, MTB arranged a total of 25 workshops/training programs, out of which 15 workshops were on ML & TF Risk Management, where a total of 1070 MTBians participated to enrich their knowledge on AML & CFT measures.

In February 2017, MTB arranged a BAMLCO Conference, which is a congregation of the Branch Anti Money Laundering Compliance Officers, heads of divisions/departments/units and senior management to discuss the achievement in terms of AML & CFT compliance during the past year and strategies to overcome the challenges in future.

5 workshops on ML & TF Risk Management as well as on AML & CFT were arranged for MTB agents. 96 participants, mainly agents and agent employees from across the country attended the workshops.

5 workshops were arranged on "Account Opening & Operating Procedure", where 416 account opening officials of MTB were present.

Apart from the above, MTB, under the guidance and overall supervision of BFIU, coordinated a lead bank training program in Sylhet, where a total of 60 participants from scheduled commercial banks operating in Sylhet participated.

## CSR REPORT

A business can only become sustainable when it conducts its operations keeping in mind the development of the environment and the community in which it operates. Corporate Social Responsibility (CSR) is a way towards sustainable business by creating long-term value for the stakeholders, the environment and the community as a whole. MTB believes that a responsible and sustainable business organization is one that does its business responsibly by keeping in mind the interests of its stakeholders - both internal and external. We believe our conscious choice of protecting the environment today will lead to a better and sustainable tomorrow.

MTB's priority sectors for initiative are education, healthcare, environment and disaster management. Our CSR strategies are based on the fundamental conviction of sustainable business that integrates good governance and social priorities with a view to enhancing community empowerment in a sustainable manner.

### MTB CSR in 2017:

**"Swapno Sarathi" (The Dream Chariot):** MTB's Free Bicycle Distribution Program for Underprivileged Meritorious Students (Female and Male)

In accordance with the bank's policy to nurture the primary education sector in the rural hard-to-reach areas, MTB launched a special campaign titled "Swapno Sarathi" in 2015. The campaign aims at motivating students (mainly female) with the motto, "School-e jete durotto jeno badha na hoy" by providing them with bicycles with a view to facilitating their movement to and from school. Till date, almost 1,581 bicycles have been distributed in different regions of the country, namely, Panchagar, Bogra, Dhorkora Bazar, Dinajpur, Joypurhat, Kadair Bazar, Ramchandrapur Bazar, Rangpur, Sirajganj, Thakurgaon, Lalmonirhat, Tangail, Comilla, Ishwardi and Feni in addition to different former enclaves of Bangladesh.

### MTB "Bravery & Courage" Award:

The bank had presented "Bravery & Courage" award in 2012 and since then, has been recognizing different acts of bravery.

MTB, with a view to recognizing acts of bravery and rewarding selfless individuals and their families, provides financial support to self-sacrificing individuals and / or their family members. In 2017, following act of courageousness has been recognized.

#### ■ LATE BADAL MIA

Saved a five-year-old girl and her mother from being hit by a fast-approaching train near Kuril Biswa Road in Dhaka on Friday, January 27, 2017.

#### ■ LATE NABI HOSSAIN

Saved most of his community people by alerting them about the landslides in Rangamati. Unfortunately, he could not save him and his family during the landslides.

#### ■ HOSSAIN ALAMGIR

For displaying exemplary bravery and courage in saving Gaia Guarnotta, a 25-year old Italian female photographer from indecent attacks by a group of unruly men in Florence, Italy in October 2017.

### The Mangrove Children:

This CSR activity aims at creating awareness among children about the importance of mangrove forest. Also, educating them about the impacts of climate change, disaster management and giving vocational training and developing them to be involved in making conscious in the community. This ground-breaking project aims at raising awareness amongst the secondary level students of Kolbari Nekjania High School in Munshiganj under Shyamnagar upazila in Satkhira district who reside near the world's largest mangrove forest, the Sundarbans, to conserve and sustain this natural habitat, and mitigate the challenges faced due to climate changes. An Eco-Library has also been set up at the school in addition to solar-powered teaching aids like laptop, multimedia projector, etc. The library, the first of its kind and the only one in the area, will feature books and publications related to ecology, biodiversity, etc.

### "Shobuj Ishkool Gori" (সবুজ ইশকুল গড়ি):

MTB is the first bank to partner with 'Poriborton Chai' and launch the "Shobuj Ishkool Gori" campaign in the city. MTB's unique CSR campaign aims to bring about an environmental makeover at schools through active participation of the students and teachers by educating them about waste management, making organic compost, the use of dustbins and greening of their playing fields. MTB inaugurated the project with Pallabi Majedul Islam Model High School in Mirpur. The project will be implemented in three (3) other schools across the country in upcoming days.

### Livelihood Program for the women and health clinic for the community of Char Patila at Char Kukri Mukri of Bhola:

This project is initiated to provide livelihood and health care services to the people living in the offshore areas of the country. MTB is providing fund for setting up a women's training cum health centre at Char Patila of Char Fashion, Bhola. Through this project, women of the remote villages will be provided training on sewing and stitching through the training centre, so that they can contribute to the well-being of their families. The health care centre will provide primary

services including knowledge about safe motherhood practices to the villagers. The centre will also be linked with Char Fashion Upazilla health complex for referral services.

#### **MTB presents Ambulance to Dr. Zahed Memorial Child Hospital, Faridpur:**

MTB, as part of its CSR program, has recently presented an ambulance to Dr. Zahed Memorial Child Hospital, a Maternity and Child Welfare Hospital located in Faridpur.

#### **MTB hands over cheque of BDT 30 million to the Prime Minister's Relief Fund:**

MTB Chairman M. A. Rouf, JP and Director Md. Wakiluddin handed over a cheque of BDT 30 million to the Honorable Prime Minister of Bangladesh, Sheikh Hasina, for the Prime Minister's Relief Fund to support the flood-affected people of the country.

#### **MTB hands over cheque of BDT 40 million to the Prime Minister of Bangladesh:**

MTB Chairman M. A. Rouf, JP and Vice Chairman Md. Hedayetullah handed over a cheque of BDT 40 million to the Honorable Prime Minister of Bangladesh, Sheikh Hasina, for the "Prime Minister's Education Assistance Trust" and the "Jatir Janak Bangabandhu Sheikh Mujibur Rahman Memorial Trust" at a simple ceremony held at Gonobhaban in Dhaka.

#### **MTB establishes Girls' Rights to Education by supporting the "Girls Not Brides" Campaign of Action Aid International Bangladesh:**

The education sector of the country has always been a priority for MTB's initiatives related to CSR. MTB and Action Aid International Bangladesh (AAIB) recently signed a Memorandum of Understanding (MoU) to bear the expenses for education and vocational training of vulnerable girls residing in the "Happy Homes" hostel supervised by AAIB. Farah Kabir, Executive Director, AAIB and Anis A. Khan, Managing Director & CEO, MTB signed the MoU on behalf of their respective organizations. As part of the MoU, MTB will be engaging in participatory development and empowerment of women in Bangladesh through quality education.

#### **School for Intellectual Disabled at Tarash (Chalanbil Area), Sirajganj:**

MTB is supporting autistic children ensuring their access to the education in a remote area like Tarash (Chalanbil Area), Sirajganj through School for Intellectual Disabled. MTB is providing School for Intellectual Disabled with financial aid for purchasing various supportive medical and education items for the autistic children.

#### **Annual Contribution to two families of Martyred Army Officers killed in BDR carnage:**

MTB has been providing two families affected by BDR tragedy namely, Mrs. Kamrun Nahar Maksum, widow of Shaheed Major Mohammad Maksum UI Karim, and Mrs. Shirin Akhter Mukta, widow of Shaheed Major Md. Khalid Hossain with an annual contribution of BDT 9,60,000.00 since 2010 through Bangladesh Association of Banks (BAB).

#### **MTB donated BDT 50 million for the incoming Rohingya refugees to the Prime Minister's Relief Fund**

MTB Chairman, M. A. Rouf, JP, and Managing Director & CEO, Anis A. Khan, have handed over a cheque of BDT 50 million to the Honorable Prime Minister of Bangladesh, Sheikh Hasina, for the Prime Minister's Relief Fund as donation for the Rohingya refugees, at a simple ceremony, held at Gonobhaban in Dhaka on November 9, 2017.

#### **MTB distributes Scholarships amongst Students of Kushtia through MEDHA:**

MTB, as a part of the bank's CSR activities, has been supporting the underprivileged meritorious students of Kushtia for the last couple of years. The bank distributed scholarships of BDT 200,000 among the underprivileged meritorious students of Kushtia through MEDHA focusing on the participatory development in the society.

#### **MTB distributes blankets to the Cold-affected People:**

As part of its CSR Program, MTB, like previous years, distributed blankets amongst the cold-affected people of various regions of the country.

#### **MTB supports Rohingya Refugees through Jhenidah Ex-Cadets Association (JEXCA) and Old Faujians Association (OFA):**

MTB has recently distributed relief items at different Rohingya refugee camps situated mainly at the country's Cox's Bazar region through Jhenidah Ex-Cadets Association (JEXCA) and Old Faujians Association (OFA). The bank, as part of its CSR initiatives, provided financial support for distribution of food items and drinking water in addition to providing health support to expectant Rohingya mothers.

#### **MTB supports students through Faridpur Muslim Mission:**

MTB, as a part of the bank's CSR activities, has been supporting the underprivileged meritorious students of Faridpur for the last couple of years. The bank handed over an amount of BDT 1,200,000 to Faridpur Muslim Mission for one year starting from July, 2016 to June, 2017.

# SUSTAINABILITY ANALYSIS

As an integral part of MTB's culture and core values, our sustainability initiative is emblematic of our good corporate citizenship. We believe in aligning our progress with the overall economic growth, as we reach out and engage with the masses to help make their lives better.

## KEY HIGHLIGHTS

### Defining the report contents, Aspect Boundaries and implementation

GRI Indicator <G4-18>

#### GRI Reporting Framework

The year 2017 reporting is MTB's fourth sustainability report based on GRI reporting framework G4 Guidelines. This report describes the economic, environmental and social impacts originating from our business process, together with our key sustainability initiatives over the last 12 months, our plans for the future and helps us to share our experiences with our customers, our people and the community.

### The Purpose and Scope of This Report

Sustainability reporting is the practice of measuring, disclosing, and being accountable to internal and external stakeholders for organizational performance towards the goal of sustainable development. This report addresses the economic, environmental and social impacts resulting from MTB's activities in the financial year 2017. We aim to provide a balanced and reasonable representation of the sustainability performance of MTB including all types of contributions for apprising our stakeholders.

## ASPECT: ECONOMIC PERFORMANCE < G4-EC1> to < G4-EC9>

### Economic Value Addition GRI Indicator <G4-EC1>

Economic Value Addition (EVA) by the bank has been estimated at BDT 4,244.48 million for the reporting year. EVA includes payments to suppliers, employees and shareholders (investors).

### Total Economic Contribution

Total Economic Contribution by the bank has been estimated at BDT 7,186.04 million for the reporting year. This includes EVA, total payments to the government and social investments.

### Statement of Market Value Addition:

Market value added (MVA) is a calculation that shows the difference between the market value of a company and the capital contributed by investors, both bondholders and shareholders. In other words, it is the sum of all capital claims held against the company plus the market value of debt and equity. As of end of reporting year, Market Value Addition is estimated BDT at 12,741.40 million which was BDT 5805.65 million in the previous year.

## ASPECT: INDIRECT ECONOMIC IMPACTS <G4-EC7> to < G4-EC8>

### Development and Impact of Infrastructure Investments and Services Supported

GRI Indicator <G4-EC7>

During the year 2017, through financing the existing and new clients MTB has created economic impact in the three dimensions:

- Generation of Job in market
- Contribution to economic growth
- More revenue to the national exchequer from growth of businesses of MTB and its clients

### SME Investment by MTB:

Keeping rural development in mind, MTB has developed a strong footprint in financing women entrepreneurs, providing collateral free loans to SMEs and financing rural SMEs in Bangladesh. MTB SME Financing in 2017

### Concentration of Loans and Advances (Disbursement)

Not Reported

**Reductions in Energy Requirements of Products and Services**

GRI Indicator &lt;G4-EN7&gt;

**Banking through SMS:**

SMS Banking service provides instant notification about clients' transactions as and when it happens. It helps them to keep a watch on their accounts with a round the clock service. Every debit or credit in their accounts over a limit desired by them is intimated by SMS. MTB SMS Banking services offer basic banking services to customers for a very little use of energy. In 2017, a total of 24,965 text messages were sent by MTB in response to customer's balance checking and 4,632 text messages were sent in response to checking transactions, through push-pull service. This enabled MTB to send and its customers to get their account information by using little energy compared to the traditional way of getting account information by visiting branches.

**SMS Banking charge collection for the year 2017:**

SL	Description	2017
01	No. of Customers (Realized Charge)	48,238
02	Realized Amount	BDT 1,44,71,400/- (40% increased)
03	Reactivation Realization	BDT 2,62,500

**SMS sent for information:**

Topic	2017	2016
Number of Balance Check Messages Sent	24,965	18,221
Number of Transaction Check Messages Sent	4,632	4,199

**Internet banking facilities:**

Internet banking facilities reduce the hassle of visiting branches of banks and smoothen life of mass people. In 2017, the total number of Internet banking user increased by 20% over previous year to 20,912.

**MTB Smart Banking App for Android and iPhones:**

MTB has its own App for Internet banking through smart phones or similar devices that run on Android OS or OSX. The App is freely available for download at Google Play Store and iTunes. Apart from fund transfer, the App enables the customer to pay bills and recharge mobile balance, which reduces energy consumption remarkably compared to traditional methods. Use of the App involves less energy usage compared to conventional banking. In 2017, the total number of MTB App users increased by 56% over previous year to 8,234.

**MTB's Solar Power Capacity:**

MTB has installed solar power panels at its Corporate Head Offices, branches and ATM booths. By 2017, total capacity installed is 44.6 KW of solar panel that reduces total power consumption by the bank.

Name of the Branch	2017
	Solar Power Capacity (KWH)

**MTB School Banking:**

MTB has designed its school banking products for the students. MTB organizes school banking campaigns in different local schools throughout the year.

**During these campaigns, children can open accounts and have a hands-on banking experience. This eventually helps the students to cultivate the habit of savings from an early age.**

Any school going child can open a School Banking Account with his/her parent and start saving for the future. This account is meant to help our future generation to grow up with a savings habit along with being accustomed with the banking culture. So let the savings grow along with your child.

#### MTB SME Financing for Women Entrepreneur:

Despite many barriers, a new women's entrepreneur class in the small and medium sectors has developed in the country taking on the challenge to work in a male dominated, competitive and complex economic and business environment. It has been found that at present women entrepreneurs constitute less than 10% of the total business entrepreneurs in Bangladesh whereas women in advanced market economies own more than 25% of all businesses. In spite of these, in Bangladesh, not only have the women's entrepreneurship improved their living conditions and earned more respect in the family and the society, but they have also contributed

to business and export growth, supplies, employment generation, productivity and skill development. MTB has also designed special products to help thrive the growth of woman entrepreneurs. **MTB Bhagyobati** and **MTB Gunabati**, (ভাগ্যবতী ও গুণবতী), the two innovative financial products for women entrepreneurs, have strong presence in the country's credit market for their unique features and easy access to financing. MTB has established Women Entrepreneur Development Unit (WEDU) to help the women in business and bring them under credit access.

In 2017 MTB disbursed loan of BDT 140 million to women entrepreneurs

	2017	2016	2015

<b>Total</b>	<b>176,189,351</b>	<b>31,164</b>

**MTB Contributes to The Prime Minister's Relief Fund**

Mutual Trust Bank Ltd. (MTB) Chairman, M. A. Rouf, JP and Director, Md. Wakiluddin are seen handing over a cheque of BDT 30 million to the Honorable Prime Minister of Bangladesh, Sheikh Hasina, for the Prime Minister's Relief Fund to support the flood-affected people of the country at a simple ceremony held at Prime Minister's Office in Dhaka on August 22, 2017.

**Swapno Sarathi (স্বপ্ন সারথী):**

Nationwide 1.5 million girls drop out of school or have never enrolled and the number increases annually, according to U.N. figures. Poor parents marry their daughters off because they cannot afford to continue their education past grade 8 – about two-thirds of all girls in Bangladesh marry before their 18th birthdays, according to Girls Not Brides.

Analysts point to bicycles as a positive approach to stemming the dropout rate for girls who face long commutes to and from school.

"Swapno Sarathi" (স্বপ্ন সারথী) is a brand for MTB's CSR campaign of bicycle distribution amongst the underprivileged students, first Inaugurated by the then Bangladesh Bank Governor on October 25, 2015. Since the first distribution of bicycles at former enclaves in

Garati, Panchagarh, MTB has crossed the milestone of 1500 bicycle distribution across the country in 2017. Distance should not be a barrier to school is the motto for distribution of bicycle to students, mainly female.

	2017	2016	2015
Number of bicycles	494	389	698
<b>Total Cost in BDT</b>	<b>37,38,888</b>	<b>2,797,718</b>	<b>4,866,825</b>

### MTB Distributed Scholarships Among Underprivileged Meritorious Students

MTB distributed scholarships of BDT 200,000.00 among the underprivileged meritorious students of Kushtia through MEDHA, under the bank's CSR activities. Haji Md. Robiul Islam, Chairman, Kushtia Zilla Parishad & President, Kushtia Chamber of Commerce & Industry, handed over the scholarships as the Chief Guest at a simple ceremony held at a local restaurant at Kushtia. Engineer Khondker Salauddin, President, MEDHA, Md. Abul Bayes Mia, Chief Executive Officer, Kushtia Zilla Parishad, Mohammad Atiar Rahman, Branch Manager, MTB Kushtia Branch, students, guardians and local dignitaries along with other senior officials of both the organizations were also present at the occasion on August 07, 2017.

A dramatic aerial photograph of six fighter jets, likely F-16s, flying in a staggered formation against a vibrant sunset sky. The sky is filled with warm orange and yellow clouds. Each jet is leaving a thick, bright orange smoke trail behind it, which curves downwards and outwards, creating a sense of dynamic movement and power. The jets are positioned in the upper half of the frame, with their trails extending towards the bottom right.

# SHAREHOLDERS' INFORMATION

Our shareholders are our inspirations in fortifying optimum governance practices, establishing command over sectoral risk factors and warranting sustained growth.

### Horizontal Analysis (Financial Position) :

Horizontal Analysis on Balance Sheet refers to the analysis of growth of each component of balance sheet items from the base period. Here base period is considered the year 2013 giving value 100% and after that period value above 100% means positive growth and below 100% means negative growth compared to base year. Here, assets, liabilities and capital components are showing consistent growth over the periods which symbolize sustainable overall balance sheet growth of the bank as a whole.

#### Horizontal Analysis (Comprehensive Income):

Horizontal Analysis on Income Statement refers to the analysis of growth of each component of income statement items from the base period. Here base period is considered the year 2013 giving value 100% and after that period value above 100% means positive growth and below 100% means negative growth compared to base year. The above table shows that total operating income, expenses and operating profit of Mutual Trust Bank Ltd. are growing consistently over the periods. After drastic increase of total provision requirement in 2017, due to regulatory change its growth is decreasing over the periods. Which indicates better asset quality.

**Vertical Analysis (Financial Position):**

Vertical Analysis on Balance Sheet refers to the components of balance sheet items as a % of total Assets over the periods which would be termed as common sizing of balance sheet. In asset side, investment (12%) and loans and advances (72%) hold major portion. Investment shows decreasing but loans and advance shows consistency trend as % of total assets over the years at the backdrop of political volatility and sluggish investment scenario of the country. In liability side, deposit holds major portion (75%) and showing decreasing trend over last three years.

### Vertical Analysis (Comprehensive Income):

Vertical Analysis on Income Statement refers to the components of income statement items as a % of total income over the periods which would be termed as common sizing of income statement. In income side, interest income (74%) and investment income (13%) hold major portion. Interest income shows increasing trend but contribution decreased due to increase in other operating income as % of total income over the years. Operating expense as % of income is increasing over the periods due to network expansion and establishment of new departments in line with business model/strategies. Operating profit shows consistency and total provision is in rising trend and net profit shows increasing trend over the periods.

## Independent Auditor's Report to the Shareholders of Mutual Trust Bank Limited

### Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Mutual Trust Bank Limited and its subsidiaries (together referred to as the "Group") which comprise the consolidated balance sheet as at 31 December 2017, and the consolidated profit and loss account, the consolidated statement of changes in equity and the consolidated cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Bangladesh Financial Reporting Standards (BFRSs) as explained in Note 2 and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error. The Banking Companies Act, 1991 and Bangladesh Bank Regulations require the Management to ensure effective internal audit, internal control and risk management functions of the Bank. The Management is also required to make a self-assessment on the effectiveness of anti-fraud internal controls and report to Bangladesh Bank on instances of fraud and forgeries.

### Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSAs). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group and its subsidiaries as at 31 December 2017, and of its financial performance and cash flows for the year then ended in accordance with Bangladesh Financial Reporting Standards (BFRSs) as explained in note 2.

### Report on other Legal and Regulatory Requirements

In accordance with the Companies Act, 1994, the Securities and Exchange Rules 1987, the Banking Companies Act, 1991 and the rules and regulations issued by Bangladesh Bank, we also report that:

- (i) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;

- (ii) to the extent noted during the course of our audit work performed on the basis stated under the Auditor's Responsibility section in forming the above opinion on the consolidated financial statements and considering the reports of the Management to Bangladesh Bank on anti-fraud internal controls and instances of fraud and forgeries as stated under the Management's Responsibility for the financial statements and internal control:
  - (a) internal audit, internal control and risk management arrangements of the Group as disclosed in the financial statements appeared to be materially adequate;
  - (b) nothing has come to our attention regarding material instances of forgery or irregularity or administrative error and exception or anything detrimental committed by employees of the Group and its related entities;
- (iii) financial statements of two subsidiaries namely, MTB Securities Limited, MTB Capital Limited have been audited by Khan Wahab Shafique Rahman & Co., Chartered Accountants and MTB Exchange (UK) Limited have been audited by Jahan & Co., Chartered management Accountants and have been properly reflected in the consolidated financial statements;
- (iv) in our opinion, proper books of account as required by law have been kept by the Group so far as it appeared from our examination of those books;
- (v) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- (vi) the consolidated balance sheet and consolidated profit and loss account together with the annexed notes dealt with by the report are in agreement with the books of account and returns;
- (vii) the expenditures incurred and payments made were for the purpose of the Group's business for the year;
- (viii) the consolidated financial statements have been drawn up in conformity with prevailing rules, regulations and accounting standards as well as related guidance issued by Bangladesh Bank;
- (ix) adequate provisions have been made for advance and other assets which are in our opinion, doubtful of recovery;
- (x) the records and statements submitted by the branches have been properly maintained and consolidated in the financial statements;
- (xi) the information and explanations required by us have been received and found satisfactory;
- (xii) we have reviewed over 80% of the risk weighted assets of the Bank and spent over 1,500 person hours; and
- (xiii) Capital to Risk-weighted Asset Ratio (CRAR) as required by Bangladesh Bank has been maintained adequately during the year.

# MUTUAL TRUST BANK LIMITED

## NOTES TO THE FINANCIAL STATEMENTS

For the Year ended December 31, 2017

### 1.00 The bank and its activities

#### 1.01 Legal form of Mutual Trust Bank Limited

Mutual Trust Bank Limited (MTB) was incorporated in Bangladesh in the year 1999 as a Banking Company under the Companies Act, 1994 as a Public Limited Company. All types of commercial banking services are provided by the Bank within the stipulations laid down by the Bank Companies Act, 1991 (as amended in 2013) and directive as received from the Bangladesh Bank from time to time. Registered office of the Bank is at MTB Centre, 26 Gulshan Avenue, Gulshan 1, Dhaka 1212. The Bank started its commercial business from October 24, 1999. The Bank is listed with the Dhaka and Chittagong Stock Exchanges Limited. Authorized capital of the Bank is BDT 10 billion. The Bank has 111 (One hundred eleven) Branches including 14 (Fourteen) SME/Agri Branches all over Bangladesh, 50 (Fifty) Agent Banking Centres, 01 (One) Air Lounge and 02 (Two) Booths located at Hazrat Shahjalal International Airport, Dhaka.

#### 1.02 Principal activities and nature of operation of Mutual Trust Bank Limited

The principal activities of the bank are to provide all kinds of commercial banking and related services such as accepting deposits, providing loans to customers, issuing debit and credit cards, sms banking, internet banking, call centre, trade and services, treasury functions, cash management, securities and custody services, remittance services, privilege banking services, dealing in government securities etc.

#### 1.03 Off-Shore Banking Unit (OBU)

The Bank obtained the Off-shore Banking Unit Permission vide Letter No. BRPD (P-3)744(105)/2009-4470, dated December 03, 2009. The Bank commenced operation of this unit from December 07, 2009. This unit is governed under the rules and guidelines of Bangladesh Bank. The principal activities of the unit are to provide all kinds of commercial banking services to its customers in foreign currencies. Separate Financial Statements of Off-shore Banking Unit has been drawn up in Annexure G.

#### 1.04 Subsidiaries

##### 1.4.1 MTB Securities Limited (MTBSL)

MTBSL is engaged in buying and selling of securities for its customers and margin loan is extended to the customers against their margin for investment in the listed companies. The required margin level is monitored daily and margin loan is provided as per established guidelines. Separate Financial Statements of MTB Securities Limited has been drawn up in the reports.

##### 1.4.2 MTB Exchange (UK) Limited (MTB UK)

Bangladesh Bank vide their letter No: BRPD(M)204/25/2010-289, dated August 19, 2010 has accorded approval to the bank for opening a fully owned subsidiary company in the name of MTB Exchange (UK) Limited. The Company was incorporated on June 14, 2010 under the Companies Act 2006 of UK with the registration number 7282261 as a private company limited by shares. The registered office is located at 25 White Chapel Road, London.

The main activities of the exchange house are to carry on the remittance business and to undertake and participate in transactions, activities and operations commonly carried on or undertaken by exchange houses. Separate Financial Statements of MTB Exchange (UK) Limited has been drawn up in the reports.

##### 1.4.3 MTB Capital Limited (MTBCL)

The Bank obtained permission to embark upon Merchant Banking from the Bangladesh Securities and Exchange Commission (BSEC) vide its certificate No.MB-55/2010, dated December 06, 2010 under the Securities and Exchange Commission Act, 1993. The operation has started as on April 17, 2011. Separate financial statements have been drawn up in the reports.

#### MTBCL offers the following services to the market:

- Discretionary and Non-Discretionary Portfolio Management services to both the retail and institutional investors under different product lines.
- Issue Management services to medium and large corporate houses to manage their Initial Public Offer (IPO), secondary offering, debt issuance and rights issuance.
- Underwriting services for both debt and equity issues.

Besides, MTBCL develops various investment schemes suiting varying objectives and constraints of different investor classes.

**2.0 Significant accounting policies and basis of preparation of financial statements****2.01 Statement of Compliance**

The consolidated financial statements of the Group and the financial statements of the Bank and its subsidiary as at and for the year ended December 31, 2017 have been prepared under the historical cost convention and in accordance with Bangladesh Financial Reporting Standards (BFRSs), the “First Schedule” (section-38) of the Bank Companies Act 1991, as amended by the BRPD Circular no. 14, dated June 25, 2003, other Bangladesh Bank circulars, the Companies Act, 1994, the Bangladesh Securities and Exchange Rules 1987, Dhaka and Chittagong Stock Exchange’s listing regulations and other laws and rules applicable in Bangladesh. Where the requirement of provisions and circulars issued by Bangladesh Bank differ with those of the regulatory authorities and accounting standards, the provisions and circulars issued by Bangladesh Bank shall prevail.

As such the Group and the Bank has departed from those contradictory requirements of BFRSs in order to comply with the rules and regulation of Bangladesh Bank which are disclosed below:

**2.01.01 Investment in shares and securities**

**BFRSs:** As per requirements of “BAS 39: Financial Instruments: Recognition and Measurement” investments in shares and securities generally falls either under “at fair value through profit and loss accounts” or under “available for sale” where any change in the fair value at the period ended is taken to profit and loss account or revaluation reserve account, as the case may be.

**Bangladesh Bank:** As per Banking Regulation & Policy Department (BRPD) Circular no. 14 dated, June 25, 2003 of Bangladesh Bank, Investments in quoted shares and unquoted shares are revalued at the year end at market price and as per book value of last audited balance sheet respectively. Provision should be made for any loss arising from diminution in value of investments. As such Mutual Trust Bank Limited measures and recognizes Investment in Quoted and Unquoted shares at cost if the year-end Market value (for Quoted shares) and book value (Unquoted shares) are higher than the cost.

**2.01.02 Revaluation gain/loss on Government securities:**

**BFRSs:** As per requirement of BAS 39, T-bills and T-bonds fall under the category of “held for trading” and “held to maturity” where any change in the fair value of held for trading is recognized in profit and loss accounts, and amortized cost method is applicable for held to maturity using an effective interest rate.

**Bangladesh Bank:** According to Department of Offsite Supervision (DOS) Circular no. 05, dated May 26, 2008 and subsequent clarification in DOS Circular no. 05, dated January 28, 2009 of Bangladesh Bank, loss on revaluation of Government securities (T-bill/T-bond) which are categorized as held for trading will be charged through Income accounts, but any gain on such revaluation should be recorded under revaluation reserve accounts. However, at the year-end if there is any revaluation gain for any particular held for trading T-bill /T- bonds, such gain can be used to the extent of any revaluation loss for that particular held for trading T-bills/T-bonds. T-bills designated as held to maturity are measured at amortized cost method but interest income / gain should be recognized through revaluation reserve.

**2.01.03 Provision on loans and advances**

**BFRSs:** As per Bangladesh Accounting Standard (BAS) 39, an entity should start the impairment assessment by considering whether objective evidence of impairment exists for financial assets that are individually significant. For financial assets which are not individually significant, the assessment can be performed on an individual or collective (portfolio) basis.

**Bangladesh Bank:** As per BRPD Circular no. 14, dated September 23, 2012, BRPD Circular no. 19, dated December 27, 2012, BRPD Circular no. 05, dated May 29, 2013, BRPD Circular no. 16, dated November 18, 2014, BRPD Circular no. 08, dated August 02, 2015, BRPD Circular no. 15, dated September 27, 2017 and BRPD Circular no. 01, dated February 20, 2018 a general provision at 0.25% to 5% under different categories of unclassified loans (standard and SMA loans) has to be maintained regardless of objective evidence of impairment. Also provision for sub-standard loan, doubtful loans and bad losses, should be provided at 20%, 50% and 100% respectively for loans and advances depending on the duration of overdue. Again as per BRPD Circular no. 10, dated September 18, 2007 and BRPD Circular no. 01, dated January 03, 2018, a general provision at 1% should be provided for all off-balance sheet exposures except general provision against the LC for First Track Power Supply Projects. Such provision policies are not specifically in line with those prescribed by BAS 39.

**2.01.04 Financial instruments - presentation and disclosure:**

In several cases Bangladesh Bank guidelines categories, recognize, measure and present financial instruments differently from those prescribed in BAS 39. As such some disclosure and presentation requirements of “BFRS 7: Financial Instrument- Disclosures” and “BAS 32: Financial Instruments-Presentation” cannot be made in the accounts.

**2.01.05 REPO transactions**

**BFRSs:** When an entity sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (REPO or stock lending), the arrangement is accounted for as a deposit, and the underlying asset continues to be recognized in the entity’s financial statements. This transaction will be treated as loan and the difference between selling price and repurchase price will be treated as interest expense.

**Bangladesh Bank:** As per BRPD guidelines, when a bank sells a financial asset and simultaneously enters into an agreement to repurchase the asset (or a similar asset) at a fixed price on a future date (REPO or stock lending), the arrangement is accounted for as normal sales transactions and the financial assets are derecognized in the seller's book and recognized in the buyer's book.

## 2.01.06 Financial guarantees

**BFRSs:** As per BAS-39 financial guarantees are contracts that require an entity to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument. Financial guarantee liabilities are recognized initially at their fair value, and the initial fair value is amortized over the life of the financial guarantee. The financial guarantee liability is subsequently carried at the higher of this amortized amount and the present value of any expected payment when a payment under the guarantee has become probable. Financial guarantees are included within other liabilities.

**Bangladesh Bank:** As per BRPD circular # 14, dated June 25, 2003 a financial guarantees such as L/C, L/G will be treated as off balance sheet items. No liability is recognized for the guarantee except the cash margin.

## 2.01.07 Cash and cash equivalents

**BFRSs:** Cash and cash equivalents items should be reported as cash item as per "BAS 7: Statement of Cash Flows".

**Bangladesh Bank:** Some cash and cash equivalent items such as 'money at call and on short notice', treasury bills, Bangladesh Bank bills and prize bond are not shown as cash and cash equivalents. Money at call and on short notice presented on the face of the balance sheet, and treasury bills, prize bonds are shown in investments.

## 2.01.08 Non-banking assets

**BFRSs:** No indication of non-banking assets is found in any BFRSs.

**Bangladesh Bank:** As per BRPD circular # 14, dated June 25, 2003, there should exist a face item named non-banking assets.

## 2.01.09 Cash flow statement

**BFRSs:** Cash flow statement can be prepared either in direct method or in indirect method. The presentation is selected to present these cash flows in a manner that is most appropriate for the business or industry. The method selected is applied consistently.

**Bangladesh Bank:** As per BRPD circular # 14, dated June 25, 2003, cash flow should be a mixture of direct and indirect method.

## 2.01.10 Balance with Bangladesh Bank: (CRR)

**BFRSs:** Balance with Bangladesh Bank should be treated as other assets as it is not available for use in day to day operations as per BAS 7.

**Bangladesh Bank:** Balance with Bangladesh Bank should be treated as cash and cash equivalents.

## 2.01.11 Loans and advances net of provision

**BFRSs:** Loans and advances should be presented net of provisions.

**Bangladesh Bank:** As per BRPD circular # 14, dated June 25, 2003, provision on loans and advances should be presented separately as liability and cannot be netted off against loans and advances.

[Also refer to Note 2.22 Compliance of Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs)]

## 2.02 Basis of consolidation of operations of subsidiaries

The financial statements of the Company and its subsidiary, as mentioned in note No.1.03 has been consolidated in accordance with Bangladesh Accounting Standard (BAS) 27 "Separate Financial Statements" and Bangladesh Financial Reporting Standard (BFRS) 10 "Consolidated Financial Statements". The Consolidation of the Financial Statement has been made after eliminating all material intercompany balance, income and expenses arising from intercompany transactions.

The total profit of the Company and its subsidiary are shown in the consolidated statement of comprehensive income with the proportion of profit after taxation. All assets and liabilities of the Company and of its subsidiary is shown in the consolidated statement of financial position. The consolidated financial statements are prepared to a common financial year ended December 31, 2017.

**Conversion Policy**

The conversion policy of Off-shore Banking unit (OBU) and MTB Exchange (UK) Limited is given below.

Details	Price	Rate of GBP for MTBUK	Rate of USD for OBU
For assets & liabilities	Closing price	110.9917	82.7000
For income & expenses	Average price	104.6053	80.6263

**Transactions eliminated on consolidation**

All intra-group transactions, balances, income and expenses are eliminated on consolidation. Profit and losses resulting from transactions between groups are also eliminated on consolidation.

**2.03 Basis of measurement**

The financial statements have been prepared on the historical cost basis except for the following material items:

- Government Treasury Bills and Bonds designated as 'Held for Trading (HFT)' at present value using marking to market concept with gain credited to revaluation reserve but loss charged to income statement.
- Government Treasury Bills and Bonds designated as 'Held to Maturity (HTM)' at present value using amortization concept.
- Land & Buildings is recognized at cost at the time of acquisition and subsequently measured at fair value as per BAS-16 "Property, Plant & Equipment."

The accounting policies, unless otherwise stated have been consistently applied by the company and consistent with those of the previous year.

**2.04 Going concern**

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The accompanying financial statements do not include any adjustments should the Bank be unable to continue as a going concern.

**2.05 Functional and presentation currency**

The financial statements are presented in Bangladesh Taka (BDT) currency, which is the Bank's functional currency. All financial information presented in BDT has been rounded to the nearest BDT.

**2.06 Use of estimates and judgments**

The preparation of financial statements in conformity with Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses. It also requires disclosures of contingent assets and liabilities at the date of the financial statements.

The most perilous estimates and judgments are applied to the Provision for impairment of loans & investments and Employees benefits.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making the judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates. However, the estimates and underlying assumptions are reviewed on an ongoing basis and the revision is recognized in the period in which the estimates are revised.

**2.07 Materiality, aggregation and off setting**

Each material item as considered by management significant has been displayed separately in the financial statements. No amount has been set off unless the Bank has a legal right to set off the amounts and intends to settle on net basis. Income and expenses are presented on a net basis only when permitted by the relevant accounting standards.

The values of any asset or liability as shown in the balance sheet are not off-set by way of deduction from another liability or asset unless there exist a legal right therefore. No such incident existed during the period.

**2.08 Comparative information**

The accounting policies have been consistently applied by the Bank and are consistent with those used in the previous year. Comparative information is reclassified and rearranged wherever necessary to conform to the current presentation.

**2.09 Foreign currency transaction and Commitments****a) Foreign currencies translation**

Foreign currency transactions are converted into equivalent Taka using the ruling exchange rates on the dates of respective transactions as per BAS-21: The Effects of Changes in Foreign Exchange Rates. Foreign currency balances held in US Dollar are converted into Taka at weighted average rate of inter-bank market as determined by Bangladesh Bank on the closing date of every month. Balances held in foreign currencies other than US Dollar are converted into equivalent US Dollar at buying rates of New York closing of the previous day and converted into Taka equivalent. The resulting exchange transaction gains and losses are included in the profit and loss account.

**b) Commitments**

Contingent liabilities / commitments for letters of credit and letters of guarantee denominated in foreign currencies are expressed in Taka terms at the rates of exchange ruling on the balance sheet date.

**2.10 Statement of cash flows**

Statement of cash flows has been prepared in accordance with Bangladesh Accounting Standard (BAS) 7: Statement of Cash Flows and under the guideline of Bangladesh Bank BRPD Circular No. 14, dated June 25, 2003. The Statement shows the Structure of Changes in cash and cash equivalents during the financial period.

**2.11 Statement of changes in equity**

The statement of changes in equity reflects information about the increase or decrease in net assets or wealth. Statement of changes in equity has been prepared in accordance with Bangladesh Accounting Standard (BAS) 1: Presentation of Financial Statements and relevant guidelines of Bangladesh Bank.

**2.12 Liquidity statement**

The liquidity statement has been prepared in accordance with remaining maturity grouping of Assets and Liabilities as of the close of the period as per following basis.

- a) Balance with other banks and financial institutions, money at call and short notice, etc. are on the basis of their maturity term.
- b) Investments are on the basis of their repayment schedule.
- c) Loans and advances/investments are on the basis of their repayment schedule.
- d) Fixed assets are on the basis of their useful lives.
- e) Other assets are on the basis of their realization/amortization.
- f) Borrowing from other banks, financial institutions and agents, etc. are as per their maturity/repayment terms.
- g) Deposits and other accounts are on the basis of their maturity term and past trend of withdrawal by the depositors.
- h) Provision and other liabilities are on the basis of their payment/ adjustments schedule.

**2.13 Accounting for contingent liabilities and contingent assets**

The bank recognized provisions only when it has a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the obligation can be made. No provision is recognized for:

- a) Any possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future event not wholly within the control of the bank; or
- b) Any present obligation that arises from past events but is not recognized because
  - It is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or
  - A reliable estimate of the amount of obligation cannot be made.

**2.14 Assets and basis of their valuation****2.14.01 Cash and cash equivalents**

Cash and cash equivalents include notes and coins on hand, unrestricted balances held with Bangladesh Bank and highly liquid financial assets which are subject to insignificant risk of changes in their fair value, and are used by the Bank management for its short-term commitments.

**2.14.02 Investments**

All investment in securities is initially recognized at cost, being fair value of the consideration given, including acquisition charges associated with the investment. Premiums are amortized and discounts accreted, using the effective yield method and are taken to discount income. The valuation methods of investments used are:

**a) Held to maturity (HTM)**

Investments which have 'fixed or determinable payments' and are intended to be 'held to maturity' other than those that meet the defined of 'held at amortized cost', are classified as held to maturity (HTM). These investments are subsequently measured at present value as per Bangladesh Bank guideline.

**b) Held for trading (HFT)**

Investments classified in this category are acquired principally for the purpose of selling or repurchasing in short trading or if designated as such by the management. After initial recognition, investments are measured at fair value and any change in the fair value is recognized in the statement of income for the period in which it arises.

**c) Revaluation**

As per the DOS Circular letter no. 05, dated May 26, 2008 & subsequent amendment DOS circular no.05, dated January 28, 2009 and DOS circular no. 21, dated October 27, 2009. HFT securities are revalued on weekly basis and HTM securities are amortized on yearly basis. The HTM securities are also revalued if they are reclassified to HFT category with the Board's approval. Any gain or loss on revaluation of HTM securities is recognized in the statement of changes in equity. Gain/ loss on revaluation of HFT securities is recognized in the income statement on weekly basis and gain on revaluation is transferred to statement of changes in equity on monthly basis.

Valuation of investments has been shown as under Government treasury bills and bonds (HTM) at present value (using amortization concept), Government treasury bills and bonds (HFT) at present value (using making to market concept).

**d) Value of investments has been shown as under:**

Investment class	Initial recognition	Measurement after recognition	Recording of change
Government treasury bills (HFT)	Cost	Marking to market/ fair value	Loss transferred to profit and loss account and income transferred to revaluation reserve.
Government treasury bills (HTM)	Cost	Amortized cost	Loss transferred to profit and loss account and gain transferred to revaluation reserve.
Government treasury bonds (HFT)	Cost	Marking to market/ fair value	Loss transferred to profit and loss account and income transferred to revaluation reserve.
Government treasury bonds (HTM)	Cost	Amortized cost	Amortized gain / loss transferred to revaluation reserve.
Zero coupon bond	Cost	Amortized cost	None
Prize bond	Cost	None	None
Debentures	Cost	At cost price	None
Unquoted shares and debenture	Cost	None	Loss transferred to profit and loss account but no unrealized gain recorded.
Quoted shares	Cost	Cost	Loss transferred to profit and loss account but no unrealized gain recorded.

**2.14.03 Loans, advances and provisions**

Loans and advances are stated at gross amount. General provisions on unclassified loans & off balance sheet exposures, specific provisions for classified loans and interest suspense account thereon are shown under other liabilities. Provision against classified loans and advances is made on the basis of quarter end review by the management and instruction contained in BRPD Circular no. 14, 19, 5, 16, 8, 15 & 01 dated September 23, 2012, December 27, 2012, May 29, 2013, November 18, 2014, August 02, 2015, September 27, 2017 & February 20, 2018.

**Interest on loans and advances**

Interest is calculated on daily product basis but debited to the party's loan account quarterly. No interest is charged on loans and advances which are classified as bad and loss. Interest is calculated on unclassified loans and advances (only standard) and recognized as income during the period. Interest calculated on classified loans and advances (including special mention accounts) as per Bangladesh Bank circulars is kept in interest suspense account and credited to income on realization. Interest suspense and penal interest (if any) calculated on classified loans and advances are taken into income in the period of its receipt from the defaulting borrowers.

Commission and discounts on bills purchased and discounted are recognized at the time of realization. Recovery of written off loans and advances are taken into income in the period of its receipts from the defaulting borrowers.

**Provision for loans and advances**

Provision for loans and advances are made on the basis of quarter as well as year-end review by the management following instructions contained in BRPD Circular no. 14, dated September 23, 2012 and subsequent changes of Bangladesh Bank. The percentage of provision on loans and advance are given below:

**Rate of provision**

Particulars		Short term Agri. Credit	Consumer financing			SMEF	Loans to BHs/SDs	All other Credit
			Other than HF, LP	HF	LP			
<b>UC</b>	<b>Standard</b>	1%	5%	1%	2%	0.25%	2%	1%
	<b>SMA</b>	-	5%	1%	2%	0.25%	2%	1%
<b>Classified</b>	<b>SS</b>	5%	20%	20%	20%	20%	20%	20%
	<b>DF</b>	5%	50%	50%	50%	50%	50%	50%
	<b>B/L</b>	100%	100%	100%	100%	100%	100%	100%

**Presentation of loans and advances**

Loans and advances are shown at gross amount as assets while interest suspense and loan loss provision against classified advances are shown as liabilities in the statement of financial position.

**Security against Loans:**

- Project loan: Project land and building are taken as security in the form of mortgage and plant & machinery are taken in the form of hypothecation.
- Working Capital: Goods are taken as security in the form of hypothecation along with land and building mortgage. Listed securities, fixed deposits, assignments of receivables, etc. are also taken as security.

**Bills Purchased and Discounted**

- Bills purchased and discounted do not include Government Treasury bills and have been classified into two sub-heads viz.,
  - Payable in Bangladesh and
  - Payable outside Bangladesh.
- The bills purchased and discounted have been analyzed as per the maturity grouping.

**Written off loans and advances**

Loans and advances are written off to the extent that (i) there is no realistic prospect of recovery, (ii) and against which legal cases are filed and classified as bad loss more than five years as per guidelines of Bangladesh Bank and iii) Special permission of Bangladesh Bank. These write off however, will not undermine/ affect that claim amount against the borrowers. Detailed memorandum records for all such write off accounts are meticulously maintained and followed up.

**2.14.04 Property, plant and equipments****a) Recognition**

The cost of an item of property, plant and equipments (Fixed assets) shall be recognized as an asset, if and only if it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably.

Property, plant and equipments have been accounted for at cost or revalued amount less accumulated depreciation (except land) as per BAS-16: Property, plant and equipments. Cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent cost of enhancement of an existing asset is recognized as a separate asset, only when it is probable that future economic benefits associated with the item can be measured reliably. All other repairs and maintenance are charged to the income statement during the financial periods which are incurred.

**b) Depreciation**

Category of Fixed Assets	Method of Depreciation	Rates of Depreciation
Land	N/A	Nil
Immovable Property	Reducing balance method	2.50%
Furniture & Fixtures	Reducing balance method	10%
Office Equipment	Reducing balance method	20%
Motor Vehicles	Straight line method	20%
Books & Periodicals	Reducing balance method	10%
Leasehold Assets	Straight line method	20%
Intangible Assets	Reducing balance method	20%

**c) Disposal of fixed assets**

On disposal of fixed assets, the cost and accumulated depreciation are eliminated from the fixed assets schedule and gains or losses on such disposal are reflected in the income statement as per provision of BAS-16: Property, Plant and Equipment.

**d) Capital Work-in-Progress**

Capital Work-in-Progress is stated at cost. These are expenses of a capital nature directly incurred in the construction of building, system development, awaiting capitalization.

**e) Borrowing costs**

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets have been capitalized as part of the cost of the assets.

**f) Impairment**

If the recoverable amount of an asset is less than its carrying amount, the carrying amount of the assets should be reduced to its recoverable amount. That reduction is an impairment loss. An impairment loss is recognized as an expense in the income statements.

**2.14.05 Other assets**

Other assets include all assets not covered specifically in other areas of the supervisory activity and such accounts may be quite insignificant in the overall financial condition of the bank.

**Provision for other assets**

Other assets have been classified as per BRPD Circular No. 14, dated June 25, 2001 of Bangladesh Bank and necessary provisions made thereon accordingly and for items not covered under the circular adequate provisions have been made considering their reliability.

**2.14.06 Receivables**

Receivables are recognized when there is a contractual right to receive cash or another financial asset from another entity.

**2.14.07 Leases**

Leases are classified as finance lease whenever the 'Terms of the Lease' transfer substantially all the risks and rewards of ownership to the lessee as per "BAS-17: Leases".

**The Bank as Lessor**

Amount due from lessees under finance leases are recorded as receivables at the amount of the Bank's net investment in the leases (Note-7.03). Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the Bank's net investment outstanding in respect of the leases.

**The Bank as Lessee**

Asset held under finance leases are recognized as assets of the Bank at their fair value at the date of acquisition or, if lower, at the present value of the minimum lease payments. The corresponding liability to the lessor is included in the balance sheet as a finance lease obligation. Lease payments are apportioned between finance charges and reduction of the lease obligation so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are charged directly against income.

**2.14.08 Non-Banking Assets**

Non-banking assets are acquired on account of the failure of a borrower to repay the loan in time after receiving the decree from the court regarding the right and title of the mortgaged property. However, the bank has no non-banking assets.

**2.14.09 Reconciliation of inter-bank/inter-branch account**

Accounts with regard to inter-bank (in Bangladesh and outside Bangladesh) are reconciled regularly and there are no material differences which may affect the financial statements significantly. Un-reconciled entries/ balances in the case of inter-branch transactions as on the reporting date are not material.

**2.15 Liabilities and provision****2.15.01 Borrowings from other banks, financial institutions and agents**

Borrowing from other banks, financial institutions and agents include interest bearing borrowing redeemable at call, on-demand and short term deposits lodged for periods of less than 6 months. These items are brought to account at the gross value of the outstanding balance. Interest paid or payable on these borrowings is charged to the income statement.

**2.15.02 Deposits and other accounts**

Deposits and other accounts include non-interest bearing current deposit redeemable at call, interests bearing on demand and short term deposits, savings deposit, term deposit, margin, bills payable etc. These items are brought to account at the gross value of the outstanding balances.

**2.15.03 Other liability**

Other liability is recognized in the balance sheet according to the guideline of Bangladesh Bank and Income-tax Ordinance 1984, BAS-37 and internal policy of the banks. Provisions and accrued expenses are recognized in the financial statements when the bank has a legal or constructive obligation as a result of past event, it is probable that an outflow of economic benefit will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

**2.15.04 Employee benefit scheme**

The retirement benefits accrued for the employees of the Bank as on reporting date have been accounted for in accordance with provisions of Bangladesh Accounting Standard (BAS) 19, "Employee Benefit". Bases of enumerating the retirement benefit schemes operated by the Bank are outlined below:

**a) Provident Fund**

Provident fund benefits are given to the permanent employees' of the Bank in accordance with Bank's service rules. Accordingly a trust deed and provident fund rules were prepared. The Commissioner of Income Tax, Taxes Zone 3, Dhaka has approved the Provident Fund as a recognized provident fund within the meaning of section 2(52), read with the provisions of part-B of the First Schedule of Income Tax Ordinance 1984. The recognition took effect from April 30, 2001. The Fund is operated by a Board of Trustees consisting of 5 (five) members. All confirmed employees of the Bank contribute 10% of their basic salary as a subscription to the Fund. The Bank also contributes equal amount of the employees' contribution. Interest earned from the investment is credited to the members' account on yearly basis.

**b) Gratuity**

The Bank operates a funded gratuity scheme approved by the National Board of Revenue. The Gratuity Fund is managed separately by "MTBL Employees Gratuity Fund" and any investment decision out of this fund is also made by this trust.

As per gratuity scheme every permanent employee will get gratuity benefit as per following policy that rendering their service without break:

Completed years of Service	Payment of Gratuity
8 years & above	2.00 basic for each year of service in MTB
7 years	1.70 basic for each year of service in MTB
6 years	1.35 basic for each year of service in MTB
5 years	1.00 basic for each year of service in MTB

**c) MTB Employees' Welfare Fund**

The welfare fund is subscribed by monthly contribution of the employees. The Bank also contributes to the fund from time to time. The fund has been established to provide a token of appreciation or financial assistance to the employees and their family members for education, funeral function, etc. The fund is governed and administered by the Board of trustees consisting of four (04) members.

**d) MTB Employees' Medical Assistance Fund**

Medical Assistance fund is subscribed by monthly contribution of the employees as per policy. The Bank also contributes to the fund from time to time. The fund has been established to provide medical assistance to the employees with dependents. The fund is governed and administered by the Board of trustees consisting of four (04) members.

**e) MTB Employees' Death Benefit Plan**

The plan has been formed to provide financial benefit to the bereaved family of a deceased employee. The Bank contributes to the fund from the annual profit of the Bank on requirement basis. The fund is governed and administered by the Board of trustees consisting of four (04) members.

In case of death of an employee while in active service, financial benefit is paid to the nominee of the deceased employee at a prescribed amount ranging from 3 (three) lacs to 10 (ten) lacs.

**f) MTB Foundation**

The Bank, as part of corporate social responsibility, has established MTB Foundation for the benefit of the community in which it operates and as part of its said responsibility it commits itself to human development, poverty alleviation and overall national economic development. The Bank contributes to the fund from the annual profit of the Bank on requirement basis. The fund is governed and administered by the Board of trustees consisting of four (04) members.

**g) Incentive Bonus**

Mutual Trust Bank Limited has started an incentive bonus scheme for its employees. This bonus amount is distributed among the employees based on their performance. The bonus amount is paid annually and costs are accounted for the period to which it relates.

**2.15.05 Taxation****a. Current tax**

The tax currently payable is based on taxable profit for the period. Taxable profit differs from profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other period or are never taxable or deductible. Bank's liability for current tax is calculated using tax rates that have been enacted the reporting period.

**b. Deferred tax**

The Bank recognizes the current and deferred tax in the financial statements using the provisions of the prevailing tax laws applicable in Bangladesh and as per BAS-12 (Income Taxes). Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which such differences can be utilized. Deferred Tax liabilities are also recognized for taxable temporary differences arising on investments and it is probable that temporary differences will not reverse in the foreseeable future. Deferred tax is calculated at the tax rates, which are expected to apply in the period when the liability is settled or the asset is realized.

**2.16 Capital and shareholders' equity****2.16.01 Capital management**

The bank has a capital management process in place to measure, deploy and monitor its available capital and assess its adequacy. This capital management process aims to achieve four major objectives; exceed regulatory thresholds and meet longer-term internal capital targets, maintain strong credit rating, manage capital levels commensurate with the risk profile of the bank and provide the banks shareholders with acceptable returns.

Capital is managed in accordance with the board approved capital management planning from time to time. Senior management develops the capital strategy and oversees the capital management planning of the bank. The bank's finance and risk management department are key to implementing the bank's capital strategy and managing capital. Capital is managed using both regulatory control measure and internal matrix.

**2.16.02 Paid-up capital**

Paid-up capital represents total amount of shareholder capital that has been paid in full by the ordinary shareholders. Holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to vote at shareholders meetings. In the event of a winding-up of the company ordinary shareholders rank after all other shareholders and creditors and are fully entitled to any residual proceeds of liquidation.

**2.16.03 Statutory reserve**

The Statutory reserve has been maintained @ 20% of profit before tax in accordance with provisions of section 24 of the Bank Companies Act, 1991 as amended 2013.

**2.17 Off Balance Sheet items**

Under general banking transactions, liabilities against acceptance, endorsements and other obligations and bills against which acceptance has been given and claims exists there against, have been shown as Off Balance Sheet items. Provision for off balance sheet items is made as per BRPD circular no. 14 of September 23, 2012 and 01 of January 03, 2018.

**2.18 Provision for Nostro Accounts**

As per instructions contained in the circular Letter No. FEPD (FEMO)/01/2005-677, dated September 13, 2005 issued by Foreign Exchange Policy Department of Bangladesh Bank, the Bank is not required to make a provision regarding the un-reconciled debit balance of Nostro accounts as on the reporting date in these financials as there are no un-reconciled entries which are outstanding more than 3 months.

**2.19 Revenue recognition**

The Revenue during the period has been recognized according to the provision of BAS-18 "Revenue" as well as Bangladesh Bank guidelines.

**2.19.01 Interest income**

In terms of the provisions of the BAS-18 "Revenue", the interest income is recognized on accrual basis. Interest on loans and advances ceases to be taken into income when such advances are classified.

- a) Interest on unclassified loans and advances (except SMA) has been accounted for as income on accrual basis and calculated on daily product basis but charged and accounted for quarterly and in some cases yearly;
- b) Interest on classified loans and advances has been credited to interest suspense account with actual receipt of interest there from having credited to income as and when received as per Instruction of Bangladesh Bank;
- c) No interest is charged on loans and advances on classified as bad/loss;
- d) Commission and discount on bills purchased and discounted are recognized at the time of realization.
- e) Recovery of written off loans and advances are taken into income in the period of its receipts from the defaulting borrowers.

**2.19.02 Investment income**

Interest income on investments is recognized on accrual basis. Capital gain on investments in shares is also included in investment income. Capital gain is recognized when it is realized.

- Income on investment in treasury bills, bonds, preference shares and debenture, etc. other than equity shares has been accounted for on accrual basis.
- Govt. securities (HTM) are revalued on accrual basis and effect of such revaluation gain has been credited to Asset Revaluation Reserve account.
- Dividend on equity shares is recognized during the period in which it is declared and duly approved.
- Net increase in securities held to maturity during the period due to the valuation at market to market basis has been credited to income statement.

**2.19.03 Fee and commission income**

- Commission charged to customers on letters of credit and letters of guarantee are credited to income at the time of effecting the transactions.
- Fee and Commission on bills discounted, purchased & others are recognized at the time of realization.
- Foreign currency transactions are converted into BDT at prevailing on the dates of such transactions and exchange gains or losses arising out of such transactions are recognized as income or expense for the period and dealt with exchange account.

**2.19.04 Dividend Income on Shares**

Dividend income on shares is recognized during the period in which it is declared and ascertained.

**2.19.05 Other operating income**

Other operating income is recognized at the time when it is realized.

**2.19.06 Interest paid on deposits and borrowings**

Interest paid on deposits, borrowing and other expenses are recognized on accrual basis.

**2.19.07 Other expenses**

Expenses incurred by the bank are recognized on accrual basis.

**2.19.08 Other comprehensive income**

Other comprehensive income is presented in financial statements in accordance with **BAS-1: Presentation of Financial Statements**. No other comprehensive income is recognized during the period.

**2.20 Earnings per share**

Basic earnings per share has been calculated in accordance with **BAS 33: Earnings per Share** which has been shown on the face of statement of profit and loss account. This has been calculated by dividing the basic earnings by the weighted average number of ordinary shares outstanding during the period.

**2.21 Reporting period**

These financial statements of the bank and its subsidiary cover the period from January 01 to December 31, 2017.

**2.22 Compliance report on Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs)**

The Institute of Chartered Accountants of Bangladesh (ICAB) is the sole authority for adoption of International Accounting Standards (IASs) and International Financial Reporting Standards (IFRSs) as Bangladesh Accounting Standards (BASs) and Bangladesh Financial Reporting Standards (BFRSs). Mutual Trust Bank Limited has applied all the applicable of BAS and BFRS as adopted by ICAB while preparing the financial statements. Details are given below:

Bangladesh Bank is the prime regulatory body for banks in Bangladesh. Some requirements of Bangladesh Bank's rules and regulations contradict with the provision of BAS / BFRS as marked above. As such the bank has departed from those contradictory requirements of BAS/BFRS in order to comply with the rules and regulations of Bangladesh Bank.

## 2.23 Regulatory & legal compliance

The bank has complied with the requirements of following regulatory & legal authority:

- The Bank Companies Act, 1991(as amended up to 2013)
- The Companies Act, 1994
- Rules & regulations issued by Bangladesh Bank
- The Securities & Exchange Rules, 1987
- The Securities & Exchange Ordinance, 1969
- The Securities & Exchange Act, 1993
- IPO Rules, 1998
- The Income-tax Ordinance, 1984
- VAT Act, 1991
- Dhaka Stock Exchange (listing) regulation 2015

## 2.24 Proposed dividend

Proposed dividend has not been recognized as a liability in the statement of financial position in accordance with Bangladesh Accounting Standards **BAS 10: Events after the Reporting Period**.

## 2.25 Events after the reporting period

Where necessary, all the material events after the reporting period have been considered and appropriate adjustment/disclosures have been made in the financial statements.

## 2.26 Operating segment

The bank has only one reportable business segment and the bank is operating with the geographical territory of Bangladesh. Hence segment reporting in accordance with **BFRS-8: Operating Segments** is applicable.

## 2.27 Litigation

The bank is not a party to any lawsuits except those arising in the normal course of business, which were filed against the default clients for non-performance in loans repayment and against various level of tax authority regarding some disputed tax issues. The bank, however, provides adequate provisions as per guidelines of **BAS 37: Provisions, Contingent Liabilities and Contingent Assets**.

## 2.28 Written Off

Write-off describes a reduction in recognized value. It refers to recognition of the reduced or zero value of an asset. Generally, it refers to loan for which a return on the loan is now impossible or unlikely. The item's potential return is thus canceled and removed from ("written off") the bank's statement of financial position. Recovery against debts written off /provided for is credited to revenue. Income is recognized where amounts are either recovered and/or adjusted against securities/properties or advances there-against or are considered recoverable.

## 2.29 Risk Management

Risk is an integral part of banking business, and MTB aims at delivering superior shareholder value by achieving an appropriate trade-off between risks and return. The policies and procedures established for this purpose are continuously reviewed in our quest to benefit from a blend of local and international practices. MTB conducts its risk management activities following six core risk guidelines of Bangladesh Bank and Basel norms. At the directives of Bangladesh Bank, MTB has established a separate Risk Management Division (RMD) to identify, measure, monitor and manage risks more effectively and efficiently. MTB's Risk management process is accomplished at strategic level, managerial level and at operational level. At strategic level, MTB Board of Directors (BOD), through Board Risk Management Committee (BRMC) & senior management, sets up risk governance structure & risk philosophy, endorses risk strategies, reviews & approves risk policies as well as the threshold limits of risks that may be taken in line with bank's risk appetite. These limits are continuously monitored by an experienced risk management team and overseen by BRMC. At managerial level, policies and strategies formulated by BOD are implemented by middle management or divisions/departments/units devoted to risk reviews. RMD reports high-risk related matters, identified by the management-level risk committee to the BRMC. RMD also submits periodic stress testing results to the BOD as well. Operational level encompasses on-the-line risk management, where risks are actually created at front office or at credit desk of the bank.

MTB's risk management in the following areas, among others, is mentioned briefly:

### (a) Credit Risk Management

Credit risk is the risk due to a borrower's inability to meet its financial obligations to the lender. The credit risk is generally made up of transaction risk or default risk and portfolio risk. We have standardized credit approval processes. Credit risk is controlled through segmental exposure limits to various industries and sectors, prudential exposure and substantial exposure ceiling and risk mitigation by obtaining collateral and guarantees.

The Bank has put in place a well-structured Credit Risk Management Policy duly approved by the Board. In addition to Credit Risk Management Policy, the Bank has also framed Board approved credit policy and ensures compliance with regulatory requirements, more particularly in respect of Exposures norms, Assets Classification guidelines, Capital Adequacy guideline, etc of Bangladesh Bank/other Statutory Authorities.

Credit Risk is monitored by the Bank account wise and compliance with the risk limits/exposure cap approved by the Board is ensured. The quality of internal control system is also monitored and in-house expertise has been built up to tackle all the facets of Credit Risk.

The Bank follows a well-defined multi layered discretionary power structure for sanction of loans. Credit Grid has been constituted at Head office level for considering fresh/enhancements proposals. The Bank assesses various risk factors for new products prior to its introduction.

### (b) Market Risk

Market risk is the possibility of loss arising from changes in the value of a financial instrument as a result of changes in market variables such as interest rates, exchange rates, equity and commodity prices.

#### i. Foreign Exchange Risk Management

Foreign Exchange Risk is a measure by the variance of the domestic currency value of an asset, liability or operating income that is attributable to unanticipated change in the exchange rates. Simply, it is the risk that relates to gains/losses that arise due to fluctuations in the exchange rates.

In view of the significance of the market risk and in order to aggregate all such risks at a single department and to bring expertise in such functions, the concept of treasury has evolved. Today's financial institutions engage in activities from import, export and remittance to complex derivatives involving basic foreign exchange and money market to complex structured products. All these require a high degree of expertise that is difficult to achieve in the transactions originating from departments and as such the expertise is housed in a separate department i.e. **Treasury**.

MTB has already segregated Treasury functions in three separate wings i.e. Front office, Back office and mid office.

In compliance with the requirement of Bangladesh Bank's Foreign Exchange Risk Management guidelines, Treasury department is performing the foreign exchange dealing in an appropriate manner and managing risks of the organization's overall balance sheet as well as the capital of the Bank.

#### ii. Interest Rate Risk

MTB's focus is mainly on interest rate risk arising from conduct of normal business. Failure to identify the risks associated with business and failure to take timely measures in giving a sense of direction threatens the very existence of the institutions. It is therefore, imperative for the bank to form a "Asset Liability Management Committee (ALCO)" with the senior management as its members to control and better manage its Balance Sheet Risk.

In compliance with the requirement of Bangladesh Bank's Asset Liability Management guidelines, MTB has formed "Asset Liability Management Committee" (ALCO) with the senior executives. The Committee meets once every month to set and review strategies on Asset Liability Management (ALM).

MTB ALM desk performs Money Market activities, manages liquidity and interest rate risk of the bank and understands market dynamics i.e. competition, potential target markets etc., updates the balance sheet movements and complies with the statutory obligations as well as the risk elements involved with the business.

### iii. Equity Risk

Equity risk arises from movement in market value of securities. The investment committee monitors the risks under a well-designed policy framework.

### (c) Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people and systems or from external events. Operational risks in the Bank are managed through a comprehensive and well-articulated internal control framework. Material losses are regularly analyzed by cause and actions are taken to improve system and controls to prevent recurrence in the future.

MTB has restructured Internal Control and Compliance Division (ICC) headed by a senior level executive in light of Core Risk guidelines of Bangladesh Bank. The Division is comprised of three departments; Audit and Inspection Department, ICC Compliance Unit and ICC Monitoring Unit. The Bank has developed an Internal Control and Compliance Policy duly approved by the Board of Directors.

As a tool of Internal Control, the Audit and inspection teams undertake periodic and special audit and inspection on the branches and departments/divisions of Head Office in order to sort out the weaknesses and defects in the control process and report to the management for taking corrective measures to protect the interests of the Bank.

The Compliance & Monitoring Units of this division ensure timely and proper compliance of all regulatory instructions and internal policies and procedures in the day-to-day operation of the Bank by way of using various control tools. They assess the operational risk and take appropriate measures to mitigate the same for smooth operation of the Bank. ICC Division reports serious non-compliances detected by internal and external auditors with up-to-date compliance position thereto, large financial risk exposures, control weaknesses etc. to the Audit Committee of the Board for review and taking appropriate measures.

The ICC division also ensures the clear definition of organizational structure, appropriate assignment, accountability and delegation of authorities to functional management to create control and compliance culture within organization with the active guidance and supervision of senior management and Board of Directors.

Business entities today exist in a highly competitive world. They are constantly innovating to meet their business objectives providing essential and unique services to their customers. Technology advances have enabled them to achieve their varied strategies. And yet, the threats of disaster, on account of business interruption, are not extinct – in fact, they have also evolved along with the technology. Keeping that in mind MTB has taken up its Business Continuity Planning (BCP) as the most significant challenges working out a way to prevent, if possible, and manage the consequences of a disaster, limiting it to the extent that a business can afford. Besides BCP, the Bank is also focusing on combating security threats as well. In keeping with our centralized management model, each branch within the Bank has its own ICT systems. Actions taken include the updating of software and analyzing new software, enhancing ICT related controls, training of staff in system knowledge and sharing of best practices between branch users.

### (d) Money Laundering Risk

Money Laundering risk of Financial Institutions lies with the involvement in any single transaction or series of transactions that assists a criminal in keeping, concealing or disposing of proceeds derived from illegal activities. So it is a major threat to the banks and non-bank financial institutions.

Mutual Trust Bank (MTB), as a compliant bank, is firmly determined not to let money launderers and terrorists or perpetrators to use it as a channel to launder money or finance terrorism in any possible way. Hence, MTB has its own Anti Money Laundering (AML) & Combating Financing of Terrorism (CFT) compliance program which is designed considering the size & range of activities, complexity of operations and the nature & degree of Money Laundering & Terrorist Financing risks faced by the bank. Certainly, it is designed as per the prevailing laws (i.e. Money Laundering Prevention Act, 2012 (Amendment 2015), The Anti-Terrorism Act, 2009 (Amended- 2012 & 2013), rules (i.e. Money Laundering Prevention Rules 2013, Anti-Terrorism Rules 2013), BFIU guidelines (i.e. Money Laundering and Terrorist Financing Risk Management Guidelines), circulars & instruction and international standards. MTB applies risk sensitive Customer Due Diligence (CDD) measures, monitors business relationships and records suspicious transactions pursuant to the national regulations and international standards.

MTB has developed its own Money Laundering (ML) & Terrorist Financing (TF) Risk Management Guideline entailing the customer acceptance policy and the ML & TF Risk Assessment Guideline. The customer acceptance policy incorporates the detail customer due diligence procedure for acceptance/ rejection of customer, procedures to open & operate different types of account. The ML & TF Risk Assessment Guideline incorporates the risk register in line with BFIU guideline. Department has been reformed as 'Central Compliance Unit (CCU)' under the direct supervision of the MD & CEO which consists of 8 (eight) members having expertise in the field of general banking and information technology. Every year, the MD & CEO of the bank makes statement of commitment in writing to all employees that clearly sets forth MTB's policy against Money Laundering, Terrorist Financing & Proliferation Financing.

**(e) Fraud and Forgeries**

Fraud Detection and Management Process: Internal Audit (IA) team conducts surprise audit on all MTB branches and offices of the Head Office at least one in a year. While auditing branches and offices, the IA team thoroughly checks the operational activities of the branches/ offices including transactions in various accounts and search for any irregularities occurred in those accounts. IA team also monitors the staff accounts and if necessary investigate the suspicious transactions and report the same to the management. IA team also conducts investigation into specific allegations and submits report to the management for action. Senior management of the bank also conduct regular visit to MTB branches and advise the branch officials to comply with all the regulatory instructions, policies and procedures of the bank.

**2.30 Audit Committee**

In compliance to Bangladesh Bank's circular, the Board of Directors has formed an Audit Committee comprising of the following 4 (Four) Directors of the Board.

Sl. No.	Name of the Director	Status with the Bank	Status with the Committee	Educational Qualification
01.	Mr. Anwarul Amin	Independent Director	Chairman	Graduated from Westminster Bank Institute of Banking, Oaken Holt, Oxford shire, UK
02.	Mr. Rashed Ahmed Chowdhury	Director	Member	Higher National Diploma in Business Studies from West London College, UK and Post Graduate Degree in Business Management from Kingston University, UK and also member of the Chartered Management Institute, UK
03.	Mrs. Khwaja Nargis Hossain	Director	Member	MA in Islamic History from University of Dhaka
04.	Dr. Sultan Hafeez Rahman	Independent Director	Member	Ph.D. and M.A from Stanford University, USA and M.A in Economics from Vanderbilt University, USA

During the period, 04 (Four) meetings of the audit committee were held.

Audit committee reviews various audit/inspection reports at regular intervals. Upon scrutiny of the audit objections and compliance, the committee advised the management to remain within the policy guidelines and directives of the regulatory authorities.

As per circular, the committee places their report regularly to the board meetings of the Bank mentioning their activities & recommendations of the internal control system, compliance of rules and regulations and establishment of good governance within the organization.

**2.31 Directors responsibility on statements**

The Board of Directors takes the responsibility for the preparation and presentation of these financial statements.

**2.32 Approval of Financial Statements**

The financial statements were approved by the Board of Directors on April 17, 2018.

**2.33 General**

- These financial statements are presented in BDT, which is the Bank's functional currency. Figure appearing in these financial statements have been rounded off to the nearest BDT.
- The expenses, irrespective of capital or revenue nature, accrued/due but not paid have been provided for in the books of the Bank.
- Figures of previous year have been rearranged whenever necessary to conform to current period's presentation.
- No Asset has been set off against any Liability except MTB General Account.

### 3.a.3 Cash Reserve Requirement (CRR ) and Statutory Liquidity Ratio (SLR )

Cash Reserve Requirement (CRR) and Statutory Liquidity Ratio (SLR) have been calculated and maintained in accordance with Section 33 of The Bank Companies Act, 1991 (as amended in 2013) and Bangladesh Bank DOS circular no.01 dated January 19, 2014 and MPD circular no. 01 dated June 23, 2014.

**A. Cash Reserve Requirement (CRR )**

As per Bangladesh Bank DOS circular no. 01 dated January 19, 2014 and MPD circular no. 01 dated June 23, 2014; bank has to maintain CRR 6.00% on daily basis and 6.50% on bi-weekly basis based on weekly Average of Total Demand and Time Liabilities (ATDTL) of the base month which is two months prior to reporting month. The reserve maintained by MTB as at December 31, 2017 are as follows:

	2017		2016	
	%	BDT Million	%	BDT Million
<b>i. Daily Bank's CRR Maintenance</b>				
Required Reserve (6.00% of ATDTL)	6.00%	8,660.01	6.00%	8,007.01
Actual Reserve Maintained	7.22%	10,426.33	6.61%	8,826.80
<b>Surplus</b>	<b>1.22%</b>	<b>1,766.32</b>	<b>0.61%</b>	<b>819.78</b>
<b>ii. Bi-weekly Bank's CRR Maintenance</b>				
Required Reserve (6.50% of ATDTL)	6.50%	9,381.68	6.50%	8,674.27
Actual Reserve Maintained (Average)*	6.72%	9,696.38	6.59%	8,790.62
<b>Surplus</b>	<b>0.22%</b>	<b>314.70</b>	<b>0.09%</b>	<b>116.35</b>

\* Last bi-weekly average of December, 2017

**B. Statutory Liquidity Ratio (SLR)**

As per Section 33 of the Bank Company Act, 1991 & MPD circular no. 02 dated December 10, 2013 issued by Bangladesh Bank with effect from February 1, 2014, bank has to maintain SLR of minimum 13.00% based on weekly Average Total Demand and Time Liabilities (ATDTL) of the base month which is two months prior to reporting month. SLR maintained by the bank as at December 31, 2017 are as follows:

	2017		2016	
	%	BDT Million	%	BDT Million
Required Reserve (13% of ATDTL)	13.00%	18,763.36	13.00%	17,348.53
Actual Reserve Maintained	18.07%	26,077.51	16.41%	21,902.89
<b>Surplus</b>	<b>5.07%</b>	<b>7,314.15</b>	<b>3.41%</b>	<b>4,554.36</b>

**i. Components of Statutory Liquidity Ratio (SLR) (BDT Million)**

	December 31, 2017	December 31, 2016
Cash in Hand	2,179.32	1,971.97
Excess Cash Reserve	1,044.65	152.53
Balance with Agent Bank (Sonali Bank Ltd)	150.05	150.97
Held to Maturity (HTM) Securities	16,263.41	13,888.85
Held for Trading (HFT) Securities	6,438.30	5,737.17
Other eligible securities	1.78	1.40
	<b>26,077.51</b>	<b>21,902.89</b>

As per Bangladesh Bank DOS circular no.01 dated January 19, 2014; Cash Reserve (if any) in excess of 6.5% of ATDTL calculated on bi-weekly average basis is considered as an eligible component of Statutory Liquidity Reserve for that particular day.

# OFF SHORE BANKING UNIT (OBU)

## NOTES TO THE FINANCIAL STATEMENTS

As at December 31, 2017

### Annexure-G

#### 1 Status of the unit

The Bank obtained the Off-shore Banking Unit ("the Unit") permission vide letter No. BRPD(P-3)744(105)/2009-4470 dated December 3, 2009. The Bank commenced operation of this unit from December 07, 2009. The Off-shore Banking Unit is governed under the rules and guidelines of the Bangladesh Bank. Its office is located at 26, MTB centre, Gulshan South Avenue, Gulshan Circle 1, Dhaka 1212.

#### 1.1 Principal activities

The principal activities of the units are to provide all kinds of commercial banking services to its customers through its off-shore Banking Units in Bangladesh.

#### 2 Significant accounting policies and basis of preparation of financial statements

##### 2.1 Basis of accounting

The Off-shore Banking Unit maintains its accounting records in USD from which accounts are prepared according to the Bank Companies Act, 1991, Bangladesh Accounting Standards, Bangladesh Financial Reporting Standard (BFRS) and other applicable directives issued by The Bangladesh Bank, in particular, Banking regulations and policy department (BRPD) Circular No. 14 (25 June 2003).

##### 2.2 Use of estimates and judgements

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

##### 2.3 Foreign currency transaction

Foreign currency transactions are converted into equivalent Taka using the ruling exchange rates on the dates of respective transactions as per **BAS-21 "The Effects of Changes in Foreign Exchange Rates"**. The financial statements of the Unit are presented in US Dollar (USD) and Bangladesh Taka where USD is the functional currency and Taka are the Unit's presentation currency. Entities functional currency is Bangladesh Taka.

Foreign currency transactions are recorded in the presentation currency using the rate of exchange at average rate of inter-bank market as determined by The Bangladesh Bank on the closing date of every month. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the rate of exchange ruling at the balance sheet date.

##### 2.4 Reporting period

These financial statements cover from January 01 to December 31, 2017.

##### 2.5 Loans and advances / investments

a) Loans and advances of Off-shore Banking Units are stated in the balance sheet on gross basis.

b) Interest is calculated on a daily product basis but charged and accounted for on accrual basis. Interest is not charged on bad and loss loans as per guidelines of the Bangladesh Bank. Records of such interest amounts are kept in separate memorandum accounts.

c) Provision for Loans and Advances has been made on the basis of measurement required and as per instructions by the Bangladesh Bank, BRPD Circular 14 and 19 dated September 23, 2012 and December 27, 2012 respectively.

##### 2.6 Provision for liabilities

A provision is recognised in the balance sheet when the unit has a legal or constructive obligation as a result of a past event and it is probable that an outflow of economic benefit will be required to settle the obligations, in accordance with the **BAS-37 "Provisions, Contingent Liabilities and Contingent Assets"**.

##### 2.7 Interest income

In terms of the provisions of the **BAS-18 "Revenue"**, the interest income is recognized on accrual basis.

##### 2.8 Interest paid and other expenses

In terms of the provisions of the **BAS-1 "Presentation of Financial Statements"** interest and other expenses are recognized on accrual basis.

**2.9 Allocation of common expenses****Annexure-G**

Operating expenses in the nature of salary, rent, rates and taxes, management expenses, printing stationary, etc. are not allocated in the current year due to insignificant amount.

**2.10 General**

- These financial statements are presented in Taka, which is the Bank's functional currency. Figures appearing in these financial statements have been rounded off to the nearest Taka.
- Assets and liabilities & income and expenses have been converted into Taka currency @ US\$1 = Taka 82.7000 (closing rate as at December 31, 2017) and BDT 80.6263 (average rate which represents at the year end).
- Fixed assets of this unit are appearing in the books of the main operation of the bank and depreciation is also charged to Profit & loss Accounts of the main operation of the bank.

## MTB SECURITIES LIMITED AUDITOR'S REPORT TO THE SHAREHOLDERS

We have audited the accompanying financial statements of MTB Securities Limited (the company) which comprise the statement of financial position as at 31<sup>st</sup> December 2017 and the related Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other relevant explanatory notes thereon.

### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Accounting Standard (BASs), Bangladesh Financial Reporting Standards (BFRSs), and the Companies Act 1994, the Securities & Exchange Rules 1987 and the other applicable laws and regulations. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error, selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

### Auditors' Responsibility

Our responsibility is to express an independent opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSAs). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain a reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements prepared in accordance with Bangladesh Financial Reporting Standards (BFRSs), give a true and fair view of the financial position of MTB Securities Limited as at 31 December 2017 and the result of its financial performance and its cash flows for the year then ended and comply with the Companies Act 1994, the Securities & Exchange Rules 1987 and other applicable laws and regulations.

### We also report that;

- (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books;
- (c) The statement of financial position and statement of profit or loss and others comprehensive income along with the annexed notes dealt with by this report are in agreement with the books of accounts; and
- (d) The expenditure incurred was for the purpose of the company's business.

**8.00 Investment in DSE**

Dhaka Stock Exchange Limited (DSE)

Amount in BDT	
December 31, 2017	December 31, 2016
28,860,424	28,860,424
<b>28,860,424</b>	<b>28,860,424</b>

As per the provisions of the Exchanges Demutualization Act 2013 and in accordance with the BSEC approved Demutualization scheme, MTB Securities Limited received the following ordinary shares:

Shares issued by	No. of Shares	Amount (BDT)
Dhaka Stock Exchange Limited (DSE)	7,215,106	72,151,060

Out of this 7,215,106 shares, 40% shares i.e. 2,886,042 shares has been transferred by Exchanges to the company's BO account. Remaining 60% shares i.e. 4,329,064 shares will remain in blocked account for disposal in due course.

**Valuation of 40% shares:**

40% shares which are transferred in the BO account will be held by the Company as the company does not have the sale right of this shares. The shares will be stated at face value. The shares are transferred to the Investment Suspense Account in the absence of any clear guideline in this regards. In future, when the clear guidelines and policies are available, Investment Suspense's Account will be adjusted for appropriate accounting treatment.

**Valuation of 60% shares:**

As per the scheme, 60% shares which will be transferred to the blocked amount will be off- loaded in the following manner:

- (i) 25% shares will be sold to the strategic investors by the Exchange.
- (ii) Except shares allotted in favor of strategic investors, shares held in blocked account shall be sold to general public/institutional investors.
- (iii) The DSE will distribute all the sale proceeds of share held in blocked account to the initial shareholders pro-rata basis periodically as determined by the Exchanges.

## MTB CAPITAL LIMITED AUDITOR'S REPORT TO THE SHAREHOLDERS

We have audited the accompanying financial statements of MTB Capital Limited (the company) which comprise the statement of financial position as at 31<sup>st</sup> December 2017 and the related Statement of Profit or Loss and Other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended and a summary of significant accounting policies and other relevant explanatory notes thereon.

### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Bangladesh Accounting Standard (BASs), Bangladesh Financial Reporting Standards (BFRSs), and the Companies Act 1994, the Securities & Exchange Rules 1987 and the other applicable laws and regulations. This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error, selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

### Auditor's Responsibility

Our responsibility is to express an independent opinion on these financial statements based on our audit. We conducted our audit in accordance with Bangladesh Standards on Auditing (BSAs). Those standards require that we comply with ethical requirements and plan and perform the audit to obtain a reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements prepared in accordance with Bangladesh Financial Reporting Standards (BFRSs), give a true and fair view of the financial position of MTB Capital Limited as at 31<sup>st</sup> December 2017 and the result of its financial performance and its cash flows for the year then ended and comply with the Companies Act 1994, the Securities & Exchange Rules 1987 and other applicable laws and regulations.

### We also report that;

- (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit and made due verification thereof;
- (b) In our opinion, proper books of account as required by law have been kept by the company so far as it appeared from our examination of those books;
- (c) The statement of financial position and statement of profit or loss and others comprehensive income along with the annexed notes dealt with by this report are in agreement with the books of accounts; and
- (d) The expenditure incurred was for the purpose of the company's business.

## MTB CAPITAL LIMITED

# NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2017

### 1.00 Legal status of the company

MTB Capital Limited (MTBCL), a fully owned subsidiary of Mutual Trust Bank Limited, was incorporated in Bangladesh as a private limited company. MTBCL obtained registration certificate No. MB-55/2010 under the Bangladesh Securities and Exchange Commission Act, 1993 on December 06, 2010 as a full fledged merchant bank and obtained registration No. C-80040 from the Registrar of Joint Stock Companies and Firms (RJSC), Dhaka, Bangladesh on October 08, 2009 under the Companies Act, 1994. The company has commenced its operation on April 18, 2011.

The registered office of the company is situated at 111 Kazi Nazrul Islam Avenue, Bangla Motor, Dhaka-1000, Bangladesh.

### 2.00 Nature of business

The main activities of the company are issue management, underwriting, portfolio management whether discretionary or non-discretionary, corporate advisory services to the clients including advisory services on merger and amalgamation, capital restructuring, etc.

### 3.00 Significant accounting policies

#### 3.01 Basis of preparation of financial statements

The financial statements of the company are made up to 31 December 2017 and prepared under the historical cost convention except investment in securities as a going concern and in accordance with the Companies Act 1994, International Financing Reporting Standards (IFRS) as adopted by the Institute of Chartered Accountants of Bangladesh (ICAB), the Securities and Exchange Rules 1987, Dhaka & Chittagong Stock Exchange Limited listing Regulations, Income Tax Ordinance, 1984 and other laws and rules applicable in Bangladesh.

#### 3.02 Statement of cash flows

Statement of cash flows has been prepared in accordance with the Bangladesh Accounting Standard (BAS) - 7 "Statement of Cash Flows".

#### 3.03 Property, plant and equipment

##### 3.03.1 Recognition and measurement:

Property, plant and equipments are measured at cost less accumulated depreciation and accumulated impairment losses, if any.

Cost includes expenditure that is directly attributable to the acquisition of asset and bringing to the location and conditioned necessary for it to be capable of operating in the intended manner.

##### 3.03.2 Depreciation

Depreciation is charged using reducing balance method as per Bangladesh Accounting Standards (BASs)-16 "Property plant & equipment". The rates of depreciation used are as follows:

Category of Assets	Rate of Depreciation
Furniture & fixture	10%
Office equipment	20%
Interior decoration	10%

The gain or loss arising on the disposal or retirement of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in the Statement of Profit or Loss and other Comprehensive Income.

#### 3.04 Revenue recognition

The accounting policies adopted for the recognition of revenue are as follows:

##### 3.04.1 Interest income

Interest on margin loan to investors is recognized as revenue on an accrual basis and interest receivable on such loan is capitalized with original loan on quarterly basis.

**3.04.2 Dividend income**

Dividend income on investment in securities has been recognized when the shareholders right to receive payment is established.

**3.04.3 Capital gain / (loss) on sale of securities**

Capital gain/(loss) on sale of securities is accounted for based on difference between average sale proceeds of securities and cost of securities sold.

**3.04.4 Fees and commission income**

Fees and commission income includes portfolio management fees, settlement charges, issue management fees, underwriting commissions and any other such fees and commissions.

**3.05 Cash and bank balance**

Cash and bank balance includes cash in hand and cash at bank, which are held and are available for use by the company without any restriction.

**3.06 Investment in securities**

Investment in securities is recognized at the end of the period at cost price of investment made by the company.

**3.07 Reporting in the period**

These financial statements cover one year from 1st January 2017 to 31 December 2017.

**3.08 General**

- i). Comparative information have been disclosed for all numerical information of the financial statements and also the narrative and descriptive information so as to clarify the current year position in with that to preceding year.

**Re-arrangement**

Comparative figures have been rearranged wherever considered necessary to ensure better comparability with the current period without causing any impact on the profit and value of assets and liability as reported in the financial statement.

- ii). The figures in the financial statements are presented in Bangladeshi Taka (BDT), which is the company's functional currency. Figures in these notes and financial statements have been rounded off to the nearest Taka value.

**4.00 Authorized capital**

50,00,000 ordinary shares of Tk. 100 each.

**Issued, subscribed and paid-up capital:**

2,809,000 ordinary shares of Tk. 100 each

**Shareholding position:**

### DIRECTORS' REPORT

For The Year Ended December 31, 2017

The directors present their report and accounts for the year ended December 31, 2017

#### STATEMENT OF DIRECTORS RESPONSIBILITIES

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgments and accounting estimates that are reasonable and prudent;
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The report of the directors has been prepared in accordance with the special provisions within Part 15 of the Companies Act 2006.

This report was approved by the board on February 11, 2018

**ANISUDDIN AHMED KHAN**  
Director

## MTB EXCHANGE (UK) LIMITED

### ACCOUNTANTS' REPORT TO THE BOARD OF DIRECTORS ON THE FINANCIAL STATEMENTS OF MTB EXCHANGE (UK) LTD, FOR THE YEAR ENDED DECEMBER 31, 2017

In order to assist you to fulfill your duties under the Companies Act 2006, we have prepared for your approval the accounts of MTB EXCHANGE (UK) LTD for the year ended December 31, 2017 as set out on pages 5 to 10 from the company's accounting records and from information and explanations you have given us.

As a practicing member of the Chartered Institute of Management Accountants (CIMA), we are subject to its ethical and other professional requirements which are detailed on their website.

This report is made solely to the Board of Directors of MTB EXCHANGE (UK) LTD, as a body, in accordance with the terms of our engagement letter dated. Our work has been undertaken solely to prepare for your approval the accounts of MTB EXCHANGE (UK) LTD and state those matters that we have agreed to state to the Board of Directors of MTB EXCHANGE (UK) LTD, as a body, in this report, in accordance with the requirements of the Chartered Institute of Management Accountants (CIMA) as detailed on their website. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than MTB EXCHANGE (UK) LTD and its Board of Directors as a body for our work or for this report.

It is your duty to ensure that MTB EXCHANGE (UK) LTD has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and profitability of MTB EXCHANGE (UK) LTD. You consider that MTB EXCHANGE (UK) LTD is exempt from the statutory audit requirement for the year.

We have not been instructed to carry out an audit or a review of the accounts of MTB EXCHANGE (UK) LTD. For this reason we have not verified the accuracy or completeness of the accounting records or information and explanations you have given to us and we do not, therefore, express any opinion on the statutory accounts.

Chief Executive Officer & Manager

## MTB EXCHANGE (UK) LIMITED

### NOTES TO THE ACCOUNTS

For the year ended December 31, 2017

#### 1. ACCOUNTING POLICIES

##### 1a. Basis of Accounting

The accounts have been prepared under the historical cost convention

The accounts have been prepared in accordance with FRS102 section 1A - The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006

##### 1b. Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant and Machinery reducing balance 20%

Fixtures and Fittings reducing balance 20%

##### 1c. Taxation

Corporation tax payable is provided on taxable profits at the current rates

Provision is made for deferred taxation in so far as a liability or asset has arisen as a result of transactions that had occurred by the balance sheet date and have given rise to an obligation to pay more tax in the future, or the right to pay less tax in the future. An asset has not been recognized to the extent that the transfer of economic benefits in the future is uncertain. Deferred tax assets and liabilities recognized have not been discounted.

##### 1d. Pension Costs

The company operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

##### 1e. Turnover

Turnover represents the invoiced value of goods and services supplied by the company, net of value added tax and trade discounts.

#### 2. OPERATING PROFIT

Operating Profit is stated after charging:

Depreciation

Auditors' remuneration

2017	2016

SME	Small and Medium Enterprise
SRP	Supervisory Review Process (Pillar II of Basel III)
TFP	Trade Finance Program
WACRG	Weighted Average Credit Risk Grade
WBD	Wholesale Banking Division

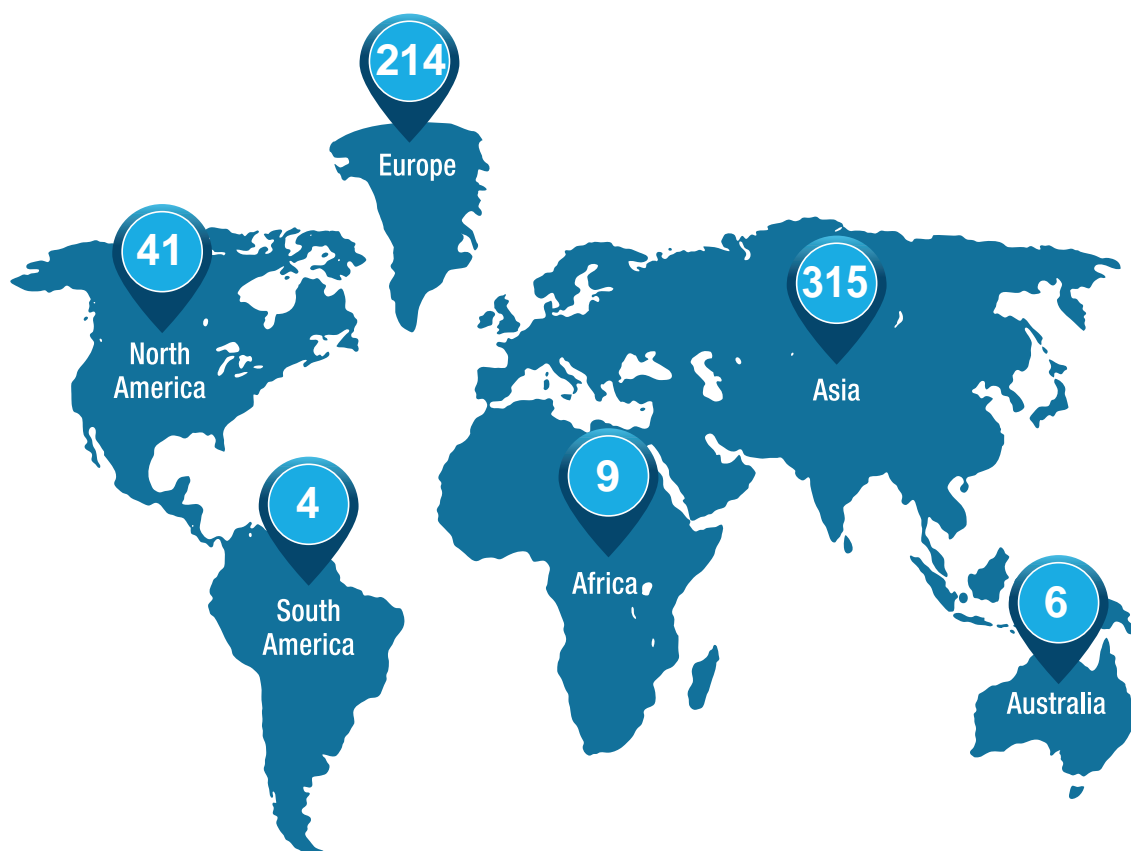

## CORRESPONDENT BANKING

Although the direct impact of “de-risking” on the respondent banks has now been rebounded, its indirect impact has continued to pop-up now and then. Trade service operations often require non-binding action of foreign banks as 2nd advising bank, nominated bank, transferring bank, etc. under documentary credit process and to act as collecting bank and presenting bank under documentary collection process. Sometimes, foreign banks without having correspondent banking relationship are reluctant to act in the above supportive roles in various phases of trade operations. This intermittent impediment, on the plea of internal policy, hinders smooth trade operations.

Like any other respondent banks in Bangladesh, MTB also experienced withdrawal of correspondent banking relationships throughout the year in 2017 and it is expected to continue in 2018 as well. MTB,

in response to such acts of foreign banks, has taken a strategic initiative to establish and manage relationships with all possible local and regional banks with the support of Relationship Management Application (RMA) in order to ensure smooth trade service operations. The decision taken in early 2017 has helped us to maintain strong correspondent banking relationships with different renowned local, regional and global banks across the globe.

Currently, our SWIFT Relationship Management Application (RMA) network has 589 renowned banks, out of which 54 are local and 535 are foreign. We also maintain 37 NOSTRO accounts with different correspondent banks abroad in US Dollar (USD), British Pound (GBP), Euro (Eur), Japanese Yen (JPY), Swiss franc (CHF), Singapore Dollar (SGD) and Asian Clearing Union (ACU) Dollar and Euro.
